SEVERELY HURT.—We are informed that on Sunday last, as Rev. Monroe got into his buggy at Goshen church, the horse suddenly started and ran the vehicle against a stump and threw Mr. Monroe out. In the fall Mr. M. received a severe cut on the forehead, besides other injuries. The buggy was so badly broken up as to be almost entirely worthless.

HOW TO DISPOSE OF MUTILATED CURRENCY.—A great many persons are at a loss to know how to dispose of ragged and mutilated currency that accumulates on their hands. It is the easiest thing in the world. When you get three dollars' worth on hand, put it in a small package, pin a paper band around it with your name, post office address and amount, then put it in an envelope and address it to the Treasury of the United States, Washington, D. C. In a few days you will receive new currency in return. It goes and returns free of postage.

SUPPOSED DISCOVERY OF THE MONEY HIDDEN BY LEWIS, THE ROBBER.—The Huntingdon Globe has the following sensation story: "Many years ago, as is known by some of our oldest citizens, a robber by the name of Lewis infested the mountains in this vicinity, whose object in thieving, as was alleged, was to take from the rich and give to the poor. Be this as it may, many victims carrying with them large amounts of money, were waylaid by his band. Lewis is thereby amassing a large sum of the golden treasure. Finally Lewis and a few of his comrades were captured, and taken to the jail at Bellefonte, his band of thieves was disorganized and Lewis expired in jail from the effects of a wound. Before his death he stated that he had buried a large sum of money somewhere near Jack's mountain, this country. One day last week, we are told a man was seen going in the direction of Mt. Union, near Mill Creek, having what appeared to be a heavy bundle under his arm, covered with a newspaper. It is supposed the bundle contained the money which Lewis had secreted. On the road near Mill Creek, a large stone might have been seen, beneath which it is supposed the treasure was buried, and there is where the man got it. Two men were seen at the stone, a short time previous, who were trying to remove it. How it was discovered, is not positively known, but it is surmised that the same individual who was seen carrying the bundle has the features of a man who, about thirty years ago, lived on the prairie, but who left shortly after the purchase of a peddler near the place. This is a strange development, but from all the evidence we are disposed to believe that the men have found a considerable amount of money under the stone. Nothing has been told us concerning the lucky man, since he was seen trudging along with his heavy burden."

HARD HIT.—Mr. Barnum is credited with a good thing apropos of the Senatorial election in Connecticut. After the vote in the House was announced, says the Bridgeport Standard, and seven Union votes had been cast against the caucus nominee, a Copperhead acquaintance went up to Mr. Barnum and said: "Well, we are raking out your party. We have got out seven members to-day." "Yes," responded the great showman, "the same number that were raked out of Mary Magdalene!" The conversation was not pursued.

CLYMER AT HOME.—The Journal, printed at Reading, gives Mr. Clymer's home organ the following sarcastic hit: "The Gazette, while boasting of Clymer's popularity at home, is very careful not to print the vote received by him in Berks at former elections, compared with other candidates on the 'Democratic' ticket. Comparisons are odious, say enough, so far as Mr. Clymer's votes in Berks are concerned."

THE WORLD COMING TO AN END.—Mr. Delaney stated recently to the Academy of Sciences that the motion of the earth was slackening, and consequently that the days were lengthening regularly one second in 100,000 years. At this rate the world would "come to an end in the course of eight million six hundred and forty thousand years, a period that is not likely to raise any apprehensions in the minds of the present generation.

THE KIDNEYS.

The kidneys are two in number, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz: the anterior, the interior, and the exterior.

The anterior absorbs; the interior consists of tissues or veins, which serve as a deposit for the urine, and convey it to the exterior; the exterior is a conductor also, terminating in a single tube, and called the ureter; the ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, viz: the upper; the lower; the nervous; and the muscular. The upper expels the lower retains; Many have a desire to urinate without the ability, others urinate without the ability to retain. This frequently occurs in children.

To cure these affections we must bring into action the muscles, which are engaged in their various functions. If they are neglected Gravel and Dropsy may ensue.

The reader must also be made aware that, however slight may be the attack, it is sure to affect his bodily health and mental powers, as flesh and blood are supported from these sources.

Gout, or Rheumatism. Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky secretions.

The Gravel.

The Gravel ensues from neglect or the improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder; but allowed to remain; it becomes feverish and sediment forms. It is from this deposit that the stone is formed and Gravel ensues.

DROPSY Is a collection of water in some parts of the body, and bears different names, according to the part affected. It is generally distinguished by the body, it is called Anasarca; when of the abdomen, Ascites; when of the chest, Hydrothorax.

TREATMENT. Helmbold's highly concentrated Extract of Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water; isony secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quantity, but increase of color or dark water. It was always highly recommended by the late Dr. Physick in these affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise, by which the watery or calcareous depositions and all similar encrustations, as well as pain and inflammation, are reduced, and is taken by Men, Women & Children.

Directions for use and diet accompany. PHILADELPHIA, Pa., Feb. 25, 1857. H. T. HELMBOLD, Druggist: Dear Sir:—I have been a sufferer, for upwards of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu. I did this because I used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact, I despair of ever getting well, and determined to use no remedies unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of BUCHU, CUBEBAS, and JUNIPER BERRIES, it occurred to me and my physician as an excellent combination, and, with this advice, after an examination of the article, and consulting again with the druggist, I concluded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks, was a full to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement would be temporary, and therefore concluded to keep it only to myself, and effect a perfect cure, knowing then it would be of greater value to you and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months. I have not used any now for three months, and feel as well in all respects as I ever did. Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it when ever occasion may require its use in such affections. M. McCORMICK.

Should any doubt Mr. McCormick's statement, he refers to the following gentlemen: Hon. Wm. Bigler, Ex-Gov. Penn'a. Hon. Thomas B. Florence, Phil'a. Hon. J. C. Knox, Judge, Phil'a. Hon. J. S. Black, Judge, Phil'a. Hon. D. R. Porter, Ex-Gov. Penn'a. Hon. Ellis Lewis, Judge, Phil'a. Hon. R. C. Grier, Judge, U. S. Court. Hon. G. W. Woodward, Judge, Phil'a. Hon. W. A.
