Plump and Rosy Babies

"Had it not been for Lactated Food our little baby must have died. She has been using it for three months, and is a plump, healthy, rosy-checked baby."—Mrs. Mollie Lippa, Kalamazoo, Mich.

Sleep All Night, Happy All Day

"We tried other foods, but, finding none to agree with our little girl we used your Lactated Food. She began at once to gain flesh, and improved in health. Today she is as bright, lively, and hearty as any child can be, sleeping twelve hours at a stretch, and waking up laughing every morning."—Wm. & Francis, 127 1/2 Sunnyside St., Toronto, Ont.

Cutting Teeth Easily

"Lactated Food is an excellent food for teething children. My baby is using it, and is cutting her teeth this hot weather without any trouble."—Mrs. M. O. Brand, Omaha, Mo.

Saved from Cholera Infantum

"Our baby had Cholera Infantum, and until we tried Lactated Food, we could find nothing to stay on its stomach. It retained your Food without any trouble, and soon recovered."—Mrs. E. W. Logan, West Haverhill, Pa.

THURSDAY - - - August 9 1888

Briefs.

WARM days, with cool nights. NINE car-loads of fruit passed through Ogden on Sunday.

DON'T forget the foot races to-morrow at the Driving Park.

THE C. P. train yesterday morning was about two hours behind time.

THE Board of Equalization met in the County Court Room yesterday.

PROFESSOR HARKELL has ceased connection with the Argus. What next?

OVER a hundred excursionists from Park City joined the A. O. U. W.'s yesterday, and went off to Snyrause.

THE Ogden City Band intend giving a free ball on August 10th. That's right, boys, keep the ball rolling.

There is not much work done on the new depot at present; waiting for material, it is said, is the reason.

THE D. & R. G. employees in this city made quite a snow yesterday at the depot as they loaded the train for Lake Park.

Quite a colony of Ordentites is at present stationed in Ogden Canyon. Camping out becomes more fashionable each summer.

THE children of the Presbyterian Sabbath school meet at the church to-morrow morning at 8.30. A trip to Lake Park is the cause thereof.

No water as yet has rewarded the borers on Lester Park. They are, however, still sanguine of ultimately reaching the much-desired water vein.

THE city was quiet yesterday, and business correspondingly slack. The farmers are just now busy with their crops, and consequently cannot find time to visit Ogden.

AT Harrisville on Tuesday night a grand ball was held, at which a number of Ordentites put in an appearance, and "a fine time we had," one of the boys was heard to remark yesterday.

WORK on the City Hall is progressing rapidly, each day assuming more and more the appearance of a fine building that will be a credit not only to the city but to the abilities of Architect Fife.

ON Saturday next an open air concert will be given by the Ogden band. Among other pieces to be rendered, a cornet solo, "The Surf Polka," by Mr. Dave H. Gilt, will not be the least interesting.

AT the races at Hot Springs on Tuesday the mile trotting race was won by sheep, who succeeded in the first, fourth and fifth heats in catching the eye of the judges; Mormon Boy won the second and third heats.

IN connection with the excursion to Lake Park yesterday, it may be mentioned that the fare for the round trip was only 25 cents. Surely there could be no grubbing at this, especially as it included dancing both during the afternoon and evening.

WM. LARSEN, of Pocatello, while engaged at work with a circular saw, was seriously hurt by a piece of timber; his skull was fractured and his nasal organ mutilated. Yesterday he was progressing favorably under Dr. Perkins, at the U. P. hospital in this city.

MR. TUSH, who has been surveying in the Ogden Canyon for the S. L. V. & E., left on Tuesday last for the boundary line between Utah and Wyoming with a party of workmen. He will join Mr. Eddinger's line which is at present encamped on the Wasatch range, and they will work toward the Wyoming line.

Personal.

I. M. FINGER, of Keiton, is in town.

E. G. WENZEL, of Chicago, registered at the Broom.

MR. JENSEN, of Jensen & Critchlow, came up on Wednesday.

H. L. MAUNT, superintendent of the Doreville Co-op., was making purchases yesterday.

W. A. WETMORE, manager of the Colorado Coal and Iron Company, Salt Lake City, was up yesterday.

Police Court.

John Lindstrom was fined \$50 for the offence of shooting at Lynne. He liquidated the debt and departed, a wise though doubtless a much sadder man.

Charles Ferrin, a plain drunk, was arrested by officers G. R. Belnap and W. W. Elmer. He was arraigned, fined \$10, and was fined \$10, which he paid.

Grace Strall, a female drunk, was arrested in lower 15th Street by officer M. F. Brown, and will have a trial today.

More truth than poetry—Found in a physician's album: "A pistol sometimes misses fire, but a thorough draught never fails to bring down its victim."

Practical philosophy—Captain of amateur baseball team (after slipping half a dollar into the umpire's hand): "Take care of the umpire and the game'll take care of itself."

Of all Things in the World

A tonic is what nervous people require. To impart strength into the nervous organism is to insure its tranquility, provided causes of unhealthy excitement are avoided. A medical tonic that like Hostetter's Stomach Bitters—commands the unqualified sanction of the healing profession, and which institutes a general reform in a bilious, dyspeptic and debilitated condition of the system, is surely entitled to a careful trial by intelligent people, capable of forming a due estimate of a medicine, from emphatic and often recurred professional evidence in its behalf. Not only are the nerves and stomach invigorated by the Bitters, but the system is also endowed with unwaited power of resistance to influences in air, water or daily avocation subversive of health. Prominently dangerous among the first named of these is malaria, against which Hostetter's Stomach Bitters afford a competent safeguard. Rheumatism and kidney troubles are also prevented and overcome by it.

WIVES AND DAUGHTERS.

You have often seen them with pale faces, poor appetites, head and back ache, gynecitic troubles common to the sex. Fathers and mothers, issue no time in securing Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y.

My Thoughtful Wife

induced me to try Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y., you know, and after two weeks' trial I was completely cured of malarial fever, associated with impure blood and derangement of the whole system. I had previously tried other preparations without any benefit. Thanks are due my wife and Dr. David Kennedy's Favorite Remedy.—Thos. G. Spence, 164 12th St., South Brooklyn, N. Y.

A Fortunate and Grateful Woman.

Mrs. J. H. Giles, of Everett, Pa., says:—I suffered for many years from Kidney and Gravel troubles. The pains from the gravel were simply awful. Besides I had other complaints common to my sex. No physicians or medicines at home did me any good. I finally visited my former home in Rondout, N. Y., and being using Dr. David Kennedy's Favorite Remedy, made in that place. A few words tell the result. I am a happy and perfectly well woman once more. Thanks to Dr. David Kennedy's Favorite Remedy.

Dr. David Kennedy, Rondout, N. Y.

Some time since I was troubled with blood coming out on my breast of a scrofulous character, and my general system seemed to be out of order. I was induced to try Dr. David Kennedy's Favorite Remedy. I did not begrudge the dollar for the first bottle drove the eruption away, and I felt better every day. I consider it a splendid blood medicine, and I hope my testimony may induce others to use it.—Henry S. Burdige, Rochester, N. Y. If your draught does not keep the medicine address the proprietor, Rondout, N. Y.
