

NEWS FROM NEAR-BY TOWNS

Elsinore, Already Thriving, Will Do Better Soon.

AWAITING THE RAILWAY A MINIATURE BOOM ALREADY IN PROGRESS.

Joint Teachers' Institute—Programme for Park City's Celebration—Sevier County and Southern Utah Generally Badly in Need of Rain—Cattle and Sheep Dying on the Range by Thousands for Want of Food—Wooling and Idaho Whiskers.

RICHFIELD, June 28.—For many years past Elsinore, a town of 800 people, has been one of the most important in the Sevier valley. Their wool mills have been far-famed for their products. The pack-packing establishment, carried on in connection with the mills, has supplied much of the pork and lard consumed in Utah.

On Wednesday, July 1, the Rio Grande Western construction train will reach Elsinore, and the same day the carnival excursion will start from there. Awaiting the arrival of the railroad the town is having no small boom.

The exact time at which regular passenger trains will run from Elsinore is not yet determined, but it will be some two weeks yet, as there will be no Y built there and the one at the mouth of the Sevier canyon will be used for turning the cars.

Beginning Monday evening a joint teachers' institute of Sevier, Piute and Wayne counties has been held at Monroe. Monroe is blessed with some hot springs which contain a carbonate in solution. Several attempts have been made to buy these, yet the owner has refused all propositions. This summer the townspeople joined together and built a bath house especially for the visiting teachers.

President J. M. Tanner of the Agricultural college has been principal of the institute. Professors Dome, Kerr, Linfield and Stewart and Miss Edna Hyde have all associated with the regular work. Several public lectures have been delivered in the various towns. Thomas Ashworth, Mary Romney, Ethel Pike, and young Mr. Phillips of Salt Lake's singing talent have attended the various sessions and interspersed the lectures with musical evening concerts in the three larger towns. Last night the teachers had a picnic and they will finish by an excursion up Monroe canyon on Monday and Tuesday.

Park City Will Celebrate. PARK CITY, June 28.—Park City will celebrate the Fourth this year as follows; there will be \$1,000 in prizes: MAIN STREET AND MARSAC MILL GROUNDS.

First—Sunrise salute of forty-five guns, representing the forty-five stars of the Union for the first time. Second, 3:30 a. m.—Trade parade under supervision of marshal of the day.

Third—Pioneer parade, open to all towns and settlements outside of Park City in Summit and Wasatch counties. Purse of \$75. First prize, \$50; second prize, \$25.

Fourth—Reading of Declaration of Independence by Rev. G. W. Rich. Fifth, 10:45 a. m.—Boys' sack race on Main street. Prize, \$5.

Sixth, 1:30 p. m.—Potato race, on Main street. Prize, \$5.

Seventh, 1:45 p. m.—Boys' race, under supervision of marshal of the day. Prize, \$5.

Eighth, 11:55 a. m.—Tug of war, Marsac grounds, between Summit and Wasatch. Entrance fee, 10 per cent of purse. Prize, \$50.

AT THE ATHLETIC ASSOCIATION GROUNDS. Ninth, 12:25 p. m.—Greased pig. Who catches the pig has it.

Tenth, 1 p. m.—Baseball, Park City vs. Athletics. Purse, \$50.

Eleventh, 2:30 p. m.—One hundred yard sprint. Entrance fee, \$1. Gold Medal, \$25.

Twelfth, 2:35 p. m.—Miners' 200-yard race, open to miners only. Entrance fee, \$1. Purse, \$25.

Thirteenth, 2:45 p. m.—Firemen's tournament. Prizes, \$50.

RACE TRACK. Fourteenth, 3:30 p. m.—Miners' drilling contest, double-barred. Entrance fee, \$5. Purse, \$100.

Fifteenth, 4 p. m.—Miners' single-barred drilling match. Entrance fee, \$5. Purse, \$75.

Sixteenth, 4 p. m.—Trotting one-half mile. Best two in three heats. Entrance fee, \$2. Open to Summit and Wasatch. Purse, \$40.

Seventeenth—Putting sixteen-pound shot. Entrance fee, 50 cents. Prize, \$150.

