

Destructive Fire.

The beautiful residence of Dr. J. J. Udegaff in Jackson township in this county, was entirely consumed on Monday night last, between 12 and 1 o'clock.

Terrible Fatality.

Sandusky City is not alone in severe affliction from the visitation of the Cholera. In two townships, principally settled by Germans, in Auglaize county, Ohio, the fatality has been unprecedented.

The Case of Rey.

It appears that the Secretary of State, by order of President Taylor, immediately upon hearing the facts of the abduction of Rey alias Garcia from New Orleans, instructed Gen. Campbell, our Consul at Havana, to demand his return to the United States.

Sale of the Williamsport and Elmira Railroad.

Robert Fairies, Esq., the sequestrator of this road, advises, it for sale, in pursuance of an act of the Legislature, to take place at Philadelphia on the 1st day of October next.

Democratic County Meeting.

The Democracy of Union county are respectfully requested to assemble at the Court House in the Borough of New Berlin, on Wednesday, September 19th (first court week).

President's Tour.

Gen. Taylor left Erie by water, and was at Niagara Falls on the 1st inst., but on account of infirm health and business at Washington he passed thro' Albany, New York, and Philadelphia, to the National Capital, without stopping.

MARRIED.

In Milton, on Wednesday last, by Rev. F. Ruthrauff, Jesse Schreyer, of Lewisburg, and Miss Sarah Heimer, of that place.

DIED.

In Milton, on Sunday week, John, son of John M. Patton, aged about 15 months. In Milton, on Thursday week, Isabella, daughter of John M. Patton, aged 3 years.

INFLAMED EYES.

The success of Dr. Trask's Magnetic Ointment in curing Sore Eyes, is proverbial. Those who are not acquainted with its use, will find on each bottle a pamphlet, containing full directions.

SCALD HEAD.

The Board are happy to add that Lewisburg is at present, as it ever has been, exceedingly healthy. By order and in behalf of the Board: THOMAS WATSON, Pres't. GEORGE F. MILLER, Sec'y.

THE CHRONICLE.

Lewisburg, Pa.

Wednesday Afternoon, Sept. 12

See notices of important County Meetings at New Berlin, next week.

Several New Advertisements in this week's paper. Autumn is as safe a time as Spring to set out Trees.

The Auditor General has reported \$150,000 for the North Branch, and the Governor has directed the Canal Commissioners to proceed with that work.

Only one month to election—and the politicians beginning to try to stir up the people. As yet, there is no excitement—that party will doubtless succeed which makes the greatest effort.

We understand the Public Schools of Lewisburg are to commence on Monday next.

NOTICE.—The Members of the Cannon Guards, are requested to meet in full uniform at the Town Hall, Saturday next at 10 o'clock, A. M., to complete their organization.

Prof. Lyves, of Lewisburg, will deliver a free lecture on Mesmerism, &c., at the TOWN HALL, Thursday evening next. Mr. Lynch was quite successful in his experiments at New Berlin. Mr. John A. Snyder, we notice, states that he effected in his case an entire relief from Rheumatism, by Mesmeric influence. This is establishing the science to some purpose.

Pool-House Meeting.

There will be a County Meeting held in the Court House, on Monday the 17th of September inst., at 1 o'clock, P. M., for the purpose of giving every person who may wish to attend an opportunity of expressing their views For or Against a Pool House.

Whig Meeting.

A Meeting of the Whigs of Union county will be held in the Court House at New Berlin on Tuesday the 18th day of September, at 1 o'clock, P. M. We hope there will be a general turnout as the time is fast approaching when we must rally in our strength to meet the enemy, and we must be on the alert for fear he may steal the march upon us.

A new postoffice, named Huntersville, has been appointed in Wall township, Lycoming county, and Joseph Webster made Post Master.

Mrs. Maria Warr (a poor widow with a large family) is appointed Post Mistress at Taneysville, Shrewsbury Tp., Lycoming Co., vice Isaac Courson, Jr., removed.

So it seems the Administration has appointed to office Whigs, Natives, Democrats, no-party men, abolitionists, nullifiers, and ladies.

