

WEEKS FOR ROBERTS

Democratic Candidate's Warm Reception in Davis County.

BIG MEETING AT LAYTON

SILVER QUESTION ABLY AND ELOQUENTLY HANDLED.

Fisher Harris Also Spoke and Was Enthusiastically Applauded—Mr. Roberts Delivers a Fine Address at Farmington—Why Utah Should Not Elect Eldredge.

Kayville, Oct. 27.—It was a great reception Messrs. Roberts and Harris received at the hands of the Davis county Democrats at Layton tonight. The inspiration of a packed hall led the speakers on, realizing that those present were there for the purpose of hearing the real issues of this campaign discussed.

Loud cheers followed Mr. Harris' remarks, which became still louder. He then entered into an elaborate discussion of the silver question, making each point clear and decisive. "What word do Utah send to the east this year? Will it be that we have reversed ourselves and admitted that we were mistaken when we voted for Bryan in 1867? Will we say we desire to declare that we desire to re-repudiate in congress a man who, it is said, voted for McKinley in 1867? A man who is charged with having bought a piece of goods before the presidential election, and who said to the salesman: 'If McKinley is elected ship these goods to me; if Bryan wins, don't fill the order.' What change has there been that our vote should be against the friends of silver this year? None whatever. The question is not one of men it is a question of principle, and to support the principle that extends beyond the United States, and embraces the whole world. It is a question of humanity. Let your vote be given for the cause which has the best, and to support the principle that are this year at stake." (Applause.)

MEETING AT FARMINGTON.

Farmington, Oct. 27.—Hon. R. H. Roberts spoke to an audience in which ladies predominated at the social hall here this afternoon. His address, though not a lengthy one, was a masterly effort, and the frequent applause was evidence that what he said found a responsive echo in the hearts of his hearers.

PROSPECTS IN SUMMIT.

Democrats Are Conducting a Most Effective Campaign.

Conville, Oct. 27.—The Democratic campaign in Summit county this week is making bright prospects for the coming election. Large and enthusiastic meetings were held at Woodland on Monday, Kanab on Tuesday, and Oakley on Wednesday evenings, at which Hon. R. H. Jones of Box Elder county was the principal speaker. His able and eloquent address on the monetary question simply carried his auditors by storm. He was warmly applauded, and also a fine club from Kanab, who sang the national anthem, and also a fine club from Kanab, who sang the national anthem, and also a fine club from Kanab, who sang the national anthem.

POLITICS AND MINING.

Plute Republicans Think a Candidate Should Wear Diamonds. (Special to The Herald.)

Marysville, Utah, Oct. 26.—J. P. Osborne, the Democratic candidate for county attorney, is in town today. Mr. Osborne has expended about \$200 in developing a group of mining claims located at the head of Deep Creek in this county, and has a showing that should make him a serious competitor. To do this he has staked himself with his own money, and has done so with a view to showing that he is not a speculator, but a man who is willing to invest his own money in the development of the resources of his county. He has done so with a view to showing that he is not a speculator, but a man who is willing to invest his own money in the development of the resources of his county.

separation was not built up by practicing the great sense of duty and honor, and he will make a first-class county attorney. This is not written with the idea of casting reflection on the candidates in the field, but only to refute certain stories that are in circulation.

HATHFIELD WANTS MEN.

Trying to Hire Miners in the Sheep Section. (Special to The Herald.)

Neoh, Oct. 27.—The advent of William Hathfield and his posse here yesterday gave a decided impetus to political street corner conferences were in order for the purpose of discussing the candidates for the senate. His reported arrival in the county made many explanations necessary, but he met them in general way by saying that he would at all times be found with his party, and that his choice would be his choice. He assumed an attitude of offended dignity when asked squarely as to his position, claiming that no legislative candidate should be expected to do anything in advance of election. This position may be all right, but it is not the position of a man who is willing to do anything in advance of election.

SANPETE COUNTY FIGHT.

Democrats Have Never Waged a More Vigorous Campaign.

Mr. Powers, Oct. 27.—The campaign being waged by the Democratic party in Sanpete county this fall has had no equal in the history of the party. Not a man has been neglected, and the party has been assisted, neither time, money nor labor has been spared in the effort to win the election. The success of the party is not a matter of chance, but a matter of fact. The success of the party is not a matter of chance, but a matter of fact.

Explanation of General Order Issued in September.

Washington, Oct. 27.—By direction of the secretary of war, Colonel Thomas Ward, acting adjutant general, has issued a general order in regard to the case of members of volunteer organizations who enlisted therefrom in the regular army. According to the order just issued, such soldiers begin a new enlistment in the regular army for the full term of three years, and their claim for allowance, like that of recruits at the time of their enlistment, is limited to 25 years, for original enlistments in the regular army, does not apply in such cases. The advantage, however, which accrues to those who re-enlist in the regular army within three months from date of discharge from the volunteer army. In their cases, the time actually served in the volunteer army is added to the time served in the regular army in computing the soldier's service pay from time to time.

TIN PLATE COMBINE.

Capital Assured and Practically Formed.

Cleveland, O., Oct. 27.—Concerning the proposed tin plate combine, the Iron Trade Review this week says: "Buyers of tin plate are evidently proceeding on the assumption that combination of efforts cannot be brought to a successful issue. Yet every week brings more positive assurances from those who are close to the promoting agencies, leaving signs of their progress so far that the consolidation is as sure as anything not positively closed can be. It is said, in answer to the doubts expressed as to the ability of those in charge to do the work, that capital is assured in amount ample for the taking up of the options that have been secured, even though the present tin plate combine were to take cash stock and no stock, as they may be expected to do."

