

THE MARKET WAS RATHER RAGGED

Volume of Business, However, Fairly Large.

DECLINES WERE NUMEROUS

EVIDENCES OF MANIPULATION BY GOLDBUGS.

Railway and Miscellaneous Bond Markets Weak—Vanderbilt Stocks Especially Depressed—London and Other Stocks—Chicago, Kansas City and Omaha Live Stock—The Metals Quiet.

NEW YORK, July 15.—The volume of business in stocks today was considerably larger than for some time past, and the movement of prices was almost uninterrupted downward. At times the market presented a rather ragged appearance, and material declines were numerous, ranging between 1 and 7 per cent. The trading was unusually well distributed, with the main pressure against the industrials and grangers. Some of the more extreme losses occurred, however, in the unusually active stocks and on nominal dealings. At intervals heavy blocks of the leading active securities changed hands. The stamp value was also aggressive bear raiding and to liquidation by tired holders. The advocates of lower prices made effective use of lower London quotations for American securities, the reported severe depreciation of the value of the Vanderbilt family, engagements of gold for export tomorrow aggregating \$900,000, and further advances in foreign exchange rates. Another sharp break in United States government bonds occurred, a decidedly depressing influence on the general market. Actual rates for sterling were advanced 1/2 to 1/4, and 4.85, and cables worked close to 4.85. Some leading dealers also advanced quoted quotations to 4.85 and 4.87 1/2. The strength of the market was credited to the discouraging rumors of gold hoarding and to apprehension regarding the decreasing gold reserve of the United States treasury. The gold and silver market was quiet, and the market was generally unimpaired, as the engagements were announced shortly after some of the leading gold shipping houses had publicly expressed doubts as to shipments. The break of 1/2 per cent in the United States government bonds down to 1 1/2, the lowest price recorded for the bonds since their issue. A factor in the general decline in the stock exchange markets in addition to the influence of the government bonds was the liquidation of securities held in loans. In this connection rumors were current of heavy blocks of sugar stock in loans with various financial institutions. At the extreme low points some inside buying was noted, and purchases for short account, but they failed to create a ripple.

The semi-demoralization in stocks sympathetically affected the railroad and miscellaneous bond markets. The material losses were recorded in many instances. The Vanderbilt stocks were especially depressed. The closing was weak at the lowest point and at declines ranging from 1 to 7 per cent.

The market for railway and miscellaneous bonds was weak on increased dealings, and declines scored ranging from 1 to 3/4 per cent in the active issues. Many material losses occurred in the sale of the Vanderbilt securities. Among the more important declines were: Atchafalpa adjustment four, 3/4; Northern Pacific (third), 3/4; Northern Pacific (second), 3/4; Northern Pacific (first), 3/4; Oregon Short Line, 3/4; Union Pacific, 3/4. The sales were \$1,415,500.

Government bonds were active and weak. The new four per cent, extreme 1/2, and the old four and five per cent bonds 1/4 to 1/2 per cent. The dealings were \$250,000. In silver certificates, \$24,000 changed hands at 65 1/2 per cent. Some of the more important declines were: First loan, 2; closed, 2 1/2 per cent. Prime mercantile paper, 4 1/2 per cent.

Sterling exchange firm, with actual business in sterling, 4 1/2 per cent, 4.88 1/2 for demand and 4.87 1/2 for 60 days. Pooled rates, 4.89 1/2 and 4.89 1/2. Silver certificates, 65 1/2 per cent.

PURE FOOD AND DRINK.

If Americans stop drinking colored tea, and spend all their tea-money for pure tea, and if there are other pure Japan teas than Schilling's Best, we shall sell enough Schilling's Best to pay for our advertising many times over.

But if there is no other uncolored Japan tea sold in the United States (and we know of none), we shall sell more tea than any one concern in the world ever sold before.

There is no better or more honorable way to prosper than by selling good merchandise.

Schilling's Best is money-back tea.

Schilling's Best coffee, soda, baking-powder, spices, and flavoring extracts are all good in their way—and money-back.