Mr. Clay reached Utica on Saturday, on his homeward route, and resumed over the Sabbath. He would attend the Agricultural Fair at Syracuse. He spent Thursday and Friday last with Mr. Van Buren at Lindenwald, returning a visit which Ex-President Van Buren made some years ago to Ashland.

The Kentucky Convention to revise the Constitution will meet in October. The official returns of the returns of the recent election, show that the Democrats will have a majority of six delegates in that body. This result was in consequence of the division of the Whigs on the Emancipation question.

The Harrisburg Union learns that the Board of Directors of the Central Railroad, have determined to place the grading of that portion of the Pennsylvania Railroad between Johnstown and the vicinity of Blairsville, under contract early in October next.

Admitted.—Messrs. C. F. Bowman and R. F. Pratt were each admitted to practice law as Attorneys &c., in the several courts of Lycoming county, on Tuesday morning last, the former on motion of James Armstrong, Esq., and the latter on motion of Gen. R. Fleming.

Diseased Potatoes should not be eaten. As may be twenty-one persons recently died at a farm in Ohio, the property of a gentleman named Kenwick, and it is believed from no other cause than eating diseased potatoes.

The Pope is represented by most of the letters from Italy to have surrendered himself entirely and irrevocably to the reactionists and as being about to remove from Gaeta to Bologna, leaving Rome to the French.

Wm. Deal is re-nominated for Sheriff by the Democrats of Philadelphia. He came within 130 of getting it when there were three candidates in the field.

Charles Gigan is the Whig candidate for Mayor of Philadelphia.

Decidedly Rich!

The Union Times has made a convert! The editor of the Sunbury Gazette, if he is not a deliberate falsifier himself—believes the Gulliver stories of the "Times" about a division of this county! Hear how that deluded print talks:

"The Whigs of Union county have put in nomination as their candidate for the legislature, a young man named Shifer, a citizen of Lewisburg, to effect it is supposed, a division of that county, and the erection of a new one out of parts of that county, Northumberland, and Lycoming. It is known that a few individuals in both Northumberland and Union counties, have been for some time silently operating to accomplish this measure, and that petitions are now in circulation, in the upper end of Union county, in favor of it."

So it seems Col. Shifer was unanimously nominated to divide Union county, and petitions are circulating all about us—and yet the people who nominated him, and who are circulating the petitions, never knew of it until they learned it in the "Times!" Now the truth is, there was no such division in the nomination, and we can not learn that any such petition is or has been circulated.

All the division matter known of in this region is that noticed some time since in the Miltonian. That paper of last week gives the following additional information: "To our certain knowledge Mr. Shifer is bitterly opposed to any division of Union county, which is more than we can say in relation to Mr. Cummings, who well knows that an effort is to be made this winter, if he should be elected to the Legislature, to have Penns and Chapman townships annexed to Northumberland Co. A project of this kind was on foot at Harrisburg, last winter, and if we are not mistaken, Cummings was to be sent to the Legislature to carry it out. Whether he will succeed or not remains to be seen."

As the Editor of the Miltonian was State Senator last winter, it is evident he knows what is best for us. This division story it would seem he got up to hide the real at-tempts to detach Penns and Chapman townships from this county. Col. Shifer, we repeat, is opposed to any division; and after his repeated disavowals of any such intention, any print or any person who repeats the charge against him is guilty of wanton calumny and moral perjury. It is wholly, utterly, entirely false and unfounded, that any division of Union county is urged or expected in Lewisburg.

Fall of Hungary! Late Foreign arrivals state confidently that the principal Hungarian general, Georger, with his army of 40,000 men, had surrendered to the Russians under Paskiewitch, and that Kosuth, Bem, and a few remaining patriots, depending of success, had fled before their combined hosts of foes. This news comes through Russia and Austrian sources but there is too much reason to believe it mainly true. Some denounce Georger as a bribed traitor; others think he foresaw certain defeat, and made the best terms possible for himself and followers.—Another arrival is anxiously looked for.

