NEWS OF THE DAY.

—Swedish ship builders are fitting out
gunboats for Russia.

—English colliery owners will ship no
more coal to Russian ports.

—British soldiers of the army reserve,
resident in Canada, have been ordered
home.

—England's naval yards are scenes of
the greatest activity, work going on day
and night.

—Paris journals believe war to be in-
evitable unless Bismarck mediates. Bis-
marck has not yet spoken.

—The London Post says that even
those most desirous of peace must feel
that all negotiations are now closed.

—In view of the impending war with
Russia, England has ordered a with-
drawal of one-third of the troops in the
Soudan.

—The Czar and the Sultan are reported
to be allies. Italy will join England, as
indicated by dispatching Italian troops to
the Soudan.

—With the death of Barrios the Cen-
tral American troubles are temporarily
ended. The periodical insurrection will
be on the programme as usual.

—Gladstone last night declared the
Russian attack an unprovoked aggression.
From this it is evident that he believes
in the policy of peace no longer.

—El Mahdi is reported to be discour-
aged by his recent defeats, and his fol-
lowers are getting weary and disgusted,
deserting him in large numbers.

—The war news received yesterday in-
creased the valuation of California wheat
over \$6,000,000. Wheat quotations will
be an interesting study for Utah
farmers should the war go on.

—Louis Riel has been offered to the
Canadian government for \$10,000, either
dead or alive. A detective has made the
offer. Riel would be cheap to the Cana-
dian government at ten times the price.

—Among the members of the House of
Commons last night, the almost general
opinion was that nothing could prevent
war. An earnest policy is indicated, for
it is now felt that diplomacy can no longer
avail.

—The war feeling in the House of Com-
mons is intense and enthusiastic. Rus-
sia's answer to England's demand must
come soon and be a satisfactory one, or
Gladstone's ministry will be compelled to
declare war or resign.

—England has made a final demand of
Russia for an explanation of the Afghan
fight. Other demands are coupled with
it, and without a complete breakdown on
the part of Russia the answer cannot be
satisfactory to England. The answer will
be the *casus belli*.

—The London Standard asserts that
England has acted in good faith—even
with a chivalrous scrupulousity akin to
simplicity. "We have looked for that
honesty in others," continues the article,
"that we have practiced ourselves. We
have our reward. We are once more on
the brink of a war, which may involve
both Europe and Asia."

—Sir Edward Thornton, British em-
bassador to St. Petersburg, telegraphed
the British government last night that
De Giers, Russian Prime Minister, had
expressed for himself and for the Czar
the earnest hope that the unhappy in-
cident might prevent the continuation
of negotiations for peace. When the dis-
patch was read in the Commons it was
received with hisses and derisive laugh-
ter.

—The London Telegraph demands a
stern policy. "Russia," says that jour-
nal, "has throughout intended to give
England trouble and put affronts upon
her. Unless reparation is afforded, not
by the help of golden bridges, but in ac-
cordance with our distinct and stern de-
mands, we must do our duty by India
and ourselves, and wage such a war as
will insure to India repose for half a cen-
tury."

—The reception of Wales in Ireland
has been a surprise to the loyal Irishmen
and a disappointment to the Nationalists.
The appearance of the Princess dressed
in green, the kissing of the dirty-nosed
children by the Prince, and his visits to
the dwellings of the poor, with his ex-
pressions of sympathy, have had their
effect. With her deepest grievances
remedied, Ireland might not be so discon-
tented, after all.

—The London Times utters no uncer-
tain sound. It says: Gladstone's state-
ments in the House of Commons yester-
day was worthy of England's representa-
tive. If it did not breathe defiance, it had
the ring of constancy and resolution
which neither foreigners nor Englishmen
can mistake. The duty imposed upon us
will not be undertaken in a spirit of levity,
but as one England is capable of fulfill-
ing, and we will not flinch until it is ful-
filled.

