WHISKY TRUST.

The Directors at Sea on the Question of Raising Funds. FROMA, Ill., May 21.—The Whisky trust directors were still in session at a late hour this evening. After the adjournment of the forenoon session, President Greenbut stated that there was nothing to be made public as the board would be in session tomorrow. The question of raising money, however, was taken up and it is reported that quantities of the surplus product were offered distributing agencies at a discount, as there is such an overstock that the trust is desirous of raising funds. No purchaser was found, however, and the effort is still being continued.

Another Elmiria, New York, Assignment. ELMIIRA, N. Y., May 21.—Mayor D. C. Robinson made an assignment to the Elmiria National bank, which closed its doors yesterday, as preferred creditor. Liabilities are unknown but it may reach \$100,000. The run on the Elmiria Savings bank is continued. All sums over \$100 are being paid on their checks.

Speech making began at 1 o'clock. The Potemkin called on Grand Master A. B. Emery to respond to the toast, "The Master Mason." Mr. Emery made a brief and fitting address, which was warmly applauded. Judge Powers responded to the toast, "The Third-degree Degree," in a very eloquent speech, full of allusions to the beauties of the Scottish rite, and concluding with humorous references to the Mystic Shrine.

THE NICARAGUAN WAR.

Revolutionists Are in Complete Possession of the Government.

The Last Battle Resulted in a Government Loss of 153 Men and 267 Wounded.

GRANADA, Nicaragua, May 21.—Additional details of the decisive battle of Barranca Pass near Masaya, show that it was even more disastrous than at first believed. To be reliable the data shows the government losses at 153 killed and 267 wounded. Carrying away the wounded with them Spanish troops were finally forced to leave the field. When the fight had ended they filled the cars with wounded and got them back to Managua. None of the revolutionists were injured.

Thirteen hundred government troops attempted to fight their way out to the position held by the revolutionists, but were unsuccessful and were forced to retire. It was supposed this would end the fighting for the day, but two hours later the demoralized revolutionists had been re-formed and ordered again to attack. Scores of men fell on the battlefield and the assaulting columns were forced to retreat and General Barrios' revolutionary army is in complete possession of the Finca road. The fleeing army were hotly pursued and some of them captured, although the revolutionists lost only twelve killed and 267 wounded, nearly all of them officers, and two of the government generals were killed.

The presence of a United States warship in Nicaragua waters is needed for the protection of American interests. The government issued a decree some days ago prohibiting steamers of the Pacific mail and Cosmos lines from landing at San Juan. It is believed they will be boarded by government officers at Coronto and all merchandise consigned to persons who sympathize with the revolutionists will be confiscated. Should this be their purpose in ordering vessels to land only at Coronto, the need of a warship can be readily seen.

CHINESE EXCLUSION ACT.

Another Test Made in the United States Circuit Court.

NEW YORK, May 21.—Another test of the Chinese exclusion act was made today before Judge Lacombe in the United States circuit court. Ny Look, a gray haired Celestial, who has been in this country thirty-four years and who served as a cook on board a gunboat and was wounded during the civil war was the victim. He was carried to the federal building on a stretcher and was represented by Choate and Maxwell Everts. The latter asked for a certificate, and Choate contended that Ny was entitled to it. He said Ny had no excuse to offer why he had not secured a certificate within the prescribed time. Judge Lacombe, in accordance with the provisions of the act, refused to grant a certificate and Ny was placed under arrest, but was released in a few minutes in order that he be deported from the United States when ever provisions for such deportation shall be made by the proper authorities.

Mexican Revolutionists Sentenced.

SAN ANTONIO, Tex., May 21.—In the federal court here, this morning, fifteen of the Mexican revolutionists were sentenced to terms of imprisonment for violation of the United States neutrality laws. Colonel Prudence Gonzalez was given two years and nine months; Pablo Gomez, two years and ten months; Eaton Genovides and Santos Carleton, ten months in the state penitentiary at Anamosa. The remainder were given jail sentences ranging from two months to a year.

