A Superior Artist.

Mr. Hubert Arnold, the distinguished young violinist, who is on his way to Europe by easy stages, will spend a few months in Salt Lake city. Mr. Arnold and his wife are both charmed with our beautiful valley, our unobscured city and our superb climate, and ask why it is that the attractions of this wonderful spot have not been more widely advertised.

Mr. Arnold is a superb artist and has created a profound impression among those of our citizens who have been permitted to hear him. He will be heard in public during his stay, probably at Saltair and in connection with the Tabernacle choir, and lovers of music should avail themselves of this opportunity of hearing the man who, though still young has carved for himself a place among the foremost violinists of the day. He is the possessor of an instrument over 200 years old, the handwork of the master Stradivarius, and valued at approximately \$5,000.

Mr. Arnold has unearthed a valuable collection of violins in the possession of Dr. Dart, of this city, who, among his other musical treasures, possesses an instrument which was formerly among the best known of a famous collection at Paris, but which was sold and after disappearing for some time from the gaze of the collectors, has turned up in the hands of our townsman.

MUSICAL NOTES.

G. W. Clark, after a year's absence, has again assumed management of Heild's band.

The Neapolitan quartette held a musicale at the residence of Mr. J. Pike Friday evening.

Mrs. Bessie Dean Allison will sing with the Tabernacle choir, until that organization goes to the World's fair.

R. C. Easter is expected to sing with the Tabernacle choir in the White city.

Prof. George Lehman the violinist who married the sister of Habi Jacobson last week, expects to visit Salt Lake this fall.

George D. Pyper is improving his handsome tenor voice, in study at the Chicago conservatory of music, under the tutelage of B. B. Young.

The Ukrainian church quartette will sing "Consistor the Lilies" at this morn-

ing's services. J. Robinson, the baritone, will be heard in Barrie's "At Benediction."

Elaborate arrangements are making for the celebration of Pioneer day. It is probable the morning will be celebrated by a concert under the auspices of the Tabernacle choir.

Mrs. H. S. Krouse will give a reception on Tuesday afternoon. She will be assisted by Mrs. Woodrow, Mrs. Kincaide, Miss Winston, Miss Kelley, Miss Emily Katz and Miss Alice Bishop.

Professor Nagel of Ogden will compete for the prize of \$1,000 offered by the American Conservatory of Music of New York for the best one-act opera, grand or comic, by an American composer.

A male quartette consisting of the following gentlemen will sing at the Y. M. C. A. excursion to Garfield Friday: Thomas Ashworth, first tenor; Frank Foster, second tenor; Horace Ensign, first bass; Andrew Pedersen, second bass.

Fred Clawson president of the Spanish Mandolin and Guitar club of this city has returned from a two years' sojourn in England. The club met at Coaler & Snellgrove's Wednesday evening at 7:30 to rehearse a new music which they will render at the Press club excursion to Saltair next Thursday.

Mr. W. H. Whitney the tenor member of both the Choral society and Congregational church choir departed Thursday evening for a visit to the White city, where he will study voice culture, returning September 5. Mr. Whitney has an excellent voice and under the tutorage of a master excellent results may be expected from him.

The piano and vocal departments of the Salt Lake College of Music gave a series of evening recitals last week. A total of ten took place Tuesday and Wednesday at the Hooper building, sixty piano selections being rendered by the pupils. Judges were chosen from among the guests at the various hotels so that the impartial verdict of strangers might be secured.

Ladies of the Congregational church will give a concert in the auditorium of that church Friday evening at 7:30. Among the soloists secured are Hubert Arnold, whose remarkable performances upon the violin have been so highly praised by music critics in England and America; Mrs. McNally, soprano; Professor Radcliffe, who will preside at the organ.

In response to a request from Sousa, director of the National Marine band, Professor Stephens has transmitted to him the score of "The Spirit of God Like Fire is Burning," it being the intention of Mr. Sousa to incorporate it in a potpourri. The selection of Professor Stephens is a notable one, the hymn having been sung on all memorable occasions in connection with the Mormon church.

