

QUEEN OF THE POTOMAC

Coxy was conspicuous by His Absence Yesterday.

Deserters Are Numerous. Sacramento, May 3.—The city is full of deserters from the industrial armies, and it looks as if the policy of leaving the armies alone will result in their breaking up.

BAD ELEMENT HAS BEEN WEEDED OUT. Shower of the Queer Found Among Dufr's Industrials.

Kelly is in a Very Bad Boat with Grim Starvation Starting Him in the Face—Governor Jackson Endavors to Secure a Train, but so far Without Success—Cripple Creek Contingent Will Soon Join Kelly—Payallup Pilgrims Capture a Train, and the Officers Are in Pursuit.

Washington, May 3.—General Coxy was conspicuous by his absence from the camp of the army of the commonwealth during the greater portion of the day. He remained at his quarters at the National hotel for the purpose, mainly, of attending to matters incident to the proposed removal of the army's camping ground to a more healthy portion of the city.

Washington, May 3.—The funeral of Editor Frank Hatton, of the Washington Post, took place this afternoon from his residence. The Episcopal church burial service was read by Bishop Hurst, of the Methodist church, and the interment was at Rock Creek cemetery.

Washington, May 3.—By a vote of 37 to 1, six of the 44 Democrats being absent, the Democratic senators in caucus today, adopted a resolution to support the tariff bill.

ROSLIN MINES HAVE BEEN CLOSED DOWN.

No More Work Until a Settlement is Reached.

Washington, May 3.—All work at the extensive mines of the Northern Pacific Coal company at Roslyn was suspended, indefinitely, tonight by order of General Manager Kangley, and instructions have been given the paymaster to make out the April pay rolls. This is supposed to mean an absolute suspension of the mines until a settlement with the men is effected or new men brought in. The men declined to consider the proposition of a 25 per cent reduction in wages, but offered to accept a 10 per cent reduction. The colored miners now in the camp are standing by the white miners.

The mine-owners state that they will fill the positions held by the miners with other men, as the orders they have must be filled.

SEIZED THE POWDER. Wild and Foolish Work and the Militia is Called Out.

Deluth, Minn., May 3.—Fifteen hundred miners on the Mesaba range broke open a magazine and seized fourteen kegs of powder. Sheriff Sharvey and Adjutant General Muhlbarg left for the vicinity this morning. Company A of the state militia, followed on a special train at 10 o'clock.

The 1,500 miners out are mostly Finlanders striking for 3.50 per day. They have been working at \$1.25. The strike began in the Franklin mine 200 going out. They drove the men out with revolvers at the Norman Iron King and Mountain Iron mines.

Telegrams were received from Virginia today asking aid at once as 700 miners were threatening to loot the stores. At one mine a magazine was broken open and thirty kegs of powder and some dynamite stolen. All are penniless and depend for sustenance on charity and what they can seize. Three hundred miners at the Mountain Iron mine last night voted to go to work today, but want protection against the mob. There were sixty men in the militia company that was sent up to the Mesaba range. An attempt will be made to resume work at this mine in the morning and trouble is expected.

At 9 a. m. Sheriff Sharvey received a telegram at Virginia asking him to go at once to Mountain Iron, as shooting was in progress there.

MINERS GO TO WORK. The Arrangement, However, is Merely Temporary.

Pittsburg, Kan., May 3.—About two-thirds of the miners at the Weir Coal company's shaft at Kirkwood went back to work today. The Fleming mine of the Western Coal and Mining company's works is also running at full blast. It is understood, however, that the work is only sending an order for a general strike, which will probably take place during the coming week. A delegate convention has been called to meet in two weeks at Pittsburg. The plan of action of the miners will be determined. S. T. Ryan, of the national executive committee, wired headquarters at Mountain Iron, Minn., that the district in condition for a general strike.

ONLY SIX WORKING. The Other Fifty-Four Mines Are Closed Down.

St. Louis, Mo., May 3.—The miners are gradually closing all the shafts in southern Illinois, and in the St. Louis district few indeed are now running. The Consolidated company, which has been operating nearly fifty mines, has only six working today. The Madison county shaft was closed. Except the output of a few small mines scattered here and there, St. Louis is dependent for her supply upon accumulated stocks. The latest addition to the ranks of the "quitters" was at Edwardsville, Ill., today, when about 200 men stopped work, induced by crusaders from the striking districts. It is considered probable that every mine in St. Louis district will be closed within the next ten days.

For Lack of Coal. Ashland, Ky., May 3.—The blast furnace of the Norton Iron works has been compelled to shut down from lack of sufficient coal supply, placing in idleness the last department of the plant that employed 300 men. If the miners at Mount Savage and other points attempt to work today they will be elected. Big Sandy miners are reported to join the strike.

A Conference Probable. Columbus, Ohio, May 2.—President McBride, of the Miners' association, and J. S. Morton, a coal operator, have gone to Pittsburg to attend a conference between the operators and officers of the Miners' association. There is a rumor of a conference tomorrow at Cleveland, to which the Pittsburg meeting is preliminary.

Forced Them to Flee. Connellsville, Pa., May 3.—The coal strikers assailed the Fort Hill plant today and forced the workmen to flee. A number were badly beaten. The plant is now closed. Mobs are marching through the country and raids are feared at several points. Women attacked the Davidson works but left the strikers when they found but one man at work.

Montana is fourth in silver, fifth in gold.

THE Bimetallie League

Course of the Bimetallie League Gives Great Joy.
