

CITY ITEMS.

COMMERCIAL. (Corrected daily by McCornick & Co.) SILVER. Salt Lake, 1.10% per ounce. New York, 1.13% per ounce.

Notice. The following gentlemen are authorized to receive for the SALT LAKE DAILY HERALD; also to receive payment and receipt for the same: John Horton, Bookkeeper and Washburn...

Counterfeit. A very finely executed counterfeit \$5 bill, purporting to be issued by the "First National Bank of Tennessee," Pennsylvania, is in circulation here.

To appreciate fine workmanship, see the fine stock of SILVER FILIGREE JEWELRY, just opened at 521 COLVIN & PARK'S.

Dr. Henry Slade. Persons desirous of sittings with this remarkable medicine will do well to make an early call, as the lecture on Ogden on Saturday next.

The Provo Election. The vote at Provo, on Monday, resulted in the election of the People's ticket, the following being the various officers. There was no opposition ticket, and but little scratching.

New Furniture. We open this date, the first of four car loads of FURNITURE and House Goods. This arrival makes our stock complete, and we invite your attention to prices.

IT IS TRULY WONDERFUL. To see what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for their route East, the popular and well-known CHICAGO & NORTHWESTERN RAILWAY.

"SILVER THREADS AMONG THE GOLD." is the exquisite Silver Filigree Jewelry just opened at 521 COLVIN & PARK'S.

What an Englishman Thinks of the American People. He says "they burry, they eat quick, they gulp, they belch, they have stomach ache, headache, liver troubles and bowel complaint; they fret and they squint, they get cross and without cause; they look slow and hollow-eyed; they look hungry and can't eat; they spit up food; they have waked nights. They die early because they disregard the true principles to correct."

Health, strength and vigor of the kidneys and bladder always follow the use of the great Buxton compound. Dr. Mintie's English Buxton Pills. Sold by all druggists. Price 50c. per bottle.

Dr. Mintie's English Buxton Pills. Health, strength and vigor of the kidneys and bladder always follow the use of the great Buxton compound. Dr. Mintie's English Buxton Pills. Sold by all druggists. Price 50c. per bottle.

THE LEGISLATURE.

Twenty-Fourth Session. Thirty-First Day's Proceedings. On Wednesday, February 11th, in the Council:

Councilor Merrill presented a petition from A. T. Stewart, mayor, and six others, citizens of Richmond, Cache County, asking for the grant of a new city charter. The petition was accompanied by a bill for the purpose of answering the prayer of petitioners, and both were referred to the committee on municipal corporations and townships, the latter with- out reading.

Councilor Caine presented a remonstrance signed by Thomas Copt and 139 property holders of Park City, against the passage of the bill to incorporate said city, as the boundaries as now described, including mining and milling property, over and through which roads were made for mining purposes, and were not subject to taxation by municipal authorities.

The bill for an act amending the incorporated cities, sent from the House on Tuesday, was taken from the table and read, passed its first reading, and, on motion of Councilor Caine, was referred to the committee on municipal corporations and townships.

The bill for an act to incorporate Nephi City was then taken up, and after passing its first reading by a majority, was referred to the same committee. A message from the House announced the passage by that body of the bill creating a jury fund in civil cases.

The bill for an act amending an act providing for the protection of keepers of inns, hotels, boarding houses, etc., approved February 15, 1876, was taken up, passed its first reading, and was referred to the committee on judiciary.

A notification from the House was received and read of the passage in that branch of the bill prohibiting the smoking and chewing of opium, with amendments, which were read and agreed to.

The bill in relation to the proceedings of probate courts was taken up and read the first time, which reading it passed.

The bill for an act amending sections 1038 and 1092 of the Compiled Laws of Utah, was taken up, and amended by changing the time for imprisonment for contempt from thirty days to ten, and it passed its second reading as amended; it then passed its third reading by its title, the title was read and the bill passed.

