

[Correspondence of the Public Ledger] FROM WASHINGTON.

WASHINGTON, March 5th, 1848. The Treaty is not yet ratified, and the probability is the Senate is now discussing article for article, amending and striking out justly, and that the main question on the ratification of the Treaty will not be put till next Thursday or Friday.

The 10th article, containing the clause in regard to the Emancipation grants, has been rejected altogether. This all the friends of the administration were willing to do, out of respect for the President, who recommended it, and with a view to appeasing the Senators from Texas, Houston and Rusk, who have both made admirable speeches against the Treaty.

Mr. Benton is still opposed to it in toto. Mr. Allen will not vote for its confirmation in any shape, I believe. Col. Jefferson Davis is against it, which, by the by, shows which way the Taylor men mean to go.

Judge Douglas is against it; but beyond these I do not know a single Democratic Senator who, according to my opinion, will not in the end support the President in voting for the ratification of the treaty, and I am far from believing that all the Senators I have named will eventually vote against the treaty.

Mr. Calhoun and his friends have shown no disposition of late to vote against the treaty. They go for peace in almost any shape, and prefer, I believe, to take as little territory as possible. If Mexico cannot be made a slave territory, Mr. Calhoun cares very little about annexing it.

The administration and its friends felt very confident on Friday last that the treaty would meet with very few obstacles, and that the final vote would be taken on Saturday. They thought that as they had reduced the opposition in the Democratic ranks from a very considerable number to little more than half a dozen, and that half a dozen to one or two only pledged to vote against the treaty under all circumstances, the treaty was safe. It would now seem, however, that Mr. Webster has taken strong grounds against the inception of the treaty, not against the treaty itself, and that an effort will be made on the part of a certain portion of the opposition to void the treaty without rejecting it.

In this place, on the 5th inst. HARRIET FERTIG, wife of Mr. Adam Fertig, of this place, aged about 29 years. PRICE CURRENT. Corrected weekly by Henry Maser.

GOUT.—Wright's Indian Vegetable Pills are a certain cure for this painful malady; because they purge from the body those morbid humors, which are the cause not only of Gout and Rheumatism, but of every ache and pain we suffer. From four to eight of said Indian Vegetable Pills taken every night on going to bed, or if the pain is severe, night and morning, will in a short time make a perfect cure of the most violent attack, either of Rheumatism or Gout; at the same time the blood and other fluids will be so completely purified, that pain of every description will be literally driven from the body.

EDWARD OYSTER, Register's Office, 2 Register Sunbury, March 4, 1848. McCLES & GERMON'S DAGUERRETYPE ROOMS, No 198 Chesnut Street, South East Corner of Eighth st., Philadelphia. PORTRAITS from the smallest breast-plate to the largest size, singly or in groups. The Proprietors are warranted in saying, that their work has gained a reputation second to none in the world. Extracts from the Press: "Life-like in the expression, chaste correct in the shading."—Ledger. "The art has arrived at great perfection, and none understand it better than McCles & Germon."—Baltimore Iris. "Admirable! nothing can exceed their exquisite delicacy."—U. S. Gazette.

Extract from the report of the Judges, at the last fair of the Franklin Institute: "Daguerreotypes"—in this department there are some very excellent specimens in the exhibition, and the Judges think they see a progressive improvement in this branch of the art. They have not recommended an award in favor of any of the competitors, but are disposed to rank as first in order, the collection of McCLES & GERMON, as containing the largest number of superior specimens." CHALLENGE! CHALLENGE!

THE CHALLENGE.—We have observed very patiently for a year past the fevered activity of some of our fraternity, to force a reputation which their professional skill alone must fail to give them. And we would continue our silent observation, under the consciousness of an unobscured merit, were it not more than probable that this species of favoritism may divert the public eye from a candid examination into the merits of the multitude of professors in the Daguerian art. We would see merit work an honest publicity, and thereby win for itself golden opinions; but we dissent that miserable chicanery by which a mere pretence gains an opinion over genuine merit. It is to make this wretched ambition over leap itself or withdraw its spurious claims, that we now trespass on its fancied security by throwing the glove for an honorable test of skill. Our page is \$500 that the average of a given number of daguerotypes executed at the Daguerian Gallery of M. P. SIMONS, 179 Chestnut street, will exhibit a greater amount of perfection in the art than any similar average number from any other gallery in the United States. This is no idle boast—we mean what we say. We are desirous that the public should give their patronage to merit not pretence. We are a legitimate, free, rigid, impartial investigation. We have thrown the glove. Who will pick it up? M. P. SIMONS, 179 Chestnut st., opposite State House, Philad., N. B. It will be understood by our country friends, that the above challenge has never yet been accepted, and we also wish it understood, that we did not intend to make by this wager, as we have already expressed our intention to appropriate the prize to some charitable purpose. M. P. SIMONS. Philadelphia, Feb. 19 1848.—3m.

