LATEST TELEGRAMS.

Fatal Shooting.

Galveston, 2.—At Belton, on Wednesday night, L. J. Williams, a lawyer, was passing the restaurant of George Eckles, when the latter stepped out and emptied four chambers of a six-shooter in Williams' back. Eckles then went inside, returned with a shotgun and discharged one barrel into Williams' throat and face; the other barrel missed fire, whereupon Eckles brought out another shotgun and shot both barrels at Williams' prostrate body. The pair had a difficulty a few days before, during which Williams shot at Eckles but missed. The origin of the trouble is not stated.

Railroad Business.

Chicago, 2.—While the representatives of the Transcontinental association were waiting to hear from G. W. Ristine, in regard to his acceptance or rejection of the commission of that association, to which he was elected yesterday, the general passenger agents of the Pacific lines and their eastern connections, met to-day and took up the mooted questions of paying commissions; it was decided to allow a commission of \$3 on first-class and \$2.50 on second-class tickets on Pacific coast business only, and no other business.

Liverpool Grain Market.

Liverpool, 2.—The leading weekly grain circular says: A better feeling is noticed. The beginning continued and received fresh impetus from the publication of stocks of wheat in Liverpool, which, contrary to expectation, shows a marked decrease. There was an average attendance at to-day's market, and the improved feeling in wheat was steady and it was in moderate demand. Flour is in rather better inquiry at recent prices; peas declined; corn in fair request, slightly easier.

Tabor Triumphant.

Denver, 2.—The celebrated case of ex-Senator Tabor, vs. William H. Bush, until recently, his confidential adviser and business partner, for \$11,000, balance of account, is just concluded in the Superior court. The verdict for Tabor is nearly \$20,000. In reaching the verdict, Bush's counter claims for \$10,000 for aiding Tabor to procure a divorce, and several others, aggregating \$18,800, were not allowed. The verdict gives general satisfaction. Bush will appeal.

German Grain Statistics.

Berlin, 2.—The bureau of statistics states that the imports of grain into Germany from the beginning of January to the end of September showed a decrease compared with the same period in 1882, while exports showed a marked increase, especially in wheat and oats, the quantity of both being nearly doubled.

A Vigilant Governor.

Albany, N. Y., 2.—Governor Cleveland has issued a proclamation calling upon all district attorneys within the State, and all sheriffs and peace officers and others having in charge the execution of the laws, to exercise the utmost diligence in the discovery and punishment of the violation of the bribery acts.

Forewarned.

London, 2.—An extra of the Pall Mall Gazette contains the statement of authorities who are anonymously informed that an attempt will be made to destroy the train on which the Duke and Duchess of Connaught travel to Dover from London on the way to India. It has caused a great sensation.

Yellow Fever—Coming.

San Francisco, 2.—John Murphy, of New York, a yellow fever patient on the steamer San Blas, of Panama, died to-day. The deceased is reported wealthy.

Serious Calamity.

Berlin, 2.—Prince and Princess Albert, of Prussia, returning from Frankenstein, Silesia, after attending the reformation memorial services, lost their way in a fog; the carriage was overturned, and the right ankle of the princess fractured.

Damages Awarded.

Lowsontown, Md., 2.—In the case of Grace M. Allison vs. the Baltimore & Ohio railroad, to recover \$10,000 damages for killing her father, the jury returned a verdict awarding \$5,000. The defendants will appeal.

Dividend and Assessment.

San Francisco, 2.—The Standard Consolidated declares a dividend of twenty-five cents. The Bodie Tunnel Mining company is assessed fifteen cents a share.

FRANCE vs. CHINA.

This will be the Title of the Next Great International Case.

War Tolerably Certain.

Paris, 2.—It is reported that the first secretary of the Chinese Legation has stated that war between China and France is now certain. A cabinet council have discussed General Bouet's account of the French position on Red river, the measures which it is advisable to adopt for strengthening their position, and the question of the amount of funds which may be necessary to bring the campaign to a successful issue. Nothing is definitely decided. The Chamber of Deputies will probably be asked to vote a new credit. In his account, General Bouet states that at least 10,000 men of all arms, infantry, cavalry and artillery, will be required, especially cavalry, because the movements of the Black Flags are very rapid. Everything went to prove to General Bouet that the leaders of the Black Flags were well supplied with artillery. Just before leaving, General Bouet heard of the arrival of a strong Chinese force with Krupp guns. If the Chinese intervene, he says, it will be necessary to send large reinforcements. General Bouet concludes by saying it is impossible to form an approximate idea of the number of Black Flags.

General Bouet expresses strong hopes of being sent back to Tonquin to finish the work of the expedition. He believes that Sontag and Hang-nih, however, which is strongly held, cannot be so easily taken. The Chinese legation officially denies the truth of M. Treco's telegram. The opposition newspapers twit Premier Ferry with distorting the facts in order to obtain a momentary triumph.

Rioters Arrested.

Reading, Pa., 2.—Deputy Sheriff Strunk and a posse of policemen have returned from Gibraltar, five miles from here, the scene of the railroad riot, having in custody twenty-one rioters. They will have a hearing in the morning. They are all Hungarians, employed on the new Schuylkill branch of the Pennsylvania road. This morning, Contractor Hurman paid them off and discharged them because they were rebellious and demanded higher wages. They got drunk, intimidated other workmen and tried to persuade them not to work. They next attacked the laborers' quarters, tore down the shanties, and broke and destroyed everything they could lay their hands on. A posse pursued them on the road and caught up with them at Birdsboro, where all were captured except one or two. Pistols were taken from several; the others carried dangerous looking knives. A charge of riot and intimidating workmen will be preferred against them. A man and woman were assaulted, and the latter badly injured.