—Editorially the London News yester-
day said: War can now only be avoided
by the prompt disavowal of Russia of
General Komaroff's action, a guarantee
against its repetition, and by honorable
action on her part regarding the joint
boundary commission, which, up to the
present time, the Russians have evaded
with a scarcely disguised cynicism. The
past affords but little ground for belief
that Russia will observe with greater
fidelity her obligations in the future.

Doctors say that roller skating will
kill off our girls. This seems too bad;
but perhaps it will solve the problem of
the preponderance of the female sex in
Massachusetts.

WARLIKE WORK.

England's Last Demands Not Yet An-
swered by Russia.

Preparations on Both Sides for the
Coming Struggle.

The European Press Regard the Con-
test as Inevitable.

Financial Advice From the "Times."

LONDON, April 10.—In an editorial on
Russian finances the *Times* says: Russia
is living largely off capital under govern-
ment exactions, which the people are be-
coming less able to pay. Extension of
Territory brings relief of the exchequer.
This condition of things must terminate
in a smash. English investors should be
wise and not subscribe another sov-
ereign to Russian loans.

A BETTER FEELING IN STOCKS.

LONDON, April 10.—There has been a
better feeling on the stock exchange to-
day than was presented yesterday. Stocks
are quiet, home and foreign funds dull,
consols for money and account, which
closed yesterday at 94½, opened this
morning at 95½, receded to 94½, but re-
covered and are now 95½. Russian se-
curities of 1873, which closed yesterday
at 81, are now quoted at 81½.

12:30 p. m.—The feeling on the stock
exchange continues better. Russian se-
curities have risen to 83.

A RUSSIAN JOURNAL'S OPINION.

ST. PETERSBURG, April 10.—The *Journal*
of St. Petersburg states that General
Komaroff's return within his lines after
driving off the Afghans indicates that the
Russian attack was caused by the hostile
action of the Afghans; thus the affair as-
sumes a less serious aspect and becomes
merely a conflict difficult to avoid. Con-
sidering the extremely strained condition
of affairs and the proximity of the Rus-
sian and Afghan outposts, the *Journal*
expresses the hope that the conflict will
not interfere with the negotiations now
in progress between England and Russia.

LONDON, April 10, 2:30 p. m.—Consols
are quoted at 95½ for both money and
accounts.

LONDON, April 10, 3:30 p. m.—Consols
for both accounts now 95 11-16.

THE RUSSIAN WAR PARLY'S UTTERANCES.

ST. PETERSBURG, April 10.—The morn-
ing newspapers throughout Russia, with
very few exceptions, commenting on the
recent battle between the Russians and
Afghans on the Kushk river, are very
bellicose in their utterances, and charge
Earl Dufferin and Sir Peter Lumsden
with provoking the war by advising the
Afghans to advance on Pul-i-Khishi,
which the British officials knew was part
of Russian territory. The Afghans, they
say, fully understood that Pul-i-Khishi
was Russian territory, and would never
have attempted to advance their pickets
to that point unless strongly urged to do
so by British officials. The war party
fully endorse the assertions of these
newspapers, and are very pugnacious
over the affair.

ENGLAND'S EGYPTIAN CONTINGENT.

ALEXANDRIA, April 10.—It is reported
here that the government has ordered
the raising of an Egyptian army of 50,000
men.

RAISING SHIPPING INSURANCE.

GLASGOW, April 10.—Marine insurance
companies are demanding 10s. extra for
insurance on ships bound for San Fran-
cisco, and 7s. 6d. for those bound to
Calcutta.

THE CZAR WISHES PEACE.

PARIS, April 10.—The *Globe* pub-
lishes a telegram from Berlin which says
that in spite of the incident of Pendjeh
the Czar hopes to preserve peace.

FAST VESSELS FOR RUSSIA.

LONDON, April 10.—Consols 95 11-16
for both.

Russian agents in London have visited
the officers of a number of steamship
companies and made heavy bids for the
purchase of their fast going vessels. Ex-
traordinary offers for these steamers
aroused the suspicions of officers of the
companies who, upon inquiry, became
convinced that if the vessels were sold
they would be used by the Russian gov-
ernment for war purposes, and so re-
ported the facts to the British admiralty.

