

Pleasant Grove Department

City Council Agrees On Water Compromise

At the regular meeting of the city council last Monday evening all the members were present. There were several small transfers of water authorized. The committee on streets reported the completion of the grading on Third street, between First and Second streets, and Grove creek street from north corner east to Walker's. The committee was instructed to purchase water pipe and the committee on city property was authorized to clean up the city Hall lot and seed it to grass. The chief business of the meeting, however, was the submission to the council by the mayor of the offer to compromise the pending water suit between the south farmers and the city. The farmers offered to settle the trouble by conceding to the city the right to 1.35 second feet of the waters of Battle Creek for use in the city mains. Councilman Westphal moved that the city accept the offer and Councilman Thorne moved to amend by making 1.50 second feet the basis of the agreement. The 1.35 carried by a vote of 3 to 2, Councilman Fugai voting in Councilman Thorne. As this is the basis agreed on by the farmers, it means a peaceable settlement of what promised to be a long drawn out, bitter and most expensive lawsuit. The mayor and city attorney were authorized to take the necessary steps to get the compromise into the court records and make it binding.

Thrown From Motorcycle Causes Serious Accident

Anna Christianson Hurled Into Air and Picked Up Unconscious. While riding at a terrific rate on a motorcycle, Wednesday afternoon, Anna Christianson was violently thrown from a motorcycle and seriously injured. No one seems to know the exact cause of the accident, but it was apparently caused by the machine running into a rut, causing the rider to lose control. He was seen going at terrific speed and then the rider was seen out of his seat and in a few seconds machine and rider were seen turning over in the air. Dr. Grua was immediately telephoned, and when he arrived a few minutes later the bystanders thought the man was dead. It was not until he was brought home that he regained consciousness. An examination revealed that he was severely bruised on the face and shoulder, however, Thursday morning he complained of a pain in the chest. Later the pain seemed to be most severe in the stomach and bowels and he spit blood. In the afternoon it was deemed best to take him to the Provo hospital, where an operation disclosed the fact that he was suffering from a hemorrhage of the stomach. An operation was performed, which made him feel much easier, though he is yet in a precarious condition.

DEMONSTRATION TRAIN TODAY

Every farmer should turn out today to attend the lectures given by the professors and experts accompanying the Salt Lake Route demonstration train. The cattle on exhibition are going a long way to see, and every dairyman should examine the system of constructing silos. With the system of silos the expensive system of hauling hay from Idaho would be done away with and the cows would naturally increase their milk supply. Prof. L. A. Merrill, who is in charge of the train, says that last year there were 6,346 carloads of stuff shipped into California from points north of Ogden; products that could and would have been produced in Utah if of Salt Lake City. Here is the list:

Carloads	2,791
Wool	164
Condensed milk	425
Apples	59
Sheep and lambs	822
Cattle	262
Hogs	44
Other	421
Total	1,474

Farmer should visit the cars and attend the lectures and learn how to do this business may be kept.

INTERURBAN PROBABLE FOR CONFERENCE VISITORS

Now Near City Limits and Progressing Rapidly—Terminal Soon to Be Located Here. Armstrong, assistant manager of the Salt Lake & Utah Railroad, was in Pleasant Grove on Friday looking up a location for a station which will probably be installed in the next ten days at either Pleasant Grove or Linden. Armstrong is authority for the statement that the interurban people make an effort to have their track