New York Hardware Firm Fails.

NEW YORK, May 21.—The Van Wagner and Williams company, wholesale dealers in hardware, failed today. They were attached for \$23,000, and a receiver was appointed to take charge of the assets and liabilities. The company was capitalized under the name of New Jersey for \$150,000 and has property in this city, Brooklyn and Cleveland, O.

A Receiver Appointed.

STOUT CITY, Ia., May 21.—On petition of stockholders from Wichita, Kan., a receiver has been appointed for the Sioux investment company, which has a capital of \$300,000 and loans money on farm land. The petitioners say the company's assets are far greater than its liabilities, but that the manager is trying to close out the company to their disadvantage.

A Louisiana Parish Inundated.

ATHERTON, La., May 21.—Over two-thirds of East Carroll parish is inundated and the water is encroaching on the little city of Lake Providence. The work of rescuing people is going on, and every boat available has been pressed into service. The levees are full of people and live stock.

Not Absorbed by Standard Oil.

NEW YORK, May 21.—The report that the Standard Oil company had absorbed the Tidewater Oil company was emphatically denied by President Samuel Q. Brown of the Tidewater company today.

A New Political Organization.

NEW YORK, May 21.—Tonight was launched a new political organization in New York, the Citizens', Democratic, which hereafter is to wage relentless warfare against the Tammany hall machine. Resolutions were adopted calling upon the citizens to support the Citizens' League system as represented in our city by Tammany hall.

Wedding Day Fixed.

LONDON, May 21.—The wedding of the Duke of York and Princess Mary of Teck is fixed for July 6.

THE MYSTIC SHRINERS.

A Score of Novices Initiated Into the Mysteries.

Distinguished Pilgrims from Abroad—Mantel and speeches—The Twentieth Anniversary and other Entertainments.

El Kalah temple last night initiated twenty gentlemen into the mysteries of the shrine, the novices being O. B. Lawrence, W. T. Dalby, H. P. Henderson, W. H. Hancock, B. F. Estes, R. L. Scannell, C. S. Batcher of Salt Lake; E. T. Edmunds, W. B. Beardsley, L. H. Wallace, A. C. Post, W. B. Wedell, John Furlong, Thomas G. Akers, L. G. Wilkerson, R. M. Short of Ogden; A. B. Richardson and Martin Cornell of Park City.

After the ceremonies, the nobles, over a hundred strong, marched to the Cullen, where a sumptuous banquet was served by Sam Ewing. Among the visiting nobles were W. O. Warren, El Jabel temple, Denver; William Fenton, Jois temple, Salina, Kan.; J. C. Schramm, El Jabel temple; S. Storum, Medina temple, Chicago; J. T. Felt, Kismet temple, Brooklyn; C. A. Henry, El Jabel temple; G. H. Robinson, Alergia temple, Helena, Mont.; R. T. Rettingill, Kismet temple, New York; B. T. Gramer, El Jabel temple; F. H. Burt, Taigter temple, Omaha.

Speech making began at 1 o'clock. The Potemkin called on Grand Master A. B. Emery to respond to the toast, "The Master Mason." Mr. Emery made a brief and fitting address, which was warmly applauded. Judge Powers responded to the toast, "The Third-degree Degree," in a very eloquent speech, full of allusions to the beauties of the Scottish rite, and concluding with humorous references to the Mystic Shrine.

James A. Lowe spoke for that chevalier order, the Knights Templar, who admonished the nobles to walk in their lives exactly as they were taught in the lodge. Judge Henderson spoke for the novices, and his allusions to the initiation "brought down the house." A. C. Emerson spoke feelingly of the experience of the novices and created a great deal of merriment.

Jacob Greenwald spoke for the Royal Arch masons, and referred to the need here for a consistory. Grand Lecturer Schramm paid a warm tribute to the modesty displayed by the Ogden novices. Noble Pettigill made a beautiful address on masonry in general, in which he urged upon all members of the order to live their lives in the fullness of life.