Eighteenth, 4:30 p. m.—Combination one and one-half mile continuous race; one-half mile walk, one-half mile trot or pace, one-half mile run. Total purse, \$40. Horse winning walk, \$10; horse winning trot or pace, \$10; horse winning run, \$10; horse winning race, \$10. Entrance fee, 10 per cent of the purse.

Nineteenth—Throwing the hammer. Entrance fee, 50 cents. Purse, \$75.

Twentieth, 5 p. m.—Running race, one-half mile and repeat. Entrance fee, \$2. 75 per cent of purse to first, and 25 per cent to second horse. Open to all. Purse, \$50.

Twenty-first, 5:30 p. m.—Running race, one-fourth mile and repeat. Open to Summit county. Entrance fee, \$2. 75 per cent of purse to first and 25 per cent to second horse. Purse, \$50.

Twenty-second—Slow race, open to the world, \$10.

Pherson, chairman; C. D. Rookledge, Frank Andrews, Robert Hoegsman, M. H. Page, J. C. McLendon, J. C. Weeden, W. P. Woodruff, E. J. Donovan, L. E. Camomile, J. J. Flahiff, Henry Welsh, secretary.

An Expensive Cannor.

It appears that no horses were stolen from the Tisdale ranch after all, and that some \$500 or more was expended by Natrona and Sweetwater counties in a wild chase for thieves that were only the creatures of some thoughtless person's mind. In justice to Sheriff McDermott it should be stated that he was the pursuer of the mythical robbers, much against his will, and only after Governor Richards had requested him to do so. Of the matter the Chief Derrick says: "Deputy Sheriff Hennesly, Bill Kennedy and Harvey Flood returned to Casper Tuesday evening from their hot pursuit of the horse thieves who cut the wire and drove the thirteen horses from Tisdale's ranch on Powder river. The officers took the trail of two horses, from the place where the wire was cut, and followed the trail to the Rio Grande and abandoned them. The country was too rough, the trail no longer to be discerned and the possibility of ever seeing a man in so broken a country, too uncertain to justify following. The horses taken from the pasture were found near the place from which they were taken by John Day, of Casper, who had been looking for them since while the officers were 300 miles west after the thieves.—Green River Star.

THE SAW MILL.

Some Good Tangible Work on the Plant This Week.

Work was begun Monday toward putting in the string-booms connected with the saw mill plant. These booms will be several in number, some above and others below the railroad bridge. In fact, wherever they are deemed necessary to point the logs to the north channel of the river and guide them to Johnson's slough.

Some 2,000 feet of 1 1/2 inch wire cable and as many feet of cable rope will be used in the construction of the log string-booms and the supporting cables attached to the log men on the shore. This work will be completed in a few days, as will the putting in of the stone and earthen dam at the mouth of the slough.

The first log will be dumped in the river either tomorrow or Monday at the timber forests where they were cut, and is calculated by Manager Biscom to weigh 100 tons.

The milling machinery, which has been ordered from Chicago, will probably be in place by that time, or a little later, as the work of erecting out native lumber will then begin. The maximum capacity of the mill plant for this season is to be 2,000 feet per week, and a greater capacity will be added next year if the experiment warrants it.

Mr. Osborne, who has charge of getting out the timber, is still engaged in cutting and estimating, but it will be about 450,000 feet on the bank.—Green River Star.

Suicide at Cheyenne.

(Special to The Herald.)

CHEYENNE, Wyo., June 28.—An unknown man committed suicide here today by hanging himself to a bedstead in a cheap lodging house. The suicide had burned his papers, so that there is no clue to his identity. He was well dressed and had \$20 in currency and a dollar in silver in a money belt on his person. He was apparently about 25 years old. All that is known of him is that he kept the lodging house that he spoke with a German accent and was last seen alive when he engaged the room last evening.

Killed in an Explosion.

GREAT FALLS, June 28.—A Belt special says: Last evening Jacob Wirule and John Phillips were instantly killed and John Holt seriously injured by a terrific explosion of powder in the coal chambers of mine No. 2 of this camp. The men were employed as miners, and in handling the powder used for blasting purposes they are supposed to have dropped it and the explosion followed. The bodies of the two men were disfigured almost beyond recognition, while Holt was knocked senseless and so badly injured internally. A coroner's jury was summoned today and brought in a verdict in accordance with the above.

Probably Drowned.

