Quebec, 17.—The oldest inhabitant does not remember such weather. Not only small seeds, but potatoes in outlying parishes, have been nipped off by the last two nights' frost.

Base Ball

Boston, 17.—Bostons 6, Chicago 3. Worcester, 17.—Worcesters 3, Cleavelands 2. Providence, 17.—Providence 5, Detroit nothing. Troy, 17.—Troys 2, Buffalo nothing.

A Murderous Lunatic.

Elizabeth, N. J., 17.—Fannie Walker, a dressmaker, was shot, but not fatally, by Martin Magill, a lunatic. Magill asked the woman to marry him, and she refused. He immediately fired twice, and then killed himself.

Liberalizing.

Melbourne, 17.—The bill for the reform of the constitution of Victoria has now passed both houses of Parliament. It reduces property qualifications of members of the legislative council to £100, fixes that of freehold electors at £70, and of the occupier at £25. There is great satisfaction at the settlement of the question.

Fools Not All Dead.

Ottawa, 17.—A man named Martin is building a miniature ark in anticipation of a flood on the 15th of June. His wife spent an entire week preparing provisions for the trip. Another man has been taken to the asylum for insanity, crazed with reading of the early end of the world.

The Land Bill.

London, 17.—The House of Commons went into committee on the land bill. Clause two was carried without division. Gladstone announced his intention to move amendments to the third clause, making it clear that the landlord is entitled to the same access to the court as the tenant, and limiting the second subsection to future tenancies.

Sporting.

London, 17.—Betting is 9 to 4 against "Iroquois," for the St. Leger. There is authority for the statement that objection is taken against Keene's "Foxhall" as winner of the Grand Prix.

The Sportsman says: The action of the stewards of Henley Regatta, in declining the entry of Cornell University crew for the visitors' cup is perfectly inexplicable, save on the ground that this body has ever been notorious for muddling mismanagement and want of courtesy.

A Good Scheme.

London, 17.—In the Commons today, Postmaster-general Fawcett stated that his scheme for making a necessary improvement in the condition both of postoffice clerks and telegraph operators, would be presented in the House almost immediately. The changes contemplated would immediately increase the public charge by £68,000 yearly, and eventually by £150,000. No minister would have been justified in proposing so large an expenditure without a thorough investigation, and he severely condemned the impatience of operators, and their threats to strike.

Gotham Gossip.

New York, 17.—It is generally believed that stocks are depressed on Wall street, to enable insiders to buy at low figures, and profit by the advance. The passage in the assembly of the unpopular broker tax bill aided materially in the depression. It taxes each trade instead of the monthly total. Trunk line troubles also had a bad influence. There were soon evident, however, strong sustaining influences, and the market became steadily strong, especially when it was reported that trunk lines had adjusted their differences. There was a good demand for coupon 5s at full prices, upon the news that the Administration would not favor refunding any further. There have been large transfers of elevated stocks, but it is stated that Gould, Dillon and others won't be candidates as directors.

Over 625 saloon passengers go out for Europe to-morrow. The rush is so great that officers have given up their rooms, and some pay full fare for special steerage accommodation. The brewers on a strike still meet and talk with confidence of holding out all summer. It was said that a great labor movement would soon follow the strike.

The presidents of the New York Central, Erie, Burlington and Ohio and Pennsylvania Railroad agreed at a meeting to-day, to in no wise countenance or participate in the cuts made by western connections, and instructed Commissioner Fink to so notify them, and adopt such measures as were necessary to maintain rates.

Miscellaneous.

New York, 17.—The strike of dock laborers is embracing sailors.

Edinburg, 17.—Lewis Potter, imprisoned in connection with the Glasgow Bank frauds, died to-day.

London, 17.—Heart complaint, aggravated by hurrying to catch a train, caused the death of Wm. Boucicault, Dion's brother.

