THE PEOPLE'S PAPER.

HERALD.

SALT LAKE DAILY HERALD.

The HERALD enters upon the new year with better hopes and brighter prospects than it ever before enjoyed. The remarkable success of the paper in the past, as manifested by its large and steadily growing subscription list, its increasing advertising patronage and the expressions of goodwill towards the journal which greet us from all quarters, convince the publishers that they are doing what they set out to do--namely, furnish a newspaper that the people would like and therefore support.

SALT LAKE SEMI-WEEKLY HERALD

This valuable and popular edition of the HERALD will continue to make its appearance twice a week during the year, and the same degree of progress and improvement that marks the Daily will be seen in its columns. No better newspaper can be found in the west for those people who are not blessed with daily mail facilities.

SALT LAKE WEEKLY HERALD.

About the 1st of March, we will begin the publication of a Weekly Edition of the HERALD. The demand for such a paper has been very pressing during the past two or three years. The aim of the publishers will be to furnish a paper for those people who are not off the main lines of travel and who are not accommodated with mail service oftener than once a week; to provide a newspaper for those who have only one day a week of leisure to devote to the pleasant and profitable employment reading; to supply a suitable edition of the HERALD for sending abroad--a paper that shall faithfully and honestly represent this great and growing territory with its many and important industries and its thriving, enterprising people; to make a paper for the home circle and family bedside, one that shall contain the news, and at the same time combine the essential elements of a literary, educational and industrial journal. In fact, our aim will be to make the WEEKLY HERALD a welcome visitor to the home, where it will be found a constant fund of instruction, entertainment and profit, to all members of the family.

RATES OF SUBSCRIPTION

IN MAINE.

The War Cloud Takes on, But No One Dares Strike.

Boston, 14--The Journal has a special from Lewiston, saying the excitement here to-night is intense. Fugitives openly boast that they have 600 men in Lewiston ready to obey orders from Lamson. Over sixty thousands, every one reported heavily armed, have left here to-day by a circuitous route for Augusta. The Lewiston militia, one of the two Irish companies in the state, are reported willing to obey orders from Lamson, though McMillen, the recently elected governor, has received his commission. The Auburn Infantry and Lewiston Artillery would both obey orders from Lamson, if there should be a conflict of authority.

A Herald special from Augusta: Fugitives do not attempt to conceal that to-day their cause suffers a serious blow. The party shows signs of disintegration, and although some sanguine spirits think a new start can be made to-morrow, yet the prospect is anything but cheerful for them and weaker minds are disposed to admit that the fight is lost. Correspondents are reporting that they have declared that this is the beginning of the end, and fear that the day of victory, which was expected to come to-day, will be a day of mourning for the party.

The Daily Standard (democratic) calls Gen. Chamberlain a usurper, and refers to the expected opinion of the court, it says: We have no concern with the usurper. The Standard is a party paper, and its opinions are quite unimpaired. There is good reason to believe that the Standard is a party paper, and its opinions are quite unimpaired. There is good reason to believe that the Standard is a party paper, and its opinions are quite unimpaired.

The senate met at 10 and took recess until 3. In the house the committee on elections reported, giving the seat of Danvers to Westbrock, republican, to Merritt W. Shute, democrat. The report was carried without opposition. Shute qualified and took his seat. Notice was given that a hearing would take place this afternoon on the Vassalboro and Encliden contested seats. Recross was then taken until 4.30 this afternoon. A union caucus will be held this evening.

Railroad Consolidation. New York, 15--The Sun says: It is reported that the directors of the Union Pacific Railroad Company were in here and holding a session in conference with Jay Gould in reference to the consolidation of the Union Pacific with the Kansas Pacific Railroad Company. It is learned that the consolidation was practically decided upon three months ago, and only the details remained to be settled. These details are the subject of discussion yesterday, but a final decision was not taken upon them. Probably the stock of the two companies will be taken upon an equal footing, as they are selling at nearly the same price in the market, but the arrangement of the debt will cause more trouble. A prominent director in both companies is reported to remark that there was some ground for the reports about the consolidation, but he was not at liberty to speak upon the subject until the details were definitely and formally agreed upon.

The Irish Distress. Wilmington, N.C., 15--A committee of well-known citizens was appointed last evening to solicit funds for the relief of the Irish in Ireland. The committee held a meeting at the residence of Mr. J. W. Moore, and it was decided to send a delegation to Ireland to see the Irish in person and to report on their condition.

Old Red-mouth's Racket. New York, 15--Kearney, on being asked yesterday if he proposed to lecture as reported, said: In Cooper Institute on Friday night, I can always draw a crowd. It is more satisfactory to me to see 10,000 people than a room full. I am going to tell them that if these monopolies ain't soon stopped there'll be a secret society in every village of the country that'll rise up on some night appointed and take hold of every thieving, lying, murdering, avaricious, greedy and monopolist that is bolstering up the villanies. That's what I am going to talk right out.