An M. P. Dead—A Medal.

London, 2.—Joseph Johnson Lee-man, member of Parliament for York city, is dead. He was born in 1842 and entered Parliament as a Liberal in 1880.

A committee of the Cobden club voted a silver medal to James Hancock, of Franklin, Pa., for a pamphlet on "Petroleum against Protection."

Civil Rights.

Galveston, 2.—News' Austin special: Adjutant General King reports the negroes dissatisfied with exclusive cars for their accommodation and says train men on the Texas Central, where the system is just inaugurated, are compelled to take colored people out of the cars assigned to the whites.

Pryor Can't Come In.

Chicago, 2.—Congressman Finerty has received the following cablegram from A. M. Sullivan, dated London: "It is positive that none but members of the English bar will be allowed active participation in court." This refers to the trial of O'Donnell for the murder of the informer Carey.

Not to be Confounded.

Paris, 2.—The Temps semi-officially points out that Li Hung Chang's disavowal of Marquis Tseng is not the official utterance of the Chinese government, but simply Li Hung Chang's personal expression.

Vessel in Distress.

London, 2.—The steamer Notting-hill, from London for New York, has taken refuge at Plymouth, badly damaged in a collision with a German bark. The latter vessel has also put into Plymouth.

Assignment.

New York, 2.—An assignment was filed by Simon Lauterbach, shirt manufacturer, to Simon Hirsch, giving preferences of \$120,000.

Incendiarism—O'Donnell.

Chicago, 2.—Inter Ocean's Coruna, Ind.: For some time past the farmers in this neighborhood who own self-binding harvesters have been receiving letters through this and adjacent postoffices threatening vengeance because these machines have reduced the demand for farm hands. These threats took the form of incendiary barn-burnings this week. Several barns have been consumed already, including two last night. One of these was set on fire at 3 o'clock this morning, after the owner had guarded it until 2. There is much excitement and talk of a farmer's vigilance committee.

At a meeting of Irishmen on the 15th of last month, resolutions were passed instructing its chairman to communicate with the State department of the United States, with a view to securing the sending of instructions to the American consul in Great Britain, to use his influence toward securing an impartial trial for O'Donnell, an American citizen, on a charge of the murder of informer Carey, and ask the courtesy of the relaxation of the rules practiced before the British courts to the extent of allowing an American to act as O'Donnell's counsel. In reply is a letter received from Secretary Frelinghuysen, in which he says: In the event of its being ascertained that Patrick O'Donnell is an American citizen, he will receive from the executive department of this government all the protection to which he is entitled in harmony with the request in the resolutions you enclose. It is not in the power of this department to ask a modification of the ruling of a court in a particular pending case. He adds that if the English court should need assurance of the high standing of the counsel sent from this country, the American minister will be instructed to give assurance of their standing.

A Railroad Case.

Topeka, 2.—The answer of the Kansas Pacific Railway company to the petition in the quo warranto case now pending in the Supreme Court, was filed yesterday with the clerk. It alleges that the railroad is not a corporation created by any law of the Territory or State of Kansas, and claims no rights, privileges or franchises as such. It alleges that it was created by act of Congress; that by virtue of the rights conferred by that act it was organized and built its line of road, and under such authority it has ever since been operated and still continues to operate its road; that the railroad constructed by it is on a different line than that designated by the Territorial act, and that the consolidation it has entered into with the Union Pacific and Denver Pacific railroad was made under authority found in the acts of Congress, and not under any act made by the State. It denies any right of the State to forfeit its franchises; claims that the paramount control over it exists solely in the government of the United States, and closes with a general denial of all the allegations in the petition that are not expressly admitted.

Railroad Earnings.

Boston, 2.—The earnings of the Aitchison, Topeka and Santa Fe road for the nine months ending October 1st, were \$5,500,000; increase, \$0 4-10 per cent. The Southern Kansas Railroad company, for the same period, net earnings, \$629,000, an increase of 33 6-10 per cent.

Premature Reports.

Beloit, Wis., 2.—The rumor of the failure of the Rock River Paper company is considered premature. The firm have assets double the liabilities. It is hoped that matters will be adjusted satisfactorily.

Low Postal Rates a Success.

St. Louis, 2.—The amount received at the St. Louis postoffice for postage in September last under the low rate was \$65,754; in October, \$72,109; in October of last year, \$68,932.

Bismarck Weakening.

Berlin, 2.—Prince Bismarck has entirely regained his former strength. He is complaining, however, that he no longer possesses the capacity for work he formerly had.

If you experience bad taste in mouth, sallowness or yellow color of skin, feel stupid and drowsy, appetite nsteady, frequent headache or dizziness, you are "bilious," and nothing will arouse your liver to action and strengthen up your system equal to Dr. Pierce's "Golden Medical Discovery." By druggists.

Threatened Strike.

London, 2.—Yorkshire miners have resolved to strike unless an advance of 15 per cent. in wages is given on the 1st of December.

"Your Skin Cures is superexcelsent. It is fast curing my daughter of ringworm, which had spread all over her body." Mrs. E. L. D. Merriam, Blue Hill, Mass. Druggists keep it. \$1 per package.

Fish.

Chicago, 2.—Times' New York: President Villard, having offered to take the first car gratuitously over the Northern Pacific road, the Fish Commissioner will, next Tuesday, send out 30,000 carp for distribution in the northwest from Wisconsin to Oregon.

THERE IS A MEANS OF Eradicating local disease of the skin that can be relied on, viz: GLENN'S SULPHUR SOAP.
