LOCAL BRIEFS.

TRAVEL COMMENCES TO INCREASE. THERE WAS NO eastern mail last night. A HEAVY fall of snow in the Wasatch Mountains yesterday.

NEARING THE CLOSE.

The Solons Getting Their Business Into Shape. THE COMMITTEES REPORTING. Three Sessions of the Council and Two Long Ones of the House on Saturday--Good Work.

THE COUNCIL.

The Council met promptly at 10 a. m., with President Smith in the chair. Councilor Young excused.

A message was received from the House asking for a conference committee on Council amendments to H. F. No. 50, the county government bill.

Request granted and Messrs Woolley, Howe and Swoot appointed on the part of the Council. The amendment was in regard to the carrying for transient paupers, idiots, etc.

The House insisted on retaining the text so that counties would be compelled to care for transient paupers, idiots, etc. In the conference committee the language of the house was retained in all its purity.

Transient paupers and idiots will now have an opportunity of being cared for. FROM THE HOUSE.

C. F. No. 19, to encourage the production and manufacture of sugar, and C. F. No. 25, a bill amending the code of civil procedure, were received from the House.

Passed without amendments. Referred to the committee on enrollment.

The committee on judiciary reported favorably on H. F. 34, regulating the sale and manufacture of intoxicating liquors.

Also H. F. No. 32, a bill prohibiting the sale of intoxicating liquors where the people by vote have so elected. Reports adopted and both bills were filed for second reading.

The committee on private corporations reported favorably on H. F. No. 75, a bill to establish corporations for the prevention of cruelty to animals.

Report adopted and filed for second reading. The committee on claims and public accounts reported as follows:

COMMITTEE ROOMS, March 3, 1888. Mr. President--Your committee on claims and public accounts, to whom was referred the petition of J. E. Dooley, cashier in Wells, Fargo & Co's bank, asking for \$959.40 reimbursement on certificates in express robbery case.

Have to report that the Hon. John P. Baker was in 1889 appointed a committee member by the Legislative Assembly to consider said claims and proposed to allow portions of these claims, and finding this conclusion to be just, we recommend that said petition be not granted. Respectfully,

Olson, chairman. The report was adopted, and the petition of J. E. Dooley not granted.

SPECIAL ORDER OF THE DAY.

H. F. No. 7, providing for the equalization of Territorial and Territorial school taxes, came up on its third reading; was amended, and passed.

SECOND READING OF BILLS.

H. F. No. 41, a bill regulating the manufacture and sale of intoxicating liquors, was read the second time. At 12:15 p. m. recess was taken until 2 p. m.

IN THE AFTERNOON.

nearly all the members were present. The conference committee on H. F. No. 38, a bill defining the manner of determining disputed county boundary lines, reported that they had acceded to the wishes of the House in regard to the amendments.

Report was not adopted, and the Council insisted on its amendments. A MESSAGE FROM THE GOVERNOR was received, stating that he had approved the memorial to Congress in regard to the removal of the Southern Utah Indians from Colorado to Utah.

C. F. No. 19, an act to encourage the production and manufacture of sugar in the Territory of Utah; C. F. No. 25, amending Section 1175 of the Code of Civil Procedure, approved March 13, 1881.

The committee on judiciary reported favorably on H. F. No. 75, a bill providing for the incorporation of cities, etc., which was immediately taken up on its second reading and amended.

On motion of Councilor Swoot, at 5 p. m., the Council took a recess until 7:30.

IN THE EVENING.

At 7:30 nearly all the members were in their places. FROM THE HOUSE.

H. F. No. 59, a bill to establish a uniform system of county governments, was received amended, from the House. Amendments concurred in.

H. F. No. 35, a bill in relation to doors and fire escapes in public buildings, came back from the House amended. The amendments were concurred in. C. F. No. 28, amending an act defining the boundaries of counties, and locating county seats, came back from the House without amendment. Ordered enrolled and forwarded to the Governor.

A BILL KILLED.

The House adheres to its disagreement to the Council's amendment to H. F. No. 38, defining the manner of determining disputed county boundary lines. The Council adhered to its amendments. This virtually kills the bill.

The joint committee on compilation of the laws of the Territory reported as follows: March 3, 1888.

To the Honorable the Legislative Assembly of the Territory of Utah: The committee authorized by an act of the governor and Legislative Assembly to compile the laws, public resolutions, etc., respectfully report, in accordance with the provisions of said act, that said compilation is now complete, including laws of the present session that have been approved to date.

The committee find it impracticable to report fully in accordance with said act before the close of the session, inasmuch as the laws, etc. of this session must be included in the compilation. Unless otherwise instructed

by your honorable body, the committee will proceed at once to advertise for bids for the printing of said compilation, and take such other steps as under the law they feel authorized to do.

Respectfully submitted, THURMAN, Chairman of committee on compilation.

On motion of Councilor Woolley the report was approved. H. F. 75, was again taken up and read the second time, amended, and filed for third reading.

H. F. 39, (the local option bill) came up on second reading. Councilor Swoot moved that the reading be postponed and ordered printed, as the House had amended the original bill so that it was hardly recognized. Carried.

