FIFTIETH CONGRESS.

The Tariff Bill Slowly Progressing.

CALL OF STATES IN THE HOUSE

To Incorporate the Lamm Inter-State Railway Company—Evils of the Tariff.

SENATE.

WASHINGTON, January 21.—After some preliminary matters, the Senate took up the tariff bill.

Allison asked unanimous consent to have the debate limited by the ten minute rule after 3 o'clock.

Vance objected. The question being on the amendment offered by Brown, last Saturday, increasing the rate on rice, Morgan read a speech controverting some of the positions taken by Brown. The discussion on the rice question soon became mixed up with the sugar question, and Gibson advocated adequate protection for both.

Butler said he would be glad to see the bill so arranged as to afford ample and exact justice to every industry. He believed the intention of the finance committee was to aim a blow at rice, sugar and other commodities, because certain Senators on the Democratic side would not acquiesce in the

MONUMENTOUS PROPOSITIONS OF THE BILL. The Senators were now going through a farce of pretending to those persons out of whom the fat had recently been fried, that they would get an opportunity under the tariff of trying fat out of the taxpayers, and recovering what they paid for election purposes. The Senators were perfectly aware that it could not become a law, but they had a certain part to play, and they were playing it.

After further discussion Aldrich suggested that the rice paragraph go over till to-morrow, and that in the meantime the finance committee would examine the facts and figures represented by the Senator from Georgia (Brown). The suggestion was agreed to, and the rice paragraph went over till to-morrow on the suggestion.

Vest agreed that the general debate shall go on to-day till 5 o'clock, after which the ten minute rule be enforced, all debate to cease to-morrow at 5 o'clock.

AND VOTING BEGAN.

Schedule K, wool and manufacturers of wool, was then taken up.

Vance moved to amend the first paragraph of it by making it read all wool of the alpaca goat and other like animals shall be admitted free of duty, and addressed the Senate in support of the amendment. After speaking some time, Vance yielded to Allison, who reported several amendments to the wool and woolen schedule. The amendments were sent to the printer without being read and are in effect that paragraph 346, taxing wools of the first and third class 11 cents per pound, the words "and second" are struck out and the words wool of the second class 12 cents per pound are added. In paragraph 346, which taxes wools valued at not over 12 cents per pound, 6 cents per pound, the tax is increased to 8 cents. In paragraph 247,

RELATING TO WOOLS

of the third class valued at 12 cents or less per pound, the tax is increased from 2 1/2 to 4 cents per pound. In paragraph 348, relating to wools over 12 cents in value, the tax is increased from 6 to 8 cents. In paragraph 354 the words "and worsted" are inserted twice, so as to make it read, "woolen and worsted cloths, woolen and worsted shawls," and the rate of 40 cents per pound of cloths valued at above 40 cents per pound increased from 40 to 45 cents; a like change is made in paragraph 355, increasing the rate on flannels, blankets, etc., valued at above 60 cents per pound, from 40 to 45 cents per pound. Paragraphs 356 and 357,

INCREASING THE RATES

in two provisions applying to goods weighing over four ounces per square yard from 40 to 45 cents per pound. In paragraph 358, as to ready-made clothing, the rate is increased from 40 to 45 cents per pound. In paragraphs 361, 362, 364, 365, 366, 367 and 368, carpets, the ad valorem rate is increased from 30 to 35 per cent. In paragraph 369, from 40 to 45 per cent.; and 371, endless belts for paper or printing machines, from 30 to 35 per cent.

Vance then concluded his speech, and was followed by George by some general observations on the bill. Without further debate the Senate took recess until 8 o'clock.

HOUSE.

WASHINGTON, January 21.—Under call of States for the introduction of bills for reference, Vandever, of California, introduced a joint resolution requesting the President to open negotiations with Mexico for the cession of Lower California to the United States. Payson, of Illinois, then introduced by request, a long bill incorporating the Lamm Inter-State Railway Company, and demanded its reading. This completed, he introduced a bill to establish a uniform system of bankruptcy, and called for its reading. Payson had a double object in filibustering: one to force the friends of the Oklahoma bill to accept certain amendments, the other being to prevent consideration of the Union Pacific funding bill under the suspension of rules. Both of these points were conceded to him, and he withdrew the bankruptcy bill.

Then Weaver, of Iowa, began filibustering, which finally ended in the passage of a resolution providing for a

final vote on the Oklahoma bill at 4 o'clock Thursday. Herbert, of Alabama, from the committee on naval affairs, reported the naval appropriation bill. Calendar.