In glass, that's the way Dr. Pierce's Pleasant Pellets come. And it's a more important point than you think. It keeps them always fresh and reliable, unlike the ordinary pills in cheap wooden pasteboard boxes. They're put up in a better way, and they act in a better way than the huge, old-fashioned pills. No griping, no violence, no dizziness, no drowsiness, no nausea, and bowels are prevented, relieved and cured. They're tiny, sugar-coated granules, a compound of refined and purest vegetable extracts, the smallest in size, the easiest to take.

Pass the good word along the line. Pills can be quickly cured without an operation by simply applying DeWitt's Witch Hazel Salve. Nelden-Judson Drug Co.

Yesterdays morning a man named Ed Berkley was arrested for robbery. Ed Stahl, a stranger, was going through the city, when Berkley represented that he was a brakeman and offered to put him in a box car, so that he could continue his journey without paying fare, if a small sum of money were given him. Berkley took the money and on getting him into the car it is alleged that Berkley robbed Stahl of all the money he had. The prisoner will have a hearing today.

Yesterdays afternoon a man named Riegleman, of Salt Lake, came to Ogden in search of some one who had burglarized his place. Thomas Murphy, who had some of the stolen property in his possession, was arrested, and last evening Officer Pickering, who followed to Utah, arrested the robbers. The trio will have a hearing today.

THE MORMON BATTALION.

Brief History of Organization and Work of That Celebrated Command—Survivors Meet and Hold Anniversary Exercises Today in Ogden—Weber County's Twelve Surviving Members.

"I have come among you instructed by Colonel S. F. Kenney of the United States army, now commanding the army of the west, to visit the Mormon camps and to accept the service for two months of four or five companies of Mormon men who may be sent to service in this country for that period in our present war with Mexico, this force to unite with the army of the west at Santa Fe and be marched to California, where they will be discharged."

The above was the first paragraph of a circular issued and signed by J. Allen, captain first dragoons, and was dated at Camp of the Mormons at Mount Pisgah, one hundred and thirty-eight miles east of Council Bluffs, June 25, 1846.

It was copied by the writer from Daniel Tyler's excellent History of the Mormon Battalion, and acknowledgment is hereby made of aid received from that work in compiling the brief account of the notes organization.

On July 16 four companies of men and part of another company were finally raised, the fifth being filled out later.

The companies were mustered in at Council Bluffs. President Brigham Young, Heber C. Kimball, Willard Richards and other influential men took an active interest in the formation of the battalion, and a Council Bluffs resident spoke a farewell address, in which he predicted that not one of them would fall by the sword, but that many would die of only fighting with wild beasts and that not as many bullets would whistle around their ears as did around Dr. Willard Richards in Carthage.

On July 16 the battalion was organized, and a few days later it was on its way to Santa Fe, where it was to be mustered into the regular army of the United States.

FAMOUS SPY DEAD.

James Henry Sherman Passes Away at Charlottesville, Mich.

CHARLOTTE, Mich., July 15.—James Harvey Sherman, a famous spy in the Union army, who resided in this city, is dead. Before the war broke out, Mr. Sherman resided in Virginia, where he accumulated a large fortune, which was afterward entirely swept away by the war. Mr. Sherman was loyal to the Union cause, and because of his accurate knowledge of the country he became a guide to McDowell's division of the army of the Potomac, and afterward entered the secret service under General Baker, of whom he was a trusted lieutenant in many expeditions. During one of these trips he met his old neighbor and Sherman was captured by Mosby's men and was reported hanged. Instead of being executed, he was taken to Richmond. He was confined ten months in Castle Thunder and after thirteen months more at the Salisbury, N. C. prison, he effected his escape and returned to his home in Virginia, continuing in that service until the close of the war. He was 76 years old, and leaves a wife and four children.

FOR BRYAN AND SILVER.

SAN FRANCISCO, July 15.—Superior Judge William T. Wallace is said to be about to resign his place on the bench and take the stump for Bryan and silver, with the prospect of a cabinet position if he is elected.

Investigation shows that such an offer has been made and formally declined, but that Judge Wallace is still thinking it over and may be induced to change his mind. The Bryan managers are hopeful of Wallace and are promising him that he may have anything in the world if he will labor for them in the field to put California in the free coinage column.