Councilor Smoot, chairman of the committee on municipal corporations and townships, reported back the bill to incorporate Park City, with amendments. The bill was put on its second reading, with amendments, and it passed its third reading.

the bill amending sections 1038 and 2118, defining grand larceny, which was read and accepted. The bill was read the second time by sections, and pending its third reading by its title, it was postponed until to-morrow.

The second bill was that providing for a jury fee, which was reported back amended, and its passage recommended by the committee amendments were read and agreed to. The bill was then read the second time by sections; third time by its title, and so passed.

The third bill reported by the committee, was the Council bill prohibiting the smoking and chewing of opium, with amendments, which were read and adopted. The bill was read the second time by sections, third time by its title, and so passed.

A message was received from the Council announcing the passage of the bill prohibiting persons from entering into or upon railroad cars. The bill was then read and referred to the committee on counties.

Messages were received from the Council announcing the passage of the bill prohibiting persons from entering into or upon railroad cars. The bill was then read and referred to the committee on counties.

On motion of Mr. Sharp, the bill amending the revenue act was then taken up and read by sections, and was unanimously amended when it passed its third reading by its title and then passed.

Mr. Farr, from the judiciary committee, reported back six bills unfavorably, as legislation on them was unnecessary at the present time. The report was accepted and the bills referred.

The bill for an act to incorporate Nephi City was then taken up, and after passing its first reading by a majority, was referred to the same committee.

On motion of Mr. Sharp, the bill amending the revenue act was then taken up and read by sections, and was unanimously amended when it passed its third reading by its title and then passed.

AMENDMENTS TO THE SCHOOL LAW.

LOGAN, February 9, 1880. Editors Herald: The Legislators will, no doubt, soon adopt the school law as revised at Salt Lake; and if any further improvement can be made we consider it quite in order. The old law requires the appointment, by the County Court, of a "board of examination" but fails to provide any means for their payment, and they have been obliged to charge a fee for each certificate issued.

In many cases applicants have staid over one or two nights, and never think of the additional trouble and expense of traveling to and from the county appoints men to such an office, and expects them to work for the public good, it leaves them at the mercy of a few (some of whom have no means to support) for compensation. Very often persons are examined, whose qualifications are not ample enough to secure a certificate. It takes just as much time with such as those who pass, and they dare make no charge without issuing a certificate. If it were provided that the county meet all expenses, the difficulties mentioned above would be easily overcome.

A great objection to issuing certificates is, the impossibility of judging of an applicant's conduct in school, by his answers to questions. The Board of Examinations is required to examine applicants in geography, arithmetic, theory and practice of teaching, etc. It often happens that a person who can readily answer all questions, is a complete failure at work. No matter how well he may understand the theory, his practice is all deficient. On the other hand, there are some who cannot get a per cent. high enough to entitle them to certificates, but who in the school room are perfectly able to teach.

The surrounding country as well as Salt Lake City is interested in the great question; the farmers principally draw their coal from Weber, as they have the teams to draw it with, but give them the opportunity to obtain a home, cheaper and better article, the freight in Weber is not so high as that in the surrounding country; the farmers principally draw their coal from Weber, as they have the teams to draw it with, but give them the opportunity to obtain a home, cheaper and better article, the freight in Weber is not so high as that in the surrounding country.

People sending children to school often complain that the board did wrong in issuing certificates to the persons teaching, and hold them responsible for errors in the work. It is obvious that something should be done to enable those having authority, to be more exacting in the requirements for the position of instructors. Should it not be deemed expedient to entrust the power in the examining board, it should be placed elsewhere. Our educational affairs are progressing favorably but are far from what they should be.

It is with no wish to be presumptuous in offering of this, but to present a few objections that have been met in Cache County. Our suggestions briefly stated are: 1.—That the counties be required to pay all expenses of the Board of Examination. 2.—That some member of the Board of Examination be required to visit all schools in the county once each year. Respectfully, JOHN T. CAINE, JR.

ELIZABETH NEW LACES IN TORCHOUS, LANGUEDOC, BRABANT and Venice; new Cachemeres and Satins, Fringes and Ties, just received. F. AUERBACH & BRO.