The Democrats of Lycoming nominated Gen. Packer for Senate, Gen. Brindle for Assembly, Charles U. Becher for Treasurer, John B. Jones for Commissioner, Samuel McClinton for Auditor. The Whigs nominated Edw'd H. Russell for Assembly, Henry Robb for Commissioner, Robert Pott for Treasurer, and Wm. W. Autes for Auditor.

The Cholera still rages around Pittsburgh. There was but one death in the city on the 20th ult., but in the towns about it there were several:—three in Birmingham, one in Temperanceville, and three in Tinkersville.

The Democrats of Lycoming, Clinton, and Sullivan have declared for Gen. Packer for Senator, and those of Center for Mr. Strohecker. Mr. Quay of Center is proposed by the Whigs.

The Old Huplers of New York have nominated a full State Ticket. Another State Convention is talked of for uniting the party.

The Rev. Mr. Meek is re-nominated in Center county for the Legislature. The Whigs nominated Tho's Hutchinson.

In Milton, on Wednesday last, by Rev. F. Ruthrauff, Jesse Schreyer, of Lewisburg, and Miss Sarah Heimer, of that place.

In Milton, on Sunday week, John, son of John M. Patton, aged about 15 months. In Milton, on Thursday week, Isabella, daughter of John M. Patton, aged 3 years.

In Milton, on the 2d inst., Monika, wife of Mr. John B. Warr, aged 35 years. In Chillisquegon, on the 4th inst., Catharine Louisa, daughter of Jacob and Esther Dresler, aged 4 months and 4 days. In Chillisquegon, on Thursday week, William, son of Mr. John Jenkins, aged 2 years and 4 months.

At Northumberland, on Monday week, Alva C. Barrett, Esq., aged about 58 years. Mr. B. was formerly a resident of Shannock, where he resided, when elected to represent that county in the Legislature.

At Northumberland, on the same day, Mrs. Burke, widow of a Revolutionary soldier, in the 82d year of her age. At Milton, on Monday, the 27th ult., of Cholera, Robert Dunn, of Delaware township, aged 40 years. Mr. D. was on his way home from Baltimore, on his boat, when he was attacked with Cholera, and died at Marconia, about 6 hours' illness.

From an Occasional Correspondent.

IV.

One of the many pleasant rides a person who has time and money may take in a mild day of August or September (provided it is not dusty) is from Owego, (N. Y.) up Owego Creek through the villages of Newark and Berkshire to Richford. The valley is not very wide, but is uniform and prairie-like, and either from accident or design is beautified by more handsome shade-trees and groves—mostly of the sugar-maple—than any other highway of the same distance I remember. It is densely populated, as is evident from the signs of life that animate the tawny houses, built every few rods the whole distance; and any one who will pass here must admit that for cheerful color and general beauty of outline the maple is unsurpassed as an ornamental tree. Most of the early settlers along this Valley were from Berkshire, Mass. From a relic and relic of those pioneers, I peep a waif of history that may tend to give us a vivid insight into the heart-feelings of the times that tested the spirits of the bravest men and most resolute and kindest of women. She relates clearly and distinctly:

"I was four years old at the time of the battle of Bennington, yet I remember it better than the events of yesterday. The character of Burgoyne's Indian and Hessian allies made his very name a terror to the surrounding country. The summons came to our retired village for men to meet the plundering detachment under Baum, who was pushing into Vermont. Every man in the village went, among them Judge B., my father. That was a dark and fearful night. Next day, we heard the roar of the cannon, about thirty miles distant. Alternate hope and fear rent our hearts. At length, towards night, the gathered bands of weeping women and children saw a horseman coming towards them with all speed from the direction of the battle field. Was it a warning to flee before the conquering savage and his mercenary allies? It is Judge B.'s horse: he must be dead! The horse was spurred until his hoofs were upon our door-still. We had almost fainted—but the messenger, as soon as he could command words, exclaimed, with tears of joy that met a rapturous response from every heart and eye, 'Judge B. sends me to say that victory is ours; and tell the women and children they can go to bed in peace!' Ah! nobody can tell the relief we felt from this glad news." To this day, it makes her tremble and yet exult to describe it.

