

SALT LAKE DAILY HERALD

THURSDAY MORNING, MAY 26, 1881. THE DAILY HERALD is published every morning, Mondays excepted, at the Herald Building, Salt Lake City, by the Herald Printing and Publishing Company.

THE KANSAS fever has again struck the negroes of West Tennessee, and they are leaving by the hundreds every week. The unhappy experience of many who have returned from the west, seems to have no effect upon others, who are bent on trying their luck in a new land.

SWITZERLAND seems to present a good field for the operations of the temperance people. In Bern, the capital, there are 150 distilleries, and the consumption of alcoholic spirits amounts to thirteen and a quarter gallons annually to each adult, and yet the Swiss are a beer-drinking people.

THE DEMAND for laborers is increasing all over the United States, but is heaviest in the west and south. The superintendent of Castle Garden, New York, daily receives hundreds of letters asking him to send laborers to different sections of the country.

AT LAST New York is to have her filthy streets cleaned, or rather, she is to have a chance to clean them. The street cleaning bill passed the legislature on Tuesday, being rushed through in order to release the members of the assembly who were anxious to welcome Conkling to the capital.

AT ALBANY. The great of the country are upon Albany, New York, where political interest centres in the great fight that is being fought there. It is a battle of the giants, and one which will add materially to the already extended influence of the chief statesman of the nation, or materially reduce that influence.

Sherman S. Rogers, 10; William A. Wheeler, 10; E. G. Lapham, 4; Levi P. Morton, 1; William M. Evarts, 1. Mr. Platt's vote represented the machine strength. Roger and Wheeler were the choices of the independent or anti-machine members, and their combined votes did not equal that of the stalwart who was there as the special opponent of Platt, while the latter's vote was more than that of all the others combined.

Gen. Williamson Resigns. Washington, 25.—Gen. J. A. Williamson, commissioner, to-day tendered to the secretary of the Interior his resignation, which was promptly accepted. Gen. Williamson states that this is voluntary, and he has had it in contemplation for some time. The position referred to is that of general land commissioner for the Atlantic and Pacific Railway Company, on the Atchison, Topeka and Santa Fe branch of the road. He says: Hon. S. J. Kirkwood, Secretary of the Interior: Sir—I have the honor to tender you, and through you to the President, my resignation as commissioner of the general land office, to take effect June 1st.

WASHINGTON, 25.—Postmaster General James has instituted an inquiry into the practices of professional contractors, who while holding and having no intention to perform the service, secure a large number of the routes at the annual lettings, which they sublet at lower rates, and using the same routes all their bonds. These, in many instances, it is stated at the department, were found to be worthless.

CHICAGO, 25.—Inter-Ocean's Washington: Secretary Windom decides that he will receive all the for renewal at 3% which started yesterday. This is the first time, although only \$250,000,000 were wanted. There may be some from San Francisco or Oregon or New Orleans that will not arrive for some days, and yet, under the secretary's decision, they will be stamped and continued when they come to hand, provided they show evidence of having been sent by mail or express on the day specified.

AT ALBANY. The great of the country are upon Albany, New York, where political interest centres in the great fight that is being fought there. It is a battle of the giants, and one which will add materially to the already extended influence of the chief statesman of the nation, or materially reduce that influence.

WASHINGTON, 25.—The secretary of the navy has ordered Rear Admiral Wyman, commanding the North Atlantic fleet, to immediately send one vessel of his squadron to Merida, where the American bark, *Acacia*, of Boston, 327 tons burden, is reported to have been unjustly seized by the Mexican authorities at that port. The state department received information of this outrage a few days ago through Consul-General Hall, of Havana, in whose office the American consul at Merida communicated by letter.