TWIN BRIDGES, June 28.—The serenity of the usually peaceful Sabbath morning in this bucolic burg was rudely disturbed last Sunday by the arrival of a message from the Zeigler Hot Springs, on the Big Hole river, bringing the tidings that Tom Jones, ex-sheriff of Beaverhead county, had been drowned. The body of this place and Rochester, had disappeared during the night, and it was feared that he had found a watery grave in the roaring torrents of the Big Hole. Andy Zeigler, who brought the news, stated that Jones and the family had separated for the night about 10 o'clock for the purpose of retiring to their sleeping quarters. In the latter part of the night, while Jones was standing at the door of the cabin which he occupied during his stay at the springs, ostensibly awaiting the hearing of a "smudge" which he had built for the purpose of driving mosquitoes from the cabin. As he had been acting strangely during the day, and was evidently in a nervous condition, the family got up about 1:30 o'clock in the morning to see if he had found anything, and was surprised to find his room empty and his occupant gone, no one knew whether the other visitors and the family were aroused, and diligent search was made for the missing man, but all efforts to find him were fruitless. The other visitors and the family were aroused, and diligent search was made for the missing man, but all efforts to find him were fruitless.

Idaho Wool.

Quite a number of clips of wool were sold at the forwarding company's last week, and they are now being loaded. In regard to the matter of some of the sheep men being dissatisfied with the accommodations at the warehouse this year, it is learned that the same conditions and feelings prevail at other points as well as here. The fact that no stock was made in nearly two months, and wool coming in all the time, the warehouses were soon filled, and some of the clips were stacked on the ground. Again, the continued and unimproved rates of the season were another feature of the situation impossible to foresee, and wool that was not warehoused received some damage from this cause. Still, none of these drawbacks, which are exceptional rather than general, should deter sheep men from marketing their clips at Caldwell, for it is a fact capable of complete demonstration that it is the best place in Idaho where the prices are obtained here, year in and year out, than at any other town in Idaho; and what is more, the sheep men know it, and other things being equal, they will continue to do business here. The books of the forwarding company show an average price of 8 1/2 cents per pound for wool at this place this spring—fully a half cent higher than at any other point, and it is the same thing every year.—Caldwell Record.

VANDALISM ASTOUNDING.

MANSFIELD, Mo., June 28.—The people of this county are greatly incensed at what has turned out to be one of the worst acts of vandalism ever occurred in this section of the state. A night or two ago a gang of men visited the home of a minister living near Macomb, in the county, and almost immediately thereafter they destroyed his orchard, running the vines into the creek and otherwise ruining the whole property. They did this amounting to hundreds of dollars. The case was reported to James Adamson, Ira Adamson, and Jerry, Len Grey and Thomas Ivy, who are charged with the crime.

"NOTHING."

WHAT AITGELD THINKS OF WHITE-NEV'S INTERVIEW.

The American People Are Not Ready to Become the Vassals of the English Money Lender and His American Agent. SPRINGFIELD, Ill., June 28.—Governor Altgeld was asked tonight what he thought of the interview today given by William C. Whitney. He replied: "Nothing. The American people are not yet ready to become the vassals of the English money lender and his American agent. Whitney's interview has not been pursued for more than twenty years at the instance of those eastern speculators who compete the producers and consumers of this country who bear all its burdens, to give those English money lenders \$2 worth of their life's blood for each dollar they ever get from our Englishmen. This is destroying our country and the Democratic party intends to condemn this policy in most emphatic terms, and no matter how much those eastern capitalists and speculators may be willing to spend they are going to have a very difficult time in trying to make the party from Congress consent to this subject. That is all I care to say about this matter at this time."

WHIST CONGRESS.

"Short Suitors" Were Overwhelmingly Defeated.

NEW YORK, June 28.—The whist congress and tournament at Manhattan Beach closed early this morning. The "long suitors" and "short suitors" have come together, and the latter have been overwhelmingly defeated. At a secret meeting this question of system came up. Former President Schwarz had recommended that the congress authorize the president to appoint a committee of seven experts to report a system of play at either the next midwinter meeting of the executive committee or at the seventh annual congress.

The meeting endorsed this recommendation by passing it in the form of a resolution, and the following committee was appointed: Milton C. Work of Philadelphia, J. H. Briggs of Minneapolis, George W. Keell of Chicago, George L. Bunn of St. Paul, Thomas A. Whelan of Baltimore, and Paul M. Bouve of Boston.

