

VICTORY FOR THE SILVER REPUBLICANS.

Senator Dubois Downs Governor McConnell and His Gang.

GOLDITES GIVEN A LESSON.

M'CONNELL USES A PROXY TWO YEARS OLD.

Under the Idaho Election Law, as Generally Understood, the Voters Will Be Unable to Get Their Candidates on the Ticket in the Republican Column—White Metal Seems Triumphant Everywhere.

(Special to The Herald.)

BOISE, Idaho, Aug. 8.—The meeting of the Republican central state committee today resulted in a victory for the silver Republicans, headed by Senator Dubois.

The committee was called at the instance of goldites to prescribe qualifications for Republican voters at the primaries to elect delegates to the state convention, the purpose being to shut silver men out.

On meeting it was ascertained there was a tie, the committee standing ten to ten. The session was fierce and stormy.

Judge Huston gave his opinion of the goldites in language aptly suited to the occasion.

J. T. Morrison (goldite) surreptitiously procured the records of the committee and placed them inside his vest.

Attorney General Parsons reached for the records and got them.

The goldites then bolted and elected George H. Stewart chairman.

The regular organization remained in session and proceeded to fill the vacancies.

Governor McConnell was present, and after he had bolted it was learned he was using a proxy two years old.

Under the Idaho election law as generally understood the voters will be unable to get their candidates on the ticket in the Republican column.

Good Work Goes On.

POCATELLO, Idaho, Aug. 8.—The Republicans and Democrats held their primaries in this city today, both resulting in a victory for silver electors, who will attend their respective county conventions to be held at Pocatello Saturday, August 15.

There was practically no opposition to the silver forces. At the Republican primaries a half dozen McKinley supporters were in evidence to challenge those who were known to favor Bryan electors, but their efforts availed them nothing, and they left in disgust.

Reports received throughout the county tonight indicate that the county convention will send a solid Dubois delegation to the state convention at Boise August 28.

The Bear Lake county Republican convention met at Montpelier today, and elected eleven delegates to the state convention.

Resolutions were drafted denouncing the financial plank in the St. Louis platform an unrepentant and unamalgamated, and unworthy the support of Idaho. Republican delegates to Boise will endorse Bryan and Sewall.

With a View of Fusion.

SAN FRANCISCO, Aug. 8.—At a meeting of the Democratic state central committee this afternoon a committee of seven was appointed to confer with a similar committee recently selected by the Populists for the purpose of fusing on presidential electors.

Rah For Jerry.

LARNED, Kan., Aug. 8.—The Democratic and Populist conventions of the Seventh Kansas congressional district met here today. The Democrats ratified the action of the Populists, who nominated Jerry Simpson by acclamation.

LARATIE COUNTY.

Delegates Selected for the Wyoming State Convention, to Be Held at Rock Springs.

(Special to The Herald.)

CHEYENNE, Wyo., Aug. 8.—The Larantie county convention to elect delegates to the Democratic state convention which will be held Thursday at Rock Springs was held here today.

A TOUR OF TRIUMPH

(Continued from Page 1)

strongest Democratic counties of the great state. (Great applause.)

Will Bryan party appear on the balcony of the Clifton House, Mr. Bryan rested a little while before he showed his face to the people, and when his face was seen there arose a mighty and long-continued roar of voices lasting several minutes.

They were waiting and surging to and fro and almost fighting for the best places, only to see and hear Mr. Bryan.

Mr. and Mrs. Bryan stood alongside William J. Strong, while the latter made an address of welcome. When Mr. Bryan, with his wife by his side, prepared to speak, there was a repetition of the deafening tumult, making it impossible for him to be heard until he appealed for silence.

THEN HE SAID: "Ladies and Gentlemen—You can hear if you will only be still. I have no language that will express the emotions that have been excited by the most remarkable demonstration I have ever witnessed. In no other country is such a scene possible. In no other country can the people take up a private citizen and make him their instrument to accomplish their will. When I see this assemblage tonight and when I remember what the newspapers in this city say (loud and continued hissing), I am reminded of what one of our friends said to me: 'Nobody is on our side except the people.'"

