RIO GRANDE THREATS. Possibility of Losing the Sanpete and Sevier Trade.

Mrs. Babcock Says It All Depends Upon the Course of the Union Pacific—Railway Notes.

A sleepy contemporary, that did not learn until yesterday that there was a red hot war on between the Union Pacific and Rio Grande Western over the Sanpete traffic, as announced several days ago by THE HERALD, limps into line with the statement that there is 'a freight fight on wool.' There is no war on wool rates, has not been and is not likely to be. The cause of the row was stated in Thursday's HERALD, and also Mr. Babcock's threat to cut the Sanpete trade off from Salt Lake city altogether.

The Union Pacific adopted a different programme. The possibility of losing so large a slice of rich territory has created something of a breeze among the Salt Lake shippers. The loss of the wool trade to the Rio Grande Western would protect them. Should the Rio Grande Western make a lower rate, the Missouri River shippers will take the Sanpete trade. The Union Pacific cannot make a lower rate to Sanpete ports than to Salt Lake city, because it cannot under the inter-state commerce law, charge less for a longer than for a shorter haul, whereas with the Western the shorter haul is to the Sanpete country, and the longer to Salt Lake. The Union Pacific cannot lower the rate to Salt Lake city, because the latter is a common point. The Western seems to be master of the situation in it choosing to proceed to extreme measures, although it takes a pretty hard combination to get the best of Mr. Eccles.

Mr. D. C. Adams, chairman of the chamber of commerce transportation bureau, is absent in Portland, and it is not likely that any steps will be taken until his return.

Mr. Babcock made a further statement yesterday, in justification of his course. "There is no war on wool existing in Utah that I am aware of," said he. "Any war on wool or other freight, that may be in force now or may hereafter be made, from local points on our line outside of common point territory are matters in which this company has no jurisdiction, subject to the provisions of the inter-state commerce act."

"The Union Pacific company is paying wagon haul, or its equivalent, on various kinds of freight from places local to our line in the Sanpete and Sevier valleys, to which the Union Pacific company has no rails of its own, nor to which any direct connecting line working that company any rate, and after repeated appeals to Mr. Muroos, who controls the freight traffic of the Union Pacific system, to discontinue such practices, I have been unable to secure from him any definite assurances that he would do so."

"We expect and intend to do everything in our power at all times to protect the traffic naturally belonging to our local line, and if in so doing we are forced to make any rates which might be construed as prejudicial to the interests of the merchants of Salt Lake city, no one would more greatly deplore it than ourselves, and it will not be done without timely notice to the citizens committee, and if it is done, it will be because the irregular practices, subject to the provisions of the inter-state commerce act, fostered by the Union Pacific company, compelled us to do so, and I have explained this to Mr. T. G. Webber, who was chairman of the citizens committee at the October conference last year. It rests entirely with the Union Pacific to determine whether any such rates, possibly adverse to the interests of Salt Lake city, shall be made or not."

"This is a matter of much importance to the merchants of Salt Lake city, as well as Ogden and other wholesale points, and I am very anxious to see the matter settled at any time the situation and its necessities in the proper protection of our local line, confidently relying upon their impartial judgment as to the propriety of our proposed course."

Railway Notes. G. W. Heintz, assistant passenger agent of the Rio Grande Western, and Mr. Dalila, proprietor of the Geneva bathing resort on Utah lake, are expected to make a complimentary excursion to public officials and members of the press to Geneva in the near future, the exact date not having been ascertained.

General Freight Agent Eccles of the Union Pacific went to Ogden yesterday and will return today.

The first bathing train of the season leaves for Garfield tomorrow afternoon at 2 o'clock. This train will be run regularly hereafter.

THE "CLOVER LEAF." A Receiver Appointed for the Toledo, St. Louis & Kansas City Road.

CLEVELAND, O., May 19.—In the United States court this morning a receiver was appointed for the Toledo, St. Louis & Kansas City railroad, otherwise known as the Clover Leaf. The application of Stout & Story of New York, claiming to have a judgment of \$10,000 in the court of Toledo, on which execution was returned unsatisfied. The bill sets forth that claims aggregating nearly a million dollars, unsecured, are pending in Ohio, Indiana and Illinois, on some of which suits have already begun, with other claims to be commenced, and that the road is insolvent. A receiver is therefore asked and granted. S. Calloway of Toledo being named.

Colonel R. G. Ingersoll, counsel for the company, was present and consented to the appointment. Application will be at once made in the United States circuit court in Chicago, for a similar appointment for Indiana and Illinois, action having already been taken to that end in Indianapolis.

The road runs from Toledo to Kansas City, a distance of 1,000 miles, and carries offices at Toledo. To all appearances it was in a flourishing condition. Its "Cloverleaf" freight line apparently doing a large business. It was reorganized and improved a few years ago by eastern capitalists, with S. T. Knopf, of New York, formerly of the Union Pacific, at their head.

WORLD'S FAIR RATES. The Matter of the West to Be Settled Today.

CHICAGO, May 19.—The meeting of general managers called to settle World's fair rates in the west discussed the subject all day and finally left the matter in the hands of a committee of seven, which will report tomorrow.

will report tomorrow. The committee has a number of suggestions and will do nothing but recommend. Several roads in the Western Passenger association are seriously considering a reduction in west-bound rates if the union persists in reducing its tariff into Chicago.

Mrs. Jessup at the World's Fair. Salt Lake City will be interested in the announcement that Mrs. C. Belle Jessup, wife of Robert J. Jessup of the Denver Evening Post, and for many years a resident of this city, has gone to Chicago to act as chaperone for ladies visiting the World's fair.

Mrs. Jessup has traveled extensively in Europe, and speaks German fluently, besides having some acquaintance with French and Italian, and she ought to be successful in this new field of labor. Mrs. Jessup goes well recommended, and has secured attractive quarters, 322 Cadogan street, Chicago, (Englewood) to be used as a home for ladies entrusting themselves to her care.

Music Notes. Musical circles have for some days been agitated over the complimentary benefit to be tendered Professor H. S. Krouse at the theatre Monday evening. When ladies such as the Mesdames Woodrow and Silva and others take charge of the preliminary work, success is assured. The programme, which appears in another column of today's issue, shows that the musical talent of this city is exerting itself to honor Mr. Krouse. No one has been able to create a higher standard in musical circles.

The Choral society meet this evening for rehearsal at 8 p. m. sharp in the New Odd Fellows hall. A full attendance is desired, as preliminaries for the coming season of the "Creation" will be arranged.

A Silver Polish Fakter. FARMINGTON, May 19.—A swindler sold a lot of "silver polish" here yesterday to a number of families, who took his word for it, that it would give a regular silver-plating to brass spoons, etc. which would hold its color for years. Today the spoons that he polished for parties he was trying to sell the liquid to are as brassy as they were before he operated on them, and he is no doubt now in another locality seeking other victims.
