

Why we support the President.

We are frequently asked why we support President Johnson. We support the President because he has placed himself in an attitude, which we believe to be in alliance with Democratic principles, which must prevail, if the Union, under the Constitution, is to be restored to its former happiness and prosperity.

We trust that it is well understood that we support him as Democrats, and because we regard Democratic measures, and that it is only in these that he receives the support of the Democratic party. And we are glad that President Johnson, as well as hundreds of others, realize the fact that the best interests of the country demand that the Democratic doctrines be faithfully carried out.

County Poor House.

The editor of the Berwick Gazette is willing to come down a little, and confine his remarks, in opposition to the Columbia County Poor House, to the Borough of Berwick; a nice way of acknowledging that he publishes a paper for the guidance and education of the citizens of that place alone.

Republican Consistency.

For a number of years previous to the secession of the Southern States the Abolitionists of the North advocated the dissolution of the Union. From the rostrum they spoke for it, from the school houses and lecture rooms they advocated it, from the pulpit they preached and prayed for it.

BILLS APPROVED BY THE PRESIDENT.

The President has approved the bill to authorize coinage of five-cent pieces, composed of nickel and copper. The coin is to be a legal tender in any payment to the amount of \$1. There are to be no more issues of fractional notes of a less denomination than ten cents.

THE NOTES OF STATE BANKS.

After the 1st of June, the Notes of all State Banks will not be received in payment of debts at the counters of the National Banks, or on deposit, except at such a discount as will pay the expense of returning these notes to the Banks that issued them, and exchanging them for National Currency.

SPECIAL ELECTIONS.

It will be remembered that we stated in our last paper that the election officers elected at our Spring Elections will be the proper officers to conduct the coming special elections in June, on the Poor House question.

The "Republican" Editor Visits Boston, Mass.

The editor has been absent the past few days—being called away to Boston, Mass., on business. He will probably return this evening.—Col. Co. Republican.

A very important mission, indeed! Of course the editor of the Republican had to go to Massachusetts to get an insight of the true line of policy to be pursued by the Disunionists, and to obtain his proportionate share of the plunder secured by the Massachusetts officers during the late war.

Wonder how the Republican editor felt with a "loyal thief" leading him through gilded halls, ornamented and furnished with the fruits of pillage? How did those mirrors and candelabras, belonging to Southern citizens, look in a Massachusetts parlor?—How did the notes of those pianos sound in your ears? How did the Massachusetts ladies look, dressed in stolen calicoes and silks? How did the plundered cotton seem to work in those eastern Manufactories?

We think such a trip would furnish an editor with a theme for a lengthy and interesting editorial, and inasmuch as you have given notice of your momentous journey "to Boston, Massachusetts," we shall expect in your next issue to see you dilating upon it.

Counting the Cost.

Our excellent contemporary, the Detroit Free Press thinks it highly proper to begin counting the cost of the Abolition party to the country. It remarks that in times past when the Government was administered by Presidents Adams, Jackson, Van Buren, Harrison, Polk, Taylor, Pierce and Buchanan the expenses of the nation were canvassed with great care and deliberation, and limited to the smallest sum possible.

As he would like to know of his contemporaries "whereabouts" during that time, for one we will state that, at the breaking out of the war we were engaged publishing the "Star of the North," in Bloomsburg, Pa., and continued in that business until we enlisted in the Thirtieth Regiment, P. V., for the purpose of repelling the invasion made into our State by the rebel army, and a few weeks after our return home we were conscripted and served out our time in the One Hundred and Seventy-Eighth, P. M.

The Civil Rights Bill.

The Washington Constitution says: "EQUAL RIGHTS.—About noon yesterday two fat, greasy-looking, two-hundred-pound colored ladies, evidently cooks for some cheap restaurant, got into one of the street cars at the Capitol, and the seats all being occupied by ladies and gentlemen they, the dark women, began to turn up their noses and throw out slurs about 'white trash,' and finally one of them called: 'Conductor, I want you to get us seats, de same de de oder passengers—we get us seats, we ain't dogs.'"

ASSAULT AND HIGHWAY ROBBERY.

We learn from the Clinton Republican, that on Sunday evening a week, between seven and eight o'clock, Mr. J. McCormick, who resides below Lock Haven while on his way to town, was attacked near the dam by three men, who knocked him down with a stone or slung-shot, and rifled his pocket of thirty or forty dollars in greenbacks. The blow which was on the back of the head, a little above the right ear, rendered him insensible for a moment, but inflicted no serious injury.

RETIRED SENATORS.

With the close of the Session of the Legislature which terminated on the 12th ult., the term of eleven Senators expired as follows: 1. Jeremiah Nichols, Rep., of Philadelphia.

Even Stanton at last supports the President's policy.

The Cabinet are now a unit, with the exception of Harlan, in favor of President Johnson's plan. Stanton spoke warmly in favor of it and against the Radical programme, in a recent cabinet meeting. Gov. Stanton, of Maryland, has also written a letter in which he rebuked the Radicals. The ball is rolling.—Bedford Gazette.
