Harvard Wins.

New Haven, 20.—The four mile straight away oared race between Harvard and Columbia was rowed this morning. Harvard winning by twelve lengths. The wind freshened considerably before the start, making a bad choppy sea. Harvard had the west and Columbia the east course. Harvard, though splashing a trifle, got the best start, and at no time was she headed. At the two mile flag, the time was 13.05 with a lead of three lengths. The Columbia at this point was 20 seconds behind. The race was virtually over here. Harvard gradually increased her lead, Columbia showing visible signs of being used up at the 2 1/2 mile flag. Harvard led by four lengths, pulling 34 strokes to Columbia 32. At the 3 mile flag, Harvard had a lead of 5 lengths which increased at the 3 1/2 mile by 7 lengths. Here Harvard made a fine spurt and crossed the line, pulling 34 strokes and winning the race by 12 lengths in 24 minutes and 35 seconds. Columbia's time, 25.55. Harvard pulled in splendid form from the start to the finish. The attendance outside the colleges was noticeably small. Before the race, bets ranging from 100 to 50 to even money were made on Columbia's.

Sherman's Tour—The Wasson Court.

Washington, 20.—General Sherman, accompanied by Tibball, of his staff, left here this morning for Buffalo, where he will be joined by Chief Justice Waite and Justice Gray. From there the party will start on their trip across the continent, along the Northern boundary of the United States inspecting all of the military posts en route. General Sherman would have postponed his departure until after the funeral of Gen. Ewing, but one day's delay in starting would have deranged all his plans throughout the entire trip, which have been carefully mapped out with dates for arrivals at certain points, and escorts are provided to meet the party along the route. The finding of the Wasson court martial has been retested by the judge advocate general. The result has not been made known but it is thought that the sentence is at least dismissed. Otherwise the department commander would have acted upon it.

The Southern Pacific.

New York, 20.—The executive committee of the directors of the Northern Pacific Railroad to-day passed a resolution calling on the treasurer and general auditor to prepare and submit a statement showing the net earnings due preferred stock holders at the close of the fiscal year ending the 30th inst. The uncompleted portion of the road is now 118 miles. It will be ready for travel, it is thought, in the end of August. The Queen.

New York, 20.—The Truth says the Queen for two months has been in a state of mild melancholy, which in course of time if not relieved will probably become very difficult to treat. Her condition naturally causes great anxiety because of the tendencies of her family. Her majesty and Princess Beatrice will, in the autumn, go to the vicinity of Florence, Italy, where they will remain two months.

Food Fishes.

London, 20.—The Prince of Wales, yesterday, read a paper, written by the Duke of Edinburgh, before the fisheries conference, which contained the statement that in view of the diminution of the fish supply in Europe the example of the American government which donated a sum annually for breeding sea fish, was well worthy imitation by European powers.

Destructive Fire.

Amsterdam, 20.—There was an extensive fire in the royal dockyard here. The man-of-war, Doggerbank, was destroyed, and the man-of-war, Kortenaar, considerably damaged. Loss between three and four million florins. The origin of the fire is unknown. A fireman was killed while trying to subdue the flames, and three others were injured.