The secretary of war has ordered that the whole number of enlisted men of all grades and descriptions, allowed for clerical duty in the army, shall be, 13 sergeants, 21 corporals, 107 privates and 16 topographical assistants. The general of the army will order their distribution. In addition, the commanding generals of military divisions and departments, the commanding officer of the district of Mexico, and superintendents of the recruiting service may, if necessary, detail enlisted men from the troops under their command as messengers, not to exceed five for each division, department and district named, and one to each superintendent.

Boston, 17.—This has been another active week in the wool market.

New York, 17.—A. C. Lawrence lost a package of Burlington, Cedar Rapids and Northern, and other railroad bonds, on Broadway, to-day, he believes, through a hole in his pocket. Their value is \$100,000.

Six Indian boys and seven girls, ages 12 to 22, only a short time ago in barbarous life, are here from the Hampton College, Virginia, en route to Massachusetts, where they will spend the summer vacation working on farms. They are neatly clad and some of them positively good looking, and all are intelligent. They sang sacred hymns at private houses where they quartered to-night with good effect.

Mrs. and Fred. Grant have gone to Long Branch.

Senator Kellogg called on General Grant to-day, at the Fifth Avenue, where Conkling and Platt are quartered. The \$250,000 will be presented to Grant shortly.

Washington, 17.—Wickham, delegate of the republicans from Virginia, this afternoon, had a satisfactory interview with the President, who said the Virginia republicans must decide themselves whether the readjusters were tainted with repudiation. Nobody was authorized to promise patronage for him or threaten removals. He would not be dictated to by any man, but appoint with a view to the public good and fitness of appointee. He opposes the boss system and will not give state patronage to any one man.

Halifax, 17.—P. H. Conley, of Maine, beat John McKay, of Dartmouth, this evening, in a four-mile scull race, for \$500 a side; time, 28.55.

Washington, 17.—Judge McFarland accepts the commissionership of the general land office.

Fire.

Raleigh, N. O., 17.—Sweepsone Mills, the property of the Neuse Manufacturing Company, burned. The mills contained 4,000 spindles and 168 looms, and employed 207 operatives. The cotton, boiler and storehouses, with the boiler for operatives, were saved. The fire was caused by the explosion of a lamp. Loss, \$200,000; insurance, \$70,000.

St. Johns, N. B., 17.—Quaco light house burned early this morning.

Montreal, 17.—The convent at Moscasne and a residence adjacent burned. Losses by bush fires at King's Eye Falls, \$50,000. Bush fires continue between Montreal and Quebec.

Milwaukee, 17.—A fire, this evening, at Appleton, destroyed Hutchinson's woolen factory and Atkinson's bedstead factory. Total loss, \$100,000; insurance, \$48,000. An old man named Norton fell from the building and was killed. August Boethe, an employee, perished in the flames. Three hundred men are thrown out of employment.

French Facts.

Paris, 17.—The Chamber of Deputies began the discussion of the budget. Gaste commended the example of reducing the debt set by England and the United States, and Gandin advocated a reduction of the land tax in the interest of agriculture, hard pressed by American competition.

Two men, supposed to be returned communists, have been arrested in connection with the blowing up of Thiers' statue.

A Botched Hanging.

Denver, Col., 17.—At Colorado Springs, William H. Salisbury, alias William H. Canty, was to-day hanged for the murder of Constable Perkins at Buena Vista. He declared his innocence from the scaffold. When the trap sprung the rope broke, and although his neck was broken by the fall he was again pulled up.

A Plucky Clerk.

New York, 17.—Wm. C. Sheldon, clerk in the postoffice, Williamsville, Mass., having learned that D. P. Moore furnished counterfeit money, made an appointment with him at the Grand Central Hotel, here, and arrested him at the muzzle of a revolver.

The secretary of the Jockey Club, Paris, says the rumor about "Foxhall" is unfounded. No protest was lodged against him and the stakes would be handed over as soon as demanded.

Sixty thousand Jews are expected to emigrate to Spain in consequence of the decision of the government allowing Jews expelled from Russia to come to Spain.

In a base ball match at New Haven, on Friday, Hutchinson, Yale's pitcher, sprained the tendon of his knee, and Gould, Amherst's pitcher, had his left arm broken by a ball.

