

Lehi Locals and Personals

Joy photos, 99c per doz., Monday.

Masons will start work next week on the residence of Thomas Powell on State street.

J. A. Goodwin is rebuilding his home on Cemetery street, which was destroyed by fire two years ago.

Lawn mowers and lawn rakes, rubber hose and sprinklers at Chipman's. Low prices and good quality. 11-11

George Harvey has moved his family to Lindon, where Mr. Harvey has opened a shoe repairing shop.

Pog Cedarstrom, who lives in Murray, was down to visit his homestead up the lake, Tuesday.

Parley Garfield of Toplift spent several days this week with his old-time Lehi friends.

Mrs. James Tuckfield is erecting an addition to her home on the corner of First North and Third West streets.

Every farmer should give in his name for a few tomato plants and test out his soil for producing this crop.

Mrs. Mary Mandley will leave next week for Salt Lake City, to take up the study of millinery and dressmaking.

Mr. and Mrs. Horace Woodfin of Elsinore are visiting in Lehi this week, the guests of Mrs. Woodfin's mother, Mrs. Annie Goates.

Mrs. Elma Jepson, who has been living in Logan for the past two years, returned to Lehi, Sunday, and will erect a cottage near Bishop Stoker's home.

In tomorrow's Sunday Herald there will be a big write-up of the Orem road and the towns through which it passes, particular reference being made to Lehi and American Fork.

Early in the week Stephen Zimmerman was brought home from Tickville with a broken leg, caused from being thrown down a hill by the whirling of a horse.

About four hundred and fifty people went from Lehi to Salt Lake City to conference. The Orem road got the larger part of the traffic, though many took the Salt Lake Route.

Mr. and Mrs. Ike Gudmundsen of Burley, Idaho, spent the week visiting friends and relatives in Lehi. Mr. Gudmundsen is one of the leading merchants in Burley and says that his town is developing at a rapid rate.

It is rumored from an authentic source that the two steam roads, having lost practically all their Salt Lake City passenger business since the Orem road commenced operations, will cut the fare for round trips to \$1. Lehi people can stand it.

The Chipman Merc. Co. will give FREE to every married lady visiting their store next week a package of sweet chocolate—"Gold Brand." 11-11

J. F. Halsey, the painter, is making about twenty signs, which will be placed along the state road all the way from Salt Lake to Provo, telling the auto tourists that first-class entertainment may be had at the Reliance Inn, the new Lehi hostelry.

Sheep shearing commenced this week at the Webb shearing corral on the Salt Lake Route branch. The first sheep to be sheared were those from the sugar factory feeding yards. Between thirty and forty men are employed and about 60,000 sheep will be sheared.

Mr. and Mrs. Heber Austin of Idaho Falls spent several days this week visiting Lehi friends and attending conference. Mr. Austin says that the Idaho sugar people are entirely up in the air as to what will be the result of the removal of the sugar tariff.

Dan Matthews, Lionel Henson, Joseph H. Slater, Charles College and George Barnes went to Ruby Valley, Nevada, this week. The first three gentlemen have homesteads there and the last two will look over the situation with the idea of buying or locating on homesteads.

If you want to make your horse show up in the parade April 14, you should see our harness, bridles and saddles and trim him up. Jim Gardner can do it. 11-11

Some of the men who have been employed at the American Copper mine for the past several weeks came to Lehi this week. They report that the whole bottom of the shaft is filled with a vein heavily impregnated with iron, which heretofore has led to rich copper ore. The incline shaft is now down ninety feet and the property is looking better than it has since the present company was organized. An indication of its present value, one of the parties who went out to get the men purchased a large block of stock on his return.

David Jones left Sunday for Mack, Colo., where he will shear sheep.

John Goates went to Provo, Tuesday, to serve on the jury.

Hamilton Gardner went to Price on Tuesday, where he is proving up on a desert entry.

The First Ward Dramatic company will put on a play next week in the Opera House.

The people of Cedar Fort are preparing to build a new amusement hall there this coming summer.

James Peterson will erect an addition to his home and Ed Cook will add several rooms to his home.

John E. Standing, administrator of the Rebecca Standing estate, will soon offer the Mrs. Standing home for sale.

Mr. and Mrs. Christian Knudson left Tuesday for Norway, where they will spend the next three months in travel and securing genealogy.

