CHIPS.

Registration goes slowly on in all the precincts. The Auerbach Bros. were the first to play a hose upon the fire Thursday night.

The Caledonia Society held a meeting at the Shoe Factory at 8 o'clock to-night.

It is predicted that inside of two years the Utah Central will be running two full freight trains between Juab and Salt Lake.

The diphtheria has made its appearance in the Eleventh Ward, a little daughter of Mr. Joseph Felt being the victim.

The case of General Chmy. Agronomic brought up standing for doing business without a license was postponed until this morning.

Another excursion to Black Rock and Garfield, from points on the Utah Central between Santaquin and Salt Lake, will take place next.

McCormick & Co. yesterday received five cars of Hanner bullion, valued at \$9,430. They also sold a lot of Wood River ore, which brought \$2,000.

The bullion receipts at Wells, Fargo & Co.'s bank yesterday were three cars of Horn Silver, valued at \$9,000, and eight bars of Ontario, valued at \$5,100.76.

Quimer Bros. make a fine display of fancy goods in front of their establishment. The array of cigars, and the "cut" figures at which they are offered, are especially attractive.

Jennings Bros. announce that there will be swung pendant in front of their stalls to-day, the largest beef steer ever exposed for sale in this city.

The sum of \$20,000 was disbursed to Utah Central employees on last Wednesday. This is ten per cent less than the amount formerly footed up.

Superintendent Ritter took the In the Banks Company out for a bath in the lake yesterday afternoon. All enjoyed the briny water immensely, and Mr. Fisher (Joe Buzzard) says the ocean is nothing to it.

Albert, eldest son of A. E. Culmer, aged about 10 years, died at Pleasant Grove, on Friday of diphtheria. The father was telegraphed for from this city, and arrived just in time to see his fond hope pass away.

The regular business and quarterly meeting of the Caledonia Society will be held at the Shoe Factory tomorrow, Saturday evening, at 8 o'clock. A full attendance is desired, for the election of new members and other necessary business.

The saloon known as the Capitol yesterday partially changed hands, one of the proprietors—Mr. Kelly—selling out his interest to Mr. C. M. Brown, the well known commercial traveler. The firm will now be Brown & Whiting.

The attendance at the theater fell off considerably, as compared with previous nights, last evening, still, there was a fair audience. The success of the piece here has been something wonderful, all things considered.

Miss Annie Walker, daughter of Mr. J. B. Walker, of this city, will be married on Monday to Mr. M. J. Cheesman, at Monterey, California. The lady is one of our society belles, and the gentleman is well known from his former connection with the house of G. M. Scott & Co.

Hon. Ward E. Peck, who suffered amputation of the right arm some time ago, has so far recovered as to be again out of doors. With his customary energy he has gone to work to cultivate penmanship with his left hand, and he already writes distinctly and with considerable ease.

Justice Pyper was yesterday engaged in hearing the case of the Peoples' Forwarding Co. against Sears & Liddle, suit having been entered for the sum of \$73, alleged to be due on an old grain contract. The defendants set up that the amount is an overcharge.

A drunken man with a bloody head reposed in jail last night, and will probably be brought before the justice this morning. His name is given as Spruigall, and his damages were said to be inflicted by some one at, in or around Mulloy & Paul's stable.

All pilgrims to the National Park have not been so fortunate as our Salt Lake bicyclists; a Dr. Elliott, his wife and daughter, on pleasure bent from California to the geyser country, were held up by road agents last week and robbed of all their money, trinkets and jewelry.

Representatives of the various canal companies having an interest in the waters of the Jordan river, will meet at the Jordan dam, near the Point of the Mountain to-day. Smith & Doramus, the enterprising engineers, are employed to make examinations, take levels, etc., and will probably make a preliminary report to-day.

OGDEN VICTORIOUS.

An Exciting Day on Washington Square.

The Reds Meet Their Match. Tibbetts, of the Blues, Beats the Ogdenites' Champion Fleet-foot.

