

Best Boys' Clothing News We've Ever Told.

The advantages of Parker-Bridget special sales are manifold. Thus many wisely consider it profitable to await same and will not be lured into buying by the continual "greater-than-ever sales" that are weekly trumped up...

the best of the season. Not that prices are laughably low—but that they are truly as little as the most blasé bargain seeker would look for on such splendid styles and qualities.

With such tremendous selling as we look forward to and for which we have prepared—certain lots will necessarily have their limit—so early coming if possible is advised.

Contagious Blood Poison must be treated promptly and vigorously, or it will break down your health. S.S.S. cures the worst cases permanently.
Divorces Granted by Judge Hagner. Justice Hagner, yesterday signed decrees of divorce in the following cases: Mary Jaquette Kinch from James S. Kinch, on the ground of desertion; Minnie Rogers from Charles E. Blug, on the ground of cruel treatment; James G. Hoover from Grace Hoover; Alice V. Shekell from Frederick B. Shekell; Malcolm Wingfield from Clara Wingfield, and Mary W. Billenback from William J. Billenback, all on statutory grounds.

HARTFORD Single-Tube Tires. Are the original successful single tube tires. No other tires have the same resiliency, speed, buoyancy, and durability. They are the strongest because the fabric is made from Sea Island Cotton. They are fastest and more durable because the best Para rubber enters into their construction, and it is not cheapened by combining with heavy mineral substances, which tend to lessen the speed, resiliency, and durability of the tire. Write for Prize Competition Booklet, enclosing this advertisement and a two-cent stamp. The Hartford Rubber Works Co., Dept. N, HARTFORD, CONN. WASHINGTON BRANCH, 1113 Fourteenth Street N. W.

THE NEW POLICE STATION IN THE BASEBALL WORLD.

Games Yesterday. Boston, 6; Chicago, 5. Pittsburgh-Brooklyn, rain. New York-St. Louis, rain. Cincinnati-Philadelphia, rain. Games Today. Pittsburgh at Brooklyn. Chicago at Boston. Cincinnati at Philadelphia. St. Louis at New York.

Where the Building Will Be Located.—Appropriations for the Fiscal Year 1901 Permit of Fifteen Additional Men on the Force—More Guards at Street Railway Crossings. The District Appropriation bill for the fiscal year 1901 will make possible quite a number of changes in the Police Department. It will permit of fifteen additions to the force, among which will be one sergeant, two detectives, and six mounted men.

Major Sylvester, the Superintendent, has already determined how the increase to the force is to be made, namely, by promotion from the lower class to the higher and by the selection of the necessary men for appointment as privates. The bill also authorizes the purchase of a suitable site for and the establishment of a new station north of Florida Avenue. Yesterday the Commissioners ordered that sealed proposals for a site for the station shall be received at the District Building up to noon of June 15, 1900. It is stipulated in the order that the lot must be not less than 50 feet front by 100 feet deep and that it must be located in the section bounded by Whitney Avenue, Spring Road, Seventh and Fourteenth Streets. The order states further that bids on property fronting on either side of the streets in the section specified will be considered.

Because of the increase to be made in the police force incident to the establishment of the new station requests are coming to the Commissioners and to the Superintendent of Police for appointment. These requests are being carefully considered by the Superintendent of Police and by Commissioner Ross, who has immediate supervision of the department, with a view to selecting the best material possible for the additions that are to be made. Major Sylvester finds that several men will be needed as soon as the appropriation becomes available. The various resorts will receive attention during the summer months, and the detail of three men to patrol the Long Bridge must come from the new contingent.

Major Sylvester is also giving attention to the establishment of new posts for special policemen at the crowded car crossings. Yesterday he recommended to the Commissioners the establishment of such a post at the intersection of Fourteenth and U Streets northwest as a permanent one; that is to say, that the corner shall be policed for the entire year, instead of for six months, as at present. He also informed the Commissioners yesterday that the cars were now crossing at Fourteenth Street and Pennsylvania Avenue northwest, and at Eleventh and G Streets northwest, at each of which stations two men were to be posted, and he requested the appointment of four men immediately for this purpose.

Another step in the direction of the improvement of the police service is the provision of rubber tires for the patrol wagons and the ambulances. Y. M. C. A. GAMES. Contest Postponed Last Saturday Will Be Run Off Today.

The best hurdle races of the Atlantic division Amateur Athletic Union, will compete in the Y. M. C. A. field of games this afternoon. This is the first time in several years that there has been hurdling in open outdoor games here. The entries include such well known hurdlers as Ferris, Karns, and Saffold, of the Washington Y. M. C. A., the fastest trio of hurdlers in the District; Lane and Hays, of the Washington Athletic Union, who are conceded to be the best hurdlers in Maryland. The latter men have rarely been beaten in their favorite game, and as they say they are in prime condition for today, an exciting contest will result.

Ferris will be remembered as the winner of the 50-yard hurdle at the Georgetown Indoor Races last winter. He is also a high jumper of considerable ability. Karns is a Princeton man and was one of the Tigers' foremost timber tappers while in college. Lane is a basketball pitcher he is one of the strongest in the District League. For two years Saffold was one of the best athletes in the Central High School among the strongest of interscholastic point winners. He has shown good form in the hurdles this spring and should be very near the front at the finish today.

The broad jump will be notable for the appearance of Sprinter Wefers, of Georgetown, who three years ago was one of the best jumpers in the country. He will have close competitors this afternoon in Wefers, champion of the Atlantic division; Ferris and Karns, of the local Y. M. C. A.; Parker and Peetre, of a West branch, Baltimore; and M. C. A. and Mather, of Gallaudet College, all of whom are good for over twenty feet. There will be a number of other events included, such as 100, 200, and 400 yard runs, pole vault, shot put, discus throw, hammer throw, and high jump. An exciting contest is expected in the special 100-yard dash, between Wefers, Mulligan, Dear, and Long. Wefers won the open 100-yard last Saturday in 9.4-5 seconds, the world's record time, and close to him were Dick Dean, the champion of the High Schools, and Long, of Gallaudet College.

All of the above events were postponed last Saturday because of the rain, and on account of the standing of the weather, a large attendance of lovers of amateur sport is expected. SHARKEY WHIPS KENNEY. The Big Boxer Knocked Out in One Round. NEW YORK, June 8.—Tom Sharkey, the sailor pugilist, made short work of "Yank" Kenney, the former sparring partner of Bob Fitzsimmons, at the Broadway Athletic Club tonight. Kenney, who was not in the best condition, weighed fully 215 pounds, and was knocked out in two minutes and sixteen seconds in the first round. Sharkey was in splendid condition and hit Kenney in the head with a terrific right. He landed and stood up to the gaff while it lasted and shook the sailor up with several heavy wallop, but when Sharkey got his right squarely to the jaw it was all over. The audience was crowded, and the sudden ending of the battle was not generally relished. Besides having big advantage in weight Kenney was a head taller and looked strong enough to put up a fierce fight. He was not so hard in body and limb, however, and Sharkey's aggressiveness and punching proved too much for him.

PIERCED BY A NEEDLE. Narrow Escape From Death of an Eleven-Year-Old Girl. Agnes Williams, eleven years old, while playing with a needle at her home, 3622 O Street northwest, yesterday morning, slipped and fell, and the needle pierced her chest, narrowly missing the heart. The needle broke off in the wound an inch deep, and it was with difficulty that the sharp point was removed by physicians at the Georgetown University Hospital. After treatment the girl improved, and last night was able to return home.