Ladies from Lehi, ladies from Pleasant Grove—Just step into Chipman's when you come to the horse show, Tuesday, April 14, with your husband, and get a cake of chocolate FREE.

Mr. and Mrs. J. T. Harwood of Salt Lake City spent the first part of the week in Lehi, the guests of Mr. Harwood's mother, Mrs. S. J. Harwood.

Francis W. Kirkham was in Lehi this week, making arrangements to have crops planted on some of the farms he owns near Lehi.

Miss Essie Goates entertained her young lady friends at a delightful kenoing at her mother's home Monday evening.

Mrs. Ada Stoddart went to Salt Lake City, Wednesday, to attend the wedding of Charles Stull, a former resident of Lehi, and a Miss Jensen of Salt Lake City.

At a meeting of the Nevada-Anaconda Mining company, held in Salt Lake City, Monday, Henry Lewis and S. W. Ross were elected directors. The company has six directors.

Miss Mabel Giles, who has been visiting in Bountiful, returned home on Monday, accompanied by Miss Jennie Nelson of Preston, Idaho, who will visit here for a week.

On clean-up day people living in the north part of the city may haul their rubbish that is not of a decayable nature in the old pond east of the San Pedro depot.

A shower will be given this evening in honor of Miss Nina Christofferson, who will be married in the Salt Lake Temple next Wednesday to Roy Harris of Garfield.

The German A class of the Lehi high school entertained the German B class Monday evening at the home of their instructor, Prof. Heber Bennion. The evening was spent in a typical German party.

Mr. and Mrs. Buell Allred and Mrs. Aaron Allred left for Canada, Tuesday. Mr. and Mrs. Buell Allred will make their home there and Mrs. Aaron Allred will spend the summer there only, visiting relatives.

J. M. Kirkham, C. W. Whittaker, Heber Bennion and Miss Veda Hunsaker made an auto trip to Fairfield last week, where they organized a Sunday school with forty-seven members. Heretofore there has been no Sunday school there.

Erastus Russon and Alex Brown have been called on a mission by the Alpine Stake Presidency, to labor as missionaries in Fairfield for the next six months, their chief duties being to work in a Sunday school capacity. They will also hold afternoon meetings.

Isaac Brown, or Isaac Aldredge, as he was sometimes known, is here from Mexico visiting friends. It is fourteen years since Mr. Brown was in Lehi, during which time he notes many changes. He was driven out of Mexico with the other Mormon refugees and is now located in New Mexico, awaiting the settlement of the war troubles.

How about it housewives? Have you bought your wall paper and rugs, lace curtains and linoleum? Well, just call and see our line if you have not. Chipman's. 11-11

Alex Adams, who has been doing development work at the North Scranton mine, came in this week and reported having encountered the vein in an upraise from the end of the tunnel. The vein is filled with an iron gangue and is freely sprinkled with lead, and is different from anything heretofore found on the property. He will return next week, when drifting on the vein will be commenced and important developments are expected.

The man who has a few things he thinks it would pay to push can get an idea of the value of advertising by pushing them properly.

The city council held a special session Wednesday to pass a resolution granting the interurban company the right to assign its franchise for bonding purposes. The members also visited Third North street and stopped the railroad company from erecting its poles on the sidewalks. The men were cutting holes in the pavement.

A 50c can of "Gold Brand" cocoa, equal to 50c size other makes, for 25c, and give you a 10c cake sweet chocolate FREE in the Bargain at Chipman's. 11-11

Mr. Stanley Taylor and Miss Selma Winn were married in the Salt Lake Temple, Wednesday. They returned to Lehi the same evening, where a reception and supper was tendered them at the home of Mr. and Mrs. James W. Taylor, and which was attended only by the immediate friends and relatives of the bride and groom. They are both popular among the younger set and will make their home in Garfield.

Miss Gertrude McCheyne of the State Agricultural College attended a special meeting of the Home Economics Club, Wednesday evening, and delivered an address on the work of the club. She particularly emphasized the use of the leaflets being issued by the college. Solos were rendered by Mrs. Hazel Holmstead and Mrs. T. F. Kirkham. Mrs. A. Douglas gave a paper on fish as food and Mrs. G. L. Stookey read from the Montenary Mother, after which refreshments were served.

