BRIEF AND BREEZY.

Prize meeting today at 11 a. m.

Yesterday's clearings were \$32,150, as compared with \$19,311 for the same day of last year.

A marriage license was yesterday issued to Benjamin F. Hendley, aged 35 and Fanny Allen aged 18, both of this city.

At 8 a. m. yesterday the thermometer registered 71, at noon 71 and at 4 p. m. 75, the maximum temperature being 77 and the minimum 64.

Chapman, the member of the fire department who was recently laid off by the chief, has opened an office with 15 men blowers as a partner, for the promotion of mining enterprises.

F. Connor, the police justice of Pocatello, is in this city on a visit to friends. He thinks well of this city and says, "It is a great chance from the point of Pocatello to the rich and juicy soil of Utah."

Phil Nader, the Salt Lake carriage maker, whose exhibit at the World's Fair attracted so much attention, yesterday received an order from far off Rotterdam for a platoon, such as he displayed at Chicago.

Charles R. Taylor, a Irish pioneer, died at his residence, 129 1/2 First street, last evening, of dropsy. The deceased was born at Stockport, Lancashire, England, Aug. 25, 1815. Notice of the funeral will be given later.

The enumerators appointed at the last meeting of the board of education, who will be employed in taking the school census, reported to the clerk yesterday. They were ordered to begin work on the 15th of the present month. The compensation of these men will be fixed by the finance committee at an early date.

Three children, the eldest under four years of age, strayed away yesterday afternoon and caused no end of trouble and anxiety to parents and friends. One of the youngsters was a son of Mrs. Park, of Durango, who is visiting here, and another son of Mrs. Barney. Two of the "strays" were found last evening, out at the glass works above the warm springs, while the third was found out by the Washington school.

An old lady who is visiting in this city met with an accident at the Rio Grande Western depot on the evening of the 4th inst., which is accounted for by the absence of light at that point. The "stray" was found last evening, out at the glass works above the warm springs, while the third was found out by the Washington school.

Abstracts furnished, titles insured and 1/2 per cent paid on deposits by Utah Title Insurance and Trust company, 260 Main street.

Utah Commercial and Savings Bank general banking business; pays 5 per cent on deposits. E. Armstrong, president; P. W. Madsen, vice-president; J. E. Jennings, cashier.

MR. WHITTEMORE'S BILL

COUNTY ATTORNEY DRAWS \$750 ON ACCOUNT OF COMPENSATION.

It Was Not Itemized and Although He Admitted Drawing It For Payment of Services "For Obvious Reasons" the Selectmen Paid It Just the Same—The County Physician Tells About Big Cottonwood—Salaries of the Assessor and Collector Fixed—Other Business Transacted by the Selectmen Yesterday.

In the matter of getting money from the county treasury, the attorney seems to be as good an adept as are the selectmen. This statement applies to cash obtained contrary to law. An instance occurred yesterday. Shortly after the opening of the session in the afternoon the attorney filed a communication asking for \$750 compensation. The document stated that it was "for compensation as county attorney."

But there was an explanation tacked on which throws light on the affair. Mr. Whittemore says he has "been incurring considerable expense in connection with certain matters for and in behalf of the county, which expense, for obvious reasons" (whatever that may mean) he desires to pay personally, until such time as a definite order from far off Rotterdam can be made. This allowance therefore as compensation which is already due, will enable me to carry out my plans.

It is remembered that the county attorney has already had \$1,250 on account and this \$750 will make an even \$2,000.

It is a matter of conjecture as to the statement made whether there is any money due the attorney or not. If he had this sum due yesterday it will be plain to all that his salary is going to be \$4,000 per year. If it is not and he wants this money with which to pay a lot of bills which he has contracted without authority, then he and the selectmen are guilty of a violation of the law, as the latter have been many times before.

Perhaps it will be well to call the attention of the court, and the attorney, once more, to the provisions of the statute in this matter. Section 23, of chapter 56 laws of 1888 says: "The county court must not hear or consider any claim in favor of any person, corporation, company or association, unless the same be itemized, giving names, dates and particular service rendered."