SIEVE, RIDDLE, Screen & Wire Cloth Manufactory,

No. 48 North Front street, between Market and Arch streets. PHILADELPHIA. THE Subscribers having in great improvement in the above business, are now manufacturing, for a superior quality, all kinds of PLAIN and ORNAMENTAL WIRE WORK, such as Sieves, Riddles, Screens, &c. for all kinds of Grain, Seeds, Sand, Ore, Snuff, Starch, Brickdust, &c. Founders' Sieves of a superior quality constantly on hand. All of said Wire Cloth Covers, Sofa Springs, Twilled Wire for Spark Catchers, &c. Ornamental Wire Work. Such as Cages, Nursery Fences, Garden Bounding, Flower stands, Trainers, Trellis work for Grape Vines, &c. Also Wire Fencing of every description. Orders thankfully received and promptly executed by WATSON & COX. Feb. 19th, 1848.—3m.

PUMPS! PUMPS!!

Improved Hydraulic Pumps, For Wells, Rolling Mills, Furnaces, or other Purposes. THE subscriber respectfully announces to the public that he is now prepared to supply orders to any extent for his Patent Double action Suction and Force Pumps. These pumps are made of cast iron, and the water is sucked or forced through lead pipe. For simplicity of construction and durability of action, they are vastly superior to any now in use. They have many advantages over the common pump, among which are the following: They are so constructed that mischievous persons cannot spoil their action by introducing nails or spikes or any other substance among the valves, as is often done with other pumps, thereby rendering them useless till overhauled. They are warranted to be perfectly secure from frost. They are so arranged as to afford ample protection against fire about the premises on which they are erected, by simply attaching a piece of hose, thro' which they will force water to any part of, or over, a three story house. They are particularly adapted for very deep wells, as the leverage can be so regulated that a child of six years old can with the greatest ease draw water with them from the deepest wells. The objection so justly urged by many, that water is spilt by standing in pump-legs, is entirely obviated in this pump, and fresh water can always be as surely obtained as when drawn with a bucket. In situations where it is necessary to raise or force large quantities of water to great distances for supplying boilers in mills, furnaces, &c. these pumps are invaluable, as they can be made of any size, and capable of throwing from 15 to 1000 gallons per minute. And to crown all, they can be sold as cheap as the cheapest.

The subscriber has spent the last year in experimenting upon and perfecting his pumps and now brings them before the public with the fullest confidence that they will be found to answer his description. He takes pleasure in referring to the following companies and individuals, upon whose premises his pumps have been erected, and who have expressed their satisfaction in the highest terms: The Montour Iron Company, Danville, H. Brevoort, agent; the Bloomsburg Railroad Iron Company, Bloomsburg, Col. Paxton, agent; the Ruzh and Ready Iron Works, Danville, Hancock, Foley & Co., proprietors; the town Council of Berwick; Simon P. Kas, Esq., and John L. Watson, Esq., Danville. He could refer to many others, who have tested their qualities, but the above respectable firms and individuals are deemed sufficient. An assortment of LEAD PIPES constantly on hand, which will be sold on the most reasonable terms. All orders addressed to the subscriber, at Moore & Biddle's Foundry buildings, or Montour House, Danville, will meet with prompt attention. HOMER FARMELEE, Jan. 1, 1848.—1f.

Merchant Tailoring.

