Women. The common afflictions of women are sick-headaches, indigestion and nervous troubles. They arise largely from stomach disorders. As Joy's Vegetable Sarsaparilla is the only blood purifying preparation, you can see why it is more effective than any other Sarsaparilla in these troubles. It is a healthy, refreshing, health-giving, blood-purifying, direct and effective. We have scores of letters from grateful women. We refer to a few San Francisco ladies:

JOY'S Vegetable Sarsaparilla. Many druggists have a cheap Sarsaparilla that make more on than on Joy's, which they will try to sell to you. You'll have to insist on Joy's. Most modern, most effective, same price. Sold by all druggists, Roberts & Seiden, wholesale. Ask for free sample.

THE STORY OF THE WAR. IN NO PARTICULAR IS THE SUPERIORITY OF THE

Americanized Encyclopaedia Britannica. Over the English work shown so strongly as in the articles which narrate the history of the Civil War. The article on the United States in the tenth volume contains a full history of the war, its causes and its results. Under their respective heads, as GETTYSBURG, the WILDERNESS BATTLE, etc., the great and decisive campaigns are separately treated. The biographies of Grant and Lee, of Sherman and Sheridan, Hancock and Stonewall Jackson, and other great leaders of armies are full and complete, and the histories of Lincoln, Davis, Seward, Stanton and others who helped to make history between 1860 and 1865 are given in full detail. From these sources there can be gained at a glance the entire history of the gigantic struggle which resulted in the overthrow of slavery and the affirmation of the fact that the United States is a nation, one and indivisible. The English work paid little attention to this, probably the greatest war of all time. No American citizen can afford to remain in ignorance of the history of his country, and nowhere can be obtained a better account of the civil war than in the AMERICANIZED ENCYCLOPEDIA BRITANNICA. The English work appears to have been prepared by men whose idea was that our stupendous war was only a contest between two armed mobs, a view of which we cannot share.
