

JAPANESE SLAIN AND SHIP BURNED

Natives of Kamchatka Say Japs Were Surprised and Killed by Russians.

On the Other Hand, the Russian Story is That the Japanese Were Fish Poachers and That the Trouble Was Started by Little Brown Men.

Tokio.—The fishing ship Kietee has arrived here and brings a report from Kamchatka of the discovery July 17 at the mouth of the Katcha river of the bodies of eleven Japanese and the burnt remains of a ship. Rain had washed away the mounds covering the dead, and the bodies were exposed and decomposing. The ship has been identified as the Kayetsu Marie, which has been reported missing since July 1. Bloodstained fragments of garments and bayonets and swords also were found.

According to natives at the mouth of the river, the Kayetsu Marie was surprised by Russian soldiers during the night. The crew was killed and the ship burned.

St. Petersburg.—According to dispatches from Vladivostok received here, the encounter between the Russians and Japanese fishermen off Kamchatka had its origin as follows: In July a lieutenant named Sotnikoff with ten Cossacks and two inhabitants of a local village were sent to the mouth of the Worowski river to protect the fishing industry. They found there Japanese fish poachers and arrested them. The Japanese demanded an explanation, and when this was given one of the Japanese stabbed and killed Lieutenant Sotnikoff, while his companions were also cut down.

RACE WAR IN GEORGIA.

A Number of Negroes Beaten to Death by White Neighbors.

Atlanta, Ga.—Four attempts at assault on white women by negroes within or near the limits of the city on Saturday wrought white citizens here to a high pitch of excitement. The assaults of the day followed two others of a similar nature within the week and at least half a dozen others within the last two months, and brought a climax Saturday night.

The mob began its work early in the evening, pulling negroes from the street cars and beating them with clubs, bricks and stones. Negro men and women riding to their homes after the work of the day were ruthlessly torn from the cars and attacked on the streets. In a few cases negroes retaliated during the early part of the night, but after 10 o'clock they were scarce in public places. The fire department was called out to disperse the mob on Decatur street, a street most frequented by negroes, and for a time it seemed to hold the crowd at bay. The police reserves were called out and will hold the situation until troops can be mobilized. The mob seemed to lack leadership, and this doubtless prevented greater slaughter. At least 15 negroes are known to have been killed.

Hungry Boy Strikes Match in Pantry and Causes Explosion.

St. Joseph, Mich.—A healthy appetite caused the death of Percy Smith, the 12-year-old son of E. J. Smith of this city. The boy went into the pantry Sunday night to get a doughnut. He couldn't find it in the dark and struck a match. On the shelf was a pan filled with gasoline, which had been placed there after cleaning some clothing. There was an explosion, Young Smith's clothes caught fire and he was burned to death.

Chop Causes Trouble.

Milwaukee.—Because when he wanted a hamburger steak and was served with a pork chop, Vespo Rocco, an Italian, who came here from Antigo, tried to kill Jasper Caro, a waiter, and was arraigned in the district court on a charge of assault with intent to commit murder. The testimony showed that Rocco came into a restaurant and called for chopped meat, meaning hamburger. The waiter brought him pork chops. Rocco then attacked the waiter with a knife.

Savage By Name and Savage By Nature.

Mayaville, Ky.—James Chester Savage, aged 13 years, confessed that he deliberately shot and killed his cousin, William L. Savage, on Saturday. To the chief of police the boy said: "I loved my cousin, but I just wanted to shoot somebody, so I shot him." When the shotgun with which the boy shot his cousin was found both barrels were loaded, and the hammer raised. The police say that young Savage undoubtedly intended to shoot some other person also.

TAFT HAS FULL POWER TO SETTLE TROUBLE

The Secretary Considers it the Duty of the United States to Give Cubans Another Chance.

HAVANA.—All classes are now awaiting the conditions under which tranquility will likely be restored in Cuba, and keen disappointment is expected on every side because of the likelihood of peace being brought about without armed American intervention. That the differences of the opposing factions could be reconciled was not generally believed to be possible until Sunday, when it was announced that the liberals and the insurgents had empowered a committee to represent them before the American mediators.

