# A Summer Medicine

Summer's heat debilitates both nerves and body, and Head-ache, Sleeplessness, Nervous Prostration, and an "all-played-out" sensation prove that PAINE'S CELESTIAL COMPOUND should be used now. This medicine restores health to Nerves, Kidneys, Liver, and Bowels, and imparts life and energy to the heat prostrated system. Vacations or no vacations, PAINE'S CELESTIAL COMPOUND is the medicine for this season. It is a scientific combination of the best tonics, and those who use it begin the hot summer days with clear heads, strong nerves, and general good health. PAINE'S CELESTIAL COMPOUND is sold by all druggists, \$1 a bottle. Six for \$5.

### Buzz-saw Mishap.

Edward Delamore, an operator in Mr. B. White's planing mill, on Friday met with a serious accident. It seems that Delamore was engaged feeding a circular saw, when by some means a slip occurred and the poor fellow's left hand was caught, and the thumb and fingers were most severely cut and otherwise bruised and lacerated. He was taken to Dr. Powers' surgery, where he was immediately attended to. It was found necessary to amputate the fourth finger, some stitches were necessary in other parts of the hand, and the whole that was required was done in the doctor's usual careful style, and the poor fellow was rendered as comfortable as the severe nature of the mishap admitted of.

### A Dog Bites.

Fred Jayne, a young man 17 years of age, son of Rev. J. D. Jayne, Methodist minister of this city, was bitten by a dog of large size on Wednesday. Fred had been to a place on Pearl Street and had been supplied with a basket of cherries. Having gone to his home and deposited his cherries, he was returning to Pearl Street with the empty basket, when he was suddenly seized by the savage animal and severely lacerated in two or more places on his right leg. Dr. Palmer, who has the patient in hand, reports that everything was progressing favorably. No fear of hydrophobia is entertained.

### Nasty Kick.

CHAS. MUSGRAVE, of Plain City, was kicked by a horse on Thursday. The animal was acting mean when Musgrave seized it by the head. This caused the brute to become vicious, and it commenced kicking and bucking at a great rate, and eventually caught the leg of Charley with one of its hoofs and broke it immediately below the knee. Dr. Driver was sent for, one successfully "set" the broken limb, and reports that all is going on well.

### Cowardly.

As Mr. G. J. Wright, of Ogden, was about to board the train to join his family on their return from Lake Park, some dastardly coward struck him square on the mouth; this, too, without the slightest provocation. Mr. Wright is suffering from a swollen lip, and is minus his hat, which was knocked off his head and lost. A reward of \$25 is offered for the apprehension and conviction of the perpetrator of the contemptible act.

### Police Court.

A. HIPPEN, charged with discharging fire-arms within the city limits, was on Friday fined by His Honor, Judge Dee, in the sum of \$25 and committed in lieu of the necessary.

### Briefs.

SUGAR is sugar, so say our merchants, and our housewives quite agree with them.

Wool is being largely shipped from Park City. This rustling community will not be left behind.

The Dixon property, containing forty-five acres, was sold on Thursday to Mr. David Stevens for \$15,000.

The Almy, Wyoming, baseballists are contemplating a visit to Ogden on July 14th, to have a tussle with their Ogden friends at Lester Park.

CHICKEN stealing seems a favorite pastime among the youths of Ogden. An application of snakebite would, no doubt, have a salutary effect.

The pleasure resorts are just now pestered with thieves, who make it a practice to steal all they can lay their hands on. Steps ought to be taken in the matter.

The "kickers" of Ogden intend holding a meeting on Monday evening at Scott & Sons store, Main Street, for the purpose of re-adjusting and improving their organization.

The boom is still booming, it is said, but hardly can it be claimed that the flood is rolling toward the workmen. Rents are going up at a prodigious rate, but nothing can be heard of any augmentation of the laborer's wages.

The committee appointed to make arrangements for the forthcoming treat to the merchants' clerks of Ogden, are Messrs. Joseph Scowcroft, John A. Boyle and Thomas Thomas. They went to Syracuse on Friday to take a synopsis of the adaptability of the place for the requirements. The choice will be between Lake Park and Syracuse, the date of the grand "outing" however, is definitely fixed for the 18th of July.

