SURPRISE ON BISHOP SMITH

Wednesday evening a surprise and social was given W. B. Smith in the Tabernacle amusement room, the occasion being the Bishop's 70th birthday. Music, Reading, dancing, etc., was indulged in and a nice lunch was served.

Many of the Bishop's friends from outside also attended. Probably no other man in American Fork has given more of his time to public service, and but few of our citizens enjoy more of the good wishes of the people.

FIRE DESTROYS CLOTHING

A fire at the home of Mr. Robert Lee Monday, destroyed \$26 worth of under clothes and other wearing apparel. Mrs. Lee had been doing the family ironing and had placed it on the clothes rack around the parlor stove to dry. The children in their play pushed the rack too close to the hot stove, and in a few minutes there was a blazing fire. Mrs. Lee seized an armful of the burning apparel and her daughter the balance and rushed it out of the room. After a few buckets of cold water, all was over.

Barbers Consolidate

Willard Shipley Joins Byron Crookston, Who Now Operates Five Chairs in the Model Shop.

Willard Shipley sold out his barber shop by Byron Crookston and will hereafter welcome his old customers in the Model barber shop in the basement under the Bank of American Fork. Byron Crookston is manager of the Model shop and has four others besides himself employed so that customers will not have but a little time to wait for "text." The five men are Byron Crookston, Willard Shipley, Alcen Shelley, J. P. Brown and Jack Crookston.

The Model is true to its name with five sanitary chairs and five big plate glass mirrors, three electric machine machines, equipment for shampooing, two private bath tubs and an abundance of hot water all the time. The light is ideal and the supply of paper and magazines makes the Model a cheerful place.

Ain't It Fine Today.

Sure this world is full of trouble, I ain't said it ain't, Lord! I've had enough an' double, Reason for complaint. Rain an' storm have come to fret me Skies were often gray; Thorns and brambles have beset me On the road—but say, Ain't it fine today?

What's the use of always weepin', Makin' trouble last? What's the use of always keepin' Thinkin' of the past? Each must have its tribulation, Water with its wine, Life, it ain't no celebration, Trouble—I've had mine— But today is fine.

It's today that I'm livin', Not a month ago, Havin' losin', takin', givin', As time wills it so. Yesterday a cloud of sorrow Fell across the way; It may rain again tomorrow, It may rain—but say, Ain't it fine today? Douglass Mallock.

AMERICAN FORK HIGH SCHOOL NOTES

Last Monday night at the City Hall Auditorium, the Literary club held its regular meeting. A Christmas program was rendered. Miss Dena Shafter reviewed Lowell's "The Vision of Sir Launfal;" Ina Duncan reviewed Dickens' "Christmas Carol;" the Sophomore quartette sang "Lead Kindly Light," by Cardinal Newman; the second year German class sang "Heilige Nacht."

Last Friday morning the faculty gave the regular program. It consisted of two very difficult choruses by the faculty male chorus, under the direction of Prof. Morgan. Miss Mathisen and Miss Jacobson sang a Danish duet which was translated and sang in English by Mr. Holmstead, whose rendition was of very high standard. Mr. Hales read a paper which was a "Comedy of Errors;" Miss Jacobson read Longfellow's "Courtship of Miles Standish," in Danish dialect.

There was played at the High School gymnasium last week, one of the fastest basket ball games of the season. The East Side High School of Salt Lake sent its regular basket ball team against the American Fork High School team, with the result that the Salt Lake team was defeated by the local team by the score of 26 to 32.

Tuesday afternoon the Girls' club of the High School gave a matinee dancing party in the gym. The purpose of the matinee was to raise funds to equip a rest room for the ladies.

In chapel Tuesday morning the Girls' club rendered the program which consisted of solos, vocal and instrumental.

Monday Was the Shortest Day

Monday was the shortest day of the year, the sun rising at 7:59 a. m. and setting at 5:03 p. m. Since September 21st, when days and nights were equal, days have gradually shortened. The days will continue to lengthen, but will not become even until March 21st.

During the latter part of last century the shortest day came on December 22nd, but as the result of a procession of equinoxes the shortest day now falls on December 21st, during the latter part of next century the shortest day again will fall on December 22nd.

A GREAT DEAL is said and written about the desirability of living in great cities, but as a matter of fact there are no such things—simply because men will not live in them. Even a great city is a union of communities like this. London, the largest city in the world, grew out of a collection of villages that still retain much of their old identities. Investigate Chicago or New York or any other great city and you will find that, while men will huddle within a small area for purposes of business, they insist on getting out into the suburbs or into independent residential sections for the purpose of living. Now, living is the most important business that a man has to do. He picks out a place for it with the same care that he picks out a location for a factory, a store or an office and whenever it is possible for him to pick out the place that he likes the best, he picks out a small town, unless he is one of those foolish persons who think that joy is to be found in a cabaret and pleasure in a crowd. If the normal man cannot take up his residence in a small community, that is his dream of the future. Certainly those of us who live are cast in smaller towns therefore ought to congratulate ourselves. We have here one of the best towns in the world, at least in the making. We don't have to move to a metropolis to be happy, if our tastes and our desires are normal. We can make ourselves happy and the whole town happy by trying to make this not a big town so much as a good one.

Warning to Givers of Charity

President R. R. Irvine Jr., of the Utah County Red Cross Society has good reason to believe that dishonest transients are taking advantage of the sympathetic, generous spirit which prompts the people to give to the Red Cross fund for the relief of the European war victims. Nothing should be paid to solicitors for this purpose or any other, for that matter, unless they are known or can show proper credentials from some recognized aid society. The solicitors from the Utah County Red Cross Society as residents of the towns and district where they work, and in addition have credentials (cards) signed by the vice chairman of the society for the district, who is the mayor of the city or president of the town board. And the contributions received by them will be used for the purpose intended by the giver and accounted for. Solicitors who are not known and whose credentials are questionable, should, if they appear, be reported to the city or town authorities that proper investigation of their claims and methods be made.

Take Salts To Flush Kidneys

Eat less meat if you feel Backachy or have Bladder trouble. Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush out the bodies urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.