NO ANSWER YET.

It was stated at the Foreign Office this
morning that Russia had not yet replied
to the demand of England for a full ex-
planation respecting the Russian attack
on the Afghans on the Kushk river.

THE QUEEN WILL RETURN.

LONDON, April 10.—It is reported that
the Queen will return immediately from
Aix Les Bains, France. In view of the
crisis in the relations between England
and Russia, £1,000 from the army reserves
and the whole militia will be called out.
The naval reserves will be used for home
defense.

THE REPORTED BRITISH ULTIMATUM.

BOSTON, April 10.—A private cable dis-
patch received in this city from London
says it is reported that the English ul-
timatum to Russia is twenty-four hours
in which to recall General Komaroff or go
to war.

RUSSIA'S EVASIVE REPLY.

LONDON, April 10.—In the House of
Commons to-day Gladstone said that a
reply was received from Russia last night.
This stated that Russia already had asked
General Komaroff to explain his conduct
in attacking the Afghans at Pendjeh.

MORE OF GLADSTONE'S STATEMENT.

LONDON, April 10.—Gladstone added in
the course of to-day that Russia had not
yet received General Komaroff's explana-
tion in regard to the question of the pre-
sent occupation of Pendjeh. Mr. Glad-
stone stated that he had been in com-
munication upon this subject with Sir
Edward Thornton, British Ambassador
at St. Petersburg, and that the latter had
informed him that the Russians do not
intend to give up Pendjeh, but have retired to
the positions they occupied before the battle
with the Afghans.

GUNS FOR THE ENGLISH GOVERNMENT.

LONDON, April 10.—Leading officials
have been summoned to the War Office to
attend a conference upon the question of
the dispatch of war material to India.

Sir William Armstrong's gun manu-
facturing company has received orders
from the government for the immediate
construction of ninety field guns. Em-
ployees in this company's establishment
are already working on double time to fill
government orders.

ALEXANDRIA, April 10.—It is reported
here that the British government has ar-
ranged, in the event of war with Russia,
to have the troops now operating in the
Soudan sent to Gallipoli, at the entrance
of the Sea of Marmora, and have their
places taken by Turkish soldiers.

RAMPANT REDSKINS.

The Saskatchewan Rebellion Ema-
nating from a General Indian
Basing.

WINNIPEG, April 10.—The telegraph
wire to Battleford is apparently on the
ground, and when the latter is frozen a
weak current is established. By this
means word was sent from Battleford
last night that the Indians at Fog Lake
had killed eight whites. These were J.
J. Jurem, Indian agent, John Delaney,
farm instructor, Mr. Gowanlock and
wife, Rev. Father Tofford, Rev. Fa-
ther Lemarchand, and two men whose
names are unknown. Mrs. Delaney
is a prisoner. W. Jurem, a nephew of
the Indian agent, escaped from the In-
dians and made his way to Battleford
Wednesday. He reports the fate of the
Hudson Bay Company's agent, Cameron,
as unknown. Fog Lake is about 120
miles northwest of Battleford, and is
thirty miles from Fort Pitt, the reserva-
tion of the Crees. They number over
200. Battleford is surrounded by 1,000
Indians, but no attack has been
made on the barracks. Indian
Agent Roe has not been killed as re-
ported. Advice to the Hudson Bay
Company from Saddle Lake, via Edmond
and Calgary, says that the Indians there
have raided the government warehouse
and gone to join the rebels. Saddle Lake
is in Edmonton agency, about 100 miles
west of Fog Lake.

It looks now like a general Indian ris-
ing. The Hudson Bay Company have re-
ceived a cipher dispatch from their agent
at Prince Albert, dated March 31, saying:
"The whole population is on our hands. I
am scouring the country to collect provi-
sions. Send flour and bacon at once. The
Indians are quiet, except the Sioux and
fifty Crees, who have joined the rebels."
A company has been formed in Battle-
ford, under command of Captain Nash,
fully armed and equipped. There is also
a "home guard" of sixty members. The
Saskatchewan river is now open.

