MYSTERIOUS MURDER.

A Repetition of the White-chapel Horror.

ANOTHER GHASTLY AFFAIR.

The Fiend Murderer Still at Large, With no Prospects of His Apprehension

Another London Murder.

LONDON, November 9.—The murder fiend added another to his list of victims. At 11 o'clock this morning the body of a woman, cut into pieces, was discovered in a house on Dorset Street, Spitalfields. The police are endeavoring to track the murderer with blood-hounds.

The remains are mutilated in the same horrible manner as those of the woman murdered in Whitechapel. The appearance of the remains is frightful, and the mutilation was even greater than in the previous cases. The head had been severed and placed beneath one arm, the ears and nose had been cut off the body was disemboweled and the flesh torn from the thighs. The womb and other organs are missing. The skin had been torn off the head and cheeks and one hand had been pushed into the stomach.

THE VICTIM.

The victim, like all the others, was a prostitute. She was married. Her husband is a porter. They lived together at spasmodic intervals. Her name is believed to have been Lizzie Fisher, but to most of the habitués of the haunts she visited she was known as Mary Jane. She had a room in the house where she was murdered. She carried a latch key and no one knows at what hour she entered the house last night. Probably no one saw

THE MAN WHO ACCOMPANIED HER,

therefore, it is hardly likely he will ever be identified. He might easily have left the house at any time between 1 and 6 this morning without attracting attention. Doctors who have examined the remains refuse to make any statement until an inquest is held. Three blood hounds belonging to private citizens were taken to the place where the body lay and placed on the scent of the murderer, but were unable to keep it for any great distance, and all hope of running the assassin down with their assistance will have to be abandoned.

The murdered woman told a companion last evening that she was out of money and would commit suicide if she did not obtain a supply. It has been learned that a man, respectfully dressed, accosted the victim and offered her money. They went to her lodging together. No noise was heard during the night, and nothing was known of the murder until the landlady went to the room early this morning to ask for her rent. The first thing she saw on entering the room was the woman's breasts and viscera lying on the table.

Heavy Snowstorm.

KANSAS CITY, November 9.—The heaviest snowstorm ever known at this season of the year began at 3 o'clock this morning, and is still raging with unabated violence. The storm is general all over the State.

Fatality in a Coal Mine.

PITTSBURG, November 9.—The falling of slate at the Willow Grove coal mines, this morning, crushed to death Jules Lees and an unknown boy.

Ringing Noises

In the ears, sometimes a roaring, buzzing sound, are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at A. C. Smith & Co's. Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

It was once supposed that scrofula

could not be eradicated from the system; but the marvelous results produced by the use of Ayer's Sarsaparilla disprove this theory. The reason is, this medicine is the most powerful blood purifier ever discovered.

Exploring the Interior of Greenland.

LONDON, November 9.—A vessel which arrived in a Norwegian port reports Nansen, curator of the museum at Bergen, who, with four Norwegian athletes started from Copenhagen in May to explore the interior of Greenland, succeeded in crossing the inland ice and arrived at Godthaab.