It is evident that the business interests of the island have no confidence in the ability of the Cubans to rule themselves, and now, when it appears too late, they are openly favoring forcible intervention and possibly annexation.

Secretary of War Taft is cognizant of this general opinion that peace cannot last unless it is enforced by an American army, but he considers that it is the duty of the United States to give the republic another chance, and believes that it would be bad policy for the United States to keep a force in Cuba longer than was required to supervise the laying down of arms. He said that if the liberals and moderates harmonize their differences the United States must regard the compact as made in good faith.

DISCOVERY OF FOUL CRIME.

Portions of Body of Man Found in an Excavation.

New York.—A burlap bag stamped with the name "Z. K. Mano," a strip of a woman's skirt and an oil cloth table covering are the only immediate clues to the perpetrator of a revolting murder committed here.

The dismembered body of a man, apparently an Italian, wrapped in the bag, was accidentally found in an excavation at 694 West Thirty-sixth street. The discovery was made by the day watchman, and later a systematic search by the police disclosed parts of a man's legs from the knees down and the arms and hands. These were wrapped together in a newspaper dated Sept. 10 and bound about the bundle was a strip of a woman's skirt. All was neatly and securely tied with a string, suggesting deliberate preparation. This latter bundle was found under a covering of hay in an empty freight car at Thirty-sixth street and One Hundred and Eighteenth avenue. The head and the thighs of the man are missing.

FUNSTON SAILS FOR HAVANA.

But Has No Knowledge of Why He Is Going.

Jacksonville, Fla.—Brigadier General Frederic Funston passed through Jacksonville Sunday afternoon, en route to Port Tampa, where he will board the steamer Olivette for Havana. General Funston said positively that he had no other order than the original order from Secretary of War Taft to report to him in Havana as soon as possible. "It is possible," said General Funston, "that Secretary Taft wishes to send me out to confer with some of the insurgent leaders, as he is aware that I am well acquainted with a large number of Cubans who were prominent during the last Cuban revolution against Spanish authority."

HAD NARROW ESCAPE.

Coach Containing Fifty-two Persons Goes Over Embankment.

Wabash, Ind.—Fifty-two persons employed by an amusement company had a narrow escape from death near here Sunday, when their coach struck a derail and fell over an embankment. The coach was held to its perilous position by a telegraph pole, but was badly damaged. In the scramble to leave the car fifteen of the occupants were injured, none seriously.

Telegraph Operators in Chicago Are Asking For Higher Wages.

Chicago.—Operators in the Chicago office of the Postal Telegraph company at a meeting Sunday voted to strike to enforce demands for increased wages and improved working conditions. Before the strike is put into effect, however, the schedule committee of the Telegraphers' union will meet a conference with Vice President E. J. Nally in an effort to readjust the differences.

Negro Publicly Whipped.

Wilmington, Del.—Before 500 persons, Charles Conley, the negro who was a few days ago sentenced to fifty years' imprisonment and to receive thirty lashes for committing an assault upon Mrs. Beatrice Frankish and her daughter, was publicly whipped Saturday in the yard of the Newcastle county working house. More than 2,000 persons clamored for admission to the workhouse yard. Although the lashes were well laid on, they were carefully distributed so that no blood was drawn.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs, made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strength-giving medicine, nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Bright's Disease And Diabetes

We desire to place in the hands of those afflicted with Bright's Disease and Diabetes a 64-page pamphlet that is saving human lives. It is not an ordinary pamphlet, such as is commonly used to advertise medicines. It is a carefully made-up report of scientifically conducted tests in a large variety of cases, showing 87 per cent of recoveries in these hitherto incurable diseases. The specifics employed in these tests are known as the Fulin Compounds and the results obtained prove conclusively that these dreaded diseases so long fatal, the deaths from Bright's Disease alone are appalling, over 100,000 a year, starting as kidney troubles, have at last yielded to medical science. The pamphlet is free. Write to the John J. Fulton Co., 102 Washington Street, San Francisco, Cal. When to suspect Bright's Disease—Puffy ankles or hands; weakness without apparent cause; kidney trouble after 15th month; frequent urination; may show sediment or cloudy—on standing; falling vision; day drowsiness one or more of these.
