The Cleaner Cities.

More attention is just now being given to beautifying cities than ever before. In Utah several cities have their civic improvement leagues whose attention is given wholly to improving sanitation and beautifying surroundings. Public spirited citizens have in many instances been induced to give prizes for the best kept premises, which has, of course, its influence in awakening interest, but the greatest prize is the clean, well kept home which every citizen can enjoy whether owner or renter of the property.

Environment has a wonderful influence on mankind. History shows that peoples have become brave or cowardly, industrious or indolent, religious or irreligious according as their environments have influenced them. On a smaller scale, but no less potent to the individual, the environment of city and home are powerful factors in determining the tastes, or ideals of people. No person can long live among a community of law abiding, industrious people without becoming somewhat like them. Clean streets, well kept lawns, nice homes and good sidewalks have changed the natures of many persons from the "don't care attitude," to one of social and industrial efficiency. Good citizenship is closely associated with a clean city, the one being the natural result of the other. Lawlessness can not thrive amid well kept surroundings, neither will the ideal citizen long permit unsightly or filthy yards or buildings. His happiness and peace of mind require neatness and beauty. He makes home with all its surroundings as attractive and comfortable as possible. Next he co-operates with other citizens in improving streets, public building, parks, etc.

Lehi with her beautiful situation and natural advantages should be made one of the cleanest and most beautiful cities in the west. Improvement is contagious, let it be taken up by the Commercial Club and other organizations and the people will, we believe, respond.

United effort can accomplish much even without a great expenditure of money.

Protect the Fences.

Our attention has been recently called to the damage that is constantly being done by boys to some of the fences located in the public parts of the city. Fences that are comparatively new show missing pickets, broken railings, and the criminal use of pocket knives.

It is discouraging to say the least. When men spend money and time in improving their homes there should be some way of protecting their property from being destroyed by a lot of hoodlums.

The law cannot reach every offender, but an example or two would have an excellent influence in general. It seems that there are always a few persons in every community who are guided by no higher motives than fear of punishment in restraining their evil tendencies.

If the present police force is insufficient why not appoint an aid. Efficiency in this department of our municipal government should not be sacrificed on account of a few dollars extra expense.

Abraham Lincoln, the ideal American, was born in Kentucky ninety-eight years ago last Tuesday. Though his body has now rested in the tomb for over forty years, his works and personal influence continue to live with constantly increasing influence. The words of the poet, Longfellow, are more than realized in this noble life:

"Were a star quenched on high
For ages would its light
Still traveling downward from the
sky,
Shine on our mortal sight."

"So when a great man dies
For years beyond his ken,
The light he leaves behind him
Shines upon the path of men."

Notice.

United States Land Office,
Salt Lake City, Utah,
January 7, 1907.

To Whom It May Concern: Notice is hereby given that the State of Utah has filed in this office a list of lands selected by the said State, as Indemnity School Lands, under section 6 of the Act of Congress, approved July 16, 1894. The following tracts, embraced in said list, are found to be within six miles of a mining location, claim or entry, viz:

SW $\frac{1}{4}$ Sec. 24, T. 5 S., R. 2 W., S. 1. M. (State No. 667.)

A copy of said list, so far as it relates to said tracts, by descriptive subdivisions, has been conspicuously posted in this office for inspection by any person interested, and by the public generally.

Within the next sixty days following the date of the first publication of this notice, under departmental instructions of January 10, 1906, protests or contests against the claim of the State to any of the tracts or subdivisions hereinbefore described, on the ground that the same is more valuable for mineral than for agricultural purposes, will be received and noted for report to the General Land Office at Washington, D. C. Failure so to protest or contest, within the time specified, will be considered sufficient evidence of the non-mineral character of the tracts, and the selection thereof, being otherwise free from objection, will be recommended for approval.

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are

sent by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FERRY'S Seeds

prove their worth at harvest time. After over fifty years of success, they are pronounced the best and surest by careful planters everywhere. Your dealer sells them. 1907 Seed Annual free on request.
D. M. FERRY & CO., Detroit, Mich.

Spasms St. Vitus' Dance

Many persons who suffered untold agonies from epilepsy, fits, spasms, and St. Vitus' Dance are today well. The strengthening influence of Dr. Miles' Nervine upon the shattered nerves having restored them to perfect health.

"I endured agony that words cannot express from St. Vitus' dance, which followed a very severe spell of rheumatism. I doctored with a physician, but the more I took of his medicine the worse I got. My mother's decision saved me. After she had become almost heart-broken, as well as physically exhausted from constant care, she advised a neighbor who procured a bottle of Dr. Miles' Nervine. From the first dose to the last a decided change for the better was noticeable, and when I had taken eleven bottles I was well, and in robust health."

EDWARD D. BEAM,
North Manchester, Indiana.
"Our little boy Harry, had spasms for three years, and although we doctored with many physicians, he continued to grow worse until he had ten spasms in one week. About that time our attention was called to Dr. Miles' Nervine. We began giving it to him. His improvement seemed slow, but when he had finished the fourth bottle the spasms had disappeared, and have not been seen now for years. We shall always recommend Dr. Miles' Nervine."

MRS. BELLE M. TINDALL,
Hastings, Neb.
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit you. If it fails, he will refund your money.
Miles Medical Co., Elkhart, Ind.