The bill to establish corporations for the prevention of cruelty to animals, was passed under suspension of the rules.

THIRD READING OF BILLS. H. F. No. 10, the reform school bill, came up on third reading and was passed. There was no effort made to change the place designated (Weber County). The appropriation is now increased to \$75,000.

The President announced the table clear of business. Adjourned to Monday, March 5th at 10 a. m.

HOUSE.

The Speaker called the House to order promptly at 10 a. m. yesterday, and after the usual preliminaries, the transaction of regular business was proceeded with.

A PETITION.

Ms. Hatch presented a communication from P. L. Williams, Commissioner of Schools, showing amount of expenditures in his office, amounting to \$240.55, and asking that the amount be appropriated to him. Referred to the committee on claims.

REPORTS.

The committee on conference, appointed to confer with a committee from the Council, relative to amendments made by the House to H. F. 38, defining the manner of determining disputed county boundary lines, reported that an agreement had been reached. A. O'Neil.

FROM THE COMMITTEE ON ASYLUM.

The committee on asylum, to whom was referred C. F. 18, a bill in relation to the establishment of a Territorial insane asylum, recommended that the same be put upon its passage. Adopted.

THE COMMITTEE ON AGRICULTURE.

Your committee on agriculture and irrigation, to whom was referred a communication from the president of the Agricultural and Manufacturing Society, after due consideration of the same, beg leave to report the following:

Believing it to be conducive to the best interests of the agricultural and manufacturing resources of this Territory that suitable buildings should be erected in which to hold Territorial fairs, we recommend that if the corporate authorities of Salt Lake City will appropriate the east half of Washington square for Territorial fairs grounds, that the sum of \$10,000 be appropriated to erect buildings thereon in which to hold Territorial fairs, and that it be expended by and under the direction of the Deseret Agricultural and Manufacturing Society, and that they make a report of the expenditures of this appropriation to the next Legislative Assembly. Also that the said amount of \$10,000 be placed in the appropriation bill for the above named purpose. Very respectfully,

ROUSSEAU, Chairman. Adopted.

ORDERED PRINTED.

The committee on ways and means reported that H. F. 85, a bill for an act to provide revenue for the Territory of Utah, had been ordered printed.

A BILL REJECTED.

The committee on municipal corporations and towns recommended that O. F. 5, a bill for the classification and government of municipal corporations and towns, be rejected, as the same ground was fully covered in H. F. 79, adopted. Council Joint Resolution No. 1 was adopted.

ON THE COMPILATION OF THE LAWS.

The committee on the compilation of the laws, etc., reported that the compilation was completed, including the laws passed at the present session approved to date, and that if there were no objections, the committee would proceed to advertise for bids for printing the laws, and take such other steps as might be necessary. Adopted.

TO ESTABLISH A FISH HATCHERY.

The committee on fish and game, to whom was referred the petition of J. R. Walker and others, recommended that the petition be granted, and an appropriation of \$1,000 be made to establish a hatchery, and that the fresh water streams and lakes of the Territory be stocked with various kinds of fish, including New England trout, cat fish, etc., and that one half of the appropriation be expended by A. M. Musser in 1888, and one-half in 1889.

Mr. HATCH suggested that the matter be referred back to the committee, and that they be instructed to draft a bill, embodying the suggestions and recommendations made in the report. He was decidedly opposed to appropriating moneys for any purpose, without any restrictions. The motion was carried.

THAT LAW LIBRARY.

Mr. RICHARDS moved that the vote by which the enacting clause of H. F. 46 providing for a law library, was stricken out, be reconsidered.

Mr. FARNSWORTH moved that the motion to reconsider be laid on the table. Lost.

Mr. RICHARDS spoke in favor of a reconsideration. He thought, perhaps, that the bill was a misnomer. It should be "a bill for the relief of the public."

Mr. CLARK saw no reason why attorneys should not provide their own law books. He was opposed to a reconsideration.

Mr. HOGE stated that the Territory owned broken sets of books, which could be completed at small expense; they were now almost worthless. Members of the bar in Salt Lake City had \$75,000 invested in law books. An appropriation of \$5,000 was asked for, to

establish a public library, not for the benefit of attorneys, but to relieve them from furnishing what the Territory should provide.

Mr. MOYIS spoke in favor of a reconsideration. Mr. HATCH was in favor of a reconsideration, but at the same time thought it might be well to provide the building to be erected on Washington Square, with plows and harvesting machinery for the benefit of farmers, who, by the way, were about the only honest men.

He moved that if any lawyer was absent from the House, the sergeant-at-arms be instructed to bring him in before the vote was taken.

The motion to reconsider was lost. AMENDMENTS CONCURRED IN.

The House concurred in Council amendments to H. F. 7 (substitute) providing for a Territorial board of equalization.

THE INSOLVENCY BILL.

O. F. 2, providing for proceedings in insolvency, was referred to the committee on judiciary.

H. F. 67, making appropriations to the several counties, was referred to the committee on ways and means.

THE FIRE DEPARTMENT DRILL.

The Speaker notified the House that the members of the Fire Department would be pleased to have the members attend a drill of the Department immediately after adjournment.

