

LOCAL DEPARTMENT.

Wednesday, August 28, 1897. We will thank our readers for all local occurrences in their immediate localities. If they do not desire to write a communication for the public eye, then send us a brief statement of everything of interest to their respective communities.

The accounts of the firm of JACOBY & BURMAN as far as sent out for collection are in the hands of the following persons: HILTON Township—JOHN H. HESTLER; SAUBER, CARNEY; ZIMMERMAN, P. M. Main—U. J. CAMPBELL, P. M. Catawissa—STEPHEN BALDY. Roaringrock, Centralia, and Ashland—JOHN HARNER.

In Sugarloaf Township, bills for collection have been placed in the hands of MONTGOMERY COLE, to whom payment is requested to be made at the earliest convenience. In Co. Township, all persons knowing themselves in arrears for subscription, and advertising, to the DEMOCRAT, will please make payment to JOSEPH LILLEY.

A new Democratic paper is started in Tanamque, called the Union Democrat. It is a real live paper, and ought to do well. Success to it.

Prof. HENRY CARVER commenced the second term of his school in the new Institute building, on Monday last. It is the best school in this and adjoining counties. A great many scholars are in attendance.

A social game was played between the "Athletes" and "Dexter" clubs of this town, on Saturday last, which resulted in favor of the former; the game standing 23 to 25. Good playing was exhibited on both sides.

As a Tonic and Appetizer, nothing can equal the effect of Dr. H. Andler's Tonic Wine. Unlike all stimulants its effect is permanent, building up the body, and giving strength and vitality to all parts of the system. In old and chronic cases it may be used with almost a certainty of success.

NEW CONFECTIONERY STORE.—Our young friends, Fox & Webb, have opened their new store on Main Street, nearly opposite our office, with a large and fine lot of confectioneries, including nuts, candies, and sweets, of every description. They are also prepared to furnish families with good fresh bread and cakes, at all times.

This morning's mail (Tuesday) has brought us nothing new, 'startling or otherwise.' Our dailies that heretofore lived upon excitement must find it difficult to fill their columns these times. The removal of STANTON and that of SHERIDAN has furnished them with a little food for their craving readers.

Judge ELWELL held Court at Tunkhannock, Wyoming County, last week.—From all accounts there were more than the usual number of Commonwealth causes tried; which grew out of indictments brought under the prohibitory liquor law passed for that County at the last session of the Legislature.

Court.—The regular term of the Court of Quarter Sessions for Columbia County, will commence in this place, on Monday next. The Comm. trials will be greater in number than usual. There is about the same amount of business on the civil list as the quarterly term generally presents for settlement. A large turn-out is anticipated.

The Republican in smelling about for a candidate for the Legislature, pitches upon Dr. John Heister Vandevier, of Mt. Pleasant, this County, as that man. There is no doubt the Republican editor endorses the one essential qualification, i. e., that Dr. Vandevier is able to pay the piper. If the letter-writer insists, this nomination will be made. Of course the Democracy would never consent to Dr. V.'s election, but what does the Republican man care about that, only so as the candidate "comes down" pretty handsomely.

Money.—We know that money is tight, at least every body says so; nevertheless we must have it, and therefore admonish our friends indebted at this office, that their further delay to pay up, will seriously inconvenience us. We hope this honest hint will produce the desired effect. If every subscriber to the DEMOCRAT would pay up, and one year in advance, we should be able to view the hard life of a newspaper editor in a different light. How many will comply?—We shall see. 2w.

John Leacock, Proprietor of the "American House," in this town, made a very commendable improvement in his parlor and about his pump, a few days since. He removed the old pump platform which hung over the pavement as a shin breaker, set the pump-stock as much as fifteen inches further outside of the walk, and put down large stone, level with the pavement, in place of the old wooden platform about the pump. Pedestrians all exclaim, "bully for John!"

WANTED! at this office, several hundred dollars, on subscription and job work. The latter part of next week. We have our eyes to meet—and some pretty large ones—and must have our money. Our subscribers will please bear in mind that their indebtedness the coming fall. No money being sent, it will afford no excuse for many to send in their subscription. We must have our money, and we will gather, from our subscribers, what we can.

A fire broke out in Towanda on the 7th inst., destroying buildings occupied by four stores, and involved a loss of nearly fifty thousand dollars, upon which there was an insurance of thirty-six thousand.

The canal between this place and Northumberland was injured severely by the late rains. It will be three weeks before boats can run.—Lewistown Journal, 22nd inst.

Some whites are getting black as fast as possible and only need a little nitrate of silver to make them so. Their principles and inclinations have long since been low enough to suit any colored individual.

A negro and white girl from Warren, Ohio, were married at Sharon, Mercer County, this State, a few days ago, by a Radical Justice of the peace. "The world moves," exclaims a Radical organ, over the occurrence, but it neglects to say which way.

