Chicago Booming. Chicago, 30.-Closing of the associated banks of Chicago for the month of September were \$12,000,000, or \$25,000,000 greater than for September 1879. The clearings for the nine months ending September, were \$1,100,000,000, an increase compared with the same period last year of \$342,000,000. Business lively in every branch and department, and the prospects for commercial activity during the fall are more favorable than during a presidential campaign.

Cold Canoeing. New York, 30.-The Herald's Wisconsin special, C. P. Rowley, a gentleman from New York, has just returned from a pleasure trip to Moore's Factory on Hudson Bay. His route was by the way of the Arctic Ocean, and he traveled 450 miles. The journey was performed by canoe voyagers who had been engaged to attend the party, and furnish necessary supplies. It took sixteen days to reach Moore's Factory from Winnipeg. He pronounces it a very cold region and states that the dogs which were used to be seen in the vicinity all summer.

Haverly is Hot. Chicago, 30.-J. H. Haverly, who has just returned from Colorado, says, with reference to the story that he had been the Chicago Jockey Club is insolvent and will be abandoned, that the only man on the club is one of \$29,000, held by Deane & Bemis, former proprietors of the track. These gentlemen have not called for the amount due, but when they do it will be paid. The track has been uniformly successful and profitable, but the club were a little behind on the running meetings. Mr. Haverly says the story was started in malice, and is false from beginning to end.

Hanton Exercising. London, 30.-Hanton took a walking exercise this morning, during which he met and greeted Trickett. At 11 o'clock he launched his boat, built at Newcastle, and pulled from Patney to Hamersmith and back alone, and then repeated the journey with Harry's hoana. He was in all about one hour and twenty minutes. He is well satisfied with his Newcastle boat, but will probably try the race in the built-in rigger, but Hanton, pulling a leisurely stroke, seemed able to get an amount of work on the boat. The opinion is loudly expressed that his style is the prettiest ever seen.

The Emma Case. New York, 30.-Judge Chester, United States circuit court, to-day, handed down a voluminous written opinion in the suit of the Emma Silver Mining Company against the Emma Silver Mining Company of New York, and T. W. Park and H. B. Baxter, overruling the plea in bar entered by the defendants. The court says the plea in bar raises the same question, namely, whether the contract of sale, as far as it is a contract in favor of Park and Baxter is a conclusive determination of the cause in which this bill proceeds for the avoidance of the contract of sale, as far as it is a contract in favor of Park and Baxter and the plea in bar of the defendant company are overruled.