Section 29 of the same act says: "When the court finds that any claim is not a proper one it must be rejected."

Of course it is all presumption on the part of this paper; no one save the attorney, and possibly the selectmen, know who is going to get this money, but it is fair to surmise that it will go to pay Adam Paul and other detectives which have been engaged by the county attorney in chasing loads of stone and material from place to place in the city and county.

But this claim was illegally passed and it is fair to take such action as this in one case it is also fair in another. It is establishing a precedent which ought not to be established as once the bars are thrown down there may be no limit.

This paper has called attention to this loose way of doing business several times, but it appears as though the court would have to be enjoined before it takes proper action in relation to these matters.

Dr. Wright made a verbal report to the court yesterday in relation to the condition of Big Cottonwood canyon. The county physician says there are places along the creek where the accumulated filth of the barnyards are dumped into the waters without restraint and it should be stopped at once, as it is a menace to the health of those who have to use the water.

The clerk was instructed to write to all persons along the line of the stream where such conduct prevails and warn them that it must cease. The county physician and the sheriff were ordered to visit the place on Aug. 20th and make an official inspection.

The court talked over the matter of the salaries for the various county officers for the coming year and fixed those of the assessor and the collector.

THROUGH THE HEART.

OFFICER MORRISSEY ACCIDENTALLY KILLED AT BINGHAM.

While in the Act of Arresting a Man For an Obstruction of the Sidewalk, Simon Gavin's Gun Goes Off and the Unfortunate Man Falls—The Deceased Was a Man Who Was Well Liked and His Death Causes Great Excitement in the Camp.

A distressing affair took place at Bingham at 1 o'clock this morning, by which J. C. Morrissey, one of the peace officers appointed by the county court to do duty for three days, the 3rd, 4th and 5th of July, lost his life.

Simon Gavin, the regular officer at Bingham, in company with Morrissey, were in the act of taking a man who was creating a disturbance.

Morrissey was standing a little behind the man who was to be arrested. The latter resisted the officer and he was compelled to use force. He struck at the fellow with his gun and it went off, the shot going through Morrissey's heart, killing him instantly.

Morrissey was a man aged about 35 years and leaves a wife and five children. The lady is heartbroken over the event.

At the time the shot was fired the man whom the officers were seeking to arrest was in the act of drawing a knife on Gavin.

The latter is badly broken up over the sad event.

Morrissey was a man who was generally liked and the killing has created great excitement.

The coroner will go out today.

The United States government met after an examination for the English department, made the emphatic statement that "The Royal Baking Powder is the purest in quality and highest in strength of any baking powder of which I have knowledge."

HE WAS A PATRIOT.

AND DID NOT WANT THE FLAG OF HIS COUNTRY INSULTED.

Desk Sergeant Adams Talks a Veteran of the Late Oppressantness Into a Trance—Story of an Old Man Who Wanted a Policeman to Protect the Great and Only Stars and Stripes.

An ancient looking party, wearing the badge of the Grand Army of the Republic, called at police station yesterday and requested Desk Sergeant Adams to furnish him with an officer at once.

"What's the difficulty?" inquired the man who has just recovered from St. Anthony's fire.

"The flag of our country is being desecrated," was the reply; "and I want it stopped."

"How is that?" interrogated Adams. "Well, sir, do you see that dog out there?" indicating a pet pup which fingers around the department headquarters and which canine was wrapped in some old bunting.

"Yes, what's the matter with the dog?"

"Don't you see, sir, that he is wrapped in the glorious stars and stripes?" "I see some old bunting tied around him, but what of that?"

"Why, sir, do you think it is right to take the flag of our country, the flag we fought and bled for on a hundred battle fields; the flag that waved over the Wilderness; that showed its colors in the sunshine at Marston heights; that floated over the hills to the north; that really floated over Richmond, ought to be disgraced by being tied around a many, quarrelsome pup?"

