## LEHI BALL TEAM IN GOOD SHAPE FOR OPENING

Payson First League Opponents.

The Lehi baseball team is in excellent shape for the opening game of the season next Wednesday afternoon when Payson comes here. For several weeks the boys have been drilling hard and as a result have gotten into fine shape and are working well together.

A good strong lineup has been picked and many fans look for a very successful season. New suits and other equipment has been secured already.

The lineup that is expected to play the opener is: A. Atwood, catch; Wilson and Jackson, pitch; Thrasher, first base; College, second base, Webb, third base; E. Atwood, short stop; H. Atwood, center field; Barnes, right field and Smuin left field. Several other players are working out as extra men. D. Mitchell and N. Holmstead are among the extra pitchers now working.

All of the infield have shown up well on fielding and the fielders and battery is working in great shape. Everyone is hitting both in practice and the games played so far.

### SITE FOR CHURCH TO BE DETERMINED

The question of determining on a site for the Fifth Ward meeting house was up to debate last evening at a special Priesthood meeting. The question was to be discussed among the ward members and a central location determined upon.

The actual building of the house will not be started this year but it was felt that the location should be determined and plans then could be formulated for future work.

### FIRE DAMAGES FOX HOME

Fire broke out in the Jesse Fox home Monday about 1 p. m. and caused damage upwards of \$600. The greater part of the south roof and this part of the interior of the house was destroyed.

The alarm was turned in and the Fire Department responded in quick time and succeeded in saving the north part of the house.

The big bell was not rung and few people knew of the fire at the time. Central rang the small bell which was only heard by people on the street near the station. The ringing of the large bell may save considerable property some time by securing more help and should be rung whenever the alarm bell gives the signal. Anyone in the vicinity at the time should take it upon themselves to give this alarm.

### STEAM SHOVEL BURNED

A fire of unknown origin destroyed nearly all the wood part of the steam shovel which is being used to load gravel at the Point of the Mountain on the Salt Lake Route line. Messrs. H. T. Reynolds, Ira Russon and Eli Dubois have been operating the shovel, having taken a sub-lease from C. F. Johnson for loading gravel. They had an accident Sunday which tipped the shovel over. They were at the Point Tuesday night until 12 o'clock arranging to place it back on the track.

Soon after they left fire was started as local people passing there at about 1 a. m. saw the blaze. It is believed tramps set fire to the machine.

Considerable damage was done to the machine. The operators did not know the fire had occurred until they arrived there yesterday forenoon.

### SUGAR CLUB DANCE

An invitation dance is being given by the Lehi Sugar Club next Saturday in the Smuin Academy. A very good time is looked for at this party by the club members and their friends.