Yesterday's attendance at the Square showed that the public retains all its old enthusiasm for the national game, and that all that is required to make the sport a lucrative one to the players is the assurance that a game will be played worth turning out to see; at 12:30 the Reds and their visitors took up their position behind the Opera House Band, formed at Calder's store in the line of march, and went down Main street, followed by the whole hoodlum population of the town; on the Square the grand stand was well filled with lovers of the game, many ladies being among the spectators; the Ogdenites made the lucky toss and sent their opponents first to the bat.

For the first five or six innings it looked as if one of the old time Deseret and Red Stocking games was to be repeated; at the end of the first innings the score stood 2 to 0 in favor of the Reds; on the second 2 to 1; on the third 4 to 1; on the fourth 6 to 2; on the fifth the same; on the sixth 7 to 6 in favor of the Ogdenites; but from this time on the visiting nine began to make some tremendous spurs, and the scarlet runners began to grow correspondingly disheartened, until when they went out the last time the score stood 14 to 8 in favor of the Ogdenites, and the latter did not even ask for the innings due them.

It looks very much as if Ogden would continue to wave the championship banner entirely ad libitum. Their playing yesterday was such as no one Salt Lake nine could hope to cope with. A picked nine from this city might have some chance, but even the freshest would be very doubtful. Browning, second base, is the best all-around player in Utah; their fielders are almost perfect; their back stops unapproached by anyone here. They had only seven of their regular men on the diamond yesterday, two—Wells and Parsons—being from the Willard club; these had a genuine Hinesy-woolsey sort of air, but they are adepts at base ball.

The Reds, on the other hand, exhibited but little of the efficiency they have manifested in their contests with the Blues. West pitched wild and Ridges supported him in a very doubtful manner; even the two Margettes, who never muffed, yesterday dropped ball after ball, and the entire nine towards the close showed that they have not yet enough nerve to keep from becoming rattled by the success of their opponents. The game was very ably umpired by W. Golding and scored by Mr. Hedges. The gate money, after paying all expenses, went in a lump to the winning club.

THE SCORE. Ogden. Runs. Outs. Errors. Browning..... 2 3 4 Parsons..... 1 2 1 Farley..... 0 5 1 Reed..... 1 3 0 Allen..... 3 2 2 J. R. Reid..... 2 3 4 Stanford..... 3 0 0 Wells..... 2 2 0 Boyle..... 0 4 0 Total..... 14 21 12

THE FOOT RACE.

Between the eighth and ninth innings Mr. Hedges announced that Mr. Rolla Tibbetts, of the Blues, and Mr. W. G. Wright, champion runner of Ogden, would run a foot race of 100 yards for a small purse that had been raised on the grounds. As soon as the game was ended the multitude surged over to the bicycle track, and being reinforced by the veterans that hovered in the surrounding trees, there was soon upon the track one of the largest and most animated crowds which has assembled there this season. While the sunbeams were drying the band struck up a lively air, which through, both contented and appeared upon the track. One hundred yards had been measured off, and the starting place established. At a word from the umpire the two joined hands and ran along easily for a few paces to where Mr. Hedges was standing. Coming in contact with him, their hold of each other was separated, and the start was given. Tibbetts had the inside at the commencement but lost it when half way round. Wright shot ahead for one brief moment only, and then steadily went behind, while Tibbetts gently and easily took the lead from him, and carried it to the string that marked the finisher's point, when he was about three feet in advance. Up to this time the crowd had watched the race with the most breathless interest, but when the blue suit of the Salt Lake boy was seen to emerge on head, from the crowd at the closing point there went up a yell from several hundred throats which

must have awakened the echoes on Main street. Tibbetts was enthusiastically escorted to his dressing room, and was quite the lion for the remainder of the day. One enthusiastic sport pushed his way into the dressing room and slipping a \$10 gold piece into the victor's hand, expressed his congratulations in terms less elegant than forcible. Before leaving the grounds Wright and Tibbetts (the latter through a backer) made a match for \$50 a side, to come off within thirty days, and each man deposited \$10 forfeit money in the hands of a bystander.