But, after all, the Tioga, at the junction of the Chemung with the Susquehanna, is the best defined if not most beautiful Valley I have visited. It is a triangle, each of its sides being say six or eight miles in extent, and hemmed in by mountains whose summits take in most delightful landscape views. Athens (or Tioga Point) is the most ancient village within fifty miles, but has not increased as its natural position and early start should have made it. Its straight, single street of one mile, has few superiors in its shade-trees; and lying as the village does on a narrow neck of land between the two rivers about a mile from their junction, the lots all extend back to a river, affording delightful sites for private residences, many of which are filled by refined, hospitable citizens. It has a bridge over each river, four meeting-houses, a foundry recently erected, and a general prosperity is apparent, especially among the mechanical interests. The head of the North Branch Canal is now at Athens: three miles above, bordering the State line, the Erie Rail-Road passes: a water or railway connection of this short distance will be made on the opening of the canal. The Northern line of the Valley is in New York, and is thickly settled, various parts being denominated Factoryville, Waverly, Loder Summit, and Vallemon, extending from the Susquehanna at Milltown (Pa.) along Cayuta Creek, and over to the Chemung, a succession of neighborhood villas, near four miles long. The New York portion of the Valley evinces more enterprise and prosperity than the lower or Pennsylvania portion. On the bank of the Chemung is a large, regularly shaped mound, called Spanish Hill, which will hereafter be a point of attraction to travelers. Indeed, had there been a great battle in this Valley, or a long contest for land titles, with a little well directed effort from some of her gifted sons aided by a well-sustained Pease, Tioga Valley would not be a whit behind Wyoming, and Campbell might have located his Gertrude as well in the former as in the latter. Tioga is certainly a lovely, and will yet become a noted, point of inland interest and importance.

Philips, the man who some three months ago induced the Warden and City Marshall of Charleston to take him out of prison, in order to show them where buried treasure was, and who tumbled them both into the pit they had dug and then escaped, has been recaptured.

Capt. Wm. F. Small, of Philad. Co. failed of re-nomination to the State Senate. Mr. Fernon is nominated in his stead. The Rough & Ready men have nominated Mr. Verree for the Senate.

For the Lewisburg Chronicle.

Mr. Editor, Sir: As you have permitted menageries and circuses to be condemned in your columns. I accept your kindness to make a word of reply. Sir, you know the camps are just as necessarily needed as the circus, and that both come under the head of "public amusements," for Sir the great majority of people go to get amusement at the camp as much as at the circus. You Sir politicians and blacklegs and strumpets make their arrangement to tend 'round the camp as much as the caravan or circus, and "broad is the circuit that leads to campground," and if a circus or animal show should cause half as much breaking of the Sabbath as camps do they would be tucked up in jail—and what's the difference? O, church members get up the camps, and the command to "Keep the Sabbath-day holy" is meant for the circus rowdies only—tell it not in Gath!! Why all the shows we've had never bro't such Sabbath breaking, drinking, carousing, in our Borough, as the last camp did, three miles off. Yes, sir, and to have this camp kept up, many Sabbath schools and Sabbath appointments were given up, leaving very many of the poor and feeble with no public means of grace for a week or two, that the rich and alid might enjoy themselves at camp. Now sir, I suppose that the caravan and the camp leaders are both honest, but people may be honest in an error, and though they all try to do good, to them by whose offences come—the Scripture—you may do good, and you certainly do harm. But what of it, it may be said, this don't make shows right. Yes, but it does though, for what Christians do is right, and I see at the show and at the camp all kinds of Christians—Methodists, Presbyterians, Baptists, Lutherans, Christians, Episcopals—even "Amicus" who is so strenuously orthodox left Salem and his own battlements even of a Sabbath to attend the camp. With such endorsements of camps as healthy public amusements, I can not see how "Think and Unus" and other long-faced moralists make such ados about shows—flesh of one and fish of another. All amusements have their evils—I am not sure which on the whole have the most, whether ballroom, camp, circus, or other animal shows. So I close by subscribing &c.

