SURE THING MAN NABBED.

The Police Have Two Charges Against Him.

BEFORE JUSTICE SMITH.

ALLEGED RAPISTS WILL HAVE A HEARING TODAY.

Saloon Keepers Fined For Selling Liquor on Sunday--Alleged Prostitutes Tried--A Neighbors' Quarrel Investigated--Gamblers Plead Guilty--Minor Cases Disposed Of.

Al Furrey, one of the smoothest sure-thing men now making headquarters in Salt Lake, yesterday afternoon on two charges, one of winning money under false pretenses and another of vagrancy. He had \$300 on his person and put it up as security and thereby secured his liberty until today, when the cases will more than likely be taken up.

The most serious of the offenses booked against Furrey is that of relieving, through fraud, a Hebrew drummer for an eastern house of \$30 in a game of cards. Yet there will be little if any public sympathy for the sucker, who bit with the understanding that he was assisting in touching off a third member of the party. The game was played nearly a week ago but a temporary quietus was put on the matter pending the location of the members of the gang. Detective Sheets and Sergeant Ferguson turned Furrey up yesterday afternoon at the Metropolitan after some good work and he was given a few hours in the city jail.

The sure-thing man is said to have induced the commercial traveler to take a hand in a game of cards, having first told him that he had a pigeon to pluck for a few hundred and the swag would be divided. The drummer jumped at the bait, bit and was landed for \$80. Not satisfied with that he wanted to put up a check. The sure-thing man knew when they had enough and the game was broken. Then the eyes of the traveler opened and he made a vigorous howl. He left the city several days ago but the police have him located.

BEFORE JUSTICE SMITH.

Alleged Rapists Are to be Tried This Afternoon.

This afternoon at 5 o'clock Police Justice Smith will investigate the charge of rape preferred by the police against Fred Godde and Ernest Dawes. The men are now at liberty on bonds of \$500 each. Their alleged victim, Jennie Wilson, is still at the hospital, but will be ready for the hearing today.

It was a busy day in the police court yesterday, and a considerable business was cleaned up.

John Trewhella plead guilty to the charge of selling liquor on Sunday and was fined \$50. Bechtel & Sands the other parties arrested on the same charge, defaulted and were not present when the case was called. Their cash bond of \$25 was forfeited.

Four impetuous travelers were given ten days each for vagrancy.

Ed Robinson, the negro who is held on suspicion of being implicated in the robbery of a dwelling, was arraigned and entered a plea of not guilty and the case was set for this morning at 10 o'clock.

Four defendants were given two days each in the city jail.

Mrs. Dora Bowman, the keeper of the Cave "lodging house," at 148 West 8th Temple street, arrested on the charge of keeping a house of ill-fame, and Aggie Nelson, an inmate, were given a hearing during the afternoon session of the court. The evidence of the prosecution was strong, showing, among other things, that four other female inmates of the house had just paid their rent to Mrs. Bowman formerly kept the Hub lodging house, the disreputable resort which burned early in the year, but her story was that she is endeavoring to maintain a respectable place at 148, and had no knowledge of any immoral conduct on the part of the girls lodging with her. The Nelson girl came from Salt Lake and claimed to have received a promise of work at the Morgan hotel. They were both discharged with a warning from the justice that the future deposit of the inmates, or lodgers, of the house must be above reproach.

Another neighbor's quarrel was investigated during the morning, two actions being on trial. John Rogers and Alice Rogers were charged with assault and battery upon the person of Margaret Warr and the latter was arraigned on the charge of malicious destruction of property. The two former were fined \$5 each and Mrs. Warr paid \$2.

The proprietor of a gambling house over the Commercial saloon entered a plea of guilty to the charge of maintaining a gambling house and paid a fine of \$25. His house was razed and also arrested. They were discharged. One prostitute forfeited the usual monthly fine of \$8.50, and several other minor cases received attention.

HOUSE BURGLARIED.

Oscar Lundegren Robbed of \$30 and Suit of Clothes.

Oscar Lundegren, living at 262 South Second East street, reported at police headquarters last night that some time during the afternoon his home had been entered by burglars in the absence of the family and a suit of clothes and \$30 in money stolen. The burglar was in a trunk with the clothes. The police have the case in hand and have a clue to the thief.

There is quite a gang of burglars in town and parties should be very careful about leaving their houses without anyone at home, even during the day time. The police will be glad if parties notifying prowlers around their premises will notify them by telephone or otherwise so that robberies may be prevented.

BEFOULING THE WATER.

Gustave Anderson Alleges That Little Willow Creek is Polluted.