SUNDAY - - - - July 15, 1888

### Merchants' Excursion.

On Friday night a meeting of Ogden's merchants took place in the store of Mr. G. Tribe, the chair being occupied by Mr. Sidney Stevens. It will be remembered that at a previous meeting of merchants it was decided to have an "outing" for themselves and their employees, and that a committee was named for the purpose of ascertaining what propositions the various resorts, etc. would offer. The committee now presented their report, from which it appeared that they had been in communication with Mr. Reeve of the Utah Central, Mr. Brinker of the Denver & Rio Grande, and Mr. Boyle of the City Cornet Band and had received propositions. A short discussion ensued as to the relative accommodations at Lake Park and Syracuse, the latter place eventually being selected. After some other business had been transacted, two committees were appointed as follows: On tickets and the disposal thereof—Messrs. Funge, Scowcroft, Halbur, Thomas, and Worthenpool; General Management—Messrs. Burt, Tribe, Marks, Wright, Corey, Stevens and Smuin. It was agreed that busi-

ness places close on the 18th of July at 12 o'clock. Some conversation on such subjects as committee instructions, perfecting arrangements, press complimentary, etc., followed and the meeting adjourned subject to a call from the chairman.

### Court News.

In the matter of the estate of Harry F. Hilliard and Mark Hilliard, minors, order appointing Reuben T. Hilliard, guardian, The last will of Thomas Myers, deceased, was filed for probate yesterday. Hearing set for July 25th, 1888. The County court will convene on July 16th, at 10 a.m., in the office of the county clerk, in this city.

### Fish Murderers.

We are informed that some miscreants have been shooting and otherwise illegally killing fish in the Canyon river. We refrain from giving names at present, but should the practice be continued no further notice will be extended. This is said advisedly.

### More Silver.

A report is in town that yet another silver mine has been discovered within four miles of Ogden, which is likely to prove a bonanza.

### Personals.

H. V. SCOVILLE and Mr. James Jensen were bound for the city by the Jordan yesterday evening.

H. O. HARKNESS, from McCommon, Idaho, is running around our city. FRED TURNER went on a visit to Logan yesterday.

### Briefs.

MANY people in the city yesterday. It is about a dozen years since water was so short in this district.

It is said there are quite a number of Central Pacific railway detectives in the city.

AMMOND GREEN, selectman for Weber County, was seen on the streets yesterday, after suffering from a severe illness.

AFTER an absence of about nine months, Mr. N. Boydston is to be found at his post at the Western Union Office.

OWING to a dispute about a water right, a number of men have been placed on duty as a night watch at the mouth of Strong's Canyon.

MR. A. H. SWAN, of Cheyenne, is in Ogden, and the question naturally arises: Has he come to have the street car railway transferred to him?

ON Friday night two youths, aged 11 and 12, got on the Utah Central train at Kayville, making their way to Evanston, from which place they had disappeared a month ago.

A GRAND ball was held on Friday night at Harrisville, which proved a great success and contributed largely to the enjoyment of the couples who did the "turn-about and twist-about."

MR. T. BOOTH, who recently resigned his position at the Western Union office, has received an appointment as telegraph inspector for the C. P. R. R., with headquarters in the Junction City.

GRADING and graveling are being rapidly pushed forward on Sixth Street. The sooner it is announced finished the better for pedestrians, who at present find locomotion anything but pleasant.

THOMAS VAUGHAN, who resides on the County Road, in lifting a box at the Union passenger depot, injured his back. He is still suffering from the mishap, and is unable to attend to his duties on the passenger transfer.

HON. D. H. PERRY is about to pull down, so it is said, an old and well-known building, situated on Fifth Street, hitherto recognized as the Idaho Bakery. A nice brick building will soon show itself, having a twenty-five-foot front.

The "night birds" have not yet settled down. Their "tra-la-le" and "yah-ah-he-hoo," as they return from their nocturnal carousing, may be very amusing to the birds, but those who go early to bed, knowing they have to rise early in the morn, are apt to say swear.

### The Military.

To the Editor of THE HERALD:

Considerable has appeared in a friend of your's down the street concerning military and drilling, organizing infantry and cavalry, getting ready for the next Fourth celebration, etc. Now, sir, the way I view the situation, we or they cannot organize until the decree of Black George is vetoed, or taken off the statute books. That chunk of ice covers all "denominations, regardless of Democrats, Republicans, Liberals or People's party."

If the boys wish to sir their gun, new clothes and knowledge of military tactics, they must go to P. P. West and get an official permit in the shape of another order, vetoing, scalping, or branding the old veto. There are three keys, one coil and one piece of the belt left to my old cornet. If you can get the Governor's permit and lend me a mouth-piece, I will sound the rally and get a full blown company in a short time to attend drill, and any 4th of July you may wish to name in the future, but until then, I and we are just as dead as the builders of the pyramids. If any one or more attempt to carry arms (outside the United States troops) I will serve an injunction that will cool their ardor and compel them to go back to history and learn what certain officials have done for the country.