"As I look into the faces of these people and remember that our enemies call them a menace to free government, I say, 'Who shall save the people from themselves?' I am proud to have in this campaign the support of those who are proud to call themselves the common people. If I were behind the GREAT TRUSTS AND COMBINES I know I would no sooner take my seat than they would demand I should use my power to rob the people. (Great applause.) But having rather the support of the great toiling masses, I know when they give me their ballot they will unite in saying, 'Do your duty and we have our reward.' These are the people who want no favors from the government; who want equal rights and special privileges for none. (Applause.)

"I am glad to have the support of these people, for I know they would risk their lives to save their country, and, fellow citizens, I am simply on my way from my western home to the great metropolis of the nation to accept the nomination given me in this city a few weeks ago. I am glad to take to them your greetings, I can tell them you are their friends, and that you will help them to save themselves from the domination of European bondage under which they have been suffering."

THE WORDS OF LINCOLN. Mr. Bryan quoted from Emerson to illustrate the enduring foundation of the nation, and closed by saying: "I gratefully accept your greetings, and in the words of Abraham Lincoln say: 'The people of the south and north are ready to join with the people of the east in saying that this government of the people by the people and for the people shall not perish from the earth.'"

"I thank you for your attention." A white banner with a golden crown of thorns and a cross, illustrative of Mr. Bryan's famous epigram, and a blue banner with the words, "Our Next President, the Boy Orator of the Plain, William J. Bryan," was presented to Mr. Bryan. A boy sang a Bryan campaign song from the balcony, and after calling in vain for "Silver Dick" Bland, who did not attend the demonstration, the thousands slowly dispersed.

An Elaborate Reception. CHICAGO, Aug. 8.—The Hon. William J. Bryan, Democratic candidate for the presidency, is expected to arrive in Chicago this evening about 7:30 o'clock on his way to New York to receive the notification of his nomination. Local Democrats have planned an elaborate reception. On arrival Mr. Bryan will be met by a number of prominent party men, and a large parade headed by Mr. Bryan and party will be driven to the Lake Front park, where a speaker's stand has been erected.

There William J. Strong will deliver the address of welcome and the Democratic presidential nominee will make a response thereto. The welcoming of Mr. Bryan to Chicago will commence at Joliet at 5 o'clock, where the reception committee of Chicago citizens will be distinguished gentlemen. The committee left at 3 o'clock on a special train for Joliet.

Richard P. Bland arrived in Chicago this morning from St. Louis and will accompany the Bryan party on its way to New York.

Are Proud of Him. LINCOLN, Neb., Aug. 8.—Mr. Bryan's neighbors are much gratified over the reports which have reached here of the crowds and enthusiasm with which he has been greeted since he left yesterday.

His departure from Omaha was an ovation and a triumph. At Omaha yesterday afternoon many thousands of people gathered to see him off, and in Iowa today the ovation continued.

SHOT AT MATANZAS. Prisoner of War Goes Down Before the Guns of the Enemy. HAVANA, Aug. 8.—Ricardo Barrio Robado, a prisoner of war, was shot at Matanzas.

A raid has been made by insurgents upon the town of Itabo. The stores in the place were sacked and twenty-five huts were set on fire by the rebels and completely destroyed. An attack has also been made upon Habonouva, but after a fight lasting five hours the rebels were repulsed. Two of the attacking forces were killed and a number wounded.

Advices from Canasia in the province of Havana, says that an unimportant engagement has taken place there. The advices also state that an important expedition landed near Canasia last month.

From the "Butcher." NEW YORK, Aug. 8.—The Herald prints the following this morning: "Havana, Aug. 8.—To the Editor of the Herald: There is no truce; but pardon is offering to all who surrender themselves with their arms."

"WEYLER." HOW HE REGULATED IT. Fond Wife—How late are you going to stay at the club tonight? I shall sit up until 2 for you.