Several months ago it will be remembered that a motor truck factory wrote to Lehi asking what inducements could be offered for their location here. There was some local criticism because the local officials did not fall over themselves in securing the plant. The plant (?) was located in Murray. A building was rented and many columns of free advertising were given the concern. Recently the concern went up in the air and a lot of Murray citizens who put money into it were left holding the sack while the promoter is seeking snipe hunters in other fields.

TO PUT ON OPERA.

Prof. Abe Anderson is preparing to put on the opera, "Merry Milkmaids," in the course of the next two months. He has not yet completed the selection of those who will fill up the cast, and desires those who wish to take part to speak to him about it. Mr. Anderson says that Lehi is full of high class musical talent and thinks that an opera would have the tendency to develop it and bring it out. "The Merry Milkmaids" is one of the most popular operas written.

JUVENILE BURGLARS.

Sunday afternoon, when Mr. and Mrs. Marion Cutler returned home, they heard a noise upstairs and on investigation found two boys of juvenile age ransacking trunks, bureau drawers, etc. They were captured and turned over to the city marshal before they had secured any loot. There has been a number of petty depredations in this locality within the recent past.

METAL CEILING FOR NEW OPERA HOUSE

The State street opera house received its new metal ceiling this week. It is of a beautiful artistic design. There will be no sharp corners in the building, but everything will tend to add beauty and make the acoustic properties of the place as perfect as possible.

Masons this week have filled up most of the windows with brick, which will be painted the same color as the remainder of the building.

NOTICE.

Notice is hereby given that the annual stockholders' meeting of the North Scranton Mining company will be held at the Merrilow building, Lehi, Utah, Monday, May 4, 1914, at 3 p. m., for the election of a board of directors, and for the transaction of any other business that may come before the meeting.

F. R. HEIDENREICH, Secretary.

LEHI, UTAH

Team Work

No city in Utah is suffering more because of lack of team work than is Lehi. It is the one thing that will make Lehi what it should be, the leading city in Utah county. So applicable is the following editorial from the Ogden Examiner that we publish it in full:

From Big Business to Baseball there is a call for team work. In factory, shop, office, store or athletic field team work counts for more than individual effort. Hire the best business doctor in the world and the first prescription he writes will call for co-operation of all employees. And though he have the strength and skill of ten he cannot save the patient without it. The big stars in baseball do not win games. They simply take the lead and encourage team work. Christy Mat-

thewson and Big Chief Bender would be helpless without the whole team behind them. The name of Harriman would not be written had he not been able to secure the co-operation of an army of employees. Experts are more in demand than ever, but the day when one man can grab the glory of any institution is passed. The credit must be divided with every employee from the janitor up to the general manager. Otherwise there is no credit. Here is a tribute to team work by E. P. Ripley, president of the Atchison, Topeka & Santa Fe Railway company:

Foster a spirit of team work. Such success as the Santa Fe has had in handling its men and its business is due to fostering a spirit of "team work," by frowning upon petty jealousies and bickering, by treating men well and, above all, justly. In short, by making employees feel that they are members of one family united not only in working hours but in leisure time.

Put confidence in your men. Surround yourself with men in whom you have confidence, and then put confidence in them; aim to give them the highest ideals of private and railroad life; make them better citizens and they will then be better workmen.

Recognize merit. Promote from the ranks. Help your men to keep out of a rut. Most of our executives have grown up in our service.

At heart most men are fair. They quickly respond to fair treatment and reflect it by their pride in their work. Behind the loyalty of Santa Fe men is team spirit, team pride and fair play.

There is not an organization in the world going forward today without team work. No business is prospering where the pull together spirit is lacking. Men who toady to the boss when he is in and loaf when he is out never get very far, and their places are filled by men who can look the boss in the eye every hour in the day. Also, bosses who keep their men under suspicion never get results. This is the day of team work.

SPECIAL OFFER

—A HAT FREE—

You Can't Afford To Miss This Opportunity

THE MANUFACTURERS OF THE CELEBRATED ALCO CLOTHES HAVE AUTHORIZED US TO GIVE ONE HAT ABSOLUTELY FREE TO EACH CUSTOMER BUYING AN ALCO SUIT. IF YOU ARE ONE WHO HAS NOT EXPERIENCED THE PLEASURE AND KEEN DELIGHT OF WEARING AN ALCO SUIT, WE INVITE YOU TO COME AND TAKE ADVANTAGE OF THIS RARE OPPORTUNITY.