Almost a Serious Fire.

On Wednesday evening, at the depot at Wales, Sanpete county, by some means, a lamp was overturned or burst, scattering the oil in a blaze. In close proximity were some coal oil, powder etc. It caused quite a panic to Mr. Conrad, Mr. Fred Candland, an attaché of the railway, seeing the burnt oil going below, was desirous of going down to avert what he believed might be a serious conflagration. Mr. Conrad knowing the inflammable nature of the storage below objected, but Mr. Candland insisted, and found the straw, etc., already ablaze. By the aid of some buckets of water the fire below was extinguished, thus much valuable freight and depot property were saved.

Constable Crow Discharged.

Mr. Charles Crow, constable, was arrested on Thursday, and examined yesterday before Commissioner Sutherland on a charge of selling out a candy store under a writ issued from the justice's court. Mr. Dille, the lawyer for the prosecution, presented his points with such pungency that the Commissioner decided to drop the whole business, and Mr. Crow was discharged.

Messrs. Prescott and Hollister see the prime mover in forming the Molecular organization.

Ashley's Fork.

Mr. A. S. Mayhew, of Pleasant Grove, is just in from Ashley's Fork. He reports the grain yield immense. The market for farm products is rather meagre. The county is increasing in population and is destined in the near future to become wealthy, covering as it does such an area of territory. The natives are on peaceful terms with the whites and are pursuing habits of industry, cultivating the soil, stock raising, etc., etc.

THE TUG OF WAR.

Interesting Times Looked for in the Seventh School District.

The three trustees who are now acting in the Seventh School district, viz: Mr. Henry Wallace and I. M. Waddell, of the People's Party, and Mr. B. G. Raybould, of the Liberals, have held several meetings over educational affairs in their district, and thus far their deliberations have been conducted without any material discussion. On Monday night, however, the district convenes for the purpose of voting aye or no on the proposition to levy a tax to build a schoolhouse in the district. One of the trustees in conversation with a HERALD reporter yesterday, said: "The assessed valuation of property in our district is \$450,000, so that only a light per cent. tax will be required to build our schoolhouse. We already own a lot, so that we might be considered to have a good start already. The only question will be, how will the Liberal vote, aye or no; and will the People's party be united in voting in favor of education? I am apprised that one prominent Liberal at least is now working tooth and toe nail to run in a large number at the meeting to vote down the measure; but I hardly see how they can do it consistently, since the trustees they elected, Mr. Raybould, is decidedly in favor of the tax. As to our people; well, I trust the experience of the Eighth Ward the other night, and their own not long back, will prove a fruitful lesson to them." THE HERALD, hopes so, too.

A Pleasant Surprise.

Abigail Allred, of Pleasant Grove, was the recipient of a birth-day surprise on Friday, it being her 50th year. A host of good friends visited the venerable lady and made her heart glad in many ways. The present were such as would insure her comfort. Mrs. Allred was born in the State of Missouri, in the year 1834. She early identified herself with the Mormons and joined the main body at Far West, where she, with her husband, Levi Allred, was driven from her native State for no other reason only that she was a saint. Mrs. Allred has shared with her adopted people in all their persecutions. She came to Utah in the year 1851. This summer she has gathered her fruit and dried quite a quantity for market. She is of genuine southern stock, and like the blood true to her friends. May her days of usefulness be lengthened.

Instruction for Deaf Mutes.

The Dezeret University was included in its departments one for the instruction of deaf mutes, and Dr. Park is now preparing a circular addressed to all such unfortunate as reside in the Territory, setting forth the system of teaching. The census of 1880 gave the deaf mute population of Utah as numbering 118, adults and children, and many of these would doubtless avail themselves of the advantages offered by the University if they could be made to know that such advantages existed. The department will be under the supervision of a gentleman who has had extensive experience in deaf mute colleges in the east.
