A Little Independence.

LONDON, March 2.—The Colonial Sec-
retary has sent a dispatch to the Gov-
ernor of Newfoundland, informing him
that the home government does not
feel justified in disregarding the strong
protests of France against restrictions
at this late period, which are calculated
to inflict great loss upon French fish-
ermen, and is therefore unable to allow
the bill passed by the Newfoundland
Legislature, in relation to the fisheries,
to operate in this season. The Secretary
says: "The government thoroughly under-
stand that the French bounties are a
grave disadvantage to French fisher-
men, still it is not shown that British
fisheries are unremunerative."

New York, March 2.—A special from
Halifax says: "The address of the New-
foundland Legislature to the imper-
ial government has produced a
sensation. If it is not a
declaration of independence, it is
the next thing to it. Newfound-
landers tell the imperial government
that they own their fisheries, and they
do not propose to pay the slightest
aid to the French or American in-
terests, or to brooking interference
from the imperial government. The
situation is so serious, that both Pre-
mier Thorburn and Sir Ambrose Shea,
leader of the opposition, have gone to
London to represent the dangerous
character of the prevailing feeling in
Newfoundland. Meanwhile the press
and people are universally discussing
the benefits of annexation to the
United States. Anything would be
better than the present state of affairs,
and if annexation were submitted to the
popular vote, it would be carried by a
three-fourths majority."

Arranging Rates.

New York, March 2.—At a confer-
ence of traffic managers, freight agents
and railroad vice-presidents and man-
agers held here to-day, the classification
committee's report on which the agents
and managers have been at work for
the past ten days was discussed. The
report of the committee was accepted
by the conference as read. It is under-
stood that the adjustment of rates pro-
posed in the report has given general
satisfaction to railroad men. The com-
mittee appointed to consider the sys-
tem of wholesale reductions of traveling
companies and excursion parties, will
make its report this week. Some of the
western men were in favor of applying
the new law very strictly, but eastern
agents took a different view of the ques-
tion and consider that the present sys-
tem, with some slight modifications,
will not conflict with the new inter-state
commerce law. It is expected that the
conference will arrive at a definite un-
derstanding to-day.

The Brewers' Pool.

New York, March 2.—Brewers and
liquor dealers both profess satisfaction,
to-day, with the present position of the
pool beer boycott. The pool brewers
claim that the independent brewers in
this city and in the west have more
stock on hand than is needed to supply
their regular customers. The Liquor
Dealers' Association claim, on the other
hand, that the extra pool brewers have
been preparing for the present state of
things ever since November last, when
the new pool regulation went into opera-
tion. It says that from Toledo, Ohio,
alone a train load of beer will be sup-
plied if necessary, every day, at the
bare cost of production, as the brewers
there are very anxious to make a name
in New York. More requests for extra
pool beer are reported to be constantly
coming in. No further break is an-
nounced in pool combinations.

New Trotting Association.

Detroit, Mich., March 2.—This after-
noon the convention called to consider
the advisability of forming a new trot-
ting association, met and effected a
temporary organization. A committee
on credentials was appointed and re-
ported sixty-seven trotting associations
represented from fifteen States. A mo-
tion to form a new association was put
and carried unanimously. The com-
mittee appointed D. C. Boaman, of
Ottumwa, Iowa, as chairman. A com-
mittee was appointed to prepare bylaws
to be presented to the convention.

The Brakemen Strike.

Youngstown, O., March 2.—All the
freight brakemen on the New York,
Pennsylvania & Ohio Railway, of yard
and road crews, struck this morning
and freight traffic on the line is en-
tirely suspended. Employees had a
meeting last evening, and were informed
that Superintendent O'Brien had given
instructions to enforce the order taking
the third brakeman off of each crew,
and acting upon this information the
men decided to quit work. They assert
that when the strike was settled last
fall, it was agreed that each crew should
have three brakemen.

A Revolt.

LONDON, March 2.—Advices from Zan-
zibar say: Natives of the Province of
Mozambique, taking advantage of the
absence of the Portuguese squadron
and troops at Lungi, have risen and
devastated the trading stations and
destroyed many British houses. The
town of Mozambique is now threatened.
The British consul has telegraphed for a
man-of-war to protect the lives and
property of British subjects.

An Irish Mob.

DUBLIN, March 2.—A mob at Bolly-
hinnies attacked a force of police last
evening and rescued some prisoners
whom they had in charge. The mob
stoned the police and partially wrecked
the barracks. The police fired a num-
ber of shots at the crowd, but without
hitting any one. Several policemen were
injured by stones.

Capital Chips

WASHINGTON, March 2.—The con-
ference on the District of Columbia ap-
propriation bill have disagreed and will
so report to the two houses. The
points at issue are with reference to
schools.
The diplomatic and consular ap-
propriation bill has been agreed on in con-
ference.

The President, to-day, approved the
military academy appropriation bill,
the regular pension appropriation bill,
the act to organize the hospital corps
of the United States and the act in re-
gard to the importation of mackerel
during the spawning season.

The Pacific Roads Bill.

WASHINGTON, March 2.—The con-
ference on the Pacific railroad invest-
igation resolution, have reached a com-
plete agreement. The House conferees
adopt the Senate amendment, but the
clause creating a commission is mod-
ified by striking out the requirement
that the commissioners shall be subject
to confirmation by the Senate and so
arranging the phraseology that the
President's power to appoint them
during recess shall be beyond question.

Firing Another Negro.

WASHINGTON, March 2.—The Senate
committee on District of Columbia, at
a special and very short meeting this
morning, voted to report adversely on
the nomination of James M. Trotter,
of Boston, a colored man, nominated to
be recorder of deeds for the District of
Columbia.

Anti-Prohibition.

PROVIDENCE, R. I., March 2.—A pe-
tition from merchants and business men
of Providence, representing about \$40,-
000,000 is to be presented to the Gen-
eral Assembly to-day, asking for the
repeal of the prohibitory law.

A Happy Man.

TRENTON, N. J., March 2.—Rufus
Blodgett (Democrat) was elected
United States Senator this afternoon.
He is superintendent of the New York
& Long Branch Railroad.

Revolt Suppressed.

VIENNA, March 2.—The *Tagblatt*
states that a revolt of a portion of
the troops of the garrison at Silistria,
Bulgaria, has been suppressed.