Lehi

High Schools To Debate Consolidation

The three Alpine district high schools will debate the consolidation of schools Tuesday evening, April 28, at Lehi, American Fork and Pleasant Grove. All three high schools will debate both sides of the question, the negative at home and the affirmative away from home. Lehi's two teams have been chosen as follows: Affirmative—Marie Bredesen and Alvin Kirkham; negative—Andrew Lossee and Ora Whipple.

Nine non-partisan judges will be chosen, three from Lehi to judge the American Fork-Pleasant Grove contest; three from American Fork, to arbitrate the Lehi-Pleasant Grove scrap, and three from Pleasant Grove, to say who wins when Lehi and American Fork clash.

The students are working hard to make these debates worth while and will no doubt give intelligent discussions of the question.

Annual High School Day for Utah County High Schools, Spanish Fork, May 1.

May 1 has been chosen as the date for the annual gathering of Utah county high school students, with Spanish Fork as the place. One of the features of the meet this year will be an exhibition of the music work done in the high schools among the boys. It is always an easy matter to get the girls to sing, but Utah county leads the state in the number of boys doing chorus work. To demonstrate what is being done along this line the musical numbers of the program at Spanish Fork will consist of six male choruses, one from each high school. It will be hard to eliminate the contest idea from these selections, and some extra good chorus work will no doubt result.

Nathanial Thomas, one of Utah's most eloquent orators, will deliver the address to the students. The annual track-meet will be held in the afternoon and a grand ball in the evening will conclude the festivities of the day.

In the track meet each high school will be compelled to enter a team of not fewer than ten men. Coach Bennion will act as clerk of the course and Coach Roberts will be the official starter.

Lehi's probable entries will be Harmon, Taylor, Evans, Yates, Gray, H. Dorton, Fox, Cox, D. Dorton, Kirkham, Ashton, Southwick, Schow and Jones.

LAKE SHORE FARMERS PREPARING TO PUMP

Taylor Corniche, who owns a large tract of land and a private pumping tract south of Pelican Point, was in Lehi this week taking in a stock of supplies. He has had a number of men and teams employed this spring clearing his land and getting it ready for crops.

He has forty acres which will be planted to wheat, twenty ready for oats and will seed ten acres to alfalfa. Besides this he will also plant several acres to vegetables and other crops, all of which he will irrigate from a private pumping plant installed last season.

Fortune sometimes favors the loafer, but success never comes to him.

We Print Butter Wrappers.

A Fair Warning

One That Should Be Heeded By Lehi Residents.

Frequently the first sign of kidney trouble is a slight ache or pain in the loins. Neglect of this warning makes the way easy for more serious troubles—dropsy, gravel, Bright's disease. This will pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this locality place reliance in Doan's Kidney Pills. This tested remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world.

Read the following:

Mrs. M. A. Southwick, First West and First North Sts., Lehi, Utah, says: "I had kidney trouble and all the pains and aches that go with it. My back bothered me considerably and I felt all run down. Doan's Kidney Pills were highly recommended that I began using them. I have never regretted taking this remedy, for it has given me great relief. Whenever I have had a sign of kidney complaint since, Doan's Kidney Pills have removed it. I am just as willing to pay attention to the first sign as I was several years ago."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Southwick had. Foster-Milburn Co., Props., Buffalo, N. Y.

Indisputable Evidence that Utah-Idaho Sugar Is Best for All Uses

The fact that leading hotel chefs, foremost confectioners, exacting bakers, packers and fruit preservers use Utah-Idaho Sugar should convince the most skeptical of its superiority.

But for those who still doubt, we offer stronger evidence—evidence no one can dispute. It's the boiling test. Utah-Idaho Sugar can be

heated, reheated, boiled and browned, and not a trace of scum will form on top.

The production of a sugar that will withstand such a test is a great accomplishment.

It requires special processes—scientific exactness—minute supervision.

Every housewife in the intermountain states should use it.

Provo Reservoir Co. and Utah Lake Irrigation Co.

will furnish water for the entire north end of Utah County. Our canal from Provo Canyon last year carried as much water as came from American Fork Canyon. This additional water means doubling our cultivated area.
