

BOARD OF EDUCATION

Dr. Millspaugh Re-elected as Superintendent of Schools.

SALARY FIXED AT \$2,500.

REPORT ON THE PROPOSED STATE NORMAL SCHOOL.

Recommendations of the Committee on Teachers' Certificates.

Dr. J. F. Millspaugh, at last night's meeting of the board of education, was unanimously re-elected superintendent of public schools for the ensuing year.

When the regular routine business had been transacted Mr. Westerfield offered a resolution fixing the salary of the superintendent at \$2,500 for the ensuing year.

STATE NORMAL SCHOOL.

The board had an unusual amount of other business before it, the most important being the arrangement for the proposed state normal school.

Your committee on teachers and school work, to whom was referred the communication of James E. Talmage, president of the University, in relation to the arrangement of details for the proposed state normal school, reported that we have had the matter under careful consideration for some time and have had several meetings with the faculty of the University, and under authority granted by the board in the following section of the new school law, viz: That the board of education may assign to the state normal school for the purpose of illustrating instruction in the practice school connected therewith a sufficient number of children of appropriate grades and reimburse the state normal school for the instruction of such pupils at rates per pupil not exceeding the average cost of instruction per pupil in the public schools of the city, as ascertained for each year, your committee has the honor to report the adoption of the following resolutions:

Resolved, First, that the board of education assign to the state normal school forty-five pupils of each grade, as near that number as is done in other schools throughout the city, or as near thereto as is practicable.

Second, that the board furnish the pupils assigned to the state normal school books and supplies such as are furnished to the other pupils in the public schools, and loan to the state normal school a sufficient number of desks for pupils and teachers, and chairs to fit up an eight-room building.

Third, that the board exercise no supervision over the state normal school as to the conduct of the grade work beyond requiring a compliance with the rules of the board as to the course of study, hours of daily session, statistical reports and the conduct of the transfer of pupils.

Fourth, that the board do not desire to have any of the board as to the course of study, hours of daily session, statistical reports and the conduct of the transfer of pupils.

Fifth, that the board will not incur any expense for rent of the rooms occupied by the training school and also that the training school be removed from the Tremont building, and that the state normal school provide a suitable and comfortable building for the accommodation of the pupils thus assigned to it at its own expense.

Sixth, that the board will reimburse the state normal school for the instruction of said pupils at rates per pupil not exceeding the average cost of instruction per pupil in the public schools of the city, as ascertained for each year, and further that the payments be made monthly to the state normal school on duly verified vouchers.

TEACHERS' CERTIFICATES.

The following rules relative to teachers' certificates were adopted:

First—That teachers who expect to teach in any of the first four grades be required to take the examination of primary certificates only.

Second—That teachers who expect to teach in grades from the fourth to the eighth, inclusive, be required to take the examination for grammar certificates.

Third—That principals of buildings in which six, seven and eight grades are taught, and all high school teachers be required to take the examination for high school certificates.

Fourth—That an average of 70 in all subjects, with a standing in no subject lower than 50, be required for any certificate.

Fifth—That an average of 80 in all subjects, with a standing in no subject lower than 60, be required for renewable certificates.

Sixth—That an average of 80, and not less than 60 in all subjects necessary for a grammar certificate be required as a preliminary to an application for a high school certificate.

Seventh—That an average of 70 in high school branches, and not less than 50 in all subjects be required to secure a high school certificate.

The committee on teachers and school work was also authorized to employ a penman to write the names of the eighth grade pupils upon their certificates and all high school pupils upon their diplomas; the date for the high school commencement exercises was fixed for June 12 to be held at the Salt Lake theatre, and a special committee appointed to look after the invitations and the distribution of tickets for the exercises.

TO LOOK AFTER TRUANTS.

the tax due each of these funds on account of these redemptions they agree, but that in the writer's report the share of interest amounting to \$339.66 entitled to by the city and county schools were included contrary to the allowance of the same by the county court, and thus included in Mr. Fisher's report. This was the only apparent discrepancy in the two reports.

TREASURER'S REPORT.

Treasurer Barnes rendered his report for May as follows:

Receipts—On hand May 1, 1896, \$57,764 15 Received rent of thirteenth school building, 25 00 Total, \$57,789 15

Disbursements—Paid clerk's warrants, \$18,824 68 Balance on hand, \$38,964 47 Balance June 30, 1896, \$7,681 86 Receipts, 11 months, 392,823 31 Total, \$401,808 33

On hand as above, \$38,964 47 S. H. Westerfield announced that Dr. Millspaugh had been selected to deliver the address at the high school commencement.

ROUTINE MATTERS.

On recommendation of the committee on buildings and grounds William Graham was temporarily employed as janitor of the Lincoln school at scheduled salary, vice Charles Chilver resigned.

The same committee reported that the leases on the Clayton and Richards school buildings expire on the 30th of this month. The following buildings will, on recommendation of the same committee, be discontinued for use June 30: Davis, Peterson, Tenth ward vestry room, Baptist chapel, Free Methodist church and the Benton building. The clerk was instructed to notify the lessors.