Under instructions from the committee on Indian affairs, Peck, of Arkansas, moved to suspend the rules and pass the bill authorizing the five civilized nations of Indians to lease the lands within their boundaries for mining purposes, subject to the approval of the Secretary of the Interior. On motion of Montgomery, of Kentucky, the rules were suspended, and the bill passed to increase the maximum amount of international money orders from \$50 to \$100. Adjourned.

FEARFUL CASUALTIES.

The Daily Railroad Horrors and Shipwreck Disasters.

EVANSVILLE, Ind., January 20.—The officers of the steamer Dawes, which arrived here this evening, report a disastrous wreck on the Louisville, St. Louis & Texas Railroad bridge across Green River, at Shottsville, Ky., eighteen miles above this city, in which five men were drowned and several fatally injured. There are no telegraphic or telephone communications from that point, but the facts, as near as could be ascertained, are as following: Last Thursday, the Louisville, St. Louis & Texas Railroad was granted an injunction by the circuit court of Henderson County, against the Keystone Bridge Company from interfering with the plaintiff's trains running over the bridge. The order, it seems, was obeyed, until this morning, when the bridge company sent a force of men to the bridge, driving the railroad employees off, and at once commenced tearing up the track and a portion of the ties from the draw of the bridge. About 3:30 o'clock this afternoon, while the work of tearing up the ties was in progress, the other end to overbalance, when it broke in two precipitating about twenty working men into the river, five of whom are known to have been drowned and seven seriously, if not fatally, injured by falling timbers and iron. Later reports say a dozen were killed.

FATAL RAILROAD ACCIDENT.

KNOXVILLE, Tenn., January 20.—A passenger train on the East Tennessee road ran into a freight at Rader's Station, last evening. The engineer, fireman and a man named Rufus Parry, of Johnson City, were killed, and several others slightly wounded.

RUN INTO THE REAR END.

SHAMOKIN, Pa., January 21.—The south-bound passenger train on Philadelphia & Reading road, this morning, ran into the rear end of a freight near Locust Gap. Engineer Weimer, of the passenger train, was fatally injured. The passengers were badly shaken, but none of them are seriously injured.

WEST ASHORE.

HULL, Mass., January 21.—A barge went ashore here this morning, and three of the crew were drowned. A large three-masted schooner is ashore on Big Eight Spit.

A Dead shot.

MEMPHIS, Tenn., January 21.—William Sapp, of Texas, a student at the medical college here, had a fight to-day, with Lee Palmer, a negro. After several blows were exchanged the negro ran towards his house. Sapp fired two shots at Palmer, both of which struck Palmer's 16-year-old sister. Sapp was arrested.

The Deadlock Broken.

CHARLESTON, W. Va., January 21.—The deadlock in the Senate was broken late this evening on the 126 ballot, by electing R. S. Cair, Union Labor Senator from this city president. The balance of the organization will take place to-morrow. The deadlock has lasted since the 9th inst.

A Cranky Minister.

PATERSON, N. J., January 21.—Rev. Mr. Lockwood, pastor of the Reformed Church, at Fairfield, while suffering from acute dementia, made a horrible attempt to burn up his family. Owing to his wild threats they barricaded themselves in a portion of the house. The madman then kindled a fire in the centre of each room, and as the flames sprang up in each room the husband and father made threats to drain his family who could not escape. Neighbors, attracted by the flames, quickly gathered and secured the maniac minister and rescued the family just in time.

Hayti Matters.

NEW YORK, January 21.—The steel cruiser Atlantic left Brooklyn Navy Yard this morning. She has been ordered to report to Admiral Luce at Hayti.

Captain Dahm, of the brig Alice Bradshaw, which left Aux Ayers January 1st, and arrived in port this morning, reports that General Paul, of Legitime's forces, has deserted with his army of 2,000 men and joined his fortunes with those of Hippolyte outside of Port-au-Prince.

Key West, Fla., January 21.—The Galena and Admiral Luce arrived from Hayti to-day.

Emigrating Irish.

DUBLIN, January 21.—Four hundred families leave Limerick to-morrow for Buenos Ayres, despite the repeated warnings from the Bishop of Limerick.

A Wrestling Match.

SCRANTON, Pa., January 21.—A wrestling match, catch-as-catch-can, between the Jap Matsada Serakichi and the Greek Antonio Pierre, resulted in a victory for the latter by a terrible struggle, in which the Jap was strangled so that blood flowed from his nostrils. He

won the first bout in a few seconds. He was strangled and downed in the third, but in spite of his weakness he struggled forty-seven minutes before the Greek succeeded in downing him. The crowd was exceedingly exasperated at the rough treatment accorded the Jap, and it was nearly developing into a riot at one time.