Boys' and Girls' Clubs

Prof. J. C. Hogenson Gives Clear Explanation of Work to Be Done. Last week Prof. J. C. Hogenson of the Agricultural College was in Pleasant Grove and visited the schools in behalf of the organization of boys' and girls' clubs. The boys' and girls' club work now being organized throughout the state is part of the great industrial movement promoted by the Agricultural College and the National Department of Agriculture, of which Prof. J. C. Hogenson has direct charge in Utah. There are about 19,000 boys and girls in the state now actively engaged in this great cause. Its primary object is to get the boys and girls of the state interested in agriculture and home-making. Many boys and girls feel that when they grow to manhood and womanhood they want to get away from the scenes and work which engaged their attention while they were boys and girls. This is due largely to the fact that boys and girls do not fully understand the ordinary tasks which they have performed every day. All that they understand is the hard work, the drudgery, side. They see nothing beautiful, wonderful, elevating or inspiring; yet when thoroughly understood there is no work where there are so many wonderful and interesting things to learn as in the farm work and home work which our boys and girls perform on the farm and in the home. The club work gives to the boys and girls a four-square education. It trains the head to think, to plan and to reason. It trains the hands to be useful, to be helpful, to be skillful. It trains the heart to be kind, to be true, to be sympathetic. It trains the health to resist disease, to enjoy life and to make for efficiency. The motto of the club is, "To Make the Best Better." That means continual progress, so that they will be able to do something better tomorrow than they are able to do today. The lines of work which the boys and girls of Utah may take up are: First, potato growing, one-half acre; second, sugar beets, one-half acre; third, mangel wurzels, one-half acre; fourth, onions, one-fifth acre; fifth, tomatoes, one-fifth acre; sixth, peas, one-fifth acre; seventh, cabbage, one-fifth acre; eighth, cucumbers, one-fifth acre; ninth, celery, one-fifth acre; tenth, corn and pig work, one-eighth acre of corn and feeding two pigs; eleventh, poultry work. The girls may take up—First, bread making; second, flower gardening; third, canning of fruits and vegetables; fourth, sewing. With such an army of boys and girls working along improved lines of agriculture and home making, it is bound to become a great and important factor in the rapid development of our state. Utah now has the champion boy potato grower of the United States, and with our natural advantages and improved facilities there is no question out that we can win in other lines as well if we will only get in and work. The club work will bridge the gap which has always existed between the school and the home. In other words, it will cause the child to think and act in terms of the home. There are 29,300,000 persons in the United States engaged in gainful occupations; of these 10,500,000, or 36 per cent, are engaged in agriculture, and 5,700,000, or 20 per cent are engaged in domestic work; 1,300,000, or 4 per cent are engaged in the so-called learned professions, such as doctors and lawyers. Our schools in the past have spent nearly all of their time in training the boys and girls toward the 4 per cent to the neglect of the 56 per cent. A change must necessarily come and it has come.

SPINAL MENINGITIS CLAIMS 5-YEAR-OLD BOY

Tuesday the 5-year-old son of Mr. and Mrs. Luther McCandless died from an attack of cerebro spinal meningitis. The doctor was called in the morning and the symptoms indicated the nature of the fatal malady. Calling a few hours later, the disease had fully developed and a trip was made to Provo for a serum specific. There being none in Provo, a telephone message to Salt Lake City brought some on the evening train. However, the case had progressed so far that the child passed away soon after the serum was injected. This is the last and fifth child that Mr. and Mrs. McCandless have lost. Funeral services were held at the home of its grandparents, Mr. and Mrs. George Ash, yesterday afternoon.

HARNESS SHOP BURGLARIZED.

Anderson's harness shop was burglarized Tuesday evening after the dance. The money till was opened and \$35 taken out. Entrance was gained by breaking a pane out of the rear window, through which an entrance was effected. City Marshal Frampton was at a loss to locate the guilty party, but after running down several clues finally got on a scent that apparently led to the guilty party. Deputy Sheriff Clark of Provo came over Thursday morning and agreed with the suspicions of the city marshal. After accusing the suspected man point-blank with the commission of the offense and threatening to take him to Provo, he paid the officers the amount claimed to be taken, which will probably be the last of the case.

Miss Ruth Harper was visiting with friends in Provo, Wednesday.

Miss Hannah Conder was an American Fork visitor Friday and Saturday.

Men's, youths' and children's spring suits in at Chipman's.

Mrs. C. P. Larson has been quite ill for the past week.

Lloyd Adamson went to Garfield last Friday, where he will be employed in the reduction works.

Mrs. William Cullimore, while not yet entirely out of danger, is reported to be improving.

Mrs. Clarence Newman of Lynndyl is visiting with her parents, Mr. and Mrs. William Cullimore.

Sheep shearing will commence at Webb's shearing corral within the next ten days unless the weather interferes.

Seed oats, seed barley, seed rye and garden seeds at Chipman's.

Miss Marion Tanner will be the guest of relatives and friends at Payson for the next ten days.

John C. Gillman has been laid up with a severe case of rheumatism for the past week.

The descendants of John Wright, 200 in number, held a family reunion last night in the Linden Hall.

Miss Sadie Mills delightfully entertained the Agenda Club at her home Thursday evening.

Miss Lavern Ward of Provo spent the latter part of the week with Miss Ethel Clark.

Mr. Joe Green of Salt Lake spent Sunday in Pleasant Grove visiting relatives and friends.

Miss La Vina Olsen and Miss Chloe Thorne were Provo visitors Tuesday evening and Wednesday.

\$1.00 and \$1.25 for Cedar Mops at Chipman's all next week.

Mrs. Randolph Benson is confined to her bed with an attack of bronchitis and pleurisy.

The North Union Irrigation company will soon expend \$1,000 in straightening their canal through Willson's fields.

Mrs. Everett West, who has been visiting with her father, Joseph Hilton, returned to her home in Lynndyl Thursday.

Mrs. James Peterson presented her husband with an eleven-pound boy this week. At the time of its birth their last baby was 10 years old.

Messrs. Clark & Hickman, real estate company of American Fork, report the sale of Mrs. Ida Haag's residence to Mr. J. A. Boulter of Manilla. Mr. Boulter will move into same in the near future.

