

COLONY FOR UTAH CO.

Fit. Nebo Irrigation Company's Project May Bring It Out.

THE NATURAL GAS FIELD.

AMERICAN COMPANY WILL SINK FOR ANOTHER WELL.

By F. Saunders Returns From the Canaan Ranch, Where He Has Been Making a Bound-Up Satisfactory Trip to the Sugar Factory—Affairs of the American Tobacco Company to Be Investigated—An Independent Glass Plant—Business Briefs.

Gill Peyton of the Mount Nebo Irrigation company, which is carrying out an immense irrigation project in Utah county, informs The Herald that work in the construction of the reservoir and canal is progressing finely, and that it is expected that the furrow will be finished by the 15th inst. Mr. T. D. Scott of Madison, South Dakota, who has been examining lands in that locality under the company's ditch, is well pleased with the outlook, and desires to lead a party to the country that he will in all probability locate a colony there at an early day.

ANOTHER GAS WELL.

American Company Will Begin Sinking This Morning.

The New American Gas & Fuel company has moved its drilling machine in the vicinity of the Great Tuscadero and this morning will begin sinking for another flow of gas, which it is expected will be the biggest and best of the lot. Hon. W. C. Hall, the general manager of the company, is expected to return by the 15th inst.

BACK FROM THE CANAAN RANCH.

B. F. Saunders Has Been Making a Final Round Up.

B. F. Saunders, the well known cattle dealer, has returned from a visit to the Canaan ranch in Kane county, where he has been to make his last round-up for the cattle purchased by him from the Canaan Co-operative Stock company of St. George. This will close the deal as far as the stock is concerned, and now Mr. Saunders is negotiating for the company's brand and preparing for spring work. Mr. Saunders says that the range in that locality is better than it has been for five years, and predicts a favorable winter for stock. His business for 1895 has been highly satisfactory to him, and he will have a fine cattle to put on the market in the spring.

SUGAR FACTORY TESTS.

Report Sent on to the Department at Washington.

William G. Nebeker has returned from his trip to the sugar factory at Ogdenville, where he went for the purpose of making some tests for the management as announced in this paper last week. The tests were highly satisfactory, although nothing will be given out in relation to the matter, the report being forwarded to Washington. The success of the report means about \$45,000 to the sugar factory. It appears that last year, under the bounty clause, the Lehi folks were entitled to a small balance per pound on the product, provided certain conditions were complied with. The polariscopic tests which Mr. Nebeker applied were highly satisfactory, and it is believed that the Utah people will reap the benefit of this measure, which will assist the factory in a great measure.

AMERICAN TOBACCO COMPANY.

Stockholders Inquiring After That \$8,000,000 Surplus.

NEW YORK, Dec. 9.—The Herald today says: The stockholders of the American Tobacco company are very anxious for an explanation from the directors of what has become of the big surplus of more than \$8,000,000 and the apparently sudden contraction of earnings which led the management to pass the next quarterly dividend on the common stock, although the vague statement given out on Saturday distinctly stated that there would be a surplus of \$1,250,000, or nearly 7 per cent, after paying the dividends on the preferred stock. A reporter called on Treasurer George Arents, but he refused to be interviewed.

WINDOW GLASS.

A New Company That Will Become an Important Factor.

CHICAGO, Dec. 9.—A special from Anderson, Ind., says: The announcement that the great Window Glass company would put its plant in operation the first of the year has put the window glass trust on edge and the shut down of all window glass plants in the country, to have taken place January 1 to continue for an indefinite period has been declared. The plant is the largest in the United States. The new company refuses to go into the combine. The announcement that the American Plate Glass company plant at Alexandria, and New Albany would be put in operation January 1 also caused the officers of the trust to take alarm. The Alexandria plant is the largest in the world and the two are large enough to force down the prices of the trust. The Flint glass trust will close all its plants January 1 for a short time to strengthen prices.

Business Briefs.

J. E. Bamberger and H. G. McMillan, who in Park City yesterday on business.

Clark Eldridge & Co. have declared a

dividend of 2 per cent, payable December 15.

