A PHENOMENAL SUCCESS!

Our Great Lease Expiring Sale, Commencing Its Third Week Tuesday, July 5, at 10 a. m.

The surging masses that crowd our mammoth establishment daily is the very best advertisement we could have, and indicates that we are pleasing the people and giving them, in the greatest and grandest of all sales, just what we said we would and what we are daily doing, **AS MUCH FOR FIFTY CENTS AS THEY GET ELSEWHERE FOR ONE DOLLAR.**

We are not using a few leaders to do this, but are doing it on our entire stock, without any reserve or limit whatsoever. It is impossible for competition to overtake us, because this is a genuine

PEOPLE'S BARGAIN HOUSE

while the goods last. We have plenty for all, but they can't last forever, and you know "the early bird catches the worm," and making a premium of One Hundred Per Cent Interest On Every Dollar you invest here is the same as saving half of your income to lay away for a rainy day.

This week we direct your attention to a number of articles that you may have overlooked and to which your attention has possibly not been called. These are all in addition to our goods already advertised, and at the same relatively low prices. We have cut them to the core and then dispensed with the core.

If you were to take a million in money and enter the market of the world you could not equal them in values at the prices asked. We are continually bombarding high prices, and the defenses are falling one by one. We are the

Pioneers on Low Prices.
