A Syndicate to Purchase Klondike Claims.

Late advices from London confirm rumors that have heretofore reached this side of the Atlantic that a financially powerful syndicate is in process of formation in England, France and Germany to buy all the paying claims of miners in the Klondike region.

Of course this will lead to a vast amount of speculative valuation, but there is a claim in the Klondike, as shown here, which it is impossible to pass up.

That is the claim of Hostetter's Stomach Bitters to the foremost place among American remedies for liver complaint. The bilious and constipated digestive system, the jaundiced complexion, the yellowish tint to the skin and eyes, the loss of appetite, the nervousness, the headache, the general debility, the indigestion, the flatulence, the constipation, the hemorrhoids, the piles, the kidney trouble, lack of stamina, dyspepsia and nervousness. Like all standard remedies that have established themselves in popular favor, it deserves a fair and persistent trial.

Gray's Laxative Pellets cure Constipation.

Who would prescribe only tonics and bitters for a weak, puny child? Its muscles and nerves are so thoroughly exhausted that they cannot be whipped into activity. The child needs food; a blood-making, nerve-strengthening and muscle-building food.

Scott's Emulsion

UTAH'S MUNICIPAL CONTEST

PROVO AND SPRINGVILLE SAFE FOR THE SILVER PARTY.

McKinley Paper at Richfield Bolts the Republican Ticket—Non-Partisan Ticket Changed at Brigham City.

Provo, Oct. 21.—Tonight the Republican committee, which is handling the campaign for the non-partisans, holds a meeting behind closed doors to discuss the possibility of getting out of the woods. It has turned out that the non-partisan wave, which sprung up with such pretensions and boasts of confidence, has fallen out in such a manner as to bring mortification to the forces. If the showing they now make can be called a force.

Since the committee appointed by the Democratic Party at Richfield has retained the city they have learned that the Democrats are solid, with the exception of a few who huddled into the non-partisan move upon its inception.

It now looks as though the election of R. A. Barnes for mayor would be a walkover, the fight now being practically between him and S. S. Jones, the regular Republican nominee.

Democratic headquarters will be opened at the beginning of next week, when a vigorous campaign will begin in the street of a syndicate against the goldbug committee if they have the nerve to make their house to house canvass in the interest of non-partisanship.

The committee is now in distress for fear of the withdrawal of several candidates.

SPRINGVILLE SITUATION.

A Democratic Victory Regarded as a Certainty.

Springville, Oct. 21.—After frequent repairs and careful attention the Republican-Citizen non-partisan ticket was landed in the recorder's office last night, and is now legally filed for the battle of the ballots on Nov. 2. It was returned to the voters at 4:24 P. M. and is not yet, as there is no assurance that the wreck will hold together until election day.

Following the disastrous defeat of the ticket for mayor, J. T. Reynolds, there came the resignation of a council nominee, George Maycock. Mr. Maycock was eligible and would have polled a good vote, but evidently didn't want to be elected. The attempt to compromise it seem to be making headway, and the suit will hardly come to trial. Most of the attorneys are working for a satisfactory compromise.

The Sunday school union will be held in the main tabernacle here last night. D. A. Smith, proprietor of the European hotel of Ogden, who has been buying cattle in northern Utah and southern Idaho, left his horse out on the evening. He reports that very scarce. Frank A. Benson, one of Logan's cattle dealers, left today for Idaho to buy cattle with which to stock his ranch.

The Phi Kappa Psi chapter at Brigham Young college tomorrow evening, will lecture on "Christianity as Old as the Creation."

HEBER'S HOT CAMPAIGN.

McKinley Paper Bolts the Republican Ticket.

Richfield, Oct. 21.—The political campaign is red hot. The Richfield Advocate, a bitter McKinley paper, has bolted the party and is supporting part of the Democrats.

The Advocate says the Herald's representation of the "open" campaign is "an open daylight affair." It was held after night, but invitations to it were quite freely circulated and we had the results at 7:30 next morning.

The franchise of the ticket admitted it freely, and the fact that the Advocate didn't have it until noon doesn't speak well for its ability as a news gatherer.