Farm For Sale. Cheaper than the cheapest; 350 acres—150 Plow, 100 Pasture, 50 Timber. Contains 34 acre orchard—apple, peach, pear, plum, cherry, and a large amount of small fruit; 10 acres Lucern; 3 double Log Houses; 2 Granaries, Corral, Stables, etc. Can be bought together or in parcels to suit purchasers. Water right and perfect title. Full taken, in part cash, teams and stock, price \$10 per acre. Situated in West Weber, Cache County. EDWARD ELLSWORTH.

CO-PARTNERSHIP NOTICE. Notice is hereby given that the undersigned have this day formed a partnership under the firm name of MRS. DAMEZ BURTOS & BOYAN, and will continue the Millinery Business at the old stand of Madame Burton & Co., 128 Main street. AMELIA BURTOS, MRS. DAMEZ BOYAN. Salt Lake City, Feb. 2, 1880. 165

THE CANAL—A Novel Suggestion.

NORTH JORDAN, Feb. 9, 1880. Editors Herald: In reading the plans of your correspondents on the canal question, permit me, through the columns of your valuable paper, to present my idea to obtain cheap coal. My plan is to get coal from Pleasant Valley by railroad and canal. The first railroad built in the state of Pennsylvania was a line from Philadelphia to Pittsburgh by railroad and canal. To facilitate and avoid loading and unloading more than once on both the two points, the company built canal boats in three or more sections, according to the length of the boats; they also built railroad trucks to carry each section on the railroad. They would start from Philadelphia with the sections on the railroad, run to Columbia, there run the trucks with the sections on into the canal, float the coal up, and then haul them together to make a complete boat, hitch on the horses and away they would go to the foot of the Alleghany Mountains; there float the sections on the trucks again, and then haul them together, and over the mountain by rail to the foot. On this side float again in the canal; on with the horses and on to Pittsburgh, and the plan was a complete success. I have expanded the plan through from each point. Now, Mr. Editor, we must have the addition of a steam tug boat to accomplish the trip on the proposed route from the Pleasant Valley coal beds to Salt Lake City; load the boat sections with coal on the canal at the coal bed; run down to Springville and into the lake; float off the sections, fasten them together, hitch on the tug, and steam down the lake to the outlet of Jordan, the Jordan as far as it is navigable; run the Salt Lake City canal up the river to the above point; then down the canal by horse power to Salt Lake City, making the canal a double service by bringing both fire and water to the city, by the addition of a match after the canal is completed. I think if the same plan is adopted and gone into by Salt Lake City the double revenue derived from the proposed canal would pay both principal and interest in a few years on the proposed loan to build the canal that is causing so much discussion in the Legislature at the present time.

The surrounding country as well as Salt Lake City is interested in the great question; the farmers principally draw their coal from Weber, as they have the teams to draw it with, but give them the opportunity to obtain a home, cheaper and better article, the freight in Weber is not so high as that in the surrounding country; the farmers principally draw their coal from Weber, as they have the teams to draw it with, but give them the opportunity to obtain a home, cheaper and better article, the freight in Weber is not so high as that in the surrounding country.

CHIPS.

Winter again. The Colville troupe on Monday. Provo is having another good snow. Caesarean orchestra concert to-night. Park City had two feet of snow yesterday.

Advice to the girls—look before you leap this year. Cattle are dying in great numbers on the range. Acids and pickles are usually the contents of the family jar. New York girls like buses better than the elevated railways. Mr. Henry Bowring was in town yesterday, from Brigham City. Good neck goes hand in hand with well developed muscles and brain tissue. Dr. Benedict's team ran away yesterday, and threw him out. No harm done. Judge Pyper was indisposed and Alderman Raleigh dispensed justice in his stead. Mr. Stanford's store, Ogden, was burglarized on Tuesday night to the tune of about \$100.