On recommendation of the committee on teachers and school work Mrs. Mary M. Sloan was employed temporarily at a salary of \$80 per month, to take Miss Mayne's place in the eighth school, and Miss Sarah Madigan, Cleveland, at \$75 per month, to take Miss Goodrich's place in the Grant school. Miss Minnie Bartch, Miss Grace Frost and Mrs. Mary G. Major were granted a leave of absence for one month.

The services of the following janitors will, on resolution of the committee on buildings and grounds, be discontinued on June 15: Mrs. McCollister, Peterson building; Otto Echnon, Thirteenth school; Bernard Hooper, Davis school; James C. Perry, Benton; Thomas Trimmans, Fifth school; Mrs. James R. Hall, Baptist chapel; George Ruch, Free Methodist church; James Lee, C. L. Larson, high school, June 30. The following janitors were allowed half of their regular salary to take care of the school buildings during July and August: Ellen James, Seventh school; Hattie R. Jones, Ninth; Mrs. M. A. Williams, Tenth; Mrs. E. Conroy, Twelfth; William Bailey, Longfellow; Charles Lindgren, Bonnevillie; F. Groves, Emerson; Harry Chapman, Uintah; Sam O. Kelsey, Irving.

Mrs. Priscilla J. Smith, who was granted a leave of absence for one year, was re-employed as teacher at a salary of \$85 per month.

Applications for positions as janitors were received from William E. Hungerford and Mrs. L. B. Perkins.

A petition numerously signed endorsing Miss C. Irene Murphy as an efficient teacher was received on file.

MIDSUMMER CARNIVAL.

THE BEGINNING OF A SERIES OF BENEFITS.

Scouts and Pioneers—The Voting Contest—Grand Marshal Newman Issues His First Order—Carnival Notes.

The two benefit performances at the Grand Opera house next week (Monday and Tuesday evenings) will be the beginning of a series of performances which the carnival managers expect will realize the sum necessary to make up the difference between the amount at present subscribed and the amount estimated as necessary to carry the carnival to a successful termination.

In this way thousands of people can contribute their mite and at the same time enjoy its worth. The theatre has been tendered by the management and the players have volunteered their services. On each night one of the leading candidates for carnival queen will be present and as the partisans are now more enthusiastic than ever before it is expected that the friends of each favorite will be present to give her an ovation. "Camille," cast to the full strength of the very capable company, will be given both evenings.

SCOUTS AND PIONEERS.

Captain Adam Paul is chief of his most important department and by his work he is proving himself to be the right man in the right place. He is organizing a company of scouts and pioneers for the education of the youth of the county he has mastered enough cowboys and old-timers to make up that number, but allowing for all failures to attend drills and the final assembly will have 500 in line. The exposition grounds will be their camping ground while in the city and it is a part of the programme that they hold receptions at all drills for the education of the public, the idea being to show to tender feet on the plains in all its pristine simplicity.

THE VOTE FOR QUEEN.

In the voting contest more interest was shown yesterday than for several days past. Last evening the vote stood:

Miss Jean B. Russell, 18,001

Keep your favorite above this line if you wish her to succeed.

Miss Clara Pearl, 11,066

Miss Clarietta Thatcher, 2,513

Miss Laura Deane, 915

Mrs. A. J. Atkins, 888

VOTING COUPON.

Cut this out and send to executive committee, room 327, Atlas block, city.

My choice for queen of the carnival is:

M.....

This coupon entitles the holder to one vote.

CARNIVAL NOTES.

Art Director Clawson has designed a float to represent the state flower—the sego lily. A mammoth specimen, hand-painted and mounted on a floral queen will be its principal feature.

The first carnival concert rehearsal will be held in the Tabernacle Monday evening, beginning at 7:30 o'clock. Professors in waltz and polka request all singers who intend to take part to be on hand promptly.

Boxes and seats for the benefit performances to be given at the Grand tent Monday and Tuesday evenings will be sold at auction during the noon hour in the stock exchange Saturday, directly after the call. It is expected the bidding will be spirited.

Grand Marshal Newman has issued his first official order. It reads: "All organizations and companies are requested to take part in the processions which please make an early report, by mail only to the undersigned, setting forth in detail the display that they intend to make and the number of participants. The report will occupy in the column. An early report is necessary in order that the proper place and space may be allotted. Places will be promptly assigned by mail. Owing to the nature of the business, personal interviews cannot be accorded."

GENEROUS OFFER.

Mr. Phil Margetts Makes a Proposition.

To the Editor of The Herald: Being desirous of contributing my mite to the forthcoming carnival and first celebration of the national holiday by the state of Utah, I am willing, in lieu of cash contribution, as the pioneer actor of Utah to place my services at the disposal of the management. If Manager Burton will tender the use of the theatre, I will engage in a performance, assisted in getting the company together, and assisting in the details of preparation necessary therefor. I desire to contribute as much as I may to the success of the occasion, which it seems to me ought to be quite popular and embrace as many old-time people and features as possible. Respectfully,

PHIL MARGETTS, Pioneer Actor of Utah.