Emma Abbott.

MEMPHIS, January 21.—Emma Abbott reappeared here to-night in Norma. She was greeted with a perfect ovation.

Shot His Wife.

PHILADELPHIA, January 21.—Thomas Preston, aged 24 living at Center and Hancock Streets, Germantown, fatally shot his 19 year-old wife, Sallie A., this afternoon, while she was nursing their babe.

Mrs. Gould's Will.

NEW YORK, January 21.—The will of Helena S. Gould, wife of Jay Gould, was filed in the surrogate court to-day. The executors are Jay Gould or his descendants and Daniel S. Miller, Jr. She bequeaths all her jewelry, wearing apparel and silver to her two daughters, Helen M. and Anna, and sets apart a fund of \$30,000 for each of the children. Her real and personal property is divided between her children, share and share alike.

Prominent and Wealthy.

PITTSBURG, January 21.—Joseph Fleming, a prominent and wealthy wholesale and retail druggist of this city, was sentenced to-day, to three months' imprisonment in Mercer County jail, and a fine of \$500, for selling liquor without a license.

McPherson Gets There.

NEWTON, N. J., January 21.—The Representatives to-night, nominated Hon. Wm. J. Sewell, of Camden, as candidate for United States Senator. The Democrats nominated Senator McPherson, but getting twenty-five votes to eighteen for Ex-Governor Abbott.

His Vindication Complete.

WASHINGTON, January 21.—The vindication of Judge Vincent, who was removed from the office of Chief Justice of New Mexico by President Cleveland last summer, and who was recently offered the judgeship in Montana by the President, was made complete to-day so far as the administration could effect it. In the Supreme Court Attorney-General Garland moved that Judge Vincent be admitted to practice, enjoining him in the warrant terms, whereupon his name was placed on the roll of attorneys.

THE UTAH WOOL-GROWERS.

The Association to be Incorporated—Payments to be Made.

To the Members of the Wool Growers' Association:

At the annual meeting of the Association, January 15th, 1889, it was decided by a large majority of those present, to incorporate our association. The association had a balance of money on hand belonging to the members in proportion to the amount of wool shipped by each. The distribution of this money will be made on the same basis as Zion's Benefit Building Society and the Mutual Aid Society of the Utah Central Railway Company; that is pro rata. A member having shipped 10,000 pounds of wool will receive ten times as much as a member that has shipped 1,000 pounds. The secretary is now working on this statement, and when completed will notify each member of the amount due. Upon receipt of this notice you are requested to notify the secretary immediately, whether you wish to join the incorporation and receive the amount due in stock of the company, or the money. If the money, a check will be forwarded you for the amount due; if the stock, a certificate of stock in the incorporation for the amount due. All the objects of the Association can be more thoroughly accomplished by incorporating. We cordially invite all who are or have been members of the association to join with us in forming this incorporation, the articles of which will be so drawn as to assure the protection of each and every individual's interest in the new corporation.

By order of the Board of Directors. J. H. EREKSON, President.

THE "HERALD" DRAWING.

In Answer to Many Inquiries We Publish the Following:

The 1,250 prizes are to be limited to the "Semi-Weekly Herald" alone, and the number being so large everyone has an excellent chance. The drawing will be conducted publicly early in 1890, due notice being given in advance. The plan will be the simplest and fairest possible. Every premium receipt issued is numbered. A duplicate of every number issued is retained in this office. All these numbers will be placed in a box and a blindfolded child will be selected to draw them out. The first 1,250 numbers drawn will entitle the holders of the corresponding numbers to the prizes. The prizes will be numbered from 1 to 1,250, graded according to their value. Thus the city lot (value \$100) is Prize No. 1. The Holstein bull (value \$200) is Prize No. 2; the Kimball organ (value \$110) is Prize No. 3, and so on down to the 1,250th. The first number drawn from the box entitles the holder of that number to Prize No. 1; the second to Prize No. 2; the third to Prize No. 3, etc. The drawing will be presided over by a committee chosen by holders of tickets. A record is carefully kept of all numbers issued, so that it can be ascertained once where the lucky holder resides.

REMEMBER, the Semi-Weekly Herald, ten pages, the brightest, largest and finest family paper in the west, goes with a chance in the drawing FREE—one year in advance only \$3.00.

