Time is Money
In the battle for commercial supremacy victory lies with the man who makes the best use of his resources.
The long-distance telephone lines enable alert business men to bridge time and space and clear obstacles which would daunt their less energetic competitors.
By using the long-distance telephone lines you do in minutes what it would require hours or days to accomplish by any other means of communication.
Our lines form a net-work of paths for communication throughout this great mountain region, and connect in all directions with lines reaching every section of the country.
Congestion of traffic has been relieved by added facilities so that our long-distance service is efficient, snappy and eminently satisfactory to the telephone-using public.
You can talk to almost any point from your telephone. Ask our local manager for full information as to classes of service and rates.