Past Potentate F. M. Bishop, in speaking of the Mystic Shrine, characterized it as the social climax of Masonry. This banquet was an evidence that the Shrine was growing, and that the wearers of the claret and blue, and earnestly gathering about the festive board, had been called home.

The company then arose and sang "Auld Lang Syne," and the banquet came to an end. The Northern Anniversary. The anniversary of the organization of the Norden Military company was celebrated by a dance at Sandberg's hall last evening. The attendance was large and the present sports most enjoyable evening. O. G. Anderson made an address, in which he gave a brief history of the Norden company, and during intermission refreshments were served. A pleasing feature of the entertainment was the singing of Mrs. Christy and Miss H. Halverson.

Congratulating Friends of Ireland.

NEW YORK, May 21.—The National Federation of America today issued an address congratulating friends of Ireland in America on the present advanced position of the Republic and earnestly urging continued support until it is finally attained.

A Lesson in Hospitality.

Mind your own business. Avoid controversy and argument. Do not monopolize any good thing. Go directly when the call or visit is ended. Do not make a hobby of personal infirmities. Do not overdo the matter of entertainment. Do not forget bathing facilities for the traveler. "Make yourself at home"—but not too much so. In ministering to the guest do not neglect the family. Do not gossip—there are better things in life to talk about. Do not make unnecessary work for others, even servants. Let no member of the family intrude in the guest chamber. Conform to the customs of the house, especially as to meals. When several guests are present, give a share of attention to all. Be courteous, but not to the extent of surrendering principles. Introduce names and directions, but only such will be agreeable. Better simple food with pleasure than luxuries with annoyance and worry. Have a comfortable room in readiness, adapted to the needs and tastes of the guest. A guest need not accept every proposed entertainment—he should be considerate of himself and of his host. Learn the likes and dislikes of those who are invited, and not to offend through the medium of an imperative catchism.

Correcting the Editor.

The Georgia editor wrote: "Let the galled jaded wine." But the printer, who wasn't familiar with the phrase, thought the old man had made a mistake, and so he set it up as it should have been: "Let the galled jup win."

He Knew Too Much.

Tommy—All these people haven't gone to heaven, Annie. Aunt—Hush, Tommy! Why do you say that? Tommy—Because I read on some of the tombstones, "Peace to his ashes," and they don't have ashes only where it's very hot.

A Delicate Attention.

Strawher—Did you tell Miss Penstock how pleased I was with the silk traveling cap she sent me? Singlerly—Yes, and she said she hoped you would have occasion to use it often.

Recipes for Beauty.

All the way from Paris comes this recipe for lall virginal, the matchless tonic and lotion for the skin to the use of which Ninon de l'Enclos attributed the preservation of her complexion, which was said to have had, when its happy possessor was 70 years old, the velvety freshness of that of a girl of 16. Here it is: One-half ounce tincture benzoin, sixteen ounces best rose water, ten drops attar of roses. Squeeze the wet skin with this preparation after the bath. An equal quantity of refined luscious oil added to this mixture, and rubbed well into the arms and neck twice daily, is said to be an excellent remedy for atony. The young woman who sends the formula writes that it has thus transformed her gray-neck and hony arms into a gratifying plumpness of outline.

From a well-known actress comes the following, which will be hailed with gratitude by any woman who is the victim of that unwholly affliction, a pimple. Our correspondent writes: "I can truthfully say that this is a preventive as well as a remedy, and I speak from ex-

perience. As we all know, pimples make their appearance usually on the face and neck, and when their presence is the most conspicuous. Now, anyone troubled with these unsightly blemishes should avoid bathing in cold water. Take plenty of hot baths, and the eruptions have a chance to come out on the body if they must come out at all. Wash the face but once a day, and then in hot water, wiping it very gently."