The stream of emigration is still increasing. Fifty Pomeranians passed through Bremen, Friday, on their way to America. Steamship companies have the utmost difficulty in providing transportation.

The investigation of the charges against President Bartlett, of Dartmouth College, of discourteous, dictatorial and insulting conduct toward the faculty and students, is progressing, with a view to his resignation.

German republicans declared to-night at a mass meeting in New York, that Depew having a majority of republican votes should be elected senator, and the Germans would oppose any republicans for office who didn't support him.

News comes from Aita that, on the receipt of orders to prepare for the evacuation of that town, a conspiracy for burning the town before the Greek troops arrived was formed. Quantities of gunpowder and petroleum were found concealed. Five Turkish officers are arrested.

President Morillo, of Santa Domingo, now dictator, says every citizen attempting to disturb the actual order of political institutions legally established, shall be tried by court martial as a conspirator; also that every citizen apprehended with arms in his hands shall be condemned to death, after identification and proof of guilt.

The Zancoff party have sent the following telegram to Gladstone: We appeal to the generosity of England to save our liberty, which is threatened by the dictatorship. The party have issued a proclamation to the electors, in which they say the country is in danger; it is for you to elect those who are equal to the emergency in order to preserve our liberties.

A Richmond telegram states the republicans will surely nominate Wickham for governor, and old whigs and debt payers will support him. Republicans will have no confidence in Mahone and distrust his movement. Lewis will first be asked to resign the chairmanship of the republican state committee, and if he refuses, be displaced, as he is on the readjuster ticket.

Squelching Newspapers.

Montevideo, May 29, via London.—A grant sensation was created here by a decree forbidding newspapers, on pain of 5,000 pesos, to discuss politics or create obstacles for government. Several deputies and senators have resigned. The legislation is crowded with journalists hiding from the authorities. Two papers have suspended publication and the rest avoid politics. The printing offices of the opposition papers have been attacked and one compositor killed and three injured.

Railroad Collision.

Troy, Kansas, 17.—A collision occurred between two trains near here to-day, through the gross carelessness of an operator, by which a boy was killed, one man seriously hurt and two others injured.

More of the Bribery Investigation.

Albany, 17.—Cashier Goodall, of the Utica Bank, testified: He received the following telegram from Barber: Albany, June 14, I would give the committee a statement of my account if it will save you from coming. I have no objection to their having it. I got this after I was subpoenaed. The vouchers were all gone when I got to the bank.

Senator Strahan testified: May 18, I found a telegram in my room as follows: Washington, May 18. (Confidential.) It is very important to you personally that you meet me at the club to-night at 11 o'clock. I leave here at once. Say nothing to any one of this dispatch but meet me without fail. (Signed.) John I. Davenport. I went down to the Union Club and met him there. He asked me if I wanted the marshalship here. I asked him why. He said he was in with Garfield in this fight, and could get it for me. I said, if I accept the office would I be expected to vote against Conkling? He said yes. I then said I did not think I could accept the place; I wanted to be independent. I told him I did not know whether Conkling would be a candidate or not; if he were I should support him. He said I had better think it over and meet him at the Fifth Avenue Hotel at 9 or 9.30. He said I would have to accept on the jump if at all. The cabinet, he said, will meet to-morrow before 12 o'clock and you will be confirmed. I told him I would meet him, though there was no probability of my accepting. I met him and declined the appointment. I have not seen him since. No federal office has been tendered me since. I do not know as this has anything to do with this case. I do not know how I can be brought here; I knew nothing of it before being subpoenaed.

I went to General Arthur and Conkling and told them the circumstances. They told me they didn't want to advise me in the matter. Testimony was taken showing that Tillinghast, of the New York Central Railroad had a check for \$20,000 cashed recently, and that he desired twenty \$1,000 bills, which he wanted to use in Buffalo. Tillinghast has been subpoenaed.

The cashier at the Kenmore Hotel testified: Had received checks from Oxener for E. R. Phelps. Phelps has been a visitor at our house annually for the past three years.