MUST REPORT.

Mr. HATCH moved that all committees be instructed to make full and complete reports of all matters in their hands, not later than Monday at 2 p. m. Carried.

BACK TO THE COMMITTEE.

H. F. 85, a bill to provide revenue for the Territory of Utah, was taken up on its second reading.

On motion of Mr. Farnsworth, the bill was re-committed to a committee on ways and means.

The House then took a recess until 2 p. m.

IN THE AFTERNOON.

At 2 p. m. the House reassembled with Mr. Farnsworth in the chair. During the afternoon a large number of persons, including several ladies, visited the House.

THE HOUSE ADHERES.

The House was notified that the Council refused to accept the report of the conference committee on H. F. 38, in relation to county boundary lines.

Mr. KING moved that the House adhere to its disagreement. Carried.

FROM THE GOVERNOR.

A communication was read from the Governor, notifying the House that he had approved and filed with the Secretary, H. F. 2, fixing the time at which new laws shall go into effect; H. F. 57, providing counties for the destruction of certain animals and birds; H. F. 62, providing for the establishment and support of district schools, and H. F. 70, a bill for an act to provide for the changing of names of towns, precincts and school districts.

TO ESTABLISH A TERRITORIAL INSANE ASYLUM.

C. F. 18, a bill to amend an act entitled an act to establish a Territorial insane asylum, was taken up on its second reading. This bill is a voluminous one, and during the reading, which lasted three hours, six members quietly withdrew. After a number of amendments were made, the bill passed its second reading, and was filed for third reading.

FROM THE COMMITTEE ON AGRICULTURE.

The committee on agriculture presented a new report on the communication of the Agricultural & Manufacturing Society, providing that if the city shall deed to the Territory the whole of the Tenth Ward Square, for fair purposes, the amount of \$20,000 be appropriated to erect buildings thereon.

Mr. HATCH objected to making these extensive appropriations on every occasion. If it was continued, the auditor's warrants would go begging at 50 cents on the dollar. He thought that the appropriation of \$20,000 was beyond all reason. The report was adopted.

A BILL FOR KANE COUNTY.

The committee on appropriations, to whom was referred the communication of residents of Kane County, representing that the county was obliged to guard outlaws from Arizona, and asking for an appropriation to assist in building a jail, recommended that the sum of \$1,000 be appropriated. Adopted.

IN RELATION TO DOORS AND FIRE ESCAPES.

H. F. 35, in relation to doors and fire escapes in public buildings, was taken up on its third reading, and passed.

HOGG'S MARRIAGE BILL.

H. F. 6, a bill for an act regulating marriages, came up on its third reading. Several amendments were made, and Hogg moved that it be passed. There were only fourteen members present when the roll was called, and of these only three voted against it. The vote was not announced, and on motion of Mr. Allen, further consideration was postponed until Monday, at 6 p. m. The House adjourned until Monday morning, at 10 o'clock.

More Improvements.

Sam Levv, the enterprising cigar manufacturer, is enlarging his factory so that he will be able to increase his force to about thirty, finding that he is unable to fill his orders so promptly as he would like. His brands of cigars are daily increasing in popularity, and the public now begin to appreciate the fact that he serves a better cigar for the same money than any other cigar house.

He proposes, in the near future, to erect a mammoth two-story cigar factory, when he will be able to fill every order promptly.

AND STILL THE BOOM.

The Real Estate Firms Still Multiplying.

ECHOES OF A RUSTLING WEEK.

Strangers Crowding In--High Prices A Hotel Wasted--A Rushed Recorder--Notes.

Take a glance through the columns of your SUNDAY HERALD, and decide whether the tendency of the boom is up or down.

The newspaper is the true barometer of public feeling; when its columns bristle with advertisements, be sure the business public is in excellent humor.

The business public is just now in a wild exhilaration of spirits, and the columns of its favorite newspaper are laid under a heavy press to meet the demands made upon them for space.

THE SUNDAY HERALD to-day, besides the usual mercantile announcements, will be found to contain new real estate names and new

LISTS OF PROPERTIES. It is unquestionable that THE HERALD, more than any other local newspaper, goes to the greatest number of people who have property to sell in this community, and that it is also consulted as extensively as any other newspaper in Utah.

For this reason its columns are in strong demand, not only by both sellers and buyers among real estate firms, but by parties who wish to do business with each other direct. Many sales that could be quoted have been made through the agency of a small "Wanted" or "For Sale" ad. in THE HERALD.

Property, property, property. This is the one cry that fills the air. Up and down the streets, in the restaurant, over the ribbon-counters, in the sanctity of home, one theme is uppermost in everyone's mind--the exclusion of every other--Real Estate. Every one seems to be dabbling in it. From a dozen to twenty firms have started up during the week, and on Main and Second South Streets, carpenters are kept busy, putting up office partitions in the front of various business houses to form offices which are rented in advance for from \$75 to \$100 a month. Merchants are neglecting their business to roam out in search of real estate bargains. One man, a well-known gun and ammunition dealer says: "I can't stay in my store. This real estate spirit drives me out on the street like a spell. It's as infectious as cholera or smallpox."