The San Francisco Collectors' Ship.

ALBANY, N. Y., April 10.—A delegation
of Californians, headed by General Cluny
and Christopher Buckley, and accompa-
nied by Huber O. Thompson, called to-day
on the Secretary of the Treasury, Daniel
Manning, at his residence, in relation to
federal revenue appointments on the Pa-
cific slope, and particularly in
relation to the collectorship of the port
of San Francisco. Thompson introduced
the delegation, numbering ten persons,
to the Secretary, and a long and informal
talk on the matter took place. The Sec-
retary carefully avoiding making any
mention of who may be the future col-
lector of San Francisco, but giving the
delegation the impression that the ap-
pointment would be of a character to
meet their entire approval.

A Cheap Work-Horse Pacing in 2:01.

CASTLETON, Vt., April 10.—Bolger
Bros., slate quarriers, bought a cheap
horse last fall for use on the derricks. He
proved no good, and one evening was
harnessed single and began pacing. As
soon as the lark was frozen over he was
put to work on the ice track, and has
paced a mile in 2:01. He has been
named Hiram Hamilton. He was sired
by Blackstone, he by Rysdyk's Hamble-
tonian; dam sired by Gen. Sherman, he
by Columbus—good blood on both sides.
This animal was bred by H. Hamilton of
Fairhaven. The horse is tall and hand-
some.

Panama is Quiet.

WASHINGTON, April 10.—The Secretary
of War to-day received the following tel-
egram from Commander Kane, of the
"Galena": "Our troops are now guarding
both ends of the transit and a relief train
is running. Not much uneasiness still
exists. News from Cartagena to-day re-
ports no change in the situation. The
arrival of the "Swartara" at Aspinwall is
reported."

The Canadian Government Weak-
ening.

WINNIPEG, April 10.—The inspector of
mounted police received instructions to
stop the Sixty-fifth battalion here, and
all troops are now to be stopped at once
at their present camp. The ostensible
reason is an official circular stating
the government wants to see if the com-
mission cannot adjust matters.

Suppressing French Journals.

PARIS, April 10.—*La Republique Fran-
caise* states that M. De Freycinet, Min-
ister of Foreign Affairs, has demanded of
the Egyptian government full repara-
tion for the forcible suppression of the French
newspapers, the *Bosphore* and *Egyptian*
at Cairo, on Wednesday last.

The Generals' Condition To-day.

NEW YORK, April 10.—General Grant's
condition remains substantially the
same. Pulse 102, regular temperature 99,
respiration 19. He slept well during
the night, but not profoundly. He
awoke clear and has taken his nourish-
ment as usual.

The Liverpool Wheat Market.

LIVERPOOL, April 10, 12:30 p. m.—The
wheat market this morning was again
strong, with active demand. Holders
offer sparingly. California No. 1 has ad-
vanced from 7s 2d@7s 6d, the closing
price of yesterday, to 7s 6d@7s 8d; Cali-
fornia No. 2, from 6s 10d@7s 2d to 7s 4d@
7s 6d; red western spring, from 7s@7s 3d
to 7s 7d@7s 8d; and red western winter
from 7s@7s 4d to 7s 9d@8s.

A Wife-Murderer Hanged.

NEW YORK, April 10.—George H. Mil-
ler, who murdered his wife in the city of
Brooklyn, October 6th, 1883, was hanged
in the yard of the jail at 10 o'clock this
morning.

Not Booming.

Times are not booming, but we are sell-
ing some nice homes and very cheap

Confusion in Chicago Markets.

CHICAGO, April 10.—The wheat market
presented another scene of great confu-
sion at the opening this morning, with
wheat 2@2½ cents lower than at the
close last night. May wheat sold as low
as 85½¢ at the opening, against 88½¢ last
night, but there were only a few sales at
that figure. This was caused by a variety
of statements concerning the foreign situ-
ation, one of which was that of the Rus-
sian government had repudiated the
action of the Russian General Komaroff.
This was not confirmed, but the advance
in English consols was taken as indicat-
ing the prospect of a peaceful adjustment.
There was strong buying in the face of
this, based on the crop news. May rose to
6½¢, fell off to 6¼¢, and is now 6½¢.

