## Pleasant Grove Cinches Basket Ball Championship

Five Games Played Without a Single Defeat.

The basket ball game in the Orpheus Hall, Thursday evening, between the Pleasant Grove High School team and Lehi, was the easiest game won this year. At no time was there any danger. The quintette is gradually growing stronger and of the five games played so far has not suffered a single defeat.

The score last night was 15 to 40 in favor of Pleasant Grove.

In the game last night all the team played such an even game that it would not be fair to say who were the stars. The Lehi five played good ball but were outclassed. Hoisting of the Salt Lake Y. M. C. A. umpired the game.

Pleasant Grove has three games yet to play, one with Provo Friday night at Provo, one with Heber at Heber the night following, and the last with American Fork at Pleasant Grove the Friday night following.

Indications are that the Pleasant Grove team will finish the district series without a single defeat.

## PLEASANT GROVE HIGH SCHOOL NOTES

The Pleasant Grove High School has played each team in the league one game and have won all. They are going to put forth their best efforts to be just as successful in the first half. The game at American Fork last week was feared by almost everyone in Pleasant Grove but it was won easier than was expected. Pleasant American certainly showed there how Grove, Lehi and everyone there how to take defeat. After the game there was no "kicking" by the team and coach about the game being unfairly won.

There was no school Friday, either in the grades or High School on account of the teachers' convention.

Instead of observing Lincoln's birthday as a holiday the High School more fittingly remembered our national hero in chapel exercises which had been prepared by the students for the occasion. The enthusiasm with which those taking part entered into their work was reflected in the splendid orations and reading and all left the chapel with a feeling that it was one of the most successful we have had. Following is the program:

## OUR GIRLS.

There are just two things that will keep girls straight at the age when they begin to think of longer dresses and beaux. One is plain clothes and the other is home duties. The girls we see making fools of themselves are almost invariably over-dressed. They wear duds that women of thirty should hesitate about wearing.

A little girl with too many and too costly clothes on her back gets self-conscious and vain and loves admiration—and you grown-ups know the next step. A simple pure-hearted girl who has a place in a home, home work and home duties, has her heart there, and no boy can steal it. Even when maturity comes, and a real man comes, and a real affair of her heart comes, will such girl leave home, and then only after a heart-rending. But a girl who is at home only at the table and late bed-time won't love that home. Work makes things sacred. The child whose home memories are not hallowed by work, who is not needed and does not feel the need, will not love home. And if she does not love the home of her girlhood, she will love no other. She will go anywhere, for any thing. Home will mean nothing to such a woman, and if she is respectable, she will only lack the opportunity to be a bad woman, and is good only through circumstances, or by the necessity of an ugly face. She will curse any man she marries.

## A CHAPTER OF ACCIDENTS

The following is going its periodical rounds of the press and we pass it along.  
"We once knew a man who was too stingy to take the newspaper in his home town and always went over to borrow his neighbor's paper. One evening he sent his son over to borrow the paper and while the son was

on the way he ran into a large stand of bees and in a few minutes his face looked like a summer squash. Hearing the agonized cries of his son, the father ran to his assistance and, in doing so, ran into a barbed wire fence, cutting a handful of flesh from his anatomy and ruining a \$4.00 pair of trousers. The old cow took advantage of the hole in the fence, got into the corn field and killed herself eating green corn. Hearing the racket the stingy man's wife ran out of the house, upsetting a four gallon churn full of cream into a basket of kittens, drowning the whole flock. She slipped in the cream and fell down stairs, breaking her leg and a \$19 set of false teeth. The baby left alone, crawled through the spilled cream into the parlor and ruined a \$40 carpet. During the excitement the daughter eloped with the hired man, taking the family savings bank with them. The moral is that every man should be a subscriber to his home paper.

## Death Claims Harry Loader

Harry Loader passed away Thursday, Feb. 8. He had been a sufferer from miners' consumption for the past four years. During the past two years he had been almost helpless, so that death came as a sweet release.

Mr. Loader was born in Kingston, Oxfordshire, England, in 1853. His parents were John and Harriet Loader. When three years of age his parents joined the Mormon church and soon after emigrated to America and located in Iowa. While here the Civil War broke out and the father enlisted on the Union side and fought through the war. The boy, a lad of 10 years, helped support his mother by going into the woods with his dog and catching squirrels and rabbits.

When the war was over the family moved to Utah and located in Pleasant Grove. The father came with his regiment to Fort Douglas, arriving there July 22, 1866, and joining his family in Pleasant Grove.

At the age of 23 Harry Loader married Miss Ann Pierce, from which union twelve children were born, eight of whom are now living—five boys and three girls. The boys are Harry, Earl, William, Nathaniel and Archie. The girls, all of whom are married, are Mrs. Heber Cole, Mrs. Frank Nelson and Mrs. David Davis. He also has sixteen grand-children.

Practically all of his life has been spent working in the mines and smelters. Ten years ago he quit the mines and took up farming and was just beginning to enjoy the fruits of a life of hard work when stricken with the fatal disease.

He was a man of high moral character and his name was a symbol of honesty and truth. To the end he was