The directors of the Pleasant Grove Fruit association have been holding several meetings with W. H. Homer, Jr., of the state association. If the right kind of terms can be agreed on it is probable that the stockholders will be called together in the near future to vote on the proposition.

There has been considerable pilfering lately of small articles from people living in the east end of town. The city marshal says that he has learned who is the guilty party and if the things are not taken back an example will be made of him.

During our big advertising campaign all next week we propose to have all our spring goods on display. See our big show windows for "pretty trims."

Miss Sadie Attwood entertained a few of her friends at a Tango and birthday party Saturday evening. A delightful Tango supper was served to the Misses Hannah Conder, Hedve Johnson, Sarah Williamson, Edna Thomas, Lillie Monson, Leona Carlisle, Ardena Attwood and Mr. and Mrs. John Attwood.

Arthur Richins was surprised Thursday night by a number of high school friends. The evening was spent in music and games. Lunch was served and the guests departed very well satisfied. Those present were: Misses Grace Richins, Edna Holmaway, Ruth Dallen, Cora Wadley, Laura Shirluff, Edna Allen, Lydia Allen, Leona Nielson, Ella Devereaux, Viola Young, Goldie Richins and Vera Hilton; Messrs. Milton Adamson, Willard Smith, Samuel Hilton, Leon Radmall, Glenn Jacobson, Bryan West, Sven Nielson, Allen Richins and Archie Richins.

Big advertising week at Chipman's from March 23 to March 29. Thousands of articles given away FREE to every customer entering our store during the week.

MANILLA NEWS.

The Mutual Improvement association of Manilla will give a high-class musical entertainment on Tuesday evening, March 24, at 8:30 o'clock sharp, in the Manilla Ward meeting-house, under the management of Miss Clarinda Holman. Read the following program and see if you do not think it is well worth 25 cents: "Abide With Me"—Agnes Monson and M. I. A. members. Prayer—Bishop H. B. Warnick. Duett—Nettie Warnick and Agnes Monson. Solo—J. B. Miller. Girls' Quartette—Clarinda Holman, Minnie Pulley, Clara Youngberg and Ora Holman. Piano Selection—Velma Larson. Male Quartette—J. B. Miller, Joseph Larson, R. D. Wadley and N. J. Wadley. Piano Selection—Clara Youngberg. Solo—Velma Larson. Duett—Ora Holman and Alma Monson. Junior Boys' Chorus—Alvin Monson, Ivan Monson, Merrill Warnick, Charley Holman, Millen and Vilance Radmall, Oscar Carlson and Shelton Ellis. Solo—Ora Holman. Solo and Duett, "Just As I Am"—Clarinda Holman and George Monson, assisted by M. I. A. members. Prayer—Bishop's Counsellor Alma Radmall.

The funeral services of Miss Lillie Boulter were largely attended by relatives and friends from Pleasant Grove, Manilla, Salt Lake City, Provo and Sandy. Speakers were as follows: Ex-Bishop C. P. Warnick, Mr. A. Holman, Alma Radmall, Frank Meredith, Charley Johnson and Bishop H. B. Warnick. Music was furnished by the ward choir; also a duett by Sisters Jennett Warnick and Clarinda Holman and a solo by Clarinda Holman.

Mrs. James Peterson presented her husband with a twelve-pound son. This being the first baby in the family for nine years, also only the second son, with six daughters, makes the family very happy.

Mr. and Mrs. C. P. Warnick celebrated their 40th wedding day last Saturday, the 14th. Their children all came to surprise them.

Miss Ethel Radmall is home spending a few days with her parents, Mr. and Mrs. Alma Radmall.

Mrs. Menea Nielson is here from Salt Lake City, visiting with her brother, Mr. H. V. Swenson.

The Relief Society of the Manilla Ward celebrated its annual day last Tuesday by giving a program in the meetinghouse.

PLEASANT GROVE HIGH SCHOOL NOTES

The vigorous and ambitious Sophomores are planning to put on a play in the near future.

The Junior Campfire Girls took a trip on horseback to Provo Canyon and Provo, Wednesday evening.

An educational meeting was held in the Tabernacle, Sunday night, to put the problem of consolidation of the schools before the people. The music was furnished by the high school orchestra and quartette.

JURY FOR APRIL TERM.

The following from the north end of Utah county will be on the jury for the term which opens April 7: W. S. Chipman, Joseph S. Wild, James H. Barratt and Willard J. Shipley, American Fork; James A. Carson, Fairfield; Joseph Larson, Chauncey E. Thomas and William Beal, Pleasant Grove; John Coates and Elmer Jackson, Lehi; John H. Stratton and Frank Wentz, Provo Bench.

The man so lazy that he lets his wife do all the work, will never get to heaven. He is taking all his rest on earth and it is his wife who will enjoy a much needed and well deserved rest in the next world. The summary have to go shoveling.
