Compensation of Receiver Lawrence and Attorney Marshall.

THE REPORT OF REFEREE BACHE

Attorney Lomax Must Show Cause Why His License Should Not Be Revoked—Probate Proceedings.

The supreme court met promptly at 10 o'clock yesterday morning, the four judges being present.

COMPENSATION OF THE RECEIVER AND HIS ATTORNEY.

Special Master Bache filed the following report in regard to the compensation to be allowed the receiver and his counsel:

The amount of cash received by said receiver from Frank H. Dyer, late receiver, was \$256,750.41.

The receipts by Henry W. Lawrence, receiver, during the term above mentioned, were \$70,251.84, the same being income from rents of the several places real estate to him.

The sale of sheep and wool, divided on gas stock and interest allowed by the banks on the amount deposited with them.

I find that the receiver succeeded in obtaining 3 per cent from the banks, beginning with July, 1891, and that rate was paid until January 1, 1892, when it was reduced to 2 per cent.

The Deseret Savings Bank paid 4 per cent per annum during the entire term. The Union National bank, where the receiver keeps his active account, paid interest on the average daily balance, less \$10,000, until February 27, 1892, when this amount was reduced to \$5,000.

The sale of sheep and wool was properly advertised as per directions from the court, and the highest prices possible were obtained.

During the term of office of the receiver the receiver paid out a total of \$10,052.72; showing excess of receipts over expenditures of \$66,737.82.

I have carefully examined the vouchers in the several amounts paid out and find them correct in form and properly executed.

Of the total amount expended, the sum of \$7,250 was paid out under order of court in that behalf, the same being for the salary of the late receiver, Dyer, and his counsel, and the salaries of the receiver and his counsel, leaving the sum of \$1,802.72 paid out by the receiver without order of court, which the receiver claims as fees for taxes and insurance on real estate, and for printing in the "Garden Home," the latter expense being incurred after receiving directions from the court. The taxes paid for the year 1891, the receiver ordered the same not to be paid at the time.

Of the remaining \$1,802.72 the sum of \$500 was for clerk hire, \$1,302.72 for expenses incurred by the late receiver, F. H. Dyer, and \$2,027.72 incurred by said receiver Lawrence, in sale of sheep, wool and other property, and the expenses incurred in the management of the receivership.

I have found no items of disbursements that do not seem to have been reasonably necessary in the discharge of the duties of such receiver.

The cash in the hands of the receiver, therefore, on the 13th of September, 1891, being the date of said receiver's final report, was \$317,007.26, which amount I found to be correctly ascertained by the receiver, and which I find to be correct.

The receiver paid for a clerk the sum of \$50 per month until August, 1891, when he was paid and changed in his account.

I find that at least a portion of the time of a competent accountant is necessary for keeping the accounts in a correct and accurate manner, and I think the charges as made for clerk hire reasonable, just and should be allowed. The receiver made no claim for office rent in his account.

No objection to any of the items in said receiver's account has been made to me.

On the matter of fixing the compensation of the receiver and his counsel for services rendered pursuant to the order of reference, heretofore referred to, I studied the respective parties of the time and place when I should hear the matter in relation to the examination was held at my office. There were present C. S. Varian, for the plaintiff, the United States, H. W. Lawrence, the receiver, and H. E. Meador, as reporter, and took all the testimony offered by the parties, and the parties' interest respecting the nature of the services rendered by the receiver and his counsel from the time of their appointment up to the date of September 13, 1891, and teaching the amount of compensation that should be allowed said receiver and his counsel, and the same being clearly set forth in the report of the receiver and his counsel, and I find that the same is correct, and I find that there should be allowed and paid to the receiver for his said services \$300 per month, beginning with July 12, 1891, for the term covered by this report, there would be thirteen months and twenty-three days making therefor \$4,110, and to John A. Marshall for his said services as counsel, \$1,800 per annum. His services began September 1, 1891, and there would be due him the sum of \$1,800. Respectfully submitted,

JOSEPH P. BACHE, Special Master.

Mr. Bache's claim for his services as examiner was fixed at \$50, and the bill of Mr. McGurkin for reporting was \$15.40.

After some consulting the judges reduced the receiver's compensation from \$300 to \$250 per month and then approved the report.

The matter was then referred back to Mr. Bache to examine and report upon the compensation to be allowed the receiver and his counsel from September 12 last to December 31.

THE LOMAX CASE. In the matter of the charges of unprofessional conduct filed against Attorney J. D. Lomax, of Logan, an order was entered requiring him to appear on January 29 and show cause why his license as an attorney should not be revoked.

RAILROAD MAGNATES

Rio Grande Western Officers in San Francisco.