GEORGE C. WELKER, RESPECTFULLY informs his friends and the public that he has just returned from Philadelphia, with a general assortment of goods, suitable for men and children's wear, which will be made up to order, or sold on the most reasonable terms, consisting, in part, of English, French, and American Clothes, do do do Cassimers, Beaver Cloth, Doeking Cassimers, Fancy Cassimers, Cashmere, Silk Velvet, Satin & Valencia Vestings, Men's, Ladies' and Children's Clothing, Lamb-swool and Merino Shirts and Drawers, Clo & Fannels, Fings for Ladies' Cloaks. A general assortment of Trimmings, &c. &c. A cutting will be done free of charge, for persons purchasing goods of him which they wish to make up themselves; and persons finding their own goods will be accommodated as heretofore. He tenders his acknowledgments to his friends for former patronage, and respectfully solicits a continuance of the same. He also informs the public, that he has taken Mr. JOHN G. BRIGHT into co-partnership, and that the business will hereafter be conducted under the firm of WELKER & BRIGHT. All kinds of Country Produce taken, at the highest market prices. Sunbury, November 13th, 1847.—1m

M'ALLISTER'S OINTMENT.

It has power to cure all EXTERNAL SORES, SCROFULOUS humors, SKIN DISEASES, POISONOUS WOUNDS to discharge their putrid matters, and then heals them. It is richly termed All-healing, for there is scarcely a disease external or internal that it will not benefit. I have used it for the last forty-one years for all diseases of the chest, consumption and liver, involving the utmost danger and responsibility, and I declare before heaven and man, that not in one single case has it failed to benefit when the patient was within the reach of moral means. I have had physicians, learned in the profession, I have had ministers of the gospel, judges of the bench, abbots, nobles, gentlemen of the highest education, and multitudes of the poor use it to every variety of way, and there has been but one voice—one universal voice—saying: "M'Allister, your Ointment is GOOD." In Scrofula, Old Sores, Erysipelas, Tetter, Litter Complaint, Sore Eyes, Quinsy, Sore Throat, Broucheis, Broken or Sore Breast, Piles, all Chest Diseases, such as Asthma, Oppressions, Pain—Also, Sore Lips, Chapped Hands, Tumors, Children's Cutaneous Eruptions, Nervous Diseases, and of the Spine, there is no medicine now known as good. SCALD HEAD.—We have cured cases that actually defied every thing known, as well as the ability of 15 or 20 doctors. One man told us he had spent \$300 on his children without any benefit, when a few boxes of Ointment cured them. BALDNESS.—It will restore the hair sooner than any other thing. HEADACHE.—The salve has cured persons of the headache of 12 years' standing, and who had it regular every week, so that vomiting often took place. DEAFNESS, EAR ACHES, and AGENE IN THE EAR, are cured by this Ointment with like success. RURNS.—It is one of the best things in the world for Burns. (Read the directions around the box.) RHEUMATISM.—It removes almost immediately the inflammation and swelling when the pain ceases. (Read the Directions around the Box.) GOLD FEET.—Consumption, Liver Complaint, Pain in the chest or side, falling off of the hair, one or the other always accompanies cold feet. (This Ointment is the true remedy.) It is a sure sign of disease to have cold feet. TETTER.—There is nothing better for the cure of Tetter. PILES.—Thousands are yearly cured by this Ointment. CURNS.—Occasional use of the Ointment will always keep Corns from growing. People need never be troubled with them if they will use it. Read the following Communication. Received from an old, respected and well known citizen of Philadelphia, and then judge for yourself: Philadelphia, 10 mo., 13th, 1846 To T. B. Peterson.—Having been requested to give my opinion on the merits of M'ALLISTER'S SALVE, I am willing to enumerate some of the benefits which I have experienced in the use of the article. In the spring of 1845, I had an attack of Erysipelas in my face which became very painful, and extended into one of my eyes, being attended with fever, my distress was great and I began to be fearful of losing my eye. Although not much of a believer in what is commonly called quick medicines, I purchased a box and made an application to my face. To my surprise the pain soon abated, and in a week's time I was entirely cured, and I firmly believe that it was the salve, under Providence, that cured me. From that time to the present, I have used the article on occasions required, and in every case where I have used it, I have found a decided benefit. At one time, on going to bed at night, my throat was so sore that I swallowed with difficulty, but by an application of the salve I was relieved before morning. I have used it in case of lums, bruises, sprains, and flesh cuts, all with the happiest effects, and one case of poisoning by a wild vine in the woods, has been dried up and cured by a few applications. From my own experience, I would strongly recommend it to all, as a cheap, convenient, family medicine. I have become so partial to it, that I expect to keep it constantly in my family. Though not ambitious to appear in print, yet I cannot refuse to have this communication made public if judged best to serve the cause of humanity. Respectfully, WM. ADAMS, No. 26, Old York Road.

