

For the Farmer.

THE PLOW, SPADE AND HOE.

The farmer's the chief of the nation, The oldest of nobles is he, How blist beyond others his station, From want and from envy how free!

MINCE PIES.—As the season for mince pie making is approaching, the following instructions in regard to making pie crust, will prove acceptable to some of our lady readers.

No matter how delicious and good the materials, if the result is heavy, tough, greasy crust, the material is worse than gold.

A few things should be carefully observed in its preparation. The lard or butter used for shortening should be of the very best quality.

When the water is added, mix with a spoon or knife, just sufficient to make all adhere together, touch none with the hands until ready to roll, then cut with a knife a piece just large enough for the size of the plate, knead not at all, but touch lightly, and roll but one way, never back and forth.

GET RID OF UNDESIRABLE STOCK.—Farmers should be very careful in selecting breeding animals of every kind. It is a great mistake to waste provender on stock of an inferior quality, which are not only far from profitable, but unprofitable even after consuming an amount of pasture or forage that would "tell" on a better class of animals.

There is said to be carried off from the soil nine pounds of lime in twenty bushels of wheat, nine pounds in fifty bushels of oats, and fifteen pounds in thirty-eight bushels of barley.

BUCKWHEAT CAKES.—To every three bushels of buckwheat add one of good, heavy oats; grind them together as though there was only buckwheat; thus you will have cakes always light and always brown, to say nothing of the greater digestibility and the lightening of spirits, which are equally certain.

FOR SALE, White Lead, Zinc Paint, Linseed Oil, Turpentine, Varnishes of all kinds, Colors, in oil and dry, Paint and Varnish brushes.
