LAST night the man having charge of the reservoirs in City Creek cañon reported to Chief Engineer O'Hara that during the past few days a party of men came up the cañon and commenced surveying and staking off land just above the twentieth ward. After a while a wagon load of lumber was taken up. This looks as though another attempt would be made to jump city land, although the parties are not yet identified as legitimate. The matter was reported to Marshal Young last night, and he will investigate it this morning.

A MEETING of property-owners on Commercial street was held at the office of Spencer Clark on Saturday evening, the 26th inst., for the purpose of organizing a committee to petition the city council, when the question was finally referred to a committee consisting of Messrs. Dyer, Pennington, Donnell, Clayton and Lyman. It being the sense of the meeting that all other things being equal, preference should be given to home material. The committee will probably make a report in a few days.

WORK WAS STOPPED.

Mayor Scott Blocks the Street Railway Company.

REASONS GIVEN FOR SO DOING.

Messrs. McCune and Chambers Give Their Side of the Story, and Make a Most Excellent Showing.

There was another little breeze yesterday. In other cities it would not have, perhaps, caused much of a sensation among any class of citizens, but here it was different. It was here, where such things are unusual, and where the services of the police are called into requisition mainly for the taking care of plain drunks, and the tracking of petty thieves, it made considerable commotion.

Early yesterday morning residents of First East street and Cañon road were not a little surprised by the sight of at least one hundred men on the streets, and they were working with a will, putting down ties and laying railway iron. The contractors for a couple of hours more, when the workers were considerably astonished by the appearance on the scene of the city marshal and a couple of policemen, who ordered the work stopped at once. As the men were not in the employ of the city, their attention was first paid to the command, but threats of arrest being made unless the demands of the officers were complied with, work was finally suspended.

The heads of the railway company having appeared on the scene, while there was no particular commotion where the men were at work, considerable excitement was caused on the main streets, where rumors were afloat to the effect that the city council had resolved to discontinue the city's order. As a result, a crowd gathered around, eager for news as to the cause of the strike.

THE WATCHWORD OF THE EARNEST REAL ESTATE MEN.

REAL ESTATE EXCHANGE FORMING

Able Discussion and Good Work Accomplished at the Meeting Held Last Evening.

The real estate men were an august tribunal and they discussed the constitution and rules of the proposed exchange with all the earnestness and eloquence of a judicial body. The deliberations of a constitutional convention assembled to frame the laws for the government of a new republic.

It was the general opinion of those present that every amendment proposed by the exchange and that every change proposed and voted down was a vindication of the wisdom of the framers of the instrument.

As many members of the licensed real estate men in the city, who were not members of the exchange, were present, and they were all in favor of the exchange, it is believed that the exchange will be organized in a few days.

The secretary read from THE HERALD'S published report, and when no objection was made the different articles and sections stood approved.

The first objection to the report was made by Mr. Brown, who argued at length in favor of increasing the number of members from three to eight members, and to make the president of the exchange an ex-officio member of the committee on the constitution and by-laws.

Mr. Brown also pointed out the importance of organizing on a basis by which the exchange could be incorporated, and suggested that the committee be known as the executive board of the exchange.

The article requiring that all special appointments be made by the executive board of the exchange was amended so as to read: "two-thirds of all the members present at the meeting."

A motion by Mr. Waterman to increase the annual dues from \$12 per annum to \$20, payable semi-annually in advance, was adopted.

The exchange was to get all the reliable real estate men in the city, and to make the exchange a body of men who would make many good men hesitate and hold back to see whether it was worth the investment of their money.

The meeting adjourned until this evening when every real estate man in the city is expected to be present to complete the work.

The Park City Ice Company. The articles of incorporation of the Park City Ice Company were filed with Secretary Selig yesterday.

The corporation is to exist for the purpose of manufacturing, buying and selling ice. The capital stock is placed at \$100,000, divided into 1,000 shares of the denomination of \$100 each.

THE JUNE RACES.

Purses to the Amount of \$8,000 Insure a Big Field.

SOME FAST HORSES ABOUT TOWN.

Salt Lake noted for its Big Pools, and Turf Men Fond of Chancing the Big Stakes.

Salt Lake city is bloated. The pool boxes two years ago held \$100,000 which changed hands on the hazard of the race.

The lovers of turf sports are to have June races that from present indications will be the best ever seen in this city.

Mr. Gillespie, who is one of the owners of the Utah Driving association grounds, is already arranging the schedule for the summer races.

As the Denver races close June 7, and the Wyoming races do not begin until July 14th, the splendid pool will suit this city very well, and the five days' races here will give during the week of June 10th. The purses will amount to \$8,000 and together with the reputation of Salt Lake's big pools will swell this to a much larger sum in the eyes of the betting fraternity.

This circuit includes Denver, Salt Lake, Leadville, Butte and Anaconda. The purses of Butte and Anaconda are to aggregate \$45,000, which will attract all the best horses of the slope and as well as many from Colorado and Kansas, and the races being wedged between those of Denver and Wyoming, there is every assurance of a big field of fast flyers.

A number of new horse fanciers have recently come to this city, and this with the old ones, will make a good looking field. Black Creek, owned by a Nebraska man, is said to show a great deal of speed. A. G. Baskin's horse is specially fine. F. H. Dyer has a good trotter, and Tom McCoy's Tom Linderman has a record of 2:24. William's Florence Owl has a record of 2:24. Carrigan's horse, J. C. is booked at 2:24. M. C. Custer has a horse that is a record of 2:24. William's Florence Owl has a record of 2:24. Carrigan's horse, J. C. is booked at 2:24. M. C. Custer has a horse that is a record of 2:24.

Some matched races. J. D. Kinney has matched his fine pacer against Pat Kennell's Boy R. for 800. Another match is between A. G. Baskin's horse and another at the same time.

In addition to "Beautiful Evangeline" Fortescue will introduce his specialty of "Little Lord Fauntleroy" at Grand opera house to-night.

CONTRACTS AWARDED. Mr. J. Douglas Perkins has contracted for the immediate erection of ten houses, costing from \$1,050 to \$2,500, on Park and Grand view addition, to be sold on easy payments.