Foreign Miscellany. Madrid, 15--The Chamber of Deputies has commended the discussion of the government bill for the gradual abolition of slavery in Cuba.

Gotham Gossip. New York, 15--The Tribune's Washington says it is rumored that Commissioner Hoy will be removed and Postmaster Hayes, of St. Louis, be appointed to succeed him.

Fixing Money. New York, 15--A communication from the United States consul at Tahiti has been received at the custom house, in which the state department, to the effect that the government of Society Island proposes to levy a duty on all money introduced in the colony or its dependencies, on and after February 1st, 1880, with the exception of money from France.

The Star Route Investigation.

Chicago, 15--Tribune's Washington: The star route investigation was resumed yesterday. Assistant Postmaster General Brady being on the stand. He said the route which led to the investigation was the route from Santa Fe to Prescott, Arizona, which had been originally let for \$18,800 annually. The service was increased to \$27,000 and the contract was given to one Walsh, attorney for the falling contractor, who, while Brady was revenue agent in New Orleans, had been indicted for misappropriation of the money of Brady himself. At the request of Mr. Blount, General Brady gave his story of route #4010, whose I remind you Santa Fe and Prescott, Arizona. This route is 469 miles in length, and was let in the spring of 1878 to George L. McDonough, for the sum of \$18,800 a year, the mail to be transported by McDonough was awarded the contract partly because he was warmly endorsed by General Law Wallace, and Gov. John C. Fremont. On October 13, 1878, the service was increased to four times a week, at an increased cost of \$17,750 for additional wages, and \$24,700 for a reduction of the schedule time from 150 to ninety-six hours. This last sum was subsequently reduced to \$48,888. The total sum paid to McDonough for his services in carrying the mails on this route aggregated \$78,818. The service was necessarily performed and complaints constantly made to the department. On the 11th of March following, the contract was awarded to Geo. E. Kiril and William H. Gresson, who had been the sureties of McDonough, at precisely the pay, and for the times and number of miles specified in McDonough's first contract. This contract also failed, and in April, 1879, the contract was awarded to John A. Walsh, a banker of this city, at \$18,800 a year, the contract to run until June 30, 1882. Gen. Brady admitted that Walsh was indicted in New Orleans for misappropriation of the money of the government, and that he had nothing to do with his fitness for other work.

That Hungarian Duel.

Vienna, 15--Special dispatches from Pest state that serious disturbances occurred on Tuesday and Wednesday, in consequence of the duel between Baron Matheny and Herr Ver Horay, member of Parliament, in which the latter was fatally wounded, and that further trouble is feared. Herr Ver Horay was editor of a Hungarian radical newspaper, and attacked Count Pestetie, fellow member with Baron Matheny, of the Aristocratic National Casino Club, and Baron Matheny intervened in the matter. Partisans of Ver Horay say that Matheny is a professional duelist, the best pistol shot in Hungary, and was put forward in the quarrel for the purpose of the aristocrat, but that Ver Horay, with the masses. Last night a great number of students and workmen filled the streets in the neighborhood of the Casino Club, uttering hostile cries, and they finally stoned the windows. The police were repeatedly repulsed by the rioters and finally two battalions of infantry charged with fixed bayonets. Many persons were slightly hurt by stones, sticks and bayonets. About thirty rioters were arrested.

No Pay for Deputies.

New York, 15--The Herald Washington special says: McMahon, chairman of the sub committee on appropriations, to whom was referred the bill making appropriation to pay the deficiency known as the marshal's bill, called upon the attorney general to-day and was informed that \$7,500 was expended in the first and second congressional election for the pay of deputy marshals. It was proposed that the amount expended was not to be over \$700, and no provision will be made, it is said, in the appropriation bill to pay the deficiency.

Neck-Saving Technicality.

Galveston, 14--The court of appeals, to-day, reversed and remanded upon a technicality the case of Abe Rothchild charged with the murder of Benjamin Moore, near Jefferson, in 1877. He had been convicted of murder in the first degree and sentenced to be hanged.

The Exodus.

Petersburg, Va., 15--One hundred colored emigrant passengers, via the Baltimore and Ohio Road, arrived this morning from Goldboro, North Carolina, en route for Indiana. The emigrants consisted of men, women and children of all ages and conditions. Several hundred more will shortly follow.

European Finance.

London, 15--Bullion in the Bank of England increased \$119,000 the last week. Proportion of reserve to liability, 41.15 per cent. Paris, 15--Specie in the Bank of France decreased 2,033,000 francs the past week.

A Warning.

Toronto, 15--The Canada Central Railway was condemned to pay Peter Miller lumber contract. Carlton Place, \$100,000 damages for lumber and other property destroyed by fire caused by a cipher from one of their locomotives.