Changes at Brigham.

Brigham City, Oct. 21.—There have been some changes on the non-partisan ticket on account of the nominees refusing to accept. The name of N. P. Anderson will be on the ticket in place of L. T. Pearce as the representative of the Citizens' Union.

W. H. Williams, former justice of the peace in place of Hyrum Standing.

Balls, pimples and eruptions, scrofula, skin rashes and all other manifestations of impure blood are cured by Hood's Sarsaparilla.

"OLD IRONSIDES" GLORIFIED.

Centennial Celebration of Launching of the Constitution.

Boston, Oct. 21.—Unfavorable weather conditions interfered with the outdoor exercises today, marking the centennial of the launching of the United States frigate Constitution. Rain fell throughout the forenoon, giving a bedraggled appearance to the decorations.

The honor guard led before the hour assigned for the exercises to begin the historic old South church was filled to its utmost capacity.

In the naval parade the marines and sailors of the vessels of the north Atlantic squadron in port, comprising the Massachusetts, New York, Texas, Indiana and Brooklyn, were in line, accompanied by the Massachusetts naval veterans, Korean naval veteran association and survivors of the eight Massachusetts volunteers. The parade was under the direction of Brigadier General T. J. Carter, inspector general of Massachusetts coast defense.

It started from the foot of State street at 2 o'clock. On reaching Constitution wharf, a passing salute was fired. At the Charleston navy yard, Governor Wolcott, with his staff and invited guests, boarded the famous old frigate, where a reception was held. The wharves were bedecked with bunting and the Massachusetts and New York were illuminated.

REBEL AGAINST TRUSTS.

Imposition on Kansans by Merchants and Coal Dealers.

Topeka, Kan., Oct. 21.—A remarkable petition has been filed with Judge Leander Stillwell of the district court of Nemaha county. Citizens of that and surrounding counties allege that a gigantic trust has been formed by the merchants and coal dealers of Kansas, and that by understanding they are maintaining prices in violation of the Kansas anti-trust law.

The charge that the dry goods merchants have formed a pool; that grocers have joined in a combination and the coal dealers in a combine, all to prevent competition and to force the people to pay exorbitant prices for the same articles. Attorney General Boyle, in connection with Senator Farrell, author of the anti-trust law, will go before Judge Stillwell on Nov. 4 to push the case.

PUGILISTIC POLITICS.

Lively Fight in Chicago Over Attempt to Pack a Caucus.

Chicago, Oct. 21.—There was a lively fight at a ward meeting at 208 North La Salle street last night between the followers of City Collector Joseph C. Martin and County Civil Service Commissioner James A. Quinn, rival leaders in the Twenty-fourth ward politics.

John Cooney was shot in the leg, several men were smashed over the head with clubs and canes, and a patrol wagon filled with policemen had to be called to the scene before order was restored. A double row of the crowd attempted to pack the meeting in the interest of one of the factions.

DRAWS ON THE MARKET

Union Pacific Was an Element of Weakness.

DUE TO ADVERSE REPORTS

STOCK SELLING FOR LONDON ANOTHER DRAG.

Belief That the Present High Earnings of Railroads Are Due to Abnormal Movement of Special Commodities—Bulk of Loans Made at 2 Per Cent.—Western Markets.

New York, Oct. 21.—What looked one time today like a resumption in force of the upward movement of prices came to an untimely end in the afternoon on the Wall exchange. Interpretation of Spain's intention to press for more stringent measures against filibusters by the United States government, and the call for government account for the success of filibustering expeditions. Prices were dragged on materially about last night's level.

There was a great deal of commission house buying during the morning, but the market continued for the most part.

LARGELY PROFESSIONAL.

Union Pacific was an element of weakness, its heaviness being caused by the report in the street of a syndicate against the goldbug committee if they have the nerve to make their house to house canvass in the interest of non-partisanship.

The committee is now in distress for fear of the withdrawal of several candidates.

Following the disastrous defeat of the ticket for mayor, J. T. Reynolds, there came the resignation of a council nominee, George Maycock.