Wheat closed to-day at medium figures
at 84½¢ cash; 86½¢ May; 88½¢ June.
Corn firm and higher at 43½¢ for cash,
44½¢ for May; 45½¢@45½¢ June.

Oats strong and higher; 30½¢ cash;
34¢ May; 34½¢ June.

Whiskey, \$1.15.

New York Stocks and Finance.

NEW YORK, April 10.—The market was
weaker at the opening this morning on
the more pacific news. First prices were
generally from ½ to ¾ lower than last
evening, although Union Pacific showed
a gain of ½. The most active stocks
were Grangers, Lake Shore, Lackawanna
and Pacific Mail. Pacific reported con-
tinued to be received from London during
the morning hour, and prices yield a fur-
ther total decline as compared with last
evening amounting from ½ to 1½, the
latter in Lake Shore, which sold down to
50. Grangers yielded ½ @ ¾ per cent.
and Pacific Mail ¾ per cent. At the close
the market was quiet and prices gener-
ally a shade above the lowest of the
morning.

NEW YORK, April 10.—Governments,
3s, 1¼; 4½s, 12¼; 4s, 21¼; Pacific 6s,
25; Central Pacific, 31¼; Burlington,
21¼; Northern Pacific, 19¼; Preferred,
29¾; Northwestern, 46¾; New York
Central, 80½; Oregon Navigation, 63;
Trans. Continental, 11½; Pacific Mail,
51¼; Panama, 98; St. Louis and San
Francisco, 18½; Texas Pacific, 10½;
Union Pacific, 43½; Wells Fargo Ex-
press, 9½; Western Union, 57.

Stocks continued dull all the after-
noon and prices showed only slight fluc-
tuations. The market closed firm.

Chicago Election Talk.

CHICAGO, April 10.—There has been
practically no change in the first es-
timates of the majorities growing out of
the municipal election here on Tuesday.
The face of the returns give Harrison
(Democrat) for Mayor, 335 plurality over
Sidney Smith, Republican. Republican
managers claim to have discovered nu-
merous evidences of fraud, and declare
they will contest the election. The sit-
uation since has been complicated by the
theft yesterday of one of the ballot boxes
from a strong Republican precinct. Two
men have been arrested charged with
this crime. The Republican candidates
for city clerk and city attorney were
elected. The Democrats elected the city
treasurer.

Barrios' Death and His Successor.

LA LIBERTAD, via Galveston, April 10.
—News confirmatory of the death of
President Barrios continues to reach this
point. The latest received brings intel-
ligence of the installation of the successor
of Barrios. The new president is Gen-
eral Manuel Lezandro Barriosillo, one of
the two vice-presidents, or designators.

WASHINGTON, April 10.—Secretary
Bayard has received official information
from Mr. Hall, American Minister to
Central America, that General Barriosillo,
being the constitutional successor, has
assumed the duties of President of Gua-
temala.

That French Search.

LONDON, April 10.—Lord Edmund Fitz-
maurice, Under Foreign Secretary, stated
that England had denied that the French
had the right, as they claimed to search
for contraband of war, neutral vessels
bound for Hong Kong. The question has
been referred to the crown lawyers.

A Better Business Outlook.

NEW YORK, April 10.—Business failures
for the last seven days 212, as compared
with 236 of last week. Failures are
lessening in all sections of the country
except the South. In New York City
the assignments are few and unimport-
ant.

Tally from Wales.

DUBLIN, April 10.—The Prince of Wales
to-day received many representative
bodies, academic and others. He said
both he and the Princess hope to be
future to spend many happy days in Ire-
land.

Blasted Hopes.

She weighed 250 pounds net, as she
stepped the bright spring morning, just
out on the outside of the sanctum door and
cheerily warbled to the man at the desk:
"Sing, hey, to you, good day to you."