Captain Sam M. Donnell, manager of the board of fire underwriters of Utah, was in Ogden yesterday.

On account of complaints that have been made regarding the wagon road above the stairs in Big Cottonwood canyon, recently constructed by the Big Cottonwood Power company, an investigation is to be made into the matter, and in the view of the county selectmen, county attorney, county surveyor, probate judge and others will visit that locality this morning.

Y. M. C. A. NOTES.

In order to accommodate a large number of the gymnasium workers who have no time during regular class hours for advanced work, a class will be formed in the gymnasium next Wednesday evening for special work in tumbling, on the flying rings and on the horizontal bar. As it was desired also to open a class in Bible history and geography, the two will be combined and systematic work will be preceded by thirty minutes in Bible study, beginning sharp at 8 p.m.

Registration in this class will be free to all association members, and the class will be of especial benefit to those already in active work. The physical director will conduct both the Bible study and the advanced work. The members of the "Blue committee" included—are invited to attend the "Blue" reception to be held in the association rooms tonight under the auspices of the "Blue committee." In the membership contest, a nice programme will be rendered and refreshments will be served. The "Blues" will give a special effort to be able to open a lead for the "Blues" who have kept in the front during the past week.

COUNTY COURT.

JUDGE MCKAY WARMS UP THE SELECTMEN.

Wants Time on the Farrell Matter and Gets It—Poll Tax Resolution and Other Business—Appropriations Made.

Judge McKay warmed up the routine proceedings of the county court yesterday by telling the selectmen and their attorney they might go to that land where ice cream freezers are a drug on the market, or words to that effect. It was the only incident of the session and was the termination of a short passage at arms between the Judge and County Attorney Whittemore. Judge McKay appeared for Farrell on the matter of his bill, which has been hawked around the structure from one committee to another until it would take a man of intense erudition to tell what its status is, and said to the selectmen that he was not prepared to make the show he wanted at that time and asked for a continuance of one week to enable him to prepare.

RAILWAY WORKERS' CONVENTION.

It is Now in Session at Hazleton, Pa.

HAZLETON, Pa., Dec. 9.—A convention of railroad workers from all over the country is in session here. A secret meeting was held last night, though little of the proceedings could be had for publication, it is known that the late Lehigh Valley strike received attention. The wages paid a resolution was adopted, which will be presented to President Wilbert, of the Lehigh Valley, asking him to give the men what they still feel a fair hearing and to re-appoint the board. It was made to bring about the federation movement, but it was not successful.

A D. & R. G. CHANGE.

Horace Payne May Succeed General Passenger Agent Hooper.

Private advices to The Herald from St. Louis are to the effect that Horace Payne, now of the Missouri Pacific, and formerly assistant general passenger agent of the Union Pacific, will be made assistant general passenger agent of the Denver & Rio Grande, of Peoria, Ill. E. W. Fitzpatrick, of Peoria, Ill., is expected to succeed Payne, and that he practically endorsed strikes.

BUTTE IS AROUSED.

Visiting Union Pacific Officials Cause a Stir.

It's an old saying that one must go from home to get the news. The Anacosta Standard man has this to say: "A party of Union Pacific officials came in from the north yesterday and two private cars for a short visit in Butte. The members of the party were W. H. Bancroft of Ogden, superintendent of the Rocky Mountain division; J. C. O'Melveny of Powell, general manager of the Idaho division; J. H. McConnell of Omaha, general master mechanic of the Union Pacific system; J. P. Dunn, division mechanic at Pocatello, and H. Van Coon, for the road at Salt Lake. The visiting officials were shown around the city yesterday afternoon and they will continue to take in the sights of the mining camp until this afternoon, when they will probably return to Ogden. Although he is an old timer on the Union Pacific, Superintendent Bancroft saw Butte by gaslight last night for the first time, and General Agent Maze made it a point to see that he saw everything that there was to see, and his trip was both interesting and instructive.

THE DOCTOR'S ADVICE.