Loving Husband—I shall be home at half past love.—Brooklyn Life.

"COME OUT."

INVITATION GIVEN TO THE WYOMING REPUBLICANS.

Democrats Are Only Too Willing to Meet Them in the Open—A Manly Stand and Declaration.

(Special to The Herald.)

ROCK SPRINGS, Wyo., Aug. 8.—The Democratic county convention for the purpose of electing delegates to the state convention, which meets here on the 13th, was held in Hopkins, a thriving mining camp, three miles from here, and was generally attended, harmonious throughout and very enthusiastic. The following resolutions were unanimously adopted:

"Resolved, That as citizens of Sweetwater county, we deplore the spectacle presented at the Republican county convention held in Rock Springs on the 6th inst., of a great party wrangling for honors over who should be appointed to handle the Hanna corruption fund promised this county for the purpose of buying the votes of our citizens; and we denounce it as an insult to a free people. This convention declares for the free, unlimited coinage of silver at the rate of 16 to 1, without awaiting the consent of any European empire.

"We declare for such amendment to the constitution as will permit the passage of an income tax law, and we ask the Republicans of this county to come out into the open and declare to the people of this county where they stand on this great question."

A DEATH. A passenger on the west bound passenger train this evening going to California with wife and two children, died from heart trouble just before the train got to Rock Springs. This high altitude was too much for him.

KILLED THE PORTER. Two Fellows Discovered Robbing Pullman Passengers. OCALA, Fla., Aug. 8.—Shortly after 1 o'clock this morning, when the south-bound Florida Central & Peninsula train was about a mile below here, Henry Greenway, the porter, discovered two men in the Pullman car, robbing the sleeping passengers. Greenway closed with the robbers, who drew pistols and shot the porter dead. The robbers then jumped from the train. A man who gives his name as Brown was arrested this afternoon on suspicion of being one of the robbers. Brown is a stranger in this section.

There were 7,000 people present. Besides the star card, there were two other races which proved to be two of the clearest exhibitions seen in many days.

Joe Patchen and Star Pointer paced steadily till near the half mile post, when Star Pointer made a bad break. When he recovered himself, McCleary found himself ten lengths behind Curry, who was driving a great winning race. The quarter was passed at 2:09 clip, the half in 1:04 1/4. After passing the half Curry let up and allowed McCleary to draw up so as to be within the flag. The time of the first heat was 2:03 1/4. In the second heat Joe Patchen took the lead at the word and held it throughout, covering the half in 1:04 1/4 and the mile in 2:08 1/4. The flag fell slightly in advance of Star Pointer. Joe Patchen and Curry were the recipients of tremendous applause. Later Joe Patchen gave an exhibition mile paced by the running horse Joe Cotton, and made the fast time of 2:05 1/4. The quarter was done in 0:31 1/4, the half in 1:02.

The special trotting race for a \$1,000 purse was won in three straight heats by Cephus.

NETTIE CRAVEN PRODUCES A PRECIOUS DOCUMENT.

Fair's Purported Will Said to Bear Every Mark of Genuine—Her Case Has Been Greatly Strengthened.

(Special to The Herald.)

SAN FRANCISCO, Aug. 8.—Mrs. Nettie Craven-Fair today produced in court the original copy of her marriage contract with the late Senator James G. Fair. The document was attested to by a local notary public, who placed his seal upon the contract at the solicitation of the dead millionaire. The contract is dated May 23, 1892, and is conceded to bear all the earmarks of genuineness.

Mrs. Craven-Fair also submitted a number of letters addressed to her by the late senator, several of which tend to corroborate her story and prove that it was Fair's intention to provide for her in a liberal manner. The lady's case has been considerably strengthened by the production of the documents, and the conflict over the Fair millions promises to be more bitter and complicated than ever.