Democratic nomination. Canal Commissioner—JOHN A. GAMBLE, of Lycoming.

Whig nomination. Canal Commissioner—HENRY M. FULLER, of Luzerne.

Union County Whig ticket. Assembly—Col. ELI SHIFFER, of Lewisburg. JOHN McLAUGHLIN, [Junia] Sheriff—ARCHIBALD THOMAS, of Union Co. Commissioner—JOHN WELT, of Hartley Township—DANIEL HORKLACHER, N. Berlin Coroner—JACOB MARTIN, of Perry Auditor—HENRY H. BLAIR, of Lewisburg Trustees of Millburg Academy—David Watson, Samuel Stitzer, John Kline.

Democratic ticket. Assembly—JOHN CUMMINGS, of Penns. JOHN DIMM, [Junia]

FIRST ARRIVAL! The subscriber is now receiving a small assortment of FALL & WINTER DRY GOODS. Call and see JAMES HAYES. Sept. 13, 1849.

Superior Cooking Stoves. The subscribers have on hand the Best Air-Tight Cooking Stove, arranged for Wood or Coal. These Stoves are superior to anything of the kind ever offered in the country, and will be sold at reasonable prices. S. & J. WOLFE. Lewisburg, Sept. 10, 1849.

GROCERIES. The subscribers have just rec'd a fresh supply of COFFEE, SUGAR, MOLASSES, &c., which they will sell at a very small advance on cost. Sept 10 S & J Wolfe

Fever and Ague. WHAT is the mode of treatment best adapted to the cure of Fever and Ague? It has usually been treated by medical men as a disease of itself. Strictly speaking it is not a disease, but a symptom of disease. It is the result of a derangement of the liver. Here lies the difficulty, and here is the disease. It is therefore the liver to which the remedy should be directed. Here the cause exists, and it is the cause which will not be removed, or a permanent cure will not be effected. By addressing remedies to the symptoms, we leave the cause untouched, ready to produce a return of the chills and fever, on the first over exertion of mind or body. The success of Dr. Osgood's India Cholagogue in effecting permanent cures of such affections is explained by its well known deobstruent effect upon the biliary organs. Imitations are abroad! Be particular to require for "Dr. Osgood's INDIAN CHOLAGOUGE." For sale by the sole agent, J. Schreyer, Lewisburg.

Number of Students. The number of students during the past year in the various departments, was 468. The number that have entered this course, the Regular Course for the current year (exclusive of those in the English and Primary departments,) is as follows:

Table with 2 columns: Course and Number of Students. Includes Junior class (6), Sophomore class (13), Freshman class (13), Academy—Senior class (12), Junior class (28-71).

TEACHERS. STEPHEN W. TAYLOR, A. M., Professor of Mathematics and Natural Philosophy; GEORGE R. BLISS, A. M., Professor of Greek Language and Literature; GEORGE W. ANDERSON, A. M., Professor of Latin Language and Literature; ISAAC N. LOOMIS, A. M., Principal of the Academy; ALFRED TAYLOR, A. M., Teacher in the Academy.

In order to meet the demands of the Institution, the Board have taken measures to supply the necessary Apparatus for the department of Mechanical Philosophy, and to increase the Library, before the commencement of the winter session. During the year, the building now in progress will be completed, affording study rooms and dormitories for 70 college students. Another Professor has been added to the Faculty, and measures provided to enable students in the classes specified above to prosecute their studies with the greatest success.

Tuition and Board. TUITION in the Collegiate Department \$30, Academic \$20, Primary \$12—per year. BOARD, including lodging, washing, fuel and light, can be had in the village and its vicinity at various prices, from \$1.37 1/2 to \$2.50 per week.

Sessions, Vacations, &c. Two Sessions in a year—the former commences on the second Tuesday in October, and continues 27 weeks; the latter continues 15 weeks. Spring Vacation, 4 weeks. Autumnal, 6. Next session begins 11th October.

The Board are happy to add that Lewisburg is at present, as it ever has been, exceedingly healthy. By order and in behalf of the Board: THOMAS WATSON, Pres't. GEORGE F. MILLER, Sec'y.