CAUTION.—No Ointment will be genuine unless the names of James M'Allister, or James M'Allister & Co., are written with a pen on every label. JAMES M'ALLISTER, Sole proprietor of the above medicine. PRICE, 25 CENTS PER BOX. AGENTS.—J. W. FRILING, Sunbury, FOSYTHE, WILSON & Co., Northumberland, Dr. WM. M. BICKLEY, Danville, J. G. CROUSE, Selingsgrove, P. C. SHELTER, Lewisburg, W. M. F. NAGLE, Milton, JOHN SHARPLESS, Catawissa. Feb. 19th, 1848.—6wly

VENI, VIDI, VICI.—DR. ALLEN'S VEGETABLE COMPOUND.

FOR THE CURE OF DYSPEPSIA, LIVER COMPLAINT, NERVOUS DEBILITY, BILIOUS AFFECTIONS, &c. This Medicine is offered to the public under the assurance that there is no article in existence having stronger claims to their confidence. Being compounded by a regular Graduate of Jefferson College, Philadelphia, and a practicing physician of twenty years' standing in Philadelphia, his long experience has confirmed him in the opinion that a compound medicine was required to prevent and remedy the debilitation produced by residing in low, miasmatic climates, and to counteract the prostrating influences of many nervous disorders with which the human family are afflicted. DR. ALLEN is a well known physician, and has used the above medicine in his practice for 8 years with the most astonishing effect, having tested its qualities in above FIVE THOUSAND CASES. No medicine ever received more flattering recommendations from physicians of eminent standing than has been bestowed on this.

DYSPEPSIA OR INDIGESTION AND ITS CONSEQUENCES.

An eminent Professor says:—"It chiefly arises in persons who lead either a very sedentary or irregular life. Although not regarded as a fatal disease; yet if neglected or improperly treated, may bring on incurable Melancholy, Jaundice, Madness, or Vertigo, Palsy and Apoplexy. A great singularity attendant on it is, that it may and often does continue a great length of time without any remission of the symptoms." CAUSE.—Grief and uneasiness of mind, intemperate study, profuse evacuations, excess in venery, excessive use of spirituous liquors, tea, tobacco, opium, and other narcotics, immediate relaxation, over distention of the stomach, a deficiency of the secretion of the bile or gastric juice, exposure to cold and damp air, are the chief causes of this disease. SYMPTOMS.—Loss of appetite, nausea, heartburn, acidity, and flat eructations, gnawing of the stomach when empty, uneasiness in the thro't, pain in the side, costiveness, chilliness, languor, looseness of spirits, palpitations, and disturbed sleep. TREATMENT.—DR. ALLEN'S VEGETABLE COMPOUND has never failed in affording immediate relief, and a radical cure for this disease.

PHILADELPHIA MEDICAL HOUSE,

Established 15 years ago by Dr. KINKELIN. The oldest, surest and best band to cure all forms of acute & chronic diseases of the skin and solitary habits of youth, &c. DR. KINKELIN, N. W. corner of 3d and Union sts., between Spruce and Pine, 14 squares from the Exchange. YOUNG MEN! If you value your life and your health, remember, the delay of a month, or even a week, may prove your ruin, both of body and mind. Hence let no false modesty deter you from making your case known to one who, from education and respectability, can also be friend you. He who places himself under Dr. KINKELIN'S treatment, may religiously confide in his honor as a gentleman, and in whose bosom will be forever locked the secret of the patient. Too many think they will hug the secret to their own hearts, and cure themselves. Alas! how often is this a fatal delusion, and how many a promising young man, who might have been an ornament to society, has fallen from the earth. COUNTRY INVALIDS, finding it inconvenient to make personal application, can, by stating their case explicitly, together with all their symptoms, (per letter, post paid,) have forwarded to them a chest containing Dr. K's medicines appropriated accordingly. Packages of Medicines forwarded to any part of the United States at a moment's notice. POST PAID LETTERS, addressed to Dr. KINKELIN, Philadelphia, will be promptly attended to, Oct. 30th, 1847.—ly