Races at Buffalo. BUFFALO, N. Y., Aug. 8.—Five thousand people witnessed the last day's races under the auspices of the Buffalo Cycling association this afternoon. The chief event of the day was the mile invitation race in which all the crack professional riders were entered.

In the final heat, Butler of Boston, jumped in front and caught the pacemaker; Cooper second; Bald third and Siegler fourth all in a bunch. They kept these positions until near the finish when Bald started to sprint and easily passed Cooper, but could not catch Butler who finished a length in front. Cooper was half a length back of Bald. The other races on the programme were closely contested.

A Mile a Minute. OGDENSBURG, N. Y., Aug. 8.—It is possible for a man to propel himself on a bicycle at the rate of a mile a minute. This was demonstrated this afternoon when E. B. Anderson, the bicyclist, came for over half a mile with the tenacity of a bull dog to a train that was going at the rate of 50 miles an hour. Those who witnessed the remarkable performance were loud in their praises of the determined young rider, for he accomplished the feat under hardships that would have deterred a man of less resolute purpose.

Once did he appear to falter during his ride. That was when he crossed a place in his path where there is a slight incline. There is a rise of about four inches in fifty feet at the point mentioned, and Anderson, when asked about it, said he thought he was going over the train when he hit it. Tomorrow Anderson will go for his final trial.

BANNIGAN'S TROUBLES. It Is Not Believed They Will Have Any Effect on the Pioneer Electric Power Company. (Special to The Herald.)

OGDEN, Utah, Aug. 8.—Considerable uneasiness was caused yesterday afternoon by the Associated Press dispatch from Providence, R. I., detailing the legal and business embarrassments of Joseph Bannigan. The dispatch stated that all his real estate and bank accounts about Providence had been levied upon for an alleged debt. Mr. Bannigan, as is known, is the chief backer of the Pioneer Electric Power company, and it was feared that the complications would result in a suspension of work on the plant.

Anxiety was increased by the fact that the bids for the construction of the power house had not been opened today, as advertised. Both Manager Cannon and Secretary Bannister were up the canyon, but a Herald representative took the dispatch and went up on a wheel to ask them about the probable effect. The gentlemen were found at the engineer's camp near Wilson's Hermitage, and had not heard of the levies on Mr. Bannigan's property. Mr. Cannon said:

"I don't think it will make one iota of difference with us. The work will go on just the same. I don't think it will make a bit of difference with Mr. Bannister. It would not make much difference if he had to pay it. He is worth about \$30,000. However, I don't think he will have to pay it, for my experience is that he generally comes out ahead in business matters. He has used them for a million and I have firm faith that he has good grounds for the suit, and their counter suits and attachments will not worry him."

Mr. Bannister also shared Mr. Cannon's opinion, and laughed at the idea of Mr. Bannigan being financially embarrassed.

The bids for constructing the power house will probably be opened tomorrow and the contract awarded a day or two later.

PREVENTION

To avoid malaria and fevers keep kitchen sinks, closets, waste pipes, etc., free from bad odors by using RED SEAL lye. Being strictly pure, it requires less than other kinds, contains no salt and is conveniently packed in sifting top cans.

TEXAS POPULISTS.

State Ticket Completed and an Adjournment Taken.

GALVESTON, Texas, Aug. 8.—The Populist convention adjourned sine die at 5:25 p. m. today. It completed the state ticket with the nomination of J. McMinn for chief justice of the supreme court and R. V. Bell for associate justice, court of criminal appeals. E. O. Call and D. H. Wood, who are fusionists, were named as electors at large, and J. S. Bradley was elected chairman of the state executive committee.

The significant feature of the session to those who add further confirmation to the deal to fuse with Republicans and gold standard Democrats, was the failure of the resolutions committee to report on the "no Watson no Bryan" resolutions.

But more than this was the failure of the convention to ratify the thirteen electors elected by congressional districts.