L. R. C. Chicago—I suffer with pains in my stomach after eating. Please state a remedy.

You are suffering from indigestion. Take our Gastric, a teaspoonful after each meal, three times a day. L. Brooker—My skin has become rough—lately "looking" like a leopards skin. Please advise me. Be kind enough to suggest a remedy.

COLUMBIA CHEMICAL CO. WASHINGTON, D. C.

Including the famous ANIMAL EXTRACTS and Nutritious Salts.

At all druggists. (24) Send for literature.

Write—Here's an account of a man who shot himself rather than suffer the pangs of indigestion. Husband—the fool! Why didn't he take De Witt's Little Blue Pills? I used to suffer as he did before he commenced taking these little pills. For sale by all druggists. Nelden-Judson, wholesale dealers.

The U. S. Gov't Reports

show Royal Baking Powder superior to all others.

IN RAILWAY CIRCLES.

Officials Looking Back Over the Past Year.

A GENERAL IMPROVEMENT.

MOST STRONGLY MARKED IN THE FREIGHT BUSINESS.

The Outlook for Next Year is Very Encouraging—Sale of the Great Atchison, Topeka, & Santa Fe Today—Convention of Railway Workers—The Latest by Wire-Local Notes.

The end of the year is now at hand and local railroad men are estimating the business for 1895.

"The showing is a very satisfactory one," said a prominent official to a Herald reporter last evening. "Freight shipments have shown an increase all along the line, and the movement of sheep and cattle has been unusually heavy. Cattle shipments have practically ceased now, and the holiday business is now making things hum. Besides all these things, traffic is now in a settled condition in this section, which is an important thing.

As the passenger department, there is no complaint of a slack season, the showing for the year is one for congratulation. More than that, the outlook for '96 is most encouraging. With the opening up of new mining districts, the development of new industries and the general increase in prosperity that has set in, the railroads in this section feel more than satisfied."

A GREAT AUCTION.

Sale of the Atchison, Topeka & Santa Fe Today.

TOPEKA, Kan., Dec. 9.—At 10 o'clock tomorrow at Topeka will occur the greatest auction the world has ever known. At that hour J. B. Johnson, special master in chancery, will offer to the highest bidder for cash in hand the entire system of the Atchison, Topeka & Santa Fe. Nothing will be reserved of its 1947 miles in Grand 2,900 locomotives, thousands upon thousands of cars, buildings, rights and franchises, considered together to reach the important fact of the sale. Special Master Johnson is to act as auctioneer, and as preliminary to receiving bids, will read the order of sale. Judgment of the court and other legal documents, which will consume some thing more than an hour. One feature of this action is materially different from the ordinary. No one will be allowed to bid unless he has first deposited \$50,000 in cash with the special master as an evidence of good faith. Judge Henry C. Caldwell will come to Topeka for the purpose of confirming the sale.

AN INTERVENTION.

The Injunction Proceedings of the Southern Pacific.

SAN FRANCISCO, Dec. 9.—The injunction proceedings of the Southern Pacific against the California railroad commissioners from reducing freight rates today came to a close. The commissioners had asked the court to grant an injunction against the railroad company to prevent the reduction of freight rates. The court, however, refused to grant the injunction, and the railroad company was allowed to continue its operations. The court's decision was a significant victory for the railroad industry.

How Clergymen Will Ride.

The executive committee of the Trunk Line association has authorized the railroads to issue clergymen's tickets, good until March 1. The passenger departments of the Pennsylvania and the Philadelphia & Reading companies have not responded to the offer, and the vote was cast subject to their approval. It is not expected that there will be any objection from these roads. If there is any objection, it will be made by the officers of the new joint traffic association in the coming year.

Beginning of the End.

Oscar G. Murray, vice president and freight traffic manager of the Big Four, has just issued a circular, which causes a good deal of anxiety on the part of representatives of the fast freight lines known as the Vanderbilt lines, which operate over the Big Four. While issued especially for Cincinnati, it is stated similar circulars are to be sent to all important points on the Big Four system where the Vanderbilt lines are represented. The gist of the circular is that but one representative of any fast freight lines shall solicit the same business, or in other words, any line which is not a member of the West Shore line freights are simply Big Four freights, no matter which of the line agents secures it. This is probably the beginning of the end.