STRAUCK BY LIGHTNING.—A barn belonging to Mr. Kiser, three miles from Du-shore, was struck by lightning during the severe thunder shower last Sunday night, and, with its contents, entirely destroyed. Loss \$2,000. No insurance.—Sullivan County Democrat.

The State Lunatic Hospital at Harrisburg, has now one hundred and fifty-eight patients; as many as it can accommodate. The trustees have decided to receive no more until the number is reduced below one hundred and fifty. They recommend an additional hospital, to be located in one of the northern counties.

Edwin Stanton, son of the deposed Secretary, still holds a place in the War Department. He will be able to keep his precious "tin" posted as to the doings of Gen. Grant and the secrets of the Department, besides drawing his salary.

FOR SENATOR.—John Beck of Lycoming County received the unanimous nomination of that County for Senator. Mr. Beck was renominated in Union county. Should the candidate from Snyder not press his claims, this County will hold the balance of power in the District Convention.—Schenectady Times.

That negro loving organ, the Republican, asserted that the blacks of Louisiana fought shoulder to shoulder with the white men, under Jackson. We denied it, and called for the proofs. They are not forthcoming. Another square backdown on the part of the Republican.

When will that journal discover that some slight knowledge of history is requisite in these matters? Our young friends, Fox & Webb, have opened their new store on Main Street, nearly opposite our office, with a large and fine lot of confectioneries, including nuts, candies, and sweets, of every description. They are also prepared to furnish families with good fresh bread and cakes, at all times.

Who will cry for Stanton now? Nobody but a few black and white "niggers." If reports be true, the man's a scoundrel, and deserves the rope much more than ever did Mrs. Surratt. The survivors of the Andersonville prison have the proper and just appreciation of this man. No doubt the East is the most healthy climate for him. He'd better stay there.

The Harvest Home Celebration at this place, on Friday last, was well attended, considering the postponement and the unfavorable indications of the weather the fore part of the day. Persons from a distance who were desirous of attending, did not venture from home on account of the threatening rain. Our necessary ailments prevented us from being present, a circumstance that we much regretted. The ladies, we are informed, prepared and invited all to one of the most sumptuous dinners ever gotten up on such an occasion in this County. They deserve a great deal of credit. The proceeds were received for the benefit of the Reformed Church of this place.

CONCERT.—The Gurnsey Brothers gave a vocal and instrumental concert in Snyder's Hall on Saturday evening last. Their entertainment was right good; they sing well and play well; besides, they are gentlemen of the first type. They are no humbugs, but give a decidedly A. No. 1 entertainment. They will give exhibitions, in Columbia County, at the following places: At Roaringrock to-night, (Wednesday); Thursday evening at New Columbus; Friday evening at Denton; Saturday evening at Millville, and on Monday evening, the 2d of Sept., at Jerseytown. We bespeak for them a good turn-out at these places. They will give you the worth of your money. Call and see them.

The Peach Crop of 1897 has by no means been a failure. Thousands of baskets of peaches are daily delivered in Philadelphia, and they are sold at very low prices. The New York Journal of Commerce reports that this week one hundred car loads daily are expected to arrive at that city direct from Delaware; and that next week and during the first weeks of September this is to be increased to 275 car loads daily from Delaware. This will give New York an average supply from Delaware during a portion of the season of 110,000 baskets, to which New Jersey will add 40,000 baskets more. The Baltimore Gazette says that in the section from which Baltimore is supplied it has hardly ever been known that the peach crop has been so large as this season. It is evident that the peach crop is no failure, but, on the contrary has been a very good one.

SPECIAL NOTICES.

Persons visiting town during Court week should not fail to call at Henderson's New Drug Store and examine his large and carefully selected stock of drugs, patent medicines, solts, oils, glass, &c., which he receives weekly and sells at the most reasonable prices. All goods are warranted to be of the best quality, and purchasers will find it an object to call here before going elsewhere.

Farmers in Wisconsin say that before the end of the present year wheat will be selling in that State for fifty cents per bushel.

"Blessed be the man who first invented sleep," quoth Sancho Panza. Sleep has often been "murdered," not in Macbeth's case only, but in many modern instances, by Indigestion, Nervous Disorders, Headache and a host of other complaints. For all such there is a remedy, and sufferers may now exclaim, "Blessed be the man who invented the Plantation Bitters!" This delicious Cordial and fine tonic is now hailed by millions as the great Health-Giver and Restorer. Resolve to buy a bottle and don't "sleep it out." "Be wise in time."

MAGNOLIA WATER.—A delightful toilet article—superior to Cologne and at half the price.

At Vance's Factory? Where? Oh, Vance's Factory. I tell you it pays to get carding done there. Vance cards for 5 cts. per lb.