The great temperance lecture, with humor and pathos interspersed, at the Theatre Friday night. A sufferer says there is no advantage in having Indian parents—that mosquitoes are sorer than slippers. The Colville burlesque troupe is billed around the city, with illuminating posters attracting considerable attention. The trial of Moore is still in progress. The prosecution rested yesterday, and Moore testified in his own behalf. Our watermaster has turned up, but insists on persons keeping their own ditches clean, so that they will not overflow.

A boss runaway took place on Tuesday night, a jolly crowd of boys and girls being spilled out, but no one was injured. A man having fallen down in a fit in a tailor's shop, an anxious rival said: "that's the only fit ever seen in that establishment." A sense taker: "Well, there's me an' Jeremiah, an' Sara Ann, an' that's all 'cept Jim, an' he's a fool an' ain't got no senses to take." The Junction says: It is reported that the Equitable Iron and Coal Company is preparing to start the large blast furnace early in April. Valentines are already flying around and the angry ejaculations become more fierce and more numerous as the 14th approaches. By Pacific Express Company yesterday received six bars of bullion from the Ontario Mill, \$5,742.58, and one from the Charley, \$2,187.21. Value, \$7,929.79. The bill to amend the present school law being made the special order for to-day will be taken up by the House branch of the Legislature and discussed. Elder J. H. Ward will deliver a lecture in the Seventh Ward Assembly Rooms to night. Subject—"His and Hints on Character." Lecture at 7.30 o'clock sharp.

Mr. R. P. Thrasdel, proprietor of the Eagle House, goes east this morning to purchase spring and summer goods for his house. He will be accompanied by his daughter. Dr. Mackenzie delivers his highly entertaining lecture on "The Life and Labors of Father Theobald Mathew, the great Irish temperance advocate," at the Theatre on Friday evening. The biennial report of the Chancellor of the University of Deseret, for the school years 1878 and 1879 is now published in pamphlet form, and is a valuable and interesting document. In the municipal election at Provo, on Monday, 425 votes were cast, 17 being the highest number of scattered or scratched votes. Provo has in the neighborhood of 900 registered voters. There will be a meeting of the Women's Temperance Union in Independence Hall, this afternoon at 3.30, to appoint a president in place of Mrs. Romel, resigned. A. M. Keith, secretary. The House yesterday passed the bill amendatory of the revenue act. Among other provisions, it allows the boards of equalization to remit to the extent of \$10, instead of \$5 as heretofore. The bill has gone to the Council. Wm. Matthews, indicted for grand larceny some time ago, and was hauled out at the last term of court. He skipped his bonds, and went to California, whither a deputy marshal was sent and the runaway brought back yesterday, and taken to the Penitentiary. At the evening session of the Council, on Tuesday, that body passed the bill for the organization of Emery County, and the bill for punishing persons for entering railroad cars, in certain cases. The water rights bill passed its second reading and was recommitted with instructions to print. Take her up tenderly Fashioned so slenderly Young and so fair; Handle her carefully. Talk to her bravely. She's cross as a bear.

The Temperance Movement. The Liberal Institute was again crowded last night, when Dr. Mackenzie entertained the company with some humorous stories, depicting the evils of drinking, which elicited frequent applause. Judge Boreman made an earnest speech, calling upon all young men to come forward and sign and give up their drinking habits and acquaintances and make men of themselves. Captain Withers entertained the audience in his usual kind manner, which brought several old drinkers to the front who joined the society. The membership now numbers 208 males, forty-five taking out their cards last night; the lady members number 150, making a total of 358 persons having joined the Mackenzie Reform Club in this city. Dr. Mackenzie lectures in the Theatre on Friday evening, on "The Life and Labors of Father Theobald Mathew," the great temperance agitator. Admission, 50c., 25c. and 15c.

We Can't Talk. Without showing the condition of our teeth, every man exposes them. In order not to be ashamed of them let us use that standard dentifrice, SOZODONT, which is sure to keep them white and spotless. No tartar can enamel them, no canker affect the enamel, no species of decay is festering the dental tissue, if SOZODONT is regularly used, it is a botanical preparation, and its beneficial effects on the teeth and gums are marvelous, as it removes all discolorations and renders the gums hard and rosy.
