This action on the part of Bune brought the wheel of the vehicle in contact with Mr. Wright and his animal, and the rider's left leg, tearing it in a most fearful manner.

Respited.

The inference that Michael Mooney had been hanged, seems to have been incorrect, for it is now stated that the Governor of Idaho has respited the murderer of Joel Hinckley. He was sentenced to be hanged last Friday, at Malad, but as near as can be learned a movement of a general character, to have him respited, was successful, and Governor Neil respited him. It also seems that petitions have been circulated for signatures praying the Governor to commute the sentence of death to life imprisonment, and that these petitions have been very largely signed.