The musical club met at the residence of Mrs. Kuller Friday evening. Solos, duets and quartettes were rendered, every number being well executed and received. Among those present were Mrs. McLaughlin, Mr. and Mrs. Brown, Major and Mrs. Silra, Mr. and Mrs. Evans, Prof. and Mrs. Krouse, Mrs. Winston, Miss Winston, Mrs. Woodrow and Messrs. Hayden, Kent and Cobb. The club will go to Saltair next Friday, after which it will disband for the summer.

Professor Evan Stephens and the Tabernacle choir are working hard upon the World's fair music, and the progress made is extremely gratifying. The "Impetuous Furor," a chorus full of intricacies, is rendered in a commendable manner, and "Worthy is the Lamb," from the ever popular "Messiah," is being rehearsed by that fine choir. A full rehearsal of all members of the chorus of 250 will be held at Social hall this evening.

She Was a Woman. "I thought she was to marry the older son, the steady one." "Yes, and she loved him, but she could not resist the temptation to run off with the prodigal, the younger one, just to save him."—New York Press.

Certain Enjoyment. "I suppose Ridgely is enjoying his cottage at the seashore very much?" "Well, I should smile. He's getting a fabulous rent for it right along."—Chicago Inter-Ocean.

UTAH AT THE FAIR.

An Interesting Report Sent in by Secretary McDaniel.

The Exhibits from This Territory Are Now All Installed—Number of Utah People Registered.

R. G. Chambers yesterday received the following official report from the Utah exhibit at the World's fair for the week ending July 1.

CHICAGO, July 3, 1893.

To the Commissioners: Gentlemen—I have the honor to submit, herewith, a formal report for the week ending July 1. The attendance at the fair has been larger by 100 per cent. during the month of June than for May. The Utah exhibits are now installed in all the buildings with the exceptions of a few finishing touches in the educational and agricultural departments.

The educational exhibits will be completed this week, and the agricultural exhibit will be finished as soon as the consignment of grasses from Logan arrives. I have been advised that they are on the road. I have also been advised of the shipment of a large quantity of salt from Mr. Almy; this salt will be placed in the mining and agricultural departments, and a few samples in the Utah building. Some time since I was advised of the shipment of some sugar from the Lehi sugar works but it has not arrived; some inquiries should be made by the executive commissioner in regard to this. The Utah wool has arrived and has been placed in position, and makes a very creditable exhibit.

Mrs. F. S. Richards, president of the ladies' board, has returned to Salt Lake and left Mrs. Gilmer to take her place. I am advised that the ladies who have charge of the silk exhibit in the Woman's building will be here ready to place the exhibit this week, although I have not received advice of the arrival of the goods and material forwarded by Mrs. Salisbury.

I have made arrangements for decorating the Utah building on the Fourth in an inexpensive manner. All the state buildings are to be decorated, and I thought it advisable to do something in this line for Utah. I will get the bunting and we do the decorating ourselves and save the expense of a decorator.

Up to the present time we have had over eleven hundred Utah people registered at the Utah building, and I am advised that in proportion to our population this record of attendance is far in excess of that of any of the western states. I am pleased to say that we will soon have a reduction in railroad rates from Utah to Chicago. The matter is now being discussed by the railroads' general passenger agents now in session in this city. They have intimated to the committee, of which I am a member, that they are inclined to consider our requests favorably.

In regard to the observance of Utah Day, which will be on Sept. 9, I will say that I have been unable to consult with the gentleman from California who has this matter in charge, therefore I am unable to report the exact status of affairs. The gentleman is expected here this week, and I will see him and report to you in ample time so that you can complete arrangements for the observance of the day.

You will note by the official notices which we received, that we have arranged for the celebration of this day so that it will not interfere in any way with the arrangements made by California.

I have been expecting Mr. Lannan here and he can be of great service in making these arrangements. I will be glad to understand, however, that the California people are willing to work in harmony with us. Respectfully, E. A. McDANIEL, Sec.