Big Order For Cars.

The Pennsylvania Railroad company has decided to place an order for 2,000 more box cars, which are to be supplied as soon as possible. Including the orders placed in the country, the Pennsylvania Railroad company will have a total of 7,000 cars that have been ordered this year. It is understood that the cars will be built by the Pennsylvania Railroad company's lines. They will be equipped in accordance with all the requirements of the new law, and on this account a slight increase in the cost will be entailed.

Railway Notes.

Superintendent Bancroft has gone up over the Idaho division. C. Ira Tuttle, Union Pacific live stock agent, has gone to Omaha for a week's visit. The "War of Wealth" company left for the east last night over the Union Pacific. Traveling Freight Agent Daddridge, of the Missouri Pacific, is in from Omaha. E. E. Hoffman, of the Missouri Pacific, with headquarters at Denver, is in town. Traveling Agent Hawkes of the D. & R. G. was in the southern country yesterday. H. H. Lawson, Union Pacific agent at Milford, is on leave of absence on account of sickness. General Agent Molins of the D. & R. G. was expected from Nevada last night with some good reports. F. H. Plaisted, Union Pacific traveling freight agent, has returned from a week's trip through the south.

Quite a Party Will Accompany the remains of the late Major Ebb to Ogden today.

General Agent Kosser of the Missouri Pacific will go to Ogden today with Mr. Dedridge and Mr. Hoffman, who are looking over that field. MONTREAL, Ont., Dec. 9.—W. A. Van Horn admits today that it will not be long before he will resign from the presidency of the Canadian Pacific railroad. General Manager Clayton advises that track laying has commenced on the Grass Creek coal mines, and the work is to be pushed steadily on to completion. The desks in the Union Pacific general office have all been fitted out with incandescent lights and other improvements have been made that facilitate the work of the boys.

Mr. F. B. Rutherford has been appointed city passenger and ticket agent of the Chicago, Rock Island & Pacific at Lincoln, Neb., to succeed Mr. C. A. Rutherford.

Receiver Ristine, of the Colorado Midland, has announced a reduction of 32.13 per cent in the wages of employees, to take effect January 1. He states that wages are unusually high, and that it is thought that an appeal will doubtless be made to Judge Caldwell. The western general passenger agents have decided to continue home-sickers excursion rates to Ogden, and there will be two in January, one in March and one in April. As a graceful way of reducing rates and inducing people to travel, because it is cheap and because it is so profitable, whether or not they result in home-riding.

AN ARGUMENT.

THEY ALMOST CAME TO BLOWS—THE TROUBLE SOON DISCOVERED AND EVERYTHING NOW ALL RIGHT.

It was a quarrel amongst the organs of a man's body. The Liver and Lungs, the Stomach and the Heart all "pitched into" your fault," said the Liver. "You have certain work to do and you don't do it. It is your place to filter all the poisons and impurities out of the body, and you are not doing it."

"As a consequence," said the Stomach, "all being clogged with poisons and I am irritable and only half digest the food they are forcing into me. Here's the Liver all clogged and torpid, the Lungs are all choked up, we don't get half enough oxygen, the Head is aching, the Nerves tingling, the Back is aching and the poor Heart is laboring like a siege-battered wall."

TOWN TALK.

The Herald's "news contest" for the boys and girls of the public schools is awaiting a grand finale. The contest will continue to arrive until Friday morning, when the prize winners will be announced. The contest is open to all pupils in accordance with the announcement elsewhere in this issue. Today at 10:45, the friends of the late Major Ebb will assemble at the Walker House to pay a last tribute to the memory of the deceased. The services will be held under the auspices of the Army of the Republic, and the address will be delivered by the Rev. David Uteer. After the funeral, which commences at 12:15, the interment will be at Ogden. It is anticipated that the attendance will be very large, as the major was a man with many warm friends.