THEY WILL HOLD A CONFERENCE

The Extension of the Road to Deep Creek the Subject—Utah Pacific Time Changes—Rumors.

Colonel Dodge, the general manager of the Rio Grande Western, arrived in the city yesterday. General Palmer, the president, and Colonel Peabody, first vice president, are expected to-day from San Francisco, and it is generally understood that the purpose of the meeting of the magnates is to confer with prominent miners from the Deep Creek and Dagway section in regard to the extension of the Rio Grande Western from Eureka. It is an assured fact that the Rio Grande Western is anxious to have a nasser in the pie, and their movements are likely to be limited only by the circulation of the almighty dollar.

The importance to Salt Lake of THE EXTENSION OF THIS ROAD cannot be overestimated and the outcome of the conference will be looked forward to with the greatest interest. It means an increase of population, and a flow of riches into the city that is incalculable at present. The Rio Grande Western people are undeterred to be somewhat circumscribed at present by the output of last year, but it is to be hoped that Salt Lake City, Dagway, Eureka and other points can give such assurances as will justify the immediate projection of the road.

It is barely beyond a doubt that THE ROAD IS FULLY ASSURED at no distant day, but the point is that it shall be made tributary to Salt Lake City in the part of its citizens. Despite the contradictory reports it seems a fact that the Rio Grande Western people have a corps of engineers at work cross-sectioning the projected road and making such such shape as to be ready at a moment's notice to go ahead with grading and rail laying. The authorities have denied these claims on one or two occasions, but reliable authority controverts their contradiction and it looks as if the enterprise would be rushed to completion, at least, at the earliest moment.

The Burlington Route did not carry the "press gang," but the old reliable was not forgotten by the "Garden Home" as S. K. Hooper of the B. & Q. was frequently alluded to as "genial and enterprising representative."

"Oz" Bennett, of the Rio Grande Western is harder to obtain an interview with than even Russell Harrison, the president's son. He is guarded from interviews as closely as though he feared that his precious person was threatened with a bomb explosion. Mr. Babcock's office is quite in contradiction. He is accessible at all times.

U. P. Time Changes. The following changes in the Union Pacific time card go into effect to-day:

SOUTH-BOUND TRAINS. Train No. 1, for the south, Juab and Eureka, will leave at 7:30 a. m. instead of 8:10 a. m.; arriving at Provo at 9:10 a. m. instead of 9:20 a. m. and Juab at 11:30 a. m. instead of 12:05 p. m.; arriving at Eureka at 10:35 a. m. instead of 11:25 a. m. Train No. 3 leaves Salt Lake at 4:35 p. m. instead of 4 p. m. and arriving at Provo 6:05 p. m. instead of 6:10, and at Juab at 9 p. m.

NORTH BOUND. No. 2 will arrive at Salt Lake at 9:35 a. m. instead of 9:40. No. 4 will leave Juab at 1:15 p. m., instead of 1 p. m.; leaving Provo at 3:35 instead of 3:30; leaving Eureka at 2:30 p. m., instead of 1:30 p. m., and arrive at Salt Lake at 5:40.

Trains on the Utah & Nevada branch will leave Salt Lake at 7:45 a. m., instead of 7:10 a. m. arriving at terms, but relative a. m.; will leave terminus at 1:35 p. m., instead of 1:15 p. m., arriving here at 4:10 p. m.

The changes shorten time between Salt Lake and Eureka one hour and ten minutes; between Salt Lake and Provo thirty minutes and between Salt Lake and Stockton thirty-five minutes.

Through Chair Cars to Eureka. Through chair cars will hereafter be run on the Union Pacific between Salt Lake and Eureka. The cars are new and modern in design, and will be a big improvement over the previous service.

To Popperin Place. A pleasant little party gathered at the Rapid Transit station on Second South yesterday afternoon at 1:30 to go with Judge Colborn over the new line to Popperin and Fort Douglas. The enterprise is the worthy the biggest commendation, and as a view afforded of the valley is surpassingly lovely. It will form a profitable source of revenue the coming summer, and to Judge Colborn is due unlimited praise for the consummation of the work.

Fast Time to Chicago and the East. Passengers leaving Salt Lake city at 7 a. m. via the Union Pacific and Chicago & Northwestern railways now reach Chicago at 11:9 a. m. the third day. Under this arrangement the Chicago & Northwestern railway carries passengers from Council Bluffs to Chicago in two hours less time than heretofore, and reaches the latter point in time to make connection with early afternoon trains for the east, thus reducing the time to New York and other eastern cities several hours.

Purify Your Blood

The importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is hereditarily transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, the water we drink. There is a more conclusively proven than the positive power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.
