

THE FLOUR FLURRY.

Prospects of Dealers and Millers Seeing Eye to Eye.

MORE REAL ESTATE TRANSFERS.

A Lively Ogden Spurt - Wyoming, Salt Lake & California Railway - Brief Business Bits.

The war between the millers and the dealers still goes on, but from inside sources it is learned that the dealers are commencing to weaken, and that there is a prospect of four again assuming a figure somewhere near, at least, where it was before the fight commenced.

A Lively Ogden Spurt.

The Ogden Standard made another big spurt for itself and our sister city yesterday, by coming out with its long-promised book edition, especially illustrated with cuts of buildings present and to come in Ogden.

In this connection it will not be amiss to

quote the following letter received by one of our leading real estate firms from the cashier of the Hawkeye savings bank, Des Moines, Iowa. It illustrates the contemptible methods Ogden boomers pursue.

DEAR SIR:—In my recent letter to you I did not get in quite as much inquiry for information as I should want, and now beg the privilege of supplying the omissions. I have for some time been reading the Ogden Commercial, and I also have some acquaintance with the members of the "Ogden Land and Town company," which company, having bought, or contracted for, land around Ogden, are "booming" the city.

This letter was given to all the prominent real estate firms of the city to answer, and copies of THE CHRISTIAN HERALD and daily issue of this paper forwarded Mr. Ransom, so that he will probably have his eyes opened.

Brief Business Bits. Look out for cheaper coal about July 1st.

The Deseret savings bank expects to be ready for business by July 1st. The chamber of commerce attracted quite a number of visitors yesterday.

The Deaf Mute institute has nearly reached the top of the basement story. It will not be many days ere active work will be begun on the chamber of commerce building.

Applications for particulars concerning the capital building continue to shower upon Secretary Blair.

W. S. Simpkins has presented the chamber of commerce with several handsome copies of the product of his pen, the South Beautiful, immediately north of this city.

A small army of stone masons is at work on the stone steps to be placed on the west entrance to the university building.

They are of Sappho's olive, and will be massive and imposing in appearance.

The Schweitzers and young Mr. Hirschman, son of Moses Hirschman, Esq., have bought Joe Oberdorfer's lease on his property, and a good stiff figure and will open a boot and shoe store there about August 1st.

Rumors were afloat yesterday to the effect that immediately after the consolidation meeting of the various railroads centering here, to be held on the 11th of next month, work will be commenced on the Utah & Nevada, looking to making it a standard gauge.

Such action must undoubtedly be taken in the near future, and it is probable the work will be undertaken about the same time the Utah & Northern is widened.

The morning of the eight roads in this vicinity into one system would seem to demand the widening of the Utah Nevada's gauge, when the necessity for transferring would be abolished.

Mr. J. F. Smith, editor of the Ft. Abencrombie, Dakota Herald, says: "The most wonderful medicine I have ever met with, is Chamberlain's colic, cholera and diarrhea remedy. In case of colic, it gives speedy relief. On hunting trips I have found it indispensable. Put it in alkali water, it imparts a pleasant taste and prevents the painful diarrhoea, which alkali water produces."

CASTORIA for Infants and Children. "Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

"Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion. Without injurious medication."

"Insure To-day; To-morrow May Be Too Late."
