

THE DAY ON 'CHANGE

Forty-Five Thousand Shares Changed Hands Yesterday.

A NEW MINING DISTRICT FOUND.

A Tintic Deal-The Utah Oil Well-On the Greeley Ledge An Alum Deposit Discovered.

When the members began to gather at the morning call at the stock exchange, the barometer indicated a squally weather. The members nervously paced the pit and anxiously awaited the opening of the call.

HAPPENING EVERY DAY.

A Pathetic Incident from the Streets of a Great City.

"Please, sir," plaintively began the little boy, "can you?"

The Minister's Wooing.

The sale of Woodside was the first that has been made in the memory of the oldest broker, and the sales of the day which reached nearly 45,000 shares, were ahead of any day's sales for some time past.

On the Greeley Ledge.

D. Hepburn, one of Alta's veteran mining men, is in the city spending the holidays. He was seen yesterday and asked concerning the prospect which he is working, which is known as the Shallow. He said "we are located about two thousand feet from the Greeley mines and have found some rich ore resembling that being taken from the Greeley, which leads us to believe that we are on the Greeley ledge. We are not prepared to work in the winter while snowslides are so serious, and we have discontinued operations until spring, when we will rush the work, as fast as possible." He was quite enthusiastic over his prospect and appeared very confident that he had struck it rich.

A New Mining District.

Messrs. Barber and Rose have recently organized the Omega Mining district in Juab county, Utah, in one of the desert ranges south of Dugway district. The ores are medium grade galena and sand carbonate. The formation is a silicious lime

stone, bordering on a slate or shale belt.

The surface showings indicate permanency and large ore bodies. The district has a beautiful supply of wood and water and is near enough to the contemplated Deep Creek railroad to make the ores available for the Salt Lake market. The gentlemen think that with a little development Omega will soon become quite an ore producer. W. T. Barber was elected recorder of the district.

The Utah Oil Well.

Work on the oil well, which has been progressing for some time at Green River, has been suspended, owing to a cave which resulted in the loss of tools and serious inconvenience. The tools have nearly all been recovered, but it became necessary to put down a pipe. Tubing of the necessary size could not be obtained in this city, which caused another delay. The material is arriving now, however, and a portion will be shipped to-day. The well had reached the depth of about one thousand one hundred feet at the time the accident occurred and the prospects for Utah oil were very good.

MR. ELLIS'S LECTURE.

A fair sized audience assembled at the theatre last evening to hear Charles Ellis lecture on "The Test Oath." Mr. Ellis was warmly received, and many of the strong points in his lecture, which is certainly the best he has ever delivered in this city, were heartily applauded. The speaker started out by saying that he should demonstrate that to-day naturalized and native-born American citizens of an American state are being deprived of the right of suffrage for no overt act against the government, for no crime, but for believing that the Bible is the infallible word and will of God. The lecture was a fulfillment of this proposition, for by law the Bible is shown if the test oath were honestly administered it would disfranchise not only the Mormons, but every man who accepts the Bible as the infallible word and will of God. Mr. Ellis has been kept busy delivering lectures of late, and he has been warmly received wherever he has spoken. He goes next to Lehi and Springville.

Sommer Pianos.

The Architects' Association.

The architects held their regular meeting at the office of Carroll & Kern yesterday evening and completed their organization. The permanent officers of the association are: Henry M. Nelson, president; W. D. Kern, vice-president; F. H. H. Hedges, secretary; H. S. Hedges, treasurer, and these gentlemen with W. G. Ware form the board of directors. The meeting was taken up in discussing plans for the welfare of the organization.

More Inquiring About Salt Lake.

Letters of inquiry concerning Salt Lake have been received by Secretary Gillespie at the chamber of commerce from the following points: Chattanooga, Tenn.; Springfield, Mass.; Pittsburg, Pa.; St. Louis, Mo.; York, Pa.; N. Y.; Marlinton, O.; Preston, Kan.; Elmira, N. Y.; Macon, Ga.; Devoston, O.; Charleston, Tenn.; Rochelle, Ill.; Jeffersonville, Ind.; Omaha, Neb.; Duland, England, three very interesting letters from the Rock, Ark.; Hampton, Va.; three West Liberty, Ia.; Altam, Pa.; Eunice, Tenn.; Marietta, Ga.; Worcester, Mass.; Newburg, N. Y.; Three Rivers, Mich.; Springfield, O.; Bridgeport, Mich.; New Market, Md.; Akron, O.; Ohio City, O.

The Real Estate Exchange.

The real estate exchange resumed its regular daily call meetings yesterday morning. After the meeting had been called to order the revised list of members, after all delinquents had been stricken off, was read and showed that the exchange was in a very flourishing condition with a large roll of active and paid up members.

Ready Notes.

Colonel Hastings, of Denver, is in the city looking after some desirable investments. J. M. Nelson yesterday sold to R. Fitch, lots 14 and 15, block 13, for \$300, all in Silver Lake Driving park.

The Sales Made Yesterday.

J. H. Whelan to Josephine B. Thompson, lots 28, 29, 30 and 31, block 31, Deaver City, \$500. J. H. Whelan to Josephine B. Thompson, lots 28, 29, 30 and 31, block 31, Deaver City, \$500. J. H. Whelan to Josephine B. Thompson, lots 28, 29, 30 and 31, block 31, Deaver City, \$500.

Abstracts of title to real estate situated in Salt Lake county, neatly, accurately and promptly furnished by the county recorder.

THE SALT LAKE ABSTRACT, TITLE, GUARANTEE & TRUST COMPANY.

An Appreciative Listener.

Customer-I want some kind of a door spring, and one that won't get out of order. Hardware Dealer-A door spring? Customer-Yes, and one that won't require the strength of an elephant to open. Dealer-Hen!

Would Save Trouble.

A prominent citizen was seen digging a large hole in his front yard. "What are you doing?" some one asked. "Making a pond."

A Very Appropriate Gift.

"Mamma," said a Brooklyn girl, "what would be an appropriate Christmas present to give Albert?"

A New Mining District.

Messrs. Barber and Rose have recently organized the Omega Mining district in Juab county, Utah, in one of the desert ranges south of Dugway district. The ores are medium grade galena and sand carbonate. The formation is a silicious lime

BUSINESS AFFAIRS.

Another Street Car Line Being Contemplated.

THE ARCHITECTS' ASSOCIATION.

Real Estate Exchange-Yesterday's Realty Transfers-More Inquiries Concerning Salt Lake.

A meeting of residents and property owners who are interested in the rebuilding of the country over Jordan, was held yesterday afternoon at the residence of Melvin D. Cook, about five miles west of the city. About twenty farmers who own real estate in the vicinity proposed to be traversed by the new line, were present and manifested great interest in the enterprise. When the meeting was called to order, Mr. Bragel was elected chairman, and on taking the seat of honor, announced that the object of the meeting was to consider the building of a railroad from Grand Rapids northward, past Silver Lake Driving park, to connect with the Rapid Transit line, the road to run north and south along the county road, one mile west of the city limits. The route was discussed at length and finally decided upon as originally proposed.

PERSONAL MENTION.

Mr. and Mrs. E. B. Bond, of Peoria, are the guests of our townsmen, Mr. Phil Margrett. Mrs. Bond is Mr. Margrett's sister, and it is her first visit to the Utah home of her brother. Both are well pleased with the city, and are enjoying themselves immensely. Mr. Bond is a first class mechanical engineer and machinist. At one time he was head man at the Richler sugar refinery, of St. Louis, and sunk the famous ague in Utah.