INFLAMED EYES. The success of Dr. Trask's Magnetic Ointment in curing Sore Eyes, is proverbial. Those who are not acquainted with its use, will find on each bottle a pamphlet, containing full directions. Agents in Lewisburg, Thornton & Baker

SCALD HEAD. The success of Dr. Trask's Magnetic Ointment in curing Sore Eyes, is proverbial. Those who are not acquainted with its use, will find on each bottle a pamphlet, containing full directions. Agents in Lewisburg, Thornton & Baker

TO PHYSICIANS, DRUGGISTS, & COUNTRY MERCHANTS.

DR. J. N. KEELER & BRO. most respectfully solicit attention to their fresh stock of English, French, German, and American Drugs, Medicines, Paints, Chemicals, Oils, Dyes, Stuffs, Glassware, Perfumery, Patent Medicines, Vanars, &c. Having opened a new store, No. 234, Market st. with a full supply of fresh Drugs and Medicines, we respectfully solicit country dealers to examine our stock before purchasing elsewhere, promising one and all who may feel disposed to extend to us their patronage, to sell them genuine Drugs and Medicines, on as liberal terms as any other house in the City, and to faithfully execute all orders entrusted to us promptly and with despatch.

One of the proprietors being a regular physician, affords ample guarantee of the genuine quality of all articles sold at their establishment. We especially invite druggists and country merchants, who may wish to become agents for Dr. Keeler's Celebrated Family Medicines, (Standard and popular remedies,) to forward their address.

Soliciting the patronage of dealers, we respectfully remain, J. N. KEELER & BRO., Wholesale Druggists, 178 1/2 No. 234, Market St., Philad.

ORNAMENTAL TREES.

The subscriber offers for sale Ornamental Trees of every description, particularly the European Linden, and Paulonia Imperialis, a splendid shade tree lately introduced from Japan, remarkable for its enormous leaves (sometimes two feet in diameter) and large clusters of rose colored flowers, spotted and striped within, emitting a fragrance similar to the Lilac.

Also Fruit trees of every description, such as grafted Apple trees from 7 to 9 ft high, at 12 to 15 cts each, or \$10 to 12 50 per hundred; Incoculated Peach trees, 1 1/2 cts each, or \$10 per hundred; Pear, Cherry, Plum, Nectarine, and Apricot trees at reasonable prices—all the varieties warranted genuine; also Hot-house and Green house plants, embracing bearing Orange and Lemon trees, together with a variety of Flower seeds, all of which will sell as low as they can be purchased in Philadelphia.

H. R. NOLL. Lewisburg, Sept. 12, 1849.

UNIVERSITY at Lewisburg.

THE TRUSTEES of the University at Lewisburg would respectfully inform its Patrons and Friends, that in the School under their care, (at Lewisburg) the following are the Courses of Study and Exercises for the current year.

Departments and Studies. PRIMARY DEPARTMENT. Six Classes—Exercised in Spelling, Reading, Definition, English Grammar, Arithmetic, Geography, History U. S. A., Penmanship, and Composition.

ENGLISH DEPARTMENT of the Academy. The same studies as in the Primary Department continued in the use of larger text-books, and these are added General History, Davies' Algebra, Legendre and Surveying.

CLASSICAL DEPARTMENT of the Academy. Jan. Academic Class. English Language, Geography, History U. S. A., Latin Grammar and Reader, Greek Grammar and Reader composed, Arithmetic completed.

Sen. Academic Class. English Language, General History, Caesar, Virgil, Greek Reader, Davies' Algebra.

COLLEGIATE DEPARTMENT. Freshman Class. Latin, Anabasis, Memorabilia, Davies' Legendre, Trigonometry commenced. Sophomore Class. Horace, Odyssey, Select Orations of Demosthenes, Legendre completed, Davies' Surveying and Navigation, Analytical Geometry, Blair's Lectures.

Junior Class. Demosthenes on the Crown, Greek Tragedy, Cicero de Officiis, Tacitus, Natural Philosophy, Astronomy, Logic.