Among other charges ordered in the by-laws was that individual whist players may be admitted as state members of the league by vote of the executive committee, provided that they are not members of any league club.

The Boston Commercial Traveler club was expelled from the league on the ground that it had got into the hands of professionals.

The contest for the Hamilton trophy was won by the Hamilton club of Philadelphia by twelve tricks. It is the third time this club has won the trophy. The winners in the above were Newman, Robinson and Britton, south, and Williamson and Britton, east and west. The twelfth round for the Minneapolis trophy is as follows:

North and South—Des Moines Whist club, 108 plus 1; Hamilton Whist club, 108 plus 1; Boston Duplicate, 108 plus 1; American Whist club, 105 minus 1; Chicago Whist club, 102 minus 1; Hamilton of Brooklyn, 101 minus 1. Average, 105 1/2.

East and West—Fergus Falls, 107 plus 1; Commercial Traveler Whist club, 106 plus 1; Hamilton of Philadelphia, 105 plus 1; Albany Chess and Whist, 102 minus 1; St. Louis, 102 minus 1; Narragansett, 100 minus 1; Minneapolis, 99 minus 1; Capital Whist club, 99 minus 2. Average, 102 1/2.

The result of the match between men and women is as follows: The men won by 1,325 to 1,218. The highest score in the men's side was made by Hamilton and Whitfield, 11 1/2 plus.—The highest score on the women's side was made by Mrs. T. Hollingsworth Andrews and Mrs. Fennell, 2 1/2 plus.

SIX GO DOWN.

TRAGEDY ON SHAWAN'S LAKE DURING A GALE.

Sudden Squall Overturns the Boat When the Vessel Was Fully Three Miles from Shore.

SHAWANO, Wis., June 28.—Word has reached here of the drowning of six persons at Shawano lake during the gale this evening. A party consisting of O. A. Risum and wife, Herman Dracker and wife, Louis Goyer, wife and child of Fulviter, Miss Emma Garbrecht of Shawano, and Miss Margaret Cowe of St. Nazanz, Manitowish county, started from Cecil about 5 o'clock in the A. G. Risum's yacht, en route to the west end of the lake. When about three miles from shore the boat was capsized by a sudden squall and the party precipitated into the water. Mr. Risum and Mr. Dracker clung to the capsized yacht for several hours, the latter holding the child in his arms, when they were rescued by parties from Cecil, who were attracted by their cries for help. The bodies of the other six have not been recovered.

MONEY ABROAD.

Rates During the Week Were Fairly Easy.

LONDON, June 28.—The rates for money for the week were fairly easy. Speculative American purchases of silver this week, made in view of the coming Chicago convention, failed to give firmness to the market. The stock exchange business was small, being mainly engaged in a settlement. Home railway securities were very active. The decrease for the week were as follows: Louisville & Nashville, 1/4; Erie 2nd, and Lake & Erie, 1/4; Atchafalaya, Topinka & Santa Fe, Illinois Central and Norfolk & Western, 1/4; Chicago, Milwaukee & St. Paul, and the Northern Pacific declined on the report of the election in Canada. Grand Trunk showed a fractional advance.

Awarded Highest Honors—World's Fair, 'DR.

CREAM OF THE WORLD'S MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 YEARS THE STANDARD.

Nervous

People find just the help they so much need, in Hood's Sarsaparilla. It furnishes the desired strength by purifying, vitalizing and enriching the blood, and thus builds up the nervous, tones the stomach and regulates the whole system. Read this: "I want to praise Hood's Sarsaparilla. My health run down, and I had the grip. After that, my heart and nervous system were badly affected, so that I could not do my own work. Our physician gave me some help, but did not cure. I decided to try Hood's Sarsaparilla. Soon I could do all my own housework. I have taken Hood's Pills with Hood's Sarsaparilla, and they have done me much good. I will not be without them. I have taken 13 bottles of Hood's Sarsaparilla, and through the blessing of God, it has cured me. I worked as hard as ever the past summer, and I am thankful to say I am well. Hood's Pills when taken with Hood's Sarsaparilla help very much." Mrs. M. M. MESSINGER, Freehold, Penn. This and many other cures prove that