THE SAMOAN ISLANDS.

Nothing New Developed Up to Date.

OUR CHANCES IN CASE OF WAR.

What San Francisco Papers Say—Another Man-of-War Goes to the Islands—Some Anxiety.

SAN FRANCISCO, January 21.—Referring to the Associated Press accounts of the recent events in Samoa, the San Francisco Chronicle says that concurrent testimony at the action of the Germans, shows they brought upon themselves that which overtook them, as it was not until two of Mataafa's chiefs were killed that he ordered his men to fire. The Germans bombarded the villages, although warned by the American consul that the houses in them belonged to American citizens; over these houses were American flags floating, yet the flags were torn down and partially burned by German soldiers. Various correspondents also give accounts of the insult to the Americans in neutral districts. Mataafa has threatened that if the Germans attack his men again he will destroy all the German company's property on the islands.

The San Francisco Examiner says: "It is easy to see why German officials spread reports of American interference. They have treated American citizens and the American flag with indignity that demands

EXEMPLARY REPARATION.

and they thought it advisable to put in a counter complaint in time. In the devastation of the Samoan towns they seemed to take especial pains to single out the property of Americans for destruction, while the United States man-of-war Adams was at Apia. Early in the morning an American man's house was invaded and his country's flag torn into pieces by Tamassese's men from the stronghold at Melinuu Point. Captain Leary, of the Adams, asked the German consul whether Tamassese was under German protection, and waiting to get a reply, began making arrangements for

LANDING A BATTALION

and throwing up fortifications facing Tamassese's fort. He was determined if no satisfaction was given for the outrage to take Tamassese prisoner. The intention of Captain Leary becoming known, great commotion ensued in Tamassese's camp, and at 10 o'clock the same night an evacuation of Melinuu Point was begun with vigor. The Samoan flag sailed from Apia prior to the occurrence of December 8th, and is now at Honolulu.

At 4 o'clock this afternoon the United States man-of-war Vandalia left the Mare Island Navy Yard bound for the Samoan Islands, the present seat of warlike disturbances.

AT THE NAVY YARD.

WASHINGTON, January 21.—It is said at the Navy Department that it will take at least six weeks for the war ships Trenton and Vandalia to make the voyage to Samoa; that the Nipic will be the only United States vessel at that country from now until after the 4th of March. No additional information in regard to the state of affairs in Samoa has been received by the State Department.

LONDON, January 21.—Pheips, United States minister, held a conference to-day with Lord Salisbury on Samoan affairs.

At the State Department and German legation there is considerable

ANXIETY AND APPREHENSION

concerning the state of affairs at Samoa. The German minister avoids all interviews.

Secretary Bayard says the State Department has not received any information of an alarming character from Samoa since he transmitted all correspondence on the subject to Congress last week. Subsequent dispatches, he says, are rather of a reassuring nature. The threat of property and treaty rights of all Americans," said the secretary, "will be protected, and so will the Samoans, in their right to self-government, without any interference from without."

New York, January 21.—Admiral Gherardi says that in case of

WAR WITH GERMANY

over Samoa, the scene of operations will probably be confined to that island, and though our navy is weaker than Germany's we would have a decided advantage in being able to throw a large body of troops on the ground much quicker than Germany.

AUCKLAND, January 21.—The German man-of-war Eber, which left Samoa on the 11th, is here. The officers denounce the reports sent from Apia by way of San Francisco, and declare the alleged statements of the tearing down of the American flag and the burning of American houses and firing upon British subjects as unwarranted.

SUPREME COURT DECISION.

Utah Decision Reversed by the Highest Authority.

WASHINGTON, January 21.—In the Supreme Court to-day an opinion was rendered in the case of William G. Gallagher, appellant, vs. Thomas R. Jones, an appeal from the Supreme Court of the Territory of Utah. It turns upon the case of a loss sustained by Gallagher through a refusal or neglect of his broker, Jones, to follow his instruction in a stock transaction. The court holds that the broker is an agent and is bound to follow the instruction of his principal or give prompt notice that he

declines to continue the agency. It therefore decides that Jones is liable for damages for not notifying Gallagher by telegraph that he would not convert certain stocks into other stocks as he was ordered to do. The measure of damages which should be awarded where the stock advances in value after the order to buy has been given, the court holds, should be the highest intermediate value which the stock attains between the time the order was given and a reasonable time after a notice of failure to buy stock is given to the intending purchaser, in order that he may make a new order. The decision of the lower court in favor of Jones is reversed.