Students in the English Department recite with those pursuing the same studies in the Regular Course. No class in the Regular course, has less than three daily recitations. All the members of the school, (in three divisions,) are exercised every Saturday in Reading, Declamation, English Composition, and Vocal Music.

All the students are required to attend, regularly, some religious meeting. Minors are expected to attend such meetings as are recommended to them by their parents or guardians. There are in the Borough no less than six places of public worship, occupied every Lord's Day by as many different Christian denominations.

Beware of counterfeits! There is no Brant's medicine genuine, but such bottles as are put up in a square packet or shape, and on one square of the package is a label on which is represented the young Scipio, and under where she stands is a Note of Hand, which reads as follows, viz:

"We hereby promise, for value received, to pay to the bearer hereof ONE CENT, on demand, at our Medicine Factory in the City of Brooklyn, N. Y. (dated at Brooklyn, 7th April, 1818)." (Which note is signed with pen and red ink) — M. F. WALLACE & CO."

None genuine but such as have the note on the label signed as above.

For sale by Thornton & Baker, Lewisburg; Edw'd Wilson, New Berlin; S. J. Coates, Sellersburg; G. & F. G. Moore, Fredonia; J. N. Beckhouse, Middleburg; Wilt & Ebert, Hallsport; Ames & Mench, Millburg. All letters and orders must be addressed to Wallace & Co. 106, Broadway, New York 1849.

Notice. SUBSCRIBERS to the "University of Lewisburg" who have not paid their First Instalment, (due last January) are respectfully requested to pay the same without further notice, to SAM'L L. WALKER, Treasr. By order of the Board of Trustees, Lewisburg, Sept. 1, 1849.

200 sacks ground Alum Salt, 50 do fine do, 100 bbls. Salina do. For sale, wholesale or retail, by Sept 10 S & J Wolfe

PURIFY! PURIFY! LIFE and HEALTH are in the BLOOD. Cleanse, Purify and Regulate the Circulation, and the whole body will have health. The most wonderful of all remedies to produce such a result, is

BRANT'S INDIAN PURIFYING EXTRACT.

Yes, the desired result and efficacy will be produced by the use of a small quantity of this Purifying Extract, in any case, effected by the use of any other remedy in the world. (See our Pamphlet for proof.) This Extract is a vegetable, and does not contain any mineral matter, and long-standing diseases of the blood, without giving, purging, or evacuating. It cleanses the blood, and gives new vigor and life to the whole system.

BRANT'S PURIFIER IS FOUR TIMES CHEAPER than any other remedy in the world. ONE DOLLAR'S WORTH of it will cure more cases of any other remedy, no matter how large the bottles may be. The important question for the sufferer is, not how large the bottle may be, but how much of the Purifier he can get for a dollar's worth of that medicine. We maintain that one bottle of Brant's Purifier will cure more cases of any other medicine, within the last year.

100,000 Persons of Impure Blood Diseases, and 25,000 Cases were considered incurable, as some other patent medicine men are in the habit of saying. If we should say so, who would believe us? This however, we do say, Brant's Purifier has effected cures of more diseases no living being knows, than all the other medicines of the world put together. We maintain that one bottle of Brant's Purifier will cure more cases of any other medicine, within the last year.

Horrid Scrofula Cured. Mr. J. B. HARRIS, of Rome, Oreg. Co., N. Y., writes: "I have been afflicted with Scrofula for many years, and the last year confined to my bed, with every large, deep, discharging Ulcer—that has since been cured, and I am now able to go about, and have my usual share of health. I have used your Purifier, and it has cured me of this horrid disease, and I have no more to say of it. I have used your Purifier, and it has cured me of this horrid disease, and I have no more to say of it. I have used your Purifier, and it has cured me of this horrid disease, and I have no more to say of it."

Brant's Indian Purifier. This is a small, portable, and powerful medicine, and is the only one of the kind that can be taken in any form, and in any quantity, without giving, purging, or evacuating. It cleanses the blood, and gives new vigor and life to the whole system. It is the most wonderful of all remedies to produce such a result, is