Gentlemen, laws and vetoes are binding until repealed or countermanded. Let us go to work right and we will succeed; but wrong and we fail. CHRM.O.

### To See the Czar.

KIEL, July 14.—The Emperor arrived here to-day en route to meet the Czar. The Emperor drove through the town to the harbor, and was greeted with great enthusiasm. The streets were gaily decorated. The Emperor alighted from the carriage at Barbarossa bridge and entered a man-of-war's boat which took him to the yacht Hohenzollern. As he boarded the vessel the squadron fired salutes and the yards were manned. The merchant vessels in the harbor were decorated with flags. After the different vessels of the fleet had gotten under way, and sailed past the imperial yacht, that vessel also put to sea. The parade of the fleet was a brilliant spectacle. Manoeuvres were executed with admirable precision, and were watched by thousands of persons from shore, and from decks of vessels. Several private steamers accompanied the fleet to sea

### A Young Democrat.

To the Editor of THE HERALD.

As the political wave has struck our once phlegmatic Territory, beating against and breaking down the dykes and barriers which have existed, and bringing each and every American citizen to the same level, whether on the swell or in the trough of the great ocean of human events, I have been patiently waiting and looking towards the future horizon to catch a faint glimpse of buoy or pilot to guide the young and rising Democracy that is now in its amateur state to the true Democratic haven. None is in sight. We are drifting no one knows whither. Send out a pilot boat to find us. If fog or mist cover the water, signal us by firing the minute gun until the fleet is concentrated and organized. There are many who are enlisted and have their names enrolled who do not understand why they are marching, or serving the glorious cause of Democracy. Issue, at least once a week, circulars that whether on land or sea we can learn and acquire the rudiments of arms (political) and the handling of gunboats of coast and harbor defence. What do we know concerning the political creed of our fathers? They were occupied in early days providing food and clothes for their families to that degree that politics was a secondary consideration with them, if ever thought about at all. Guide us, thou great magnet, safe to the goal for which we seek. Again, when questioning the middle-aged, and even those who have passed the meridian of time allotted to man, my answer is, "we are Democrats because we are Democrats." A reply like the above is not likely to appease my hunger after knowledge any more than a printed bill of fare will appease the appetite of a hungry man.

Mr. Editor, if it would not be presuming too much, could you devote a small space in your paper to the pure principles of Democracy occasionally? We do not care for the political corruption of the opposite party. We wish to learn the virtues of our own. By giving space to the above you will confer a favor on a

### Ephraim Items.

VERY hot weather. FARMERS say give us rain so our grain can grow and give good fruit.

NIELS NIELSEN was arrested this forenoon on the usual charge, and was taken before the United States commissioner at Spring City this afternoon, to give bonds for his appearance in court when wanted.

MR. GEORGE SMITH, of Sears & Kay, Salt Lake City, was rushing among the merchants to-day.

DIPHTHERIA, the dreadful disease, has arrived here once more, after an absence of several years. It is in the family of Hans Jensen. Two of his children are down with the disease, but they are doing well, so we hope it will soon leave them again.

F. N. CHRISTENSEN lost a bright little 5-year-old girl with croup. We sympathize with the bereaved. It was buried yesterday afternoon.

WOOL is passing through every day for the north, and a good deal coming in here to the town.

THE farmers claim there will not be much hay this season. No water comes from above, and hardly any from the mountains.

### EVERY NIGHT I SCRATCHED

Until the skin was raw. Body covered with scabs like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your CUTICURA REMEDIES performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your CUTICURA REMEDIES, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the CUTICURA REMEDIES, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the CUTICURA REMEDIES to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the CUTICURA REMEDIES have done to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as white and clear as a baby's. GEO. COTEY, Merrill, Wis. Sept 21, 1887.

Feb 7, 1888.—Not a trace whatsoever of the disease from which I suffered has shown itself since my cure. GEO. COTEY.

We cannot do justice to the esteem in which CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, prepared from it, and CUTICURA "RESOLVER", the new Blood Purifier, are held by the thousands upon thousands whose lives have been made happy by the cure of acromed, humecting, itching, scaly and pimply diseases of the skin, scalp, and blood, with loss of hair.

Sold everywhere. Price, CUTICURA, 50c; SOAP, 25c; RESOLVER, \$1. Prepared by the POTTER DRUG AND CHEMICAL CO., Boston, Mass.