DUPONT TROPHY. Shooting at Watson's Park Has Been Concluded. CHICAGO, Aug. 8.—The shooting tournament of the Dupont Trophy was concluded at Watson's park this afternoon, and five men tied, having killed 25 birds each out of 25. The five successful men were Clarence of Baltimore, 29 yards; Miller of Texas, 29; Goulet, 29; Kirkover of Buffalo, 27, and Roll of Blue Island, 30. After the tie it was decided to divide the first money and the five men received \$188 each. Five more birds were shot to decide who was to take the trophy. Claridge won in a walk, killing his five birds straight. None of the other four men killed over two birds on the shoot off. All seemed rattled but the Baltimore man.

Immediately after the shooting Malone of Baltimore challenged the winner, Gilbert, the present holder of the trophy, missed today while shooting at his 19th bird, and it caused an uproar. Enthusiasm ran high and the nerves of all present were strained.

WILL COME WEST. EASTERN REPUBLICANS ON "TOUR OF EDUCATION." The Chance of a Lifetime Is About to Be Taken Advantage of—May It Result in Good.

WASHINGTON, Aug. 8.—Vice-Chairman Apsley of the Republican congressional committee, accompanied by Representative McCall of Massachusetts, expects to start west next Wednesday for a tour of observation. Mr. McCall will make some speeches, while Mr. Apsley seeks to get an insight into the true condition of affairs in the territory visited. The states to be visited are Nebraska, the Dakotas, Minnesota, Oregon, Washington, California and Colorado. They expect to be gone upwards of two months. The campaign book was issued this afternoon from Republican headquarters. It makes a neat looking volume of 410 pages. Chairman Apsley says its distribution will be largely in the hands of the national committee. The first edition consists of 20,000 copies.

Under the caption of "Issues" the following are some of the most important sent out:

Coin, whether gold or silver, must be equal to the best. Financial integrity and money enough to pay all bills; gold and silver, equal dollars for all business; home markets for American products; imports must always be kept below exports; judiciary of the United States must not be tampered with; ownership of railroads by the national government is opposed by the Republican party; tariff to protect American labor and encourage home industry; pensions for the veterans of the war equal to the pledge of the nation.

The subject matter of the book deals with a great variety of topics and is presented in an attractive manner. The committee believes that the whole volume will be valuable as a reference book for speakers and as a guide for those who are endeavoring to acquaint themselves with the current questions of the day. Among the matter presented under appropriate heads are strong quotations from leading Democratic newspapers, giving the reasons why they do not support the Chicago ticket; an article on American advanced government, with arguments against a change in the financial system; quotations from the message of President Harrison of December 6, 1892, on the great prosperity of the country, with particular reference to the farming communities and agriculturists; Representative Cannon's views of the appropriations of the last session of congress; historical matter concerning the industries of the country, present and past; essays on special subjects, such as bimetallism, the bond issues of the United States, the history of the Bland-Allison act, etc.

GREAT SHARPSHOOTER. NEW YORK, Aug. 8.—"Gus" Zimmerman, the New York sharp shooter, has proved his superiority as a marksman by defeating Captain Angebert, the Swiss champion, in a match which was finished today. The match was shot off at Fleischberg, Switzerland, and a private club received this evening the announcement that Zimmerman was victorious. Angebert, who is a captain in the Swiss guards, is looked on in his own country as a wonder. He has defeated every man he has met and efforts have been made since 1891 to make a match between him and Zimmerman.

PROBABLY CRAZY. PITTSBURG, Pa., Aug. 8.—Mrs. Emma M. Bell, aged about 50 years, widow of Arthur Bell, the banker, committed suicide this morning by shooting herself three times in the breast. One of the bullets passed through the heart. It is believed she was temporarily insane as no other cause for the self-murder can be ascribed. Mrs. Bell was very wealthy and was a society leader in Allegheny and prominent in social circles here.

AFFAIRS AT HOME. WASHINGTON, Aug. 8.—The president today appointed Herbert Knight, of Milwaukee, Wis., a commissioner to examine and classify lands within the land grant limit of the Northern Pacific railroad in the Helena, Mont., land district.