REMOVAL FROM CIVIL SERVICE

PRESIDENTIAL EDICT MAY BE ISSUED SOON.

Six Thousand Officeholders to Be Placed Under the Exemption—Order Will Clear Misapprehension.

Washington, Oct. 27.—It is understood that a presidential edict removing a large number of government officials from the civil service probably will be promulgated before Thanksgiving day. The order is one which has been in contemplation many months, having been deferred from time to time owing to pressure of war business. As at present determined upon the order will affect upward of 6,000 places. It will include deputy collectors of internal revenue who are authorized to receive acting collectors, actually serving in that capacity. There are about 2,000 of these deputy collectors. The largest class affected is the corps of examining surgeons of the pension bureau, of whom there are in all over 4,100. There seems to be a general understanding that it will be better to have these left out of the edict. It is understood that they will be placed in the exempt class. There are other scattering positions, including some of a fiduciary and confidential character, which will aggregate possibly several hundred.

A GORGEOUS PAGEANT.

Canopy, bearing on its face the coat of arms of the United States and surrounded by the new president's flag, for the first time unfurled in the United States.

Mr. McKinley rose early this morning, and he and party were driven in open carriages along the route of the parade, which was held in the city streets. The drive was, of course, marked by incessant applause from the crowds. While driving up Broad street he passed General Miles and his staff, who were riding in the place of formation. The moment the general's sword made its salutary sweep the president arose in his carriage and raised his hat, holding it aloft until he passed.

THE BOTKIN CASE.

Taken Up by Grand Jury in San Francisco.

San Francisco, Oct. 27.—The grand jury took up the Botkin case this afternoon. The matter was formally presented to the grand jury by Assistant District Attorney Hoerner, who presented the evidence in the hands of Chief of Police Lee and Detective McVey. The hearing was immediately held in the Botkin case, which has been obtained in this city, and the affidavits received from Delaware had been placed before the judge and jury in due form. Thomas Price, a chemist, testified regarding his analysis of the poisoned candy. Consideration of the case was then postponed until tomorrow afternoon, if an indictment be found, it will be found for the murder of Mrs. J. P. Dunning. The finding of a true bill will necessarily bring the matter into the local courts for trial, now that the superior court has held that Mrs. Botkin cannot be taken from the confines of California.

BOY ROBBERS SENTENCED.

Get Ten Years for Holding Up Burlington Train.

St. Joseph, Mo., Oct. 27.—In the criminal court today Herbert Donovan, Alonzo Artober, Charles Cook, James Hathaway and W. Hathaway were sentenced to ten years in the penitentiary for robbing a Burlington passenger train near St. Joseph the evening of Aug. 11. The robbers are mere boys, and of good family. On this account the court and express officials consented to the assessment of the minimum fine upon their plea of guilty. The robbery was successfully executed, but no booty was obtained. After throwing the safe containing a large amount of money from the train they fled without opening it. They proposed to take it to their hide-out in the city, and next day James Hathaway made a confession and all were arrested.

WYOMING CATTLE SALES.

Ranchman Driven Out of Business by the Wolves.

Sheridan, Wyo., Oct. 27.—The firm of Hardin, Campbell & Co. have sold their herd of cattle, ranch and entire outfit to C. J. Isham. During the present season the ranch has bought some of the largest herds in the west among which the Ogallala Cattle Company is just completing the delivery of nearly 20,000 head of cattle at Gillette, Wyo. A number of other large sales are reported from different sections of Wyoming. In most cases the ranchmen are disposing of their cattle to enter the Little Goose range, which are increasing rapidly. The pests do not seem to bother sheep, hence the change in business.

THE INDIANS FLED.

Posse From Green River Reaches Jackson's Hole.

Cheyenne, Wyo., Oct. 27.—Governor W. A. Richards received word today from Will Blinnom, game warden at Jackson's Hole, that on the appearance of the armed posse from Green River the hostile Indians had fled toward the mountains, leaving signs of their preparations to ambush the posse. All is quiet at present. A posse of 15 men left Green River Sunday, followed by another posse of 20 men soon after. For the past few days the posse has known nothing of the whereabouts of the Indians and Ira Dodge of Green River are among them.

NATIVE COPPER ON THE CHITNA

COPPER RIVER INDIANS WILL NOT DISCLOSE LOCATION.

Returned Prospectors Say No Gold Was Found, But a Party Will Search For Copper Lead.

Port Townsend, Wash., Oct. 27.—The tug Golden Gate of San Francisco and C. C. Cherry of Seattle arrived tonight from the mouth of Copper River, Alaska, with seven passengers. Among them was M. J. Carberry of San Francisco, who has spent more than a year in a vain search for gold on Copper river. He says:

"Native float copper has been found on Chitna river, 175 miles from the mouth of Copper river, and a party of 15 will remain there over winter to prospect for the main copper deposit. "Nathaniel Childs, the talking chief of the Copper River Indians, claims to know the exact location of a copper deposit, but he refused offers of several hundred dollars to guide people to its location. Indians use copper in making bracelets and other ornaments, as well as cooking utensils, and the chief claims that the whites will limit the supply and thereby deprive many Indians of the means of making a living."

On board the Golden Gate is a Copper river prospecting boat which was built of lumber whipsawed on the river. The boat is being shipped to Denver, Colo., where it will be placed on exhibition.