"Why, that isn't the kind of a dog that pup is. He is a patriotic Fourth of July dog. Every day of our independence; every time the day arrives when we stand the ground of the flag, we take the flowers that bloom in the dog-pardon, with flowers, that dog comes and asks as plain as can be that his body be tied up with a flag. He fights for the dog, too, you bet. Just set a dog at him with sealed orders to take that banner away from him and he will do more first class chewing than any pup you ever saw. Why, sir, if that dog had been born in the dark days of '61 he would have made that eagle they called 'Old Abe' turn green with envy. The scream of that bird would have been in his throat. Talk about taking that flag away from that dog. Why, sir, all the police force could not do that. They would not dare undertake it. Why, a man cannot go here yesterday and beat saying that Lee was a better tactician than Grant, and he narrowly escaped with his life. The dog heard him and left a square meal on the sidewalk to come in here and call him a liar. Fact, he spoke his piece just as well as a dog could, and when he got through the man took it all back. Why the dog wasn't going to let him out of his trap all. Yes, sir, that dog is a patriotic."

But the old man had down and the last seen of him he was gazing fondly at an illuminated print of the battle of Shiloh showing a harvesting machine in the act of vesting a shell from a rebel battery.

Pure baking powders are one of the chief aids to the cook in preparing perfect and wholesome food. While those are to be obtained of well-established reputation, like the Royal, of whose purity there has never been a question, it is proper to avoid all others.

"SLIM" PLEADS GUILTY.

Confidence Man Again Ordered Out of Town—Other Police Cases.

"Slim" Mathews, or Tom Benson, pleaded guilty in police court yesterday to being a vagrant and loiterer. The court gave "Slim" to understand that he must get away or his fine figure would be seen from day to day in the gravel pit on the hill, and that no monkey work would go this time. Slim said he wanted to get away, but had been delayed on account of not having the ready cash. He declared his willingness to leave on the early train, he said, to get farther than Ogden, as he knew he would be thrown in as soon as he reached that place. "Slim" will depart today on the early train and will be seen no more.

JUST RAISED NED. A Rocket Causes a Panic Among Six Thousand People.

La Salle, Ills., July 5.—Three persons are fatally injured as a result of an accident during the fireworks last night. A bomb rocket, after going a short distance, fell and exploded, setting fire to a large quantity of fireworks which exploded with terrific force. There were six thousand people within blocks of the place, and a panic followed. Horses ran away and the crowd stampeded, crushing women and children under foot. William Tahl, of Tazewell, Ills., was struck by a rocket in the head and so seriously injured that the physicians say he cannot live. Dan Cahill had his leg shattered by exploding fireworks and was trampled on by the crowd, suffering injuries which may prove fatal. Harry Kenney, who said his parents lived in California, was horribly burned about the face, hands and arms. His injuries may prove fatal. Harry Joy, of Winona, had his arm broken. A number of men and children were injured. The adjoining buildings, which caught fire, were saved by the fire department.

G. A. R. VETERANS.

DISTINGUISHED PARTY OF OLD SOLDIERS HERE YESTERDAY.

They Are Making a Trip Over the Country, Inspecting Soldiers' Homes—A Visit to Saltair Yesterday Afternoon.

Verifying the exclusive announcement of The Herald, the prominent G. A. R. veterans who are making a trip over the country inspecting the soldiers' homes, arrived over the Rio Grande Western yesterday morning.

The party is made up of General W. E. Franklin, of Hartford, Conn.; president and secretary respectively of the Soldiers' National Homes, of the United States, George S. Steele, member of Congress from Indiana, Sidney G. Cooks, wife and two daughters, C. M. Anderson and wife, all of Ohio, George Swetsworth, guest of the party and George Patrick, secretary of General Franklin.

The visitors went directly to the Knutsford, and were met by local representatives of the G. A. R., and a magnificent view of mountain, valley and city, or does it not? Are Oakley, looking for half their value, or do they not? By some people know, or do they not? See for yourself.

Two choice lots in Hamilton subdivision; \$2 cash for the pair. W. E. Hubbard, 62 West Second South.