Sheriff McQueen went to Butteville yesterday forenoon for the purpose of arresting Thomas Dyer and Andrew Jensen, two sheepmen, for whom warrants were issued by Commissioner Greenman on the complaint of Gustave Anderson. Anderson alleges that on June 1 and continually since, the defendants have unlawfully allowed a herd of a hundred sheep to defoul the waters of Little Willow creek, thus endangering the health of the complainant and his family.

GAMBLERS ARRESTED.

David Anderson, of the Maltese cigar store on Second South street, west of the Walker pavilion, and five others were arrested last evening, charged with keeping and frequenting a gambling house in the rear of the cigar store. Their bonds were fixed at \$50 for Anderson and \$10 each for the others, which they put up.

Disturbing the Peace.

On the complaint of Lewis M. Cannon a warrant was issued yesterday afternoon from United States Commissioner McNally's court for the arrest

REBELS WITH THE COUNCIL.

Conclusion Reached by Police and Fire Commissioners.

THE PROPOSED REDUCTIONS.

GOOD PROGRESS BEING MADE ON THE SEWER.

Meeting of the Board of Public Works and the Street Committee. Last Evening--No Application Yet Received For Sprinkling Taxes--Kendall Still on Deck.

After carefully considering the matter, the board of police and fire commissioners has come to the conclusion that the act which was its creator gives the exclusive power to reduce the two departments over which it has control to the city council, and that body will be asked to assume all of the responsibility. The board does not desire to make any reductions in either of the departments and is, therefore, rather pleased than otherwise because of the discovery of its lack of authority.

The board held a business session yesterday afternoon, Messrs. Salisbury, Jennings and Emper being present. The first matter considered was the resolution which came from the city council providing that the board should make the necessary reductions in salary and the number of men to keep the monthly expenditures of the departments within the amounts allowed by the council. The members of the board have devoted considerable time to a search of the statutes, and when the resolution was called up the statement was made that the statute which the board vested the power of retrenchment in the manner proposed in the city council, and it was decided to so answer the council. In accordance with this decision a communication, headed in accord with the method of the board, was drawn up and transmitted to the city recorder for presentation to the council at its meeting to-night.

Chief Pratt suspended McDonald for ten days on account of the Kern affair, and the commissioners are hardly in accord with the method adopted. They rather incline to the belief that the suspension should have been made and the board then fix the punishment to be meted out to the offender being found guilty of any infringement of the rules of the department. It is still an open question.

ASSAULT AND BATTERY.

PROMINENT PARTIES FIGURE IN COMMISSIONER NORRELL'S COURT.

The Jury Fails to Agree and a Re-hearing Will Be Had--Short Orders By Judge Barch in the Third District Court.

Judge Norrell and a jury were occupied all of yesterday afternoon with the hearing of a case of assault and battery, which attracted considerable interest owing to the prominence of the parties concerned. George Westervelt, a young attorney, and a society man moving in the select circle of the local 400, and Colonel Page, of the Utah commission, were the complaining witnesses. George A. Knox and Mark G. Ewer, both prominent figures in the business and social worlds, were the defendants.

Only one of the cases was taken up yesterday, that of Westervelt vs. Knox and Ewer.

The facts appeared to be that on Wednesday evening, August 8, a party of ladies called on Westervelt, and after spending a pleasant evening returned to town on the last train. On the train everybody seems to have been very jolly and the conversation of the officers who break the rules of the department. Chief Pratt suspended McDonald for ten days on account of the Kern affair, and the commissioners are hardly in accord with the method adopted. They rather incline to the belief that the suspension should have been made and the board then fix the punishment to be meted out to the offender being found guilty of any infringement of the rules of the department. It is still an open question.

North End of the Sewer Completed.

By this afternoon that portion of the gravity sewer north of Ninth North, except the extreme outlet, will be completed and the entire force of brick and concrete men will be transferred to that portion of the system below the former southern terminus. Already the contractor, Knox and Ewer, has cut heavy cut south of Ninth North, and it is intended to push the work with all the speed possible. The contractors had created a heavy cut south of their contract great speed must be attained and they are preparing to put forth every effort.

Stone Blocks May be Substituted.

The board of public works met last evening in conjunction with the street committee to consider the petition of the Telephone company, referred to them by the city council, to be permitted to cover the underground conduit with stone blocks instead of asphaltum for the distance between their new exchange building north of the theater and the Commercial saloon, on State streets, about half a block. After some discussion it was resolved to recommend to the council to grant the petition of the Telephone company, and the portion between First South and State streets will be the general approach to the exchange building. The contractor will be allowed to use stone blocks on the side, the sewer and water pipes necessitating its being extended beyond the present stone curbing. At present that part of the conduit is paved with asphaltum, but the laying of the conduit necessitates a stone covering.
